Advanced psychodiagnostic interpretation of the Bender Gestalt Test: Adults and children, 33689

Benign Neoplasms—Serials

surgery for craniopharyngioma in hypothalamo hypophyseal axis, episodes of rage, male 21 yr old & female 24 yr old with intermittent explosive disorder, 28607

Benin—Serials

prevalence of obsessive compulsive disorder, 21-35 yr old male patients, Benin, 16644

Benzedrine [See Amphetamine]

Benzodiazepine Antagonists—Serials

alcohol, 11C flumazenil binding in neocortex & cerebellum, healthy male 26-35 yr olds, 42382
anterior amygdala nuclei vs medial septum chlordiazepoxide dosage with vs without flumazenil, working memory impairment, male rats, 42426
benzodiazepine antagonist Ro 15-1788, total & REM sleep, male rats, 26650
bretazenil vs midazolam, antagonism of pentylenetetrazol cue in drug discrimination, male rats, 12111
chlordiazepoxide & vs picrotoxin or bicuculline or Ro15-1788 or delta-amino-n-valeric acid, conditioned suppression of operant behavior, male rats, 4833
chlordiazepoxide vs beta carboline 3-carboxylic acid ethyl ester & electric shock suppression, FI food presentation responses, male squirrel monkeys, 19079
chronic flumazenil, acquisition & retention of swim escape behavior, male rats, 12145
chronic flumazenil, nonappetitive exploratory behavior, male rats, 8406
diazepam vs clobazam vs flurazepam vs desalkylflurazepam vs midazolam vs triazolam vs clonazepam, differential tolerance, flurazepam treated male rats, 4815
diazepam with vs without benzodiazepine receptor antagonist RO 15-1788 vs receptor ligand RO 54864, noise potentiated acoustic startle response, male rats, 4752
flumazenil & diazepam with & without chronic alcohol & or benzodiazepine use, benzodiazepine receptor sensitivity, 17-50 yr olds with panic disorder, commentary, 32412
flumazenil, acquisition & retention & retrieval of spatial maze information, male rats, 15730
flumazenil, antinociceptive & entry & rearing responses to elevated plus maze & anxiety, male mice, 19108
flumazenil, anxiety responses, 17-45 yr olds with vs without panic disorder, evidence for benzodiazepine receptor sensitivity, commentary reply, 32390
flumazenil, saccadic eye movements, 24-36 yr olds with panic disorder, 32425
flumazenil vs diazepam & alprazolam, acquisition of discriminated taste aversion, male rats, 34398
flumazenil vs physostigmine, chlordiazepoxide vs scopolamine induced place learning impairment & cue learning, male rats, 38458

- GABA-benzodiazepine antagonists vs agonists, inhibition of defensive burying after ejaculation, male rats, 766
- midazolam followed by flumazenil, memory & mood & sedation, dental surgery patients, 30490
- midazolam vs flumazenil, saccadic eye movements, normal adults, 11977
- midazolam with vs without flumazenil, nociceptive & unitary dorsal horn spinal lamina V neuronal responses, rabbits, 22815
- peripheral vs central flumazenil vs PK 11195, motor & autonomic & behavioral signs of diazepam withdrawal, diazepam dependent male rats, 38453
- PK 11195, 18–55 yr old psychiatric inpatients with anxious or depressive symptomatology, 24474
- Ro 15-1788 & postnatal consistent vs inconsistent handling, acquisition of 2 way active avoidance behavior, adult male rats, 26591
- Ro 15-4513 & vs flumazenil, time course of self administration of sweetened ethanol solution vs water, male rats, 30505
- Ro 15-4513 vs flumazenil, acquisition & retention of T maze discrimination task, mice, 30532
- Ro15-1788 & time of day, melatonin induced depression of locomotor activity, golden hamsters, 4727
- time of Ro15-1788 relative to ethanol withdrawal, withdrawal effects & ethanol tolerance & dependence, male mice, 4693
- titrated midazolam & flumazenil, conscious sedation, 18–54 yr olds, implications for dentistry, 22736
- Benzodiazepines [See Also Alprazolam, Chlordiazepoxide, Clonazepam, Diazepam, Flurazepam, Lorazepam, Midazolam, Nitrazepam, Oxazepam]—Serials**
- adinazolam, restraint stress induced heart rate & BP & plasma norepinephrine & epinephrine changes, male rats, 22796
- adinazolam-SR, patients with generalized anxiety disorder vs panic disorder & agoraphobia, 2676
- adinazolam vs diazepam vs imipramine vs placebo, patients with minor depression, 13965
- adverse effects of benzodiazepines, 10172
- age & in vitro addition of GABA, flunitrazepam specific binding & coupling of benzodiazepine binding sites, rats, 4705
- agreement between self reported & pharmacological urine analyses of cannabinoid or benzodiazepine usage, 15 yr olds & older, Australia, 20228
- alprazolam vs bromazepam vs clonazepam vs oxazepam vs lorazepam, psychomotor performance & sleep, female 21–46 yr olds, 22780
- amnesic & sedative & anxiolytic effects of benzodiazepines, clinical implications, 38436
- amphetamine or scopolamine or methylscopolamine or physostigmine or diazepam or ZK 93426, visual & delayed visual discrimination, male rats, 30458
- antipsychotic effects of benzodiazepines, schizophrenic patients, 17288
- attitudes & beliefs & recording behavior associated with prescribing benzodiazepines vs nonbenzodiazepines, internal medicine house staff, 5 mo study, 40210
- beneficial & adverse effects of flurazepam vs temazepam vs triazolam vs over-the-counter sleep medications, 18–79 yr olds with insomnia or trouble falling asleep, 2628
- benzodiazepine & anticholinergic induced delirium, female 69 yr old with Alzheimer's disease, 36409
- benzodiazepine & caffeine, subjective vs objective measures of daytime sleepiness, male nonsmoking adults, 38428
- benzodiazepine discontinuation, memory & cognitive & affective & behavioral & sleep function, elderly nursing home residents, 1 yr followup, 32403
- benzodiazepine hypnotics, males with insomnia & nocturnal myoclonus & mild sleep apnea, 14103
- benzodiazepine inverse agonist 6,7-dimethoxy-4-ethyl-beta-carboline-3-carboxylic acid methyl ester as UCS for fear induced analgesia & role of GABA receptors, rats, 34324
- benzodiazepine therapy, ECT effectiveness, anxious & depressed 67 yr old female, case report, 35909
- benzodiazepine treatment of insomnia, conference presentation, 2665
- benzodiazepine treatment, regional cerebral metabolism during passive vs active vigilance viewing, patients with generalized anxiety disorder, 2729
- benzodiazepines, morphine withdrawal syndrome, male mice, 8404
- benzodiazepines, schizophrenic patients, commentary reply, letter, 40280
- benzodiazepines, schizophrenic patients, commentary, letter, 40221
- benzodiazepines, schizophrenic patients, literature review, 40249
- benzodiazepines vs antidepressants, patients with panic disorders, meta analysis, 20869
- benzodiazepines vs 5-HT agonists vs ethanol, behavioral & neural characteristics of antipredator defense, wild rats, 42229
- beta-carboline-3-carboxylic acid ethyl ester vs midazolam, anxiety in social behavior toward mother or other companions, 30–40 wk old rhesus monkeys, 26637
- binding of quazepam & its metabolite to CNS benzodiazepine subtype receptors, 8457
- bromazepam drops vs round vs bar tablets, choice RT & tracking & word recognition & subjective sedation, 20–47 yr old healthy females, 38375
- bromazepam, EPs in visual vigilance task, female adults, 30549
- bupirone vs benzodiazepines vs ipsapirone vs serotonin agonists, punished vs unpunished VI responding, male rats, 42408
- bupirone vs gepirone vs benzodiazepines vs dopamine vs serotonin antagonists, punished responding, male rats, comparison with data from pigeons, 836
- carbamazepine & vs dose reduction, benzodiazepine withdrawal symptoms, 24–61 yr olds, Germany, 21181
- carbamazepine vs traditional taper methods of drug rehabilitation, benzodiazepine abusing patients, 21201
- cholecystokinin & benzodiazepine receptor binding in frontal cortex & hippocampus, 2 vs 9 vs 18 mo old male rats, 34139
- chronic administration of & dependence on halazepam vs diazepam vs nordiazepam, dog, 8441
- clobazam vs lorazepam with vs without intense light & noise, memory & cognitive functions & sedation, 21–40 yr old females, 4803
- clomipramine with vs without bentazepam, adults with major depressive disorder, Spain, 40212
- clonazepam with vs without ketanserin, wet dog shakes & 5HT1 & 5HT2 & benzodiazepine receptors, male rats, 12100
- clonazepam vs bromazepam, clinical activity & tolerance, 19–76 yr old psychiatric outpatients with anxiety, Belgium, 13879
- CNS & other side effects of flurazepam & temazepam & triazolam & quazepam, 10229
- combined carbamazepine & benzodiazepine, patients with polydrug analgesic/depressant withdrawal, 24894
- detoxification based on withdrawal schedule & reduction scheme, benzodiazepine dependent 27–53 yr olds with vs without mental disorders, 24871
- diazepam & alprazolam & other benzodiazepines, immune system response, patients with affective or other psychiatric disorders, conference presentation, 40219
- diazepam vs clobazam vs flurazepam vs desalkylflurazepam vs midazolam vs triazolam vs clonazepam, differential tolerance, flurazepam treated male rats, 4815
- diazepam vs flunitrazepam vs pentobarbital vs phenobarbital vs ethanol, locomotor response, diazepam sensitive vs resistant mice, 34391
- estazolam vs placebo, insomnia, patients with major depression, 10160
- estazolam, 18–65 yr olds with generalized anxiety disorder & insomnia, 2697
- ethanol, benzodiazepine receptor binding & open field activity, mice, 8335

- etizolam, 20–67 yr olds with anxiety or somatoform disorders, 6535
- FG 7142, brain concentrations of MHPG & 3,4-dihydroxyphenylglycol, male rats, 4740
- flumazenil & diazepam with & without chronic alcohol &/or benzodiazepine use, benzodiazepine receptor sensitivity, 17–50 yr olds with panic disorder, commentary, 32412
- flumazenil, diazepam withdrawal symptoms & physiological dependence, 28–57 yr old chronic diazepam users with anxiety or panic disorder, 10135
- flumazenil, lorazepam or oxazepam induced tolerance, 19–31 yr olds, 8354
- flunitrazepam binding to hippocampal areas, morphine dependent vs deprived male rats, 15819
- flunitrazepam vs zolpidem, nocturnal sleep patterns, females with insomnia, 32509
- GABA, flunitrazepam & Ro15-4513 binding to GABA receptors before & during ethanol withdrawal, male rats, 12101
- histamine vs l-nicotine vs cocaine vs beta carboline with vs without flumazenil, punishment of schedule controlled responding, male squirrel monkeys, 38509
- impact of triplicate prescription procedure for benzodiazepines, patients & physicians, 36282
- increase in benzodiazepine abuse, commentary reply, 20868
- increase in benzodiazepine dependence & abuse, commentary, 20835
- intranasal benzodiazepine abuse, 25 yr old male & 23 yr old female with psychiatric disorders & histories of drug abuse, case reports, 13190
- isolation vs group housing, brain regional flunitrazepam binding, male rats, 30301
- levodopa & benserazide, restless leg syndrome & nocturnal wandering associated with benzodiazepine use, 53 yr old male with insomnia & daytime fatigue, case report, 2673
- lipophilicity & plasma elimination rates, pharmacologic effects & toxicity of benzodiazepine hypnotics, 8327
- long term benzodiazepine, memory function & alertness & mood, 23–63 yr olds, implications for drug tolerance, 32326
- long term benzodiazepine use, neurotic & other personality characteristics, 27–93 yr olds, England, 20243
- long term fluspirilene vs benzodiazepines & presence of tardive dyskinesia or parkinsonism or akathisia, psychiatric patients, 20861
- lormetazepam & other long vs short acting hypnotics or benzodiazepines with vs without alcohol, driving performance & RT, drivers, 4851
- low vs high diazepam dosage, stimulus discrimination & generalization to benzodiazepine agonists or partial agonists, male rats, 8452
- lymphocyte peripheral benzodiazepine receptor binding & 2-chloro-N-desmethyldiazepam response, adults with generalized anxiety vs panic vs obsessive compulsive vs other mental disorders, Italy, 44146
- management of drug discontinuation & withdrawal, benzodiazepine dependent patients, conference presentation, 28455
- methyl-6,7-dimethoxy-4-ethyl-beta-carboline-3-carboxylate, social & sexual investigation & aggression & flight & distance ambivalence & other behavior, male mice, 19055
- nitrous oxide vs chlordiazepoxide, flumazenil or naloxone induced rearing in staircase test, male mice, implications for clinical anesthesiology, 42395
- pharmacokinetics of quazepam & flurazepam, 8384
- physician's misconceptions of benzodiazepine use & abuse, 27–66 yr olds with psychiatric disorders, 13149
- physicochemical & pharmacokinetic properties of benzodiazepine hypnotics, treatment of sleep disorders, 10171
- prazepam vs clomipramine, 18–65 yr olds with major depression with anxiety, 20830
- preference for alprazolam vs diazepam in withdrawal therapy, benzodiazepine dependent 21–73 yr olds, 21164
- premedication with benzodiazepines or opiates, postoperative analgesic demand & length of pain free period, patients undergoing lumbar surgery, Germany, 28582
- prescribed & unprescribed use of benzodiazepines, 13–18 yr olds, Norway, 16758
- prescribing frequency of benzodiazepines, 28352
- prevalence of benzodiazepine abuse & other characteristics, drug rehabilitation inpatients, conference presentation, 21167
- prevalence of misuse of heroin & buprenorphine & temazepam, 17–31 yr old iv substance abusers, Scotland, 5802
- prolonged triazolam, serum benzodiazepine receptor binding activity, 22–85 yr olds with insomnia, 2669
- prozepam with vs without ethanol, plasma concentrations & psychomotor performance & mood, healthy male 18–36 yr olds, France, 34338
- pubertal age & gonadal status & familiar vs unfamiliar environment, response of benzodiazepine/GABA receptor chloride channel complex to social interaction, male rats, 15553
- quazepam vs flurazepam induced daytime sleepiness & effects on psychomotor performance, 24–86 yr olds with insomnia, 10153
- quazepam vs triazolam, psychomotor performance, healthy 26–33 yr old males, 15737
- reinforcing & subjective effects of diazepam & risk for benzodiazepine abuse, healthy male 21–35 yr olds with vs without family history of alcoholism, 5788
- Ro 15-4513 &/vs flumazenil, time course of self administration of sweetened ethanol solution vs water, male rats, 30505
- Ro 15-4513 vs flumazenil, acquisition & retention of T maze discrimination task, mice, 30532
- Ro 16-6028 &/vs Ro 15-1788 vs diazepam vs dextroamphetamine, conditioned place preference, male rats, 42264
- Ro 5-4864 vs picrotoxin & stimulation of perforant path, evoked population slow wave & spike in dentate gyrus & myoclonic seizures, female rats, 8360
- Ro15-4513, acquisition of ethanol induced conditioned taste aversion, male rats, 38430
- RO15-4513, anxiolytic ethanol effects in nonshock conflict task at doses devoid of anxiogenic activity, male rats, 4670
- sedative & cortisol suppressing properties of oxazepam vs nitrazepam, healthy male adults, 30475
- selection of benzodiazepine hypnotics for therapy, clinicians, 10205
- short vs long elimination half life of benzodiazepine, physical dependence & duration of withdrawal, detoxification clinicians, 23873
- single dosage diazepam vs flunitrazepam vs ethanol, plasma concentration & psychomotor performance, healthy male 19–27 yr olds, 34352

plasma GABA over course of day & yr, healthy adults, implications for biological marker of mood disorder, 39333

platelet imipramine binding & serotonergic function as biological markers, 20–58 yr olds with major depression or personality disorder hospitalized following suicide attempt, 9372

platelet MAO-B activity as biological marker, patients with major depression vs anxiety disorder, 35138

platelet membrane fluidity as marker, patients with probable Alzheimer's disease, 35836

platelet sulphotransferase & personality traits, 20–30 yr old medical students, implications for use as peripheral marker of dopamine system, 22693

platelet 3H-imipramine binding & 5-HT uptake & sulfotransferase activity as peripheral markers of serotonin & dopamine function, 23–48 yr olds with obsessive compulsive disorder, 43312

recent alcohol consumption & withdrawal, biochemical markers of carbohydrate metabolism, alcoholic 31–65 yr old males in treatment, 20234

role of institutional review boards & assessment of research proposals on biological correlates & markers of criminality, 16784

SCA1 & HLA-A vs D6S89 linkage data, biological marker of adult onset autosomal dominant spinocerebellar ataxia, 5 generations of family, 31987

sensitivity & specificity of biologic markers in psychiatric disorders, 43154

sequestration of spiperone by lymphocytes in preserved cells, schizophrenic adults & their 14–76 yr old 1st degree relatives, 31444

serum beta hexosaminidase as marker of heavy drinking, college students, 12553

serum biological markers carbohydrate deficient transferrin vs mitochondrial aspartate aminotransferase vs gamma glutamyltransferase, identification of high alcohol consumption, 18–60 yr olds, Norway, 30390

sex & race & age & education & intelligence level, frequency of occurrence of WAIS-R marker for Alzheimer's disease, 75 yr olds & older, 28075

smooth pursuit & gain corrective saccade interactive abnormalities, patients with affective disorders or schizophrenia & their 1st degree relatives, implications for abnormal tracking as biological marker, 39256

state dependent & trait characteristics & biochemical markers of resistance to antipsychotic drug treatment, schizophrenic patients, conference presentation, 6545

TRH stimulation, TRH & growth hormone responses, depressed 6–12 yr olds, 39340

urinary alcohol & creatinine as markers of alcoholism, alcoholic inpatients, replication, 23866

urinary 5-hydroxytryptophol 5-HIAA ratio as marker of recent alcohol consumption, healthy vs alcohol abstaining vs consuming 26–88 yr olds, conference presentation, 42894

utility of recombinant inbred quantitative trait loci approach, identification of associations between genetic markers & drug responses, BXD recombinant inbred mice strains, 4728

validity of biochemical markers vs questionnaires, detection of alcohol abuse, adults with high rate of alcohol linked neurological complications, West Indies, 13183

value of serum carbohydrate deficient transferrin as marker of heavy alcohol drinking, college students, Finland, 30391

5-HT & 5-HIAA & HVA & tryptophan & platelet paroxetine binding, anorexic patients with vs without affective disturbances, 43595

Biological Markers—Books

Biological risk factors for psychosocial disorders, 31365

Biological Markers—Chapters

Attention and information processing: A psychophysiological perspective, 22169

Biological aspects of children of alcoholic parents, 1943

Biological indicators of susceptibility, 33404

Diagnostic criteria for selection of schizophrenic patients in the study of biological markers, 16628

Interferon and immunoglobulin G as immunologic markers in chronic schizophrenia, 16623

Linkage and association studies, 27553

Neurobiology of depression, 20080

Potential biochemical markers for the predisposition toward alcoholism, 13216

Prognostic markers of human immunodeficiency virus-associated neurologic symptoms in patients with AIDS, 16943

Structural abnormalities of the brain in developmental disorders, 31721

Biological Rhythms [See Also Animal Biological Rhythms, Animal Circadian Rhythms, Human Biological Rhythms, Sleep Wake Cycle]—Serials

blinding & vs bilateral cervical sympathectomy & vs pinealectomy & vs melatonin, circadian free running food intake pattern, rabbits, 8276

circadian rhythm of body temperature, literature review, 38318

exotic light dark cycles, locomotor rhythmicity & activity & maternal photoperiodic clock regulating larval diapause, blowflies, 8282

Biological Rhythms [See Also Animal Biological Rhythms, Animal Circadian Rhythms, Human Biological Rhythms, Sleep Wake Cycle]—Chapters

Chronobiology of seasonal mood disorders, 20078

Biological Symbiosis—Serials

- adopted strategies & behavioral responses toward artificial parasitic eggs & dummies, potential host species for cuckoos, 38072
- communicative function of sound during dominance disputes, bumble bee social parasites & their hosts, 4277
- early learning involved in host recognition, host preference, ectoparasitoid of bruchid beetle larvae, 18746
- evolutionary adaptations to cuckoo's parasitism, bramblings & chaffinches, 26273
- host imprinting, reed warbler hatched cuckoos reared by reed warblers vs robins, test of hypothesis for maintenance of egg mimicry, 22472
- marital dissolution due to symbiotic relationship & failure to negotiate life cycle changes, adults in psychotherapy, 2367
- mite population increase vs decrease, preening activity & infection rates, breeding swallows, 4309
- recognition of individual specific marked parasitized hosts during egg laying, female solitary parasitoid wasps, 34097
- reproductive benefits of parasitic egg laying & typical nesting, adult & yearling female redhead ducks, 15478
- selective acceptance of host species pupae by enslaved workers, ants, 4332
- time before egg laying, responses to intraspecific parasitic eggs placed in nests, male vs female starlings, 18778
- Biology [See Also Neurobiology, Sociobiology]—Serials**
- aging & violence & biogenic amines & brain degenerative illnesses, attempted vs completed suicide, elderly, 43383
- biological & other causal factors in cognitive deficits involving understanding of beliefs & intentions, autistic children, 20286
- biological & social constitution of emotions, commentary, 33967
- biological correlates & central noradrenergic hypothesis, patients with panic disorder with agoraphobia, nursing implications, 16657
- biological knowledge & person in environment perspective & theory & practice in social work, 32636
- biological processes of dysthymic disorder, literature review, 1676
- biological research, pharmacological treatment, patients with chronic depression, literature review, 13914
- biomechanical & haptic factors, temporal patterning of limb & speech activity, 33822
- contributions of biological & clinical psychiatry research to concept of schizophrenia, 12934
- endocrine & neurological & biological factors & brain abnormalities, patients with paraphilic behavior, 43360
- environment & biology & psychology of aggression, females, literature review, 42981
- ethological & ethnographic analysis of courtship & biological theories of sexual selection & female choice, humans, 15658
- hormonal & biologic & psychosocial causative factors, 18 yr old & older childbearing females with vs without postpartum depression, 9275
- models of consciousness based on relationship to physical laws & biological findings, 22508
- nature & interrelating components & biological basis of rapport & nonverbal correlates, commentary, 1335
- neurochemical & electrophysiological & psychopharmacological aspects of biological mechanisms associated with self injurious behavior, patients with borderline personality disorder, 35329
- pharmacologic effects of antidepressants & biological basis of depression, conference presentation, erratum, 6523
- qualitative analysis of high school biology textbook content organization, 36985
- symptom clusters with different underlying biological substrates & response to pharmacological agents, patients with borderline personality disorder, 13010
- teleological & anthropomorphic reasoning about biological phenomena, 10th & 12th graders, Israel, conference presentation, 40981
- theory of basic emotions & related biological evidence, commentary, 41830

Biology [See Also Neurobiology, Sociobiology]—Books

- Bipolar Depression [See Manic Depression]**
- Birth [See Also Premature Birth]—Serials**
- accuracy of knowledge of events during pregnancy & delivery & perinatal period, 14–38 yr old mothers, 44233
- age & childbirth pain experience, cold pressor pain threshold, parous vs nulliparous females, 26491
- birth impact, family reorganization & roles, mothers of 2 mo old twins, 1263
- caregiving in hospital obstetric unit, grief from perinatal loss, parents, 24823
- changes in sociosexual behavior after pregnancy & birth & move to new zoo, male & female golden monkey pair, 18777
- childbearing experience & coping resources, effect of abortion on self esteem, 22–30 yr olds, 8 yr study, 39026
- CSF oxytocin concentrations & release during parturition & maternal behavior & attraction to amniotic fluid, intact vs peridural anesthetized rats, 34365
- culturally specific prenatal care & childbirth pain control & injury reduction methods, Indian vs non-Indian mothers & infants, Fiji, 21018
- demographic & perinatal & psychosocial & hormonal factors, females with vs without postpartum depression, South Africa, 16558
- doe parturition behavior, vigor, Australian bush goat kids, 15419
- home vs hospital confinement & pregnancy variables, subjective delivery experiences & obstetrical outcomes & postpartum well being, nulliparous females, Netherlands, 44333
- introduction of biomedical obstetrical & prenatal care to traditional childbirth practices, Navajo Indians, 21031
- level of childbirth knowledge, childbearing & childrearing attitudes & need for support, pregnant nulliparous females, Finland, 27077
- maternal obstetrical meperidine, visual fixation, healthy neonates, 44226
- memories of birth & prenatal period, 2.5–3.5 yr olds, 8649
- monthly distribution of births, patients with schizophrenia vs multiple sclerosis vs general population, Denmark, 31313
- morphine vs intraoral milk with vs without naloxone, antinociceptive duration & parameters, rat pups assessed 10–120 min after cesarean delivery, 4676
- need for pain relief during uncomplicated childbirth, females in alternative birthing center vs obstetric delivery ward, Denmark, 28664
- obstetric conditions, neurological status & neonatal behavior, 5 day olds, Japan, 38630
- obstetric procedure & history & antenatal preparation, experience of & emotions during childbirth, primiparous postnatal vs antenatal adult females, replication, 39172
- obstetrical history & perinatal outcome & mental illness, pregnant adult females admitted to state psychiatric hospital vs acute university psychiatric unit, 44497
- ordinal number of delivery as situational stress & trait anxiety, effectiveness of social support provided by husband's presence in delivery room during childbirth, 20–41 yr old females, Israel, 30975
- own vs alien lamb vs other odors, neurotransmitter release & electrical activity of olfactory bulb neurons, ewes assessed before vs after birth, 38191
- oxytocin & amino acid & monoamine transmitters release in medial preoptic area & bed nucleus of stria terminalis during parturition & suckling, pregnant vs ovariectomized sheep, 26398
- probability of winter or spring birth, siblings of winter or spring born schizophrenic probands, 31458
- proband's birth month & familial risk for schizophrenia, male vs female 1st degree relatives of schizophrenic probands, 31459
- psychogenesis & psychological importance of perinatal experience, infants, 38646
- recurrent intrusive recollections & numbing & dissociation & trauma symptoms, 24–36 yr old mothers with partus stress reaction, 35296
- season of birth & blood group, extraversion & neuroticism & impulsiveness & venturesomeness & empathy & locus of control, 27–38 yr old male doctors, 43002
- season of birth, autistic children & adults, UK, 23918
- season of birth, patients with Alzheimer's disease, 1881–1940, 9774
- sex & race & clinical subtype & marital status & length of hospitalization, winter vs summer born schizophrenic 15–39 yr olds, 12946
- smoking & type of delivery & education & employment & ethnicity & religiosity, onset & duration of breast feeding, 20–41 yr old mothers, Israel, 27074
- susceptibility to risk at birth & later mental & physical development, twins vs singletons, 18 yr study, 908
- time of birth during season & dependent infant, interval between parturition & resumption of mating, female free ranging rhesus monkeys, 26310
- Birth Control [See Also Contraceptive Devices, Oral Contraceptives, Tubal Ligation, Vasectomy]—Serials**
- cognitive & personality factors in sexual activity & contraceptive use decision making, female 13–16 yr olds, 42660
- condom use & contraception & HIV prevention knowledge & behavior, 13–51 yr old females at sexually transmitted disease & family planning clinics, 24700
- courtship & sexual behavior & contraceptive use, risk of parenthood during adolescence, 18 yr olds, 5090
- demographic & educational & other goals & maternal characteristics & religiosity & perception of friends' behavior, attitudes toward importance of birth control, Hispanic 12–18 yr old females, 16081
- determinants of contraceptive continuation, rural adult females, Bangladesh, 34840

Blind [See Also Deaf Blind]—Serials

ability to monitor behavior of cane traveler in environments from 10–25 ft, blind vs low vision simulating sighted 18–56 yr olds, implications for orientation & mobility training, 24206
 acquisition of Spanish language, preschool female blind vs sighted twin, Spain, 32091
 acquisition of verb meanings, blind vs sighted children, 39916
 acute vision loss & release visual hallucinations, male 4 yr old with debulked optic nerve glioma, 43883
 adaptation of physical or social environments, development of independent competence, blind or visually impaired children, 6152
 aerobic exercise instruction, physical & attitudinal benefits & performance accuracy, blind female 24 & 37 yr olds, 35897
 alternative techniques & adaptive devices & other vocational issues, visually impaired or blind workers, 24196
 attitudes & intentions toward dating visually impaired or blind peers, nondisabled college students, 17034
 awareness of vision rehabilitation services & projects for visually impaired elderly & information needs, directors of state units & area agencies on aging, 24860
 benign visual hallucination, blind & visually impaired veterans, 43877
 blindfolding & O distance & intervening obstacles, inference of O's visual perception of toy held by child, blind vs visually impaired vs normal 3–8 yr olds, longitudinal study, 6148
 career education program, transition from school to work, blind adolescent students, 3443
 challenges & barriers in establishment of national rehabilitation services delivery program, blind elderly, 24857
 college preparation programs, teachers of visually impaired & blind children, 44771
 color stimulus vs name, color representation & pair similarity judgments, normal vs color blind vs congenitally blind adults, 35900
 conflict, blind clients & professionals & organizations providing rehabilitative services, 21161
 cultural & environmental impact on orientation & mobility services, blind & visually impaired, Iran, 32758
 development of comprehension of visual perspective & object orientation effects on others' perception, blind vs visually impaired male 5.6–7.9 yr olds, Canada, longitudinal study, 35891
 development of visual perspective taking & hiding ability, blind vs visually impaired vs sighted 3.3–7.9 yr olds, Canada, 28099
 differential reinforcement of alternate behavior combined with contingent restraint, dangerous aggressive behavior, blind multiply handicapped profoundly mentally retarded 11 yr old female, 20674
 DRO, self injurious behavior & development of self care skills, blind profoundly mentally retarded male 29 yr old, 40103
 early visual deprivation, cerebral lateralization for speech production, congenitally blind right handed 13–19 yr olds, 32087
 employment concerns, blind or visually impaired 17–71 yr olds, 35903
 etiological role of diabetes related & perceptual factors, blind 32 yr old male with Capgras' syndrome, case report, 1728
 expression & interpretation of verbal & nonverbal cues during telephone vs face to face conversations vs dating, blind vs partially sighted vs sighted 18–45 yr olds, 13592
 familiarity & concreteness & meaningfulness & imageability of nouns & imagery modality & strongest word associate, congenitally blind vs sighted 18–49 yr olds, 20555
 frequency & duration & typical situational causes of stereotyped behaviors, blind 10–82 mo olds, 13603
 frequency & occurrence & stability of stereotyped behaviors, blind & partially sighted 5 mo to 6 yr olds, 28100
 haptic scanning of braille cells, 13–21 yr old blind high vs low proficiency braille readers, 28103
 hypnotic susceptibility, blind vs sighted 20–92 yr olds, 6156

- implementation & purpose of outreach project for comprehensive vision evaluations & followup services, deaf blind 0-22 yr olds, 24714
- individual differences, imagery capacity limitations of visuospatial short term memory, congenitally blind 15-60 yr olds vs high school students with high or low visuospatial ability, 9855
- information loss as most critical trauma in vision loss, rehabilitation implications, 39919
- intelligence profiles, visually impaired 3-16 yr olds, 24188
- local ambiguity in sentences, finger movements in braille reading, blind 22-73 yr olds, 43876
- mainstreamed skills development direct service program, blind students, Australia, 29325
- manual vs mental rehearsal of intervening tasks, reproduction of angular distances of positioning movements, congenitally blind vs blindfolded sighted 20-25 yr olds, 13595
- melatonin, phase advances & entrainment, blind 30-41 yr old males with free running endogenous melatonin rhythms, 9864
- mental practice without visuospatial information, imagined & performed movements based on spatial information, sighted blindfolded vs blind 7.1-18.2 yr olds, 32088
- models & strategies for rehabilitation outcome assessment based on public policy, blind elderly, 24840
- motivation instructions, hypnotic blindness, high hypnotizable college students, Australia, 437
- multiple differential reinforcement, aggression & self injury & dysfunctional verbal behaviors, blind male 26 yr old with moderate mental retardation & generalized anxiety disorder, case report, 20673
- peer caregiving & promotion of mobility & activity in passive companion, deaf blind male 21 & 32 yr olds & blind female 25 yr old, 44523
- personality variables & attitudes toward social integration of blind children, adults, 24201
- prevalence of alcohol abuse, blind or visually impaired 21-65 yr olds, 9861
- psychological & emotional processes & rehabilitation, clients with traumatic blindness, 32729
- recognition of vocal vs nonvocal expressions of emotion, congenitally blind 6-12 yr olds, 17037
- residential rehabilitation program, adjustment, blind males with vs without history of psychological disorders, 32751
- social & emotional & cognitive & family functioning & education & employment & leisure & religion, legally blind 16-34 yr olds originally studied as children, 13593
- spatial exploration patterns & knowledge usage, cognitive mapping in location of objects in open room, blindfolded 31-52 yr olds, Norway, implications for blind, 39925
- suitability & cultural fairness of Blind Learning Aptitude Test, visually impaired 5.5-16.5 yr old students, England vs Wales vs US, 7700
- tactile concentration & short term memory, partially sighted or blind adolescents & adults, India, 39920
- tactual strip maps, navigational assistance, blind & visually impaired travelers, 6151
- ultrasonic echolocation prosthesis use, early visually deprived cats, animal model of sensory substitution in blindness, 18712
- uniqueness point location & frequency of French braille words, pronunciation & gender classification & finger scanning & recognition RT & online lexical access, blind 22-75 yr olds, 20548
- VISIONS community based rehabilitation & recreation & public education services model, blind or visually impaired elderly, 24850
- visual information, imagining vs faking blindness during decision task, high vs low imagery college students, Australia, 18579
- visual state & distance from speaker with vs without physical barrier, perspective taking abilities, blind vs blindfolded sighted 3-8 yr olds, 43873
- visual vs amodal explanation for spatial cognition, blind vs blindfolded vs sighted 24-56 yr olds, 32046
- Blind [See Also Deaf Blind]—Chapters**
- Haptic perception in blind people, 17040
- Reversed lag in the recognition and production of tactual drawings: Theoretical implications for haptic coding, 17042
- Seeing by exploring, 13606
- Tactile pictures, 17041
- Blink Reflex [See Eyeblink Reflex]**
- Blood [See Also Blood Plasma, Blood Serum]—Serials**
- applied tension with vs without in vivo exposure, 18-55 yr olds with phobia for blood & wound & injuries, 1 yr followup, 13763
- ascending vs descending rates of change in blood alcohol concentrations & subjective intoxication ratings during alcohol consumption, adult males, 30434
- blood lipid & percent body fat levels, adults with Down's syndrome vs mentally retarded 17-72 yr olds, 31740
- discriminant function based on biochemical & hematological tests, community screening tool for high alcohol consumption, fathers of adolescent males, 12559
- haloperidol & reduced haloperidol in red blood cells & plasma vs saliva & parotid saliva, 36-66 yr old psychiatric outpatients, 44091
- ip aluminum, ability of beta amyloid to cross blood brain barrier, male mice & rats, implications for Alzheimer's disease, 18820
- moral & vs fear reducing persuasive message & issue relevant thoughts & responsibility denial, altruistic blood donating attitudes & intention & moral obligation & behavior, college students, 23361
- rat blood, stimulus control of tongue flicks, brown tree snakes, 34061
- reduced legal blood alcohol concentration limits, night fatal crashes, adolescents & adults, 7481
- regional cerebrovascular permeability capillary surface area products & brain vascular space, maze learning, 6 vs 12-24 vs 24-26 mo old male rats, 22552
- toxicity vs efficacy of alpha alpha cross linked hemoglobin vs other blood substances, food intake & running in light vs dark, hemorrhaged male rats, 4569
- Type A vs Type B behavior & hostility, basal vs exercise induced bleeding time, thromboxane & prostacyclin formation, male college students, 19016
- Blood [See Also Blood Plasma, Blood Serum]—Books**
- Giving blood: The development of an altruistic identity. The Johns Hopkins series in contemporary medicine and public health, 12631
- Blood [See Also Blood Plasma, Blood Serum]—Chapters**
- Clinical vampirism: A presentation of 3 cases and a reevaluation of Haigh, the "acid-bath-murderer.", 35400
- Vampirism: A clinical condition, 35412
- Vampirism: A review with new observations, 35416
- Blood and Lymphatic Disorders [See Also Anemia, Hemophilia, Leukemias, Malaria, Porphyria]—Serials**
- carbamazepine induced thrombocytopenia, 18-47 yr olds with bipolar disorder, 24530
- child & parent pain coping strategies & adjustment, 7-17 yr olds with sickle cell disease and their parents, 9626
- consultation liaison psychiatry perspective on & decision making processes for bone marrow & liver transplantation, female 34 yr old with preleukemic myelodysplastic condition, 10405
- depression & demographic variables, prediction of emergency treatment & hospital admission, Black 19-53 yr olds with sickle cell disease, 6792
- encephalitis in cat scratch disease with persistent dementia, 47 yr old male, 30 mo followup, case report, 31990
- haloperidol & levopromazine induced severe immune thrombocytopenia, 24 yr old female with psychotic symptoms, case report, 2625
- MRI & corticosteroids, 52 yr old Black female with frontal lobe dysfunction from meningeal sarcoidosis, case report, 36398
- pain coping strategies & activity level & health care use, 18-68 yr olds with sickle cell disease, 9 mo followup, 27885
- parenteral narcotic analgesics & adjuvant therapies, pain episodes, children with sickle cell disease, 44258
- teacher ratings of social interactions & reputations, 8-18 yr olds with cancer vs brain cancer vs sickle cell disease, 43658

unnecessary antidepressant treatment, hyponatremic male 44 & 73 yr olds with depressive symptoms, case report, 2631

Blood and Lymphatic Disorders [See Also Anemia, Hemophilia, Leukemias, Malaria, Porphyria]—Chapters

Adverse hematological effects, 24560
Life-threatening blood disorder: Case of Daniel, age 11, 17371

Blood Cells [See Also Erythrocytes, Leucocytes, Lymphocytes]—Serials

abstinence, red cell cesium & selenium & lithium, alcoholic male adults, 13145

haloperidol decanoate, red blood cell & plasma haloperidol, adult psychotic outpatients, 36204

incidence of macrocytosis, alcoholic outpatients, 13189

lithium & sodium transport, in vitro granulopoiesis & megakaryocytopoiesis, male 10–12 wk old mice, 38409

red & white blood cell concentrations of choline, elderly with Alzheimer's disease or multi-infarct dementia or Korsakoff's syndrome, implications for lithium administration, 39870

Blood Circulation—Serials

frustration tolerance level, central & cerebral circulation during antithrombotic test, 7–10 yr olds, 22933

pathogenesis & diagnosis & treatment & prevention of ischemic disorders of cerebral circulation, 28014

utility of Gadolinium-DTPA enhanced gradient echo magnetic resonance scans, assessment of integrity of blood brain barrier, schizophrenic males in 1st vs multiple episode of psychosis, 20103

Blood Coagulation—Serials

clopromazine induced lupus anticoagulant, male schizophrenic 40 yr old, letter, 32354

drug induced serotonergic syndrome, disseminated intravascular coagulation & renal failure, female 18 yr old, letter, 20836

Blood Disorders [See Blood and Lymphatic Disorders]

Blood Donation [See Tissue Donation]

Blood Flow—Serials

acute iv haloperidol, SPECT images of regional cerebral blood flow using technetium-99m hexamethyl-propyleneamine oxime distribution, unmedicated schizophrenic 22–29 yr olds, 32352

age, activation of regional cerebral blood flow during object recognition vs spatial tasks, young adults vs elderly, 22555

bilateral blood flow velocity in middle cerebral arteries, 55–72 yr olds with Alzheimer's disease, 39805

body heating & mental arithmetic, facial sweating & blood flow in headache free period, adults with unilateral migraine headache, 5967

cerebral blood flow & oxygen metabolism assessed by positron emission tomography, 25–57 yr olds with neuroleptic malignant syndrome, 9220

cerebral blood flow in & structure of medial temporal lobes & hippocampus assessed by SPECT & MRI, female 63 yr old with transient global amnesia, 2249

cerebral blood flow in & structure of medial temporal lobes & hippocampus assessed by SPECT & MRI, female 63 yr old with transient global amnesia, erratum, 24163

cerebral blood flow in prefrontal cortex vs subcortical structure & performance on Wisconsin Card Sorting Test, 21–42 yr olds with schizophrenia vs schizophreniform disorder, 12948

cerebral blood flow indices, clinical & demographic characteristics & symptoms & neuropsychological functions, schizophrenic patients, 12949

clinical & electrophysiological & biochemical & cerebral blood flow analyses of brain dysfunction, autistic infants & children, 27775

clinical & neuropsychological & SPECT & MRI & cerebral blood flow characteristics, 55–79 yr olds with frontal lobe degeneration, 6105

cognitive & cerebral blood flow in lateral asymmetries, 55–60 yr olds with Parkinson's disease, 13459

cognitive focal task, regional cerebral blood flow, patients with Alzheimer's disease vs normal elderly, 35838

cognitive test performance, SPECT ratings of regional cortical perfusion, patients with mild to moderate Alzheimer's disease, 35853

correlation of regional cerebral blood flow with clinical symptoms, 21–65 yr olds with cycloid psychosis, Sweden, 23693

diagnostic sensitivity & specificity of positron emission tomographic images of regional cerebral blood flow, 57–84 yr olds with Alzheimer's vs Parkinson's disease, 39877

diazepam vs ondasetron, cerebral blood flow & anxiety, 18–64 yr olds with generalized anxiety disorder, 13948

drinking, icv angiotensin-II induced shift in regional cerebral blood flow & brain region activation, male rats, 34130

estrogen replacement therapy, cerebral perfusion & cognition, female 40–90 yr olds with vs without cerebrovascular disease, 20949

executive function & memory & functional capacities & SPECT assessed cerebral blood flow in frontal vs temporal vs thalamic regions, 7–66 yr olds with severe closed head injury, 43783

fluoxetine, medial & orbital frontal cerebral blood flow, obsessive compulsive 19–42 yr olds, 2666

hypercapnia & acute ethanol, cerebral blood flow & oxygen & glucose consumption, free moving rats, 12065

hypnosis vs imagery, bleeding time, college students with high vs low hypnotizability vs image vividness, 2767

letter recall & decision making & problem solving transcranial Doppler ultrasound measures of middle cerebral artery blood flow velocity, college students, 38313

local cerebral blood flow, 62–83 yr olds with senile dementia of Alzheimer's type, 43798

medial cerebral blood flow assessed by SPECT & clinical states, obsessive compulsive 18–49 yr olds, conference presentation, 1765

medial temporal lobe atrophy with reduced blood flow in parietotemporal lobe, patients with Alzheimer's disease & memory loss, 31959

mesial temporal volume & atrophy & regional cerebral blood flow & cognitive status, elderly with Alzheimer's disease, 35848

pain induction vs reduction, cephalic vascular intensity & forehead EMG & BP & heart rate & headache intensity & stress, 19–49 yr olds with tension headaches vs/ & migraines, 27897

plasma HVA & cerebral blood flow & central dopaminergic activity, male 18–58 yr olds, implications for etiology of schizophrenia, 4442

profuse neuropsychological deficits & cerebral blood flow, 30 yr old male with right motor neglect due to left thalamic lesions, case report, 31932

regional cerebral blood flow & frontal lobe pattern of cognitive deficits, patients with Parkinson's disease, Austria, 2195

regional cerebral blood flow & glucose utilization in soman induced convulsions, male rats, 38228

regional cerebral blood flow & psychomotor poverty vs disorganization vs reality distortion symptom profiles, schizophrenic 21–54 yr olds, 35233

regional cerebral blood flow & symptoms, schizophrenic 23–38 yr old males, Japan, 35226

regional cerebral blood flow, adults with late life onset psychosis, 35241

regional cerebral blood flow during pain free intervals, 17–61 yr olds with classic migraine & cluster headache, 9656

regional cerebral blood flow during word fluency speech production, adults, 15576

regional cerebral blood flow during word fluency task using SPECT, medicated schizophrenic 19–48 yr olds, 39365

regional cerebral blood flow, patients with Parkinson's vs Alzheimer's disease, conference presentation, 20511

regional cerebral blood flow, 46–78 yr olds with Alzheimer's disease vs multi-infarct dementia, 6065

response complexity & blood flow asymmetry to temporal lobe regions of interest, acoustic laryngeal RT, male 27–59 yr old mild vs moderate vs severe stutterers, 39659

- scopolamine vs mecamylamine, cognitive function & regional cerebral blood flow, healthy 59–69 yr olds, implications for Alzheimer's disease, 34339
- semantic incoherence in sentence word monitoring, cerebral blood flow, 39–57 yr olds, 26523
- serum & CSF albumin & immunoglobulin G & blood brain barrier, elderly with early onset Alzheimer's disease vs senile dementia of Alzheimer's type vs multi-infarct vs probable vascular dementia, 9804
- single & repeated ECS, regional cerebral blood flow & glucose metabolism, rats, 577
- single photon emission tomography abnormalities & hemispheric asymmetries of regional cerebral blood flow, 59–91 yr olds with Alzheimer's disease, England, 12–18 mo followup, 17005
- somatotopic mapping of primary motor cortex through estimation of blood flow during motor tracking tasks, adults, 8125
- SPECT assessment of regional cerebral blood flow during verbal fluency task, female 59–78 yr olds, 4477
- SPECT assessment of regional cerebral blood flow, 5–11 yr olds with primary autism, 43538
- SPECT regional cerebral blood flow & neuropsychological testing, HIV seropositive vs seronegative methadone maintained substance abusing 21–46 yr olds, 12780
- stability of regional cerebral blood flow & clinical symptomatology, schizophrenic 34–49 yr olds, Sweden, 18 yr followup, 27494
- stressful mental arithmetic with vs without acetylcholine, coronary vasomotion & blood flow during cardiac catheterization, 31–74 yr olds with atherosclerosis, 16962
- therapeutic sleep deprivation, limbic system & frontal lobe abnormalities & cerebral blood flow, depressed patients, 28487
- thermal pain stimulus, cerebral blood flow in contralateral anterior cingulate cortex & thalamus, healthy volunteers, commentary & reply included, 22563
- tomography assessed cortical blood flow changes & neuropsychologic deficits, patients with unilateral vs bilateral non-hemorrhagic thalamic infarctions, 6070
- Type A vs Type B behavior & hostility, basal vs exercise induced bleeding time, thromboxane & prostacyclin formation, male college students, 19016
- vascular bruits, female 20 & 28 yr olds with episodic tension headaches, case reports, 2094
- visual vs acoustic images of verbally presented abstract words, regional cerebral blood flow, adults, 4424
- Blood Glucose [See Blood Sugar]**
- Blood Groups—Serials**
- season of birth & blood group, extraversion & neuroticism & impulsiveness & venturesomeness & empathy & locus of control, 27–38 yr old male doctors, 43002
- Blood Plasma [See Also Blood Serum]—Serials**
- bilirubin plasma concentrations, schizophrenic & other psychiatric patients, Germany, 31456
- colloid induced hypovolemia, water & sodium chloride solution intake, male rats, 22843
- correlation of radioimmunoassay measures of plasma vs saliva testosterone at 6 labs, 13 yr old males, 3 yr study, 38635
- fluphenazine plasma levels & clinical response, schizophrenic males, 2 yr study, 36248
- gas chromatography, measurement of plasma & brain concentrations of SCH 39166 vs SCH 23390, rats, 30498
- haloperidol decanoate, red blood cell & plasma haloperidol, adult psychotic outpatients, 36204
- haloperidol, plasma & reduced haloperidol concentrations & ratio & red blood cell reductase activity, Chinese schizophrenic patients, Hong Kong, 40281
- plasma clozapine, therapeutic response, 19–48 yr old inpatients with refractory schizophrenia, commentary, letter, 44135
- plasma GABA, patients with mood disorders, 35192
- plasma haloperidol & clinical response, male schizophrenic patients, 28478
- plasma somatostatin & positive symptoms, schizophrenic patients, implications for diagnosis, 31460
- plasma vitamin B12, cognitive function, HIV-1 positive males, 43697
- routine tricyclic antidepressant, induced grand mal seizure & elevated plasma drug concentrations, 28–52 yr olds with panic or affective disorders, 44143
- Blood Platelets—Serials**
- age, platelet membrane pertussis toxin sensitive G proteins determined by ADP-ribosylation, 24–60 yr olds, implications for assay conditions with psychiatric disorders, 42146
- emotional stress, platelet activation & physiology, patients with coronary heart disease or acute coronary events, 16955
- intracellular & plasma membrane fluidity in blood platelets, 64–79 yr olds with Alzheimer's disease, 13538
- lesions of central serotonergic neurons, platelet vs brain 3H-paroxetine binding to serotonin transporter, rats, 8159
- platelet membrane fluidity & neurochemical & morphological correlates of major depression & psychosis & clinical heterogeneity, patients with Alzheimer's disease, 35865
- platelet membrane fluidity as marker, patients with probable Alzheimer's disease, 35836
- platelet membrane fluidity assessed using spin label techniques, elderly with probable Alzheimer's disease vs multi-infarct dementia, 2210
- presence & nature of beta amyloid precursor protein isoforms in platelets & lymphocytes, 26–47 yr olds, implications for familial Alzheimer's disease, 42149
- reliability of platelet model in study of dopamine uptake, 20–50 yr olds, implications for neuroleptic treatment, 30307
- Blood Pressure [See Also Diastolic Pressure, Systolic Pressure]—Serials**
- active vs passive tasks, BP reactivity, mildly hypertensive patients, 43721
- adinazolam, restraint stress induced heart rate & BP & plasma norepinephrine & epinephrine changes, male rats, 22796
- alpha 2-adrenergic agonist UK-14304, receptor binding to rauwolfscine sensitive vs insensitive site & BP & sedation & memory enhancement, male rats & 17 yr old & older female monkeys, 19032
- application of law of initial values, heart rate & BP during postural & isometric handgrip tests, patients with panic disorder or depression, 20026
- atenolol vs metoprolol, heart rate & BP & pulse pressure & subjective stress & anxiety rating during mental arithmetic task, 20–28 yr olds, 19161
- baroreflex sensitivity at rest vs during stress, males with history of vasovagal syncope, 684
- behavioral defense, BP & heart rate & vascular resistance, male rats, 19019
- behavioral stress with vs without dietary salt intake, BP & heart rate, baboons, 562
- bicuculline methiodide & baclofen hydrochloride & phaclofen & strychnine in amygdala areas, heart rate & BP & cardiovascular responses & locomotor activity, male rats, 22603
- BP, change in cognitive performance, 49–63 yr olds originally assessed at ages 38–52 yrs, 30440
- caffeine & vs cigarette smoking, BP, normotensive 17–34 yr olds, 8391
- central angiotensin II, BP & drinking, male rats guanethidine sympathectomized at birth, 12140
- chronic high salt diet & vs conflict stress, BP, male baboons, 11937
- chronic occupational stress, heart rate & BP elevation, male blue collar workers, 3589
- cognitive appraisal & sex relevance of stressor, systolic & diastolic BP & heart rate reactivity to cold pressor test, male vs female college students, 11955
- cold pressor challenge, cognitive responses & BP & heart rate, high vs low BP reactive male college students, implications for cardiovascular disease, 18986
- constant vs variable system RT delays during hypertext database query task, BP & cardiovascular responses, male 19–33 yr olds, 15694

- daily boiled vs filtered coffee, BP & heart rate response to orthostatic & mental stress, 17-57 yr olds, 42201
- desipramine, pulse & BP, female 18-45 yr olds with bulimia nervosa, 44157
- discrimination learning of reward vs aversion predicting cue tones & norepinephrine vs antagonists, paraventricular nucleus electrical activity & control of BP in emotional behavior, male rats, 26410
- electrical stimulation of cervical vagal afferents, responses of neurons in rostral ventral medulla & relationship to nociception & arterial BP, male rats, 22663
- emotional state & coping style & pain sensitivity & BP, normotensive male 18-46 yr olds, 38334
- expression & experience of anger or hostility & BP & heart rate, provoked & angered male college students, 38362
- forehead cold pressor tests, BP reactivity & pain perception, normotensive male college students, 15701
- hexamethonium, BP & heart rate responses to milk ingestion from dam vs cannula, spontaneously hypertensive vs normotensive rat pups, 15813
- high vs low strain jobs & Type A behavior, BP at work vs home vs during sleep, adults, 42202
- hostility & positive vs negative feedback, contingency judgment task performance & heart rate & BP, male college students, Canada, 11958
- idazoxan, plasma MHPG & BP & psychological responses & nocturnal melatonin output, healthy adult males, 26603
- instrumental learned BP responses, modulation of slow cortical EPs, college students, 42104
- intra-arterial vs Penaz noninvasive method, assessment of finger BP during mental load task, 18-29 yr olds, 42186
- job stress, ambulatory BP, 35-55 yr old males with borderline hypertension, 20484
- John Henryism personality construct & cholesterol level & BP & SES, 21-89 yr old African Americans undergoing cardiovascular risk screening, 31906
- living with cognitively impaired spouse, BP & health status & behaviors, 65 yr old & older husbands vs wives, 35844
- low stress lecture vs high stress examination work, heart rate & systolic & diastolic BP & mood & rate pressure product, male medical students, 29010
- maternal strain & rearing environment, mean arterial BP & heart rate, spontaneously hypertensive vs Wistar Kyoto vs Sprague Dawley normotensive rats, 15685
- moclobemide & vs tricyclic antidepressants, tyramine induced arterial BP increase, male rats, conference presentation, 26570
- naloxone, BP & heart rate & plasma cortisol & FSH & LH urinary epinephrine & dopamine, ambulatory male 19-38 yr olds, 30520
- nicotine & biofeedback of arterial BP, self modulation of BP & slow cortical potentials & heart rate, 20-35 yr old habitual smokers vs nonsmokers, 38386
- nicotine, perceived exertion & heart rate & BP during low intensity physical activity, adult cigarette smokers, 12095
- nortriptyline or its 10-hydroxymetabolites, cardiotoxicity & cardiac output & arterial pressure & continuous EKG, swine, 26659
- operant conditioned heart rate, attenuation of BP & respiration during exercise, male monkeys, 4584
- performance of most vs least preferred purposeful vs nonpurposeful task, repetitions & heart rate & BP & perceived exertion, 18-30 yr old females, Canada, 8298
- personality & physiological & physical characteristics, BP & changes in response to mental arithmetic stress, college students with vs without parental history of hypertension, 20480
- personality traits & time of day of exercise, BP & state anger & anxiety & mood, adult males, 42188
- physical exertion vs competitive vs cognitive task stressors, BP reactivity as early marker for cardiovascular disease & hypertension, 3-6 yr olds, 20483
- physical exertion vs competitive vs cognitive task stressors, BP reactivity as early marker for cardiovascular disease & hypertension, 3-6 yr olds, commentary, 20477
- physiological & psychological stress & personality, heart rate & BP, stress sensitive vs insensitive patients with psoriasis, 39701
- pregnancy, BP responses to psychological & physical challenge, healthy normotensive female adults, 42185
- propranolol or dobutamine or atropine or carbachol, BP & heart rate & spectral energy & respiration during mental load vs rest, healthy 23 yr old males, Germany, 42332
- relaxation behavior therapy, BP & body weight & alcohol consumption, 25-64 yr olds with mild hypertension, Canada, 17161
- relaxation therapy in office vs hypertension clinic vs natural environment, generalizability of diastolic vs systolic BP & relaxation & finger temperature effects, hypertensive patients, 28537
- rest vs arithmetic vs cold pressor conditions, systolic & diastolic BP & heart rate & rate pressure product, male medical students at low to high risk for hypertension, 28002
- RT task & cardiovascular response, BP predictors, healthy male 18-22 yr olds, 10-15 yr followup, implications for development of hypertension, 34268
- short vs long term relapse to heroin, pulse rate & BP, heroin addicted clients of clonidine treatment & detoxification program, 44574
- size & status composition of audience, mean arterial BP & anxiety during performance, female college students, 30443
- social influence during marital interaction, heart rate & systolic & diastolic BP & state anger & anxiety & interpersonal behavior, 20-40 yr old couples, 34260
- social support, moderation of effects of lifestyle incongruity on arterial systolic & diastolic BP, Black 25-39 vs 40-55 yr olds, 15692
- soothing vs stimulating music, pain & tactile thresholds & heart rate & BP, 21-49 yr old females, 38371
- soothing vs stimulating music, pain & tactile thresholds & heart rate & BP, 21-49 yr old females, commentary, 38352
- stress & sodium intake levels, normotensive adults, 34264
- stress, ambulatory & laboratory daytime vs nighttime diastolic & systolic BP & heart rate, normotensive 19-31 yr olds with vs without family history of essential hypertension, Sweden, 13451
- stress management with home monitoring of BP & skin temperature feedback during relaxation, BP & cardiovascular processes & reactivity, normotensive vs hypertensive adults, 24687
- suppressor effects & relation of psychological variables & resting BP, nonmedicated family practice patients, 19005
- talking of hopelessness & helplessness, BP & heart rate, female college students & adults with migraine headache or depression or generalized anxiety or character disorder, 43104
- temporal stability of mean vs maximal resting vs absolute reactivity values of BP & heart rate, 3rd graders, 2 yr followup, 8564
- thermal biofeedback, ambulatory BP monitoring vs clinic vs home BPs, hypertensive 35-65 yr old males, 6560
- tranylcypromine &/or amitriptyline, BP & heart rate, depressed 18-65 yr olds, 36259
- verbal attack in discussion with vs without social support, BP & heart rate, female college students, implications for heart disease & hypertension, 42172
- 24 hr workday vs nonworkday period, systolic & diastolic BP & heart rate & mood, 20-43 yr old male paramedics, 29445
- 6 mo aerobic exercise training program & Type A vs Type B behavior, BP & heart rate during mental arithmetic task, healthy 40-60 yr olds, 42156
- Blood Pressure [See Also Diastolic Pressure, Systolic Pressure]—Chapters**

Blood Pressure Disorders [See Also Essential Hypertension, Hypotension, Syncope]—Serials

patients' personal characteristics & illness stereotypes, appraisals of high BP health threats & symptoms reporting, college students, 2858

Blood Proteins [See Also Hemoglobin, Immunoglobulins]—Serials

acute phase plasma protein levels & immune parameters indicative of inflammatory process, depressed inpatients, 43201

Buddhist meditation, serum cortisol & total protein & BP & pulse rate & lung volume & RT, male 20–25 yr olds, Thailand, 15709

ethanol dosage, spontaneous & mitogen induced secretion of interferon gamma by peripheral lymphocytes & 3H-thymidine incorporation, adults, 42441

serum & CSF albumin & immunoglobulin G & blood brain barrier, elderly with early onset Alzheimer's disease vs senile dementia of Alzheimer's type vs multi-infarct vs probable vascular dementia, 9804

serum biological markers carbohydrate deficient transferrin vs mitochondrial aspartate aminotransferase vs gamma glutamyltransferase, identification of high alcohol consumption, 18–60 yr olds, Norway, 30390

serum transferrin & erythrocyte membrane sialic acid, alcoholic 23–64 yr olds, 5817

value of serum carbohydrate deficient transferrin as marker of heavy alcohol drinking, college students, Finland, 30391

Blood Proteins [See Also Hemoglobin, Immunoglobulins]—Chapters

Interferon in schizophrenia, 16613

Blood Serum—Serials

assessment & causes of fluctuations in serum lithium levels in clinical setting, 10230

prevalence & significance of non-CNS serum autoantibodies, patients with Alzheimer's disease, 24142

saliva vs serum lithium monitoring, hospitalized 5–11 yr olds with conduct disorder of undersocialized aggressive type, 36291

serum factor, altered metabolism of serine & methionine & taurine in serum & fibroblasts, patients with acute psychosis, 12912

serum from stressed rats or mice, suppression of lymphocyte proliferation induced by concanavalin, mice, 30448

serum monitoring tricyclic antidepressant levels in treatment of refractory depression, commentary, letter, 32414

Blood Sugar—Serials

avoidance reaction failure, blood glucose concentration, male rats, 26543

blood glucose & activity level & mate selection & feeding, nocturnal vs diurnal sea hares, 15630

correlation of age & diabetes glucose control & depression, Type 1 vs Type 2 diabetic 18–71 yr olds, 27914

ethanol induced hyperglycemia & conditioned taste aversion, inbred C57BL/6J vs DBA/2J strains of adult male mice, 30241

glucose in vitro & glycemic state in vivo, mu & delta & kappa opiate receptor binding parameters in brain membranes, lean Aston & streptozotocin diabetic Swiss mice, 30509

plasma glucose & insulin, patients with senile dementia of Alzheimer's type, 13569

standard vs intensive blood glucose awareness training, improvement of estimation accuracy & metabolic control, insulin dependent diabetes mellitus patients, 2815

Blood Transfusion—Serials

cognitive processes in multiple solution problem solving, expert & inexperienced immunohematologists, implications for development of consultation systems, 14934

perceived risk of AIDS or HIV infection from blood donation or transfusion, college students, England, 35733

Blood Vessels [See Also Arteries (Anatomy), Capillaries (Anatomy), Carotid Arteries, Veins (Anatomy)]—Serials

orienting reflex, vascular responses & right vs left forehead vs finger skin temperature, right handed male college students, test of law of initial values, 701

vascular bruits, female 20 & 28 yr olds with episodic tension headaches, case reports, 2094

Blood Vessels [See Also Arteries (Anatomy), Capillaries (Anatomy), Carotid Arteries, Veins (Anatomy)]—Chapters

Neural and vascular control of erection, 30407

Blue Collar Workers [See Also Skilled Industrial Workers]—Serials

demographic characteristics, somatic & depressive & anxiety symptoms in reaction to plant closing, autoworkers, 21655

demographics & acculturation & need for role clarity & factors in taking job, male Hispanic vs non-Hispanic White new hires in Navy blue collar civilian jobs, 14780

job characteristics & motivation, job satisfaction, blue collar workers, Canada, application of multiplicative model, 21738

manganese exposure, CNS functioning, active & asymptomatic male 20–64 yr old steel workers, 5955

occupational commuting as adaptive response, Druse rural village port workers, Israel, 29446

sex, alcohol use & dependence, 18 yr old & older blue vs white collar workers, 1988, conference presentation, 42883

social support & self concept & coping & financial resources, physical & mental illness, currently vs previously unemployed vs stably employed blue collar workers, intervention implications, 12777

unemployment, self esteem & life event stress level & locus of control, blue collar workers, 7243

white vs blue collar classification & relatedness of work to intended occupation, job satisfaction, working college students, 29280

working conditions & job satisfaction & sexual harassment & discrimination, female transit workers vs school secretaries vs tradeswomen, 11050

Blue Collar Workers [See Also Skilled Industrial Workers]—Chapters

Career development for nonexempt employees: Issues and possibilities, 33297

Boarding Schools—Serials

corporal punishment in boarding school as physical & sexual child abuse & ritual, ruling class, 1950s, England, 9361

previous boarding experience & perceived control over environment, homesickness, 14–16 yr old boarding school students, Australia, 7175

Boards of Education—Chapters

Special needs and school improvement: The role of the local education authority, 17897

Body Awareness—Serials

awareness of emotive vs nonemotive bodily response, college students, 723

body awareness, self assessed health, 62 yr olds & older, 12392

body size perception & body satisfaction, restrained vs unrestrained eaters, 35594

cardiac awareness training, heart beat EPs, right handed 18–40 yr olds, 15612

development of Menstrual Cycle Questionnaire, assessment of awareness of body & feelings & state of mind & thoughts throughout cycle, female college students, 25689

health locus of control & hopelessness & repression sensitization & trait anxiety & contact with body, delay in seeking medical care after discovery of breast lump, female 19–68 yr olds, 24729

individual differences in heart beat perception & motivational instructions & biofeedback, acquisition of voluntary heart rate control, 19–30 yr old females, 22696

interpretation of ambiguous bodily sensations, low to high hypochondriacal college students, 35662

intramodal & crossmodal limb position judgments & integrity of visual proprioceptive mapping, 10–15 yr olds with severe cerebral palsy, 17024

matching vs pointing procedure, assessment of elbow position, blindfolded adults, 29980

perceived psychophysiological arousal & heart & respiration rates before & during parachute jumping, novice vs experienced sport parachutists, 42195

perception of penis root, males with koro, India, 16489

- perception of physical attractiveness, hopelessness, 9th–12th graders, 34653
- private body consciousness & anxiety, somatic symptom reporting during MRI, patients, 2911
- role & modification of aversive & pleasurable body sensations in preventive health behavior & education, 20994
- structured silence of personal bodily experience & paradigmatic challenge of feminism leading to new praxis in medical sociology, 28526
- trunk & extremity muscle strength & body awareness, 27–87 yr olds with unilateral brain damage, 28024
- Body Fluids [See Amniotic Fluid, Bile, Blood, Blood Plasma, Blood Serum, Cerebrospinal Fluid, Mucus, Saliva, Urine]**
- Body Height—Serials**
- biological & social factors & emotional stress, physical height, children, 30652
- body height, cerebral lateralization & handedness, 20–22 yr olds, 38234
- height & lung capacity & relation to concept of embodiment, 7–87 yr old smokers vs nonsmokers, Germany, 34473
- heights of parental figures drawn on Kinetic Family Drawings & peer acceptance vs rejection, 5th graders, 34658
- self acceptance & self reported GPA & height, male vs female college students, 39168
- self or other reports of weight & height & body shape silhouette matching, estimation of percent overweight, families with obese 6–12 yr olds, 16861
- Body Height—Chapters**
- Modeling individual and average human growth data from childhood to adulthood, 30672
- Body Image [See Also Body Image Disturbances, Phantom Limbs]—Serials**
- advanced weight training, body cathexis & self esteem, college students, 21802
- anxiety about other's evaluation of physique, private vs public location of participation in physical activity, nursing students, 43013
- behavioral & psychological parameters of perceived body image & weight management & dieting intention & nutrition habits, female 18–40 yr olds with obligatory exercise behavior vs bulimia, 39646
- body dissatisfaction & weight & shape concerns, females with bulimia nervosa, Canada, 27843
- body image & attitudes toward weight & eating & dieting, female 6th graders, erratum, 8740
- body image & eating attitudes & behaviors, 18–35 yr old homosexual vs heterosexual females, implications for prevalence of eating disorders, 34845
- body image & knowledge & attitudes about circumcision, male 11–14 yr olds, 44271
- body image & self concept, dieting & eating disorders, female 12–14 yr olds, 35600
- body image & self concept formation, physically handicapped children, implications for educational mainstreaming, 2063
- body image & self consciousness, male vs female college students, South Africa, 27252
- body image & sexual dysfunction, female 21–75 yr olds with vs without malignant or benign gynecologic disease or in situ vulvar disease, 39778
- body image & weight & diet concerns & exercise participation, male vs female 14–64 yr old regular exercisers, Canada, 8708
- body image, adults with anorexia &/vs bulimia nervosa or other eating disorders, France, 43591
- body image, alcoholic male 25–46 yr olds with vs without panic or anxiety disorders or phobias or PTSD, 23849
- body images & perceptual dimensions of skin color, light vs medium vs dark skinned African American 18–37 yr old female college students, 42987
- body related attitudes, female 14.8–65.8 yr old current vs never vs former smokers, Australia, 8703
- body shape satisfaction, adolescents with clinical vs subclinical anorexia vs bulimia, 20336
- body weight & sex, validity of Body Image Detection Device, 17–40 yr olds, 18278

- cognitive behavioral group therapy, body image emotionality & weight control self efficacy, 19–51 yr old females with body weight concerns, England, 1–6 mo followup, 40326
- development & validity of Physical Appearance State & Trait Anxiety Scale & correlation with body satisfaction & eating disturbance & general anxiety, female 18–45 yr olds, 7659
- dietary motivation & restraint & body esteem & satisfaction & figure preferences, 9 vs 14 yr old females, England, 23059
- drawings of interior of body, 12–21 yr olds, Zaire, 19312
- eating attitudes & behaviors including bingeing & body image perceptions, deaf 18–41 yr olds, 28106
- eating attitudes & body image concerns & dieting behavior, nonobese 2nd & 4th & 6th graders, 30829
- eating disturbance & body dissatisfaction & self esteem, motivation to exercise, physically active male vs female 17–35 yr olds, 35595
- exercise training, cardiovascular fitness & body concept & composition, 26–39 yr olds with schizophrenia or bipolar affective disorder, 40618
- external weight related feedback & depressive feelings, body image, female college students, 9076
- health & body attitudes & self esteem & life satisfaction, elderly females in nursing home vs private residence, Canada, 10485
- high vs moderate frequency exercise, body shape satisfaction, adult females, 37323
- hunger & satiety, body perceptions, obese adults, 9579
- individual psychotherapy, acceptance of body & mourning & attempted suicide, female 15 yr old with congenital feet deformities, 20936
- perception of self as fat, loneliness & hopelessness & shyness & weight control practices, underweight vs normal weight vs overweight adolescent females, 12343
- perceptions of own body size & ideal vs most attractive figure silhouettes, female vs male college students, 31155
- positive vs negative mood, self perceived body size & satisfaction, adult females, implications for eating disorders, 16413
- psychopathology & body size estimation, patients with restricting anorexia vs anorexia & bulimia vs bulimia with vs without history of anorexia, 27855
- reliability & validity of Ben-Tovim Walker Body Attitudes Questionnaire, females with eating disorders vs physical complaints vs no psychopathology, Australia, 3847
- reliability & validity of Body Size Appraisal Scale & Overweight Preoccupation Scale, assessment of body image, female college students, 15002
- self & body image, anorexic & bulimic vs normal females, 13316
- self discrepancy, body dissatisfaction & disordered eating, female college students, 13321
- self rating of academic & social & psychological competence & body weight & attitudes & weight concern, female college students, 19839
- semantic differentials for assessment of body image & perception of personality, adolescents with anorexia, Germany, 41522
- sex & exercise involvement, body cathexis, college students, 16409
- sex, body size dissatisfaction, 9–10 vs 15–16 yr olds vs college students, replication, 23108

- nonterritorial mating tactics & territorial quality & behavior & body size, mating success, 2 species of male bees, 4341

Body Size—Serials

- percent body fat & visual ratings of fatness & military appearance, Army soldiers, 38301
perceptions of ideal & actual & male & female preferences for female body size, male vs female college students vs 17-49 yr old couples, Australia, 23366
positive vs negative mood, self perceived body size & satisfaction, adult females, implications for eating disorders, 16413
preference for prey size & profitability, barn owls, 38047
relative body size, agonistic behavior, oscars, 38007
sex & age & weight, plasma concentrations of neurotransmitter & acidic metabolites of biogenic monoamines involved in psychiatric & neurological disorders, healthy 26-68 yr olds, 4580
sex & body size, heat pain & thermal sensitivity, 17-63 yr olds, 214
sex & fluctuating asymmetry in forewing length, interspecific aggression & male mating tactics, 2 species of Japanese scorpionflies, 41962
sex, body weight & size parameters & brain size, 18876
size & age & sexual experience, mating success, field vs laboratory reared male salamanders, 15488
size & aggressiveness & reproductive experience, mate choice, male vs female Midas cichlids, 547
size & developmental stage of opponent, agonistic tactics, cockroaches, 30217
size & resident status, territory contest behavior, admiral butterflies, 15471
social conditions, dieting as way of life & slimness as ideal, adolescent females, US, 16114
tail length, mate choice & time budgeting, territorial male scarlet tufted malachite sunbirds, 26290
territory size & restrictions & population density & sexual selection intensity, role of body length in reproductive success, seed bugs, 41930
testosterone, plasma corticosterone & body mass, free living vs captive male dark eyed juncos, 22791
visuospatial ability & body size estimation accuracy & bulimic disturbance, normal female college students, 16870
Body Size [See Also Body Height, Body Weight]—Chapters
Diet, alcohol, body size and the prevention of breast cancer, 6036
Body Sway Testing—Serials
alternatives in visual &/or support surface, postural sway, 21-22 vs 70-80 yr olds, 16005
Body Temperature [See Also Skin Temperature, Thermoregulation (Body)]—Serials
ACTH 4-10 vs desglycinamide (Arg8)-vasopressin vs desglycinamide-oxytocin, heart rate & core temperature & locomotion during passive avoidance, male rats, 38521
alternating vs continuous bright vs dim light during nighttime vs daytime, body temperature & alertness & EEG & behavior, male 18-32 yr olds, 15627
ambient temperature during intoxication, brain & rectal temperature & ethanol sensitivity, male long vs short sleep mice, 4587
bacterial lipopolysaccharide & lithium chloride aversive UCS & postconditioning reexposure to saccharin, body temperature, rats, 4575
body heating & mental arithmetic, facial sweating & blood flow in headache free period, adults with unilateral migraine headache, 5967
body temperature & motor activity, female 32-41 yr olds with PMS with vs without late luteal phase dysphoric disorder vs chronic noncyclic dysphoria, 12770
body temperature & time of night, responsiveness to incremental series of auditory stimuli presented during sleep, male college & graduate students, 8283
body temperature & visual RT & verbal memory, morning vs evening preference college students, 15625
bupropion, core body temperature, male mice, 26696
circadian rhythm disorders in sleep wake cycle & body temperature & treatment with enforced social interaction, 56-89 yr olds with dementia, Japan, 24152
circadian rhythm of body temperature, literature review, 38318

Body Temperature—Serials

- cold stress induced hippocampal & body temperature, working memory, male rats, 15389
conditioning with amphetamine vs saline with environmental stimuli, thermic effects of amphetamine vs pentobarbital, male rats, 12042
conformational analysis & synthesis of 9-alpha- vs 9-beta-hydroxy-hexahydrocannabinol, motor activity & antinociception & body temperature & catalepsy, male mice, 19151
electrified vs nonelectrified prod, heart rate & core temperature & gross locomotor burying activity & 24 hr retention, male rats, 4625
energy expenditure, body temperature, sleep deprived rats with induced hypothyroidism, 717
entrained core body temperature rhythms, elderly with Alzheimer's disease vs depression, 39235
ethanol & high ambient pressure, body temperature, male rats, 11981
fluoxetine, EEG sleep & hypothalamic temperature, hamsters, 26599
food familiarity & dietary restraint, diet induced thermogenesis & cumulative food intake, females, Netherlands, 38329
geprone, neuroendocrine function & plasma ACTH & beta endorphin & cortisol & prolactin & growth hormone & body temperature, male 22-32 yr olds, 34289
handling & isolation with vs without conspecifics, vocalizations & nociception & body temperature, chicks, 4642
initial rectal temperature & iv vs icv prostaglandin E2 & iv endotoxin vs interleukin-1 beta, subsequent body temperature, restrained male rats, 4792
intrahypothalamic insulin, circadian patterns of food intake & activity & body temperature, rats, 34240
intrahypothalamic interleukin 1a, food & water intake & body temperature, male rats, 22746
macrophage inflammatory protein 1 in ventromedial hypothalamus vs anterior hypothalamic preoptic area, food & water intake & body temperature, male rats, 26645
menstrual cycle, daily activity & oral temperature, female college students, 675
morningness vs eveningness circadian typology, diurnal & monthly variations of temperature & activation, male vs female college students, 712
morphine &/vs naloxone, place & cue learning & retention & body temperature & tolerance, male rats, 19122
morphine dosage, tolerance & sensitization to thermic & kinetic responses, male rats, 26584
neonatal bombesin, exploratory & other motor behavior & core body temperature & isolation or novelty induced activity & stress & open field behavior, rats, 42389
nicotine, thermic responsiveness, Flinders sensitive line vs Sprague Dawley rats, 19062
night vs day sleep, EEG slow wave activity & REM sleep & rectal temperature, morning vs evening type 18-27 yr olds, Netherlands, 34234
perfusion of neuropeptide Y in anterior hypothalamic preoptic area, body temperature & feeding, male rats, 11830
phenolamine dose & ambient temperature, body temperature & heat loss & production, male rats, 26625
photoperiod & estrous cycle, body temperature & running wheel activity, female rats, 4594
predation or transport induced immobilization, core temperature & immobilization termination & thermoregulatory behavior, immature chicks & preweanling kittens, 8286
prior exposure to laboratory environment, heart rate & cheek temperature & intoxication responses to alcohol consumption & blood alcohol level, 21-25 yr old males, 4799
prostaglandin E2 in cerebral aqueduct, sexual behavior & hypothalamic temperature, male rats, 4678
relaxation therapy in office vs hypertension clinic vs natural environment, generalizability of diastolic vs systolic BP & relaxation & finger temperature effects, hypertensive patients, 28537
repeated high vs low doses of morphine, tolerance assessed by serum LH response & body temperature, ovariectomized female rats, 15757
salicylate, emotional origin of handling induced colonic temperature increase & habituation, male mice, 22672

- serotonin agonist MK-212, body temperature, schizophrenic adults, 35231
- shift work, adjustment of circadian rhythms of oral temperature & sleepiness, 22-29 vs 30-39 vs 40-49 yr old female nurses, 26492
- sleep deprivation, heat flow & waking setpoint & body & chosen temperature & energy expenditure, rats, 26499
- spaceflight microgravity, axillary & ankle skin temperature & activity & circadian rhythms, male rhesus monkeys, 38365
- thermal biofeedback, ambulatory BP monitoring vs clinic vs home BPs, hypertensive 35-65 yr old males, 6560
- thermal biofeedback assisted relaxation training, 9-17 & 28-35 yr olds with migraine &/or tension headaches, 24614
- thermal preference behavior & thermoregulation & rectal temperature & body weight on day 6 vs 12 vs 18, genetically obese vs heterozygous vs homozygous lean mice, 4376
- time of day, cold tolerance & habituation & metabolic heat production, male C57BL/6J mice, 15669
- time of day, oral body temperature & cognitive task performance, 18-20 yr old female student nurses, 34239
- triazolam, locomotor activity & body temperature change mediated phase shift, hamsters, 15831
- tympenic thermometry in measurement of hemispheric metabolic activity & specialization, right handed male high school & college students, 15564
- water &/vs rectal temperature, acquisition of swim to platform behavior & brain functioning, rats, 563
- Body Temperature [See Also Skin Temperature, Thermoregulation (Body)]—Chapters**
- Assumptions underlying two hypotheses of hot flash initiation and evidence pertaining to their validity, 15676
- Body Types [See Somatotypes]**
- Body Weight [See Also Birth Weight, Obesity, Underweight]—Serials**
- accuracy of self reported weight, female college students with bingeing vs restraining eating behaviors or bulimia, 43606
- acute vs chronic yohimbine vs RX 821002 vs atipamezole, food intake & body weight & endocrinological & metabolic functions, male dogs, 4673
- alpha fluoromethylhistidine, food intake & body weight, male rats, 38471
- amphetamine, body weight & energy expenditure & metabolic rate & respiration quotient, male rats, 38429
- appetite vs metabolic changes, weight gain associated with smoking cessation, 35-57 yr old males, 21172
- behavioral genetic approach to environmental influences on weight & obesity, biological & adoptive family members & spouses, 5975
- bilateral kainic acid induced lesions of globus pallidus, body weight & food & water intake & sensorimotor disturbances, male rats, 38225
- blood lipid & percent body fat levels, adults with Down's syndrome vs mentally retarded 17-72 yr olds, 31740
- body image & attitudes toward weight & eating & dieting, female 6th graders, erratum, 8740
- body mass index & disinhibition of dietary restraint, direction of weight change, patients with recurrent depression, 9279
- body weight & parameters & lower visceral protein plasma levels, depressed inpatients, Belgium, 5604
- body weight & preload & private setting, restraint in eating, overweight vs normal weight female college students, implications for appetite disorders, 35596
- body weight & sex, validity of Body Image Detection Device, 17-40 yr olds, 18278
- body weight, food intake, female rats, 26504
- body weight, preference for shocked vs unshocked operant training chamber & response rate, male food restricted rats, 490
- body weight regulation, animals & humans, literature review, implications for obesity treatment, 30397
- brain to body weight & paw preference, male vs female cats, 26369
- carbamazepine, weight gain & increased appetite & excessive food intake side effects, epileptic 12 & 16 yr olds, 6493
- cardiac function during weight gain, 14-48 yr olds with anorexia nervosa, 5931
- chlorpromazine vs lithium vs phenytoin, diurnal weight gain & serum sodium concentration & serum osmolality & other measures, schizophrenic adults with intermittent hyponatremia & polydipsia, 40276
- chronic postweaning amphetamine, weight gain & open field behavior & catalepsy, rat pups prenatally exposed to ethanol, animal model of fetal alcohol syndrome, 22778
- clipped vs intact teeth & litter size, survival & weight gain & suckling behavior, piglets, 4278
- clozapine induced weight gain, chronic schizophrenic inpatients, 36239
- clozapine induced weight gain, 19-47 yr olds with treatment resistant schizophrenia or schizoaffective disorder, conference presentation, 17286
- cognitive behavioral group therapy, body image emotionality & weight control self efficacy, 19-51 yr old females with body weight concerns, England, 1-6 mo followup, 40326
- compliance with & weight loss & wks of ketosis during 1st vs 2nd bout of very low calorie diet, obese 30-70 yr olds with Type II diabetes in behavior modification program, 14062
- development & maintenance of high energy diet induced obesity, temporal patterns & amount of spontaneous nocturnal motor activity, male rats, 15652
- dextrofenfluramine, electrical self stimulation of perifornical lateral hypothalamus as feeding reward, normal vs underweight female rats, conference presentation, 12079
- diagnosis & medication, weight gain, discharged vs hospitalized chronic psychiatric patients, 6805
- diet induced obesity, amount &/or composition of weight lost during starvation, male rats, 15643
- dietary restraint, body weight, college students, 2.5 yr follow-up, 15648
- dieting & preoccupation with & actual body weight & exercise, lesbians vs gay males vs heterosexual males vs females, 34843
- dieting &/vs bingeing, body weight & composition & energy intake & efficiency & adiposity, female rats, 22684
- dopamine satiety receptors in lateral vs ventromedial hypothalamus, systemic sulpiride induced hyperphagia & body weight increase, female rats, 18872
- early onset repeated dieting, body weight & composition & food intake & adiposity & lipoprotein lipase activity & insulin & glucose levels, dietary obese female rats, 22661
- eating habits & weight variations & prevalence of bulimia, college students, Switzerland, 5927
- eating problems & depression & anxiety disorders, 27-28 yr olds with weight concerns vs binge eating, Switzerland, 2 yr followup, 35604
- elevated caloric requirements for weight maintenance after weight restoration, females with restricting vs bulimic anorexia nervosa vs normal weight bulimia with vs without previous anorexia, 13324
- esophageal loads of glucose vs medium vs long chain triglycerides & forced treadmill running, food intake during periods of 12 hr dark cycle & body weight, male rats, 4818
- ethanol vs propylene glycol, activity maintained self starvation & survival rate, male rats, 12131
- external weight related feedback & depressive feelings, body image, female college students, 9076
- eye movements during body size estimation, obese vs normal weight 18-42 yr olds, 16862
- farrowing crate without straw vs pen with straw, suckling behavior & offspring survival & live weight & posture & location, sows & their piglets, 41891
- flavor & caloric density variety, caloric intake & weight gain, male rats, 15671
- fluoxetine vs fenfluramine, food intake & body weight & satiety, male rats, 26642
- fluoxetine, weight gain & food intake, nicotine reducing smokers, 30531
- geprone dosage, chlordiazepoxide induced withdrawal indices of weight loss & anorexia, female rats, 42290
- handling & gentling, weight gain of healthy hamsters & rats & survival time & paranormal healing of sick rats, child & adult nonhealers, 7983

Body Weight—Serials

- hypothalamic neuropeptide Y receptor characteristics & exogenous neuropeptide Y, feeding, lean vs obese Zucker rats, 15544
- inescapable shock stress, body weight & plasma corticosterone & latency to drop from suspended wire, male rats, animal model of chronic stress states & PTSD, 38356
- ingestion & emotional health & functioning, rats & humans, implications for depression & anxiety, 22697
- initial vs fasting induced body weight, negative alliesthesia & facial consummatory responses to sweet stimuli before vs after glucose gastric load, male rats, test of hypothesis on ponderostat, 4576
- insulin, daily changes in food intake & body weight, male rats, 12006
- late increase in nitrogen due to prolonged fasting, recovery of body mass & composition & food intake, rats, 4577
- levotryptophan, food intake, depressed 18–59 yr olds with desipramine induced weight gain, 6527
- low body weight, 55–102 yr olds with dementia, conference presentation, 13463
- neuropsychological performance before vs after refeeding, females with anorexia nervosa, 27856
- paraventricular nucleus of hypothalamus lesions, estradiol induced food & water intake & body weight & lordosis, female rats, 38152
- perception of self as fat, loneliness & hopelessness & shyness & weight control practices, underweight vs normal weight vs overweight adolescent females, 12343
- personal & family history of being overweight & obesity & weight variability, female 22–23 yr olds with bulimia nervosa, 35606
- prenatal & neonatal protein malnutrition with vs without prenatal maternal cortisol, body weight & motor activity, male rat pups, 19061
- prenatal predictable & unpredictable novelty stress & oxytocin, activity & emotionality & neophobia & body weight of offspring, rats, 30530
- psychodiagnostic subtyping of bulimia with vs without purging or anorexia nervosa or history of obesity, overweight vs normal weight individuals, 35598
- quinpirole & vs SKF 38393, behavior & weight gain, 3–4 vs 10–11 vs 21–22 day old rats, 26646
- recent vs past weight loss, perceptions of pleasantness & intensity of sucrose solutions, 18–61 yr old females, 4051
- recombinant human interleukin 1 receptor antagonist, lipopolysaccharide induced sickness & social behavior & body weight, male rats, 34300
- reliability & validity of Body Size Appraisal Scale & Overweight Preoccupation Scale, assessment of body image, female college students, 15002
- scopolamine 15 vs 30 vs 60 min postinjury, beam walking & body weight, male rats with induced traumatic brain injury, 26636
- seasonal cycles of food intake & body mass & water temperature, harbor seals, 15664
- self or other reports of weight & height & body shape silhouette matching, estimation of percent overweight, families with obese 6–12 yr olds, 16861
- self rating of academic & social & psychological competence & body weight & attitudes & weight concern, female college students, 19839
- sex & actual body weight, accuracy of self reported weight & motivation for distorted reporting, college students, 34960
- sex & age & social class, body weight & image & obesity, Black vs White 20–74 yr olds, 35580
- sex & smoking status & body weight, adults, 42887
- sex, body weight & size parameters & brain size, 18876
- simulated natural vs fixed light dark photoperiod, entrainment of circannual body weight & estrus rhythms, female ground squirrels, 15651
- smoking cessation, caloric intake & activity level & weight gain, male 18–25 yr old smokers, 6845
- sociodemographic & psychological correlates of actual & desired weight insufficiency, general population, Canada, implications for preclinical eating disorders, 43600
- sources of college funding, heavy weight college students, 21559

Bone Marrow—Serials

- thermal preference behavior & thermoregulation & rectal temperature & body weight on day 6 vs 12 vs 18, genetically obese vs heterozygous vs homozygous lean mice, 4376
- toluene inhalation, operant behavior & extinction & motor coordination & weight loss & water intake & exploratory activity, male rats, 15753
- TV broadcasts & self help booklets on weight loss & nutrition with vs without support group, weight loss, overweight adults, 2863
- visual detection of weight loss in pictures of 18–25 yr old females, male vs female college students, 25976
- weight change during fluoxetine therapy, ideal weight vs overweight vs underweight depressed patients, conference presentation, 28443
- weight gain & creatinine clearance, female anorexic or bulimic inpatients, 35597
- Body Weight [See Also Birth Weight, Obesity, Underweight]—Books**

- Bolivia—Serials**
- anthropological perspective on coca chewing & food intake, adults, Bolivia, commentaries included, 31611
- social movements & resistance to economic conditions imposed by International Monetary Fund for payment of national debt, Bolivia, 38903
- Bolivia—Chapters**
- Continuity and change in drinking patterns of the Bolivian Camba, 27147
- Drinking patterns of the Bolivian Camba, 27146
- Bombesin—Serials**
- bombesin, FI food reinforcement response, male rats, 19043
- cholecystokinin receptor antagonist BIM-18216, reduction in food intake induced by exogenous cholecystokinin octapeptide vs bombesin, male rats, 4767
- injection of bombesin in 4th ventricle, food intake & 1st meal size & intermeal interval & satiety & grooming & exploration & resting, male rats, 8369
- neonatal bombesin, exploratory & other motor behavior & core body temperature & isolation or novelty induced activity & stress & open field behavior, rats, 42389
- neonatal capsaicin, neural mechanism in bombesin induced suppression of operant conditioning for food reward & appetitive motivation & satiety, male rats, 42351
- sex & lighting cycle phase & prior ethanol, bombesin effects on ethanol selection & intake in nutritive expectancy & limited access procedures, food deprived & nondeprived rats, 34362
- Bonding (Emotional) [See Attachment Behavior]**
- Bone Conduction Audiometry—Serials**
- intensity of tone bursts & clicks & cochlear location, recording of bone conducted auditory brain stem responses, normal hearing female 21–35 yr olds, 42116
- Bone Disorders [See Also Osteoporosis]—Serials**
- biochemical response to & side effects & analgesia of salmon vs human calcitonin, 52–71 yr olds with Paget's disease of bone, 10326
- etiology & treatment, 21 yr old female with anorexia nervosa & osteogenesis imperfecta & 27 yr old female with bulimia nervosa & scleroderma, case reports, 23980
- Bone Marrow—Serials**
- assessment of PTSD, 3–5 yr olds undergoing bone marrow transplantation, 24669
- bone marrow transplantation, incidence of PTSD, 3–7 yr old cancer patients, 1 yr study, 20966
- chemotherapy with vs without allogeneic bone marrow transplantation, long term psychosocial adjustment, 18–40 yr olds with acute leukemia, 28587

chemotherapy with vs without bone marrow transplantation, psychosexual functioning, adults with acute leukemia, 1 yr or longer followup, 20957

psychiatric or psychological & other client characteristics, duration of survival after allogeneic bone marrow transplantation, adults with acute leukemia, 10376

self & parent reported daily oral mucositis pain, 6–11 yr old bone marrow transplant patients & their parents, 28569

Bones—Serials

double pulsed holography in evaluation of whole body vibration, 11939

SES, EEG & bone maturation, 8–15 yr olds, 12204

Bonuses—Books

Merit pay: Linking pay increases to performance ratings. Addison-Wesley series on managing human resources, 45050

Books [See Also Textbooks]—Serials

approaches of 5 books on & developmental interactionist view of emotion & relation to cognition, 427

books & other works by J. Money on sexuality & sexual behavior & related issues, 1948–91, bibliography, 1298

books helpful for sexual & marital problems, bibliography, 28117

effectiveness & clinical prescription of self help books, practitioners, 17058

guidelines for social capital in selection of culturally relevant Afrocentric nonracist children's books for education, 32987

prevalence of recommending self help books to clients, college counselors, Canada, 7236

principles from Chinese book "Tao Te Ching", empowerment, employees & organizations, 14812

recommendation of self help books to clients, counseling psychologists, 40015

role of book "Final Exit" & stressors in suicide attempt, depressed 30 yr old female, case report, 35178

syntactical & semantic classification of verbal comparisons in children's books, 26698

use of "Book of Questions" as assessment tool & catalyst for social interaction in occupational therapy groups, short term psychiatric unit inpatients, 40591

Borderline Mental Retardation—Serials

task analyses as textual prompts & performance feedback, independent living skills, borderline mentally retarded or learning disabled 18–24 yr olds in rehabilitation facility, 44520

Borderline Mentally Retarded [See Slow Learners]

Borderline States—Serials

affective & social & other characteristics in differential diagnosis, female 14–18 yr olds with vs without borderline personality vs nonborderline psychiatric disorders, 23563

aging, diagnostic & psychosocial & biological changes & service delivery, elderly with borderline personality disorders, conference presentation, 36509

basic principles & use of group psychotherapy, 14–18 yr olds with borderline neuropsychiatric disorders, 20695

behavioral therapy based model of inpatient treatment & management & nursing goals, patients with borderline personality disorder & self destructive & impulsive behavior, 44480

characteristics & treatment of borderline personality disorder, 13020

characteristics of depressive episodes, adults with borderline disorder, 31497

clinical description & etiological & other factors, children with borderline disorder, 39426

clinical diagnosis & management by primary care physicians, patients with borderline personality disorder, 40462

cognitive & perceptual distortions, patients with borderline or schizotypal personality disorder, 39425

comorbidity of DSM-III-R borderline personality disorder & other Axis II personality disorders, 18–60 yr olds with Axis I conditions, 12810

comparative analysis of Rorschach protocols, female with false self personality vs male with prepsychotic functioning & false self traits, 9218

convergent & discriminant validity of Borderline Syndrome Index, adults with borderline personality disorder, 18309

countertransference & containment, borderline female analysand with psychotic & suicidal mother, 36124

countertransference issues, analysands with borderline or narcissistic personality disorders, summary of presentations & panel discussions, 6430

course of psychoanalysis & abrupt termination, 35 yr old female with low level borderline personality disorder, commentary on case report, 28301

course of psychoanalysis & abrupt termination, 35 yr old female with low level borderline personality disorder, case report, 28327

defense & coping & levels of object relations, patients with narcissistic vs borderline personality disorders vs major depression, 9212

demographic & behavioral characteristics & ego function, patients with borderline personality vs eating disorders, 12773

depression & borderline personality & other psychiatric symptoms, college counseling center clients with self reported childhood physical or sexual or emotional abuse, 23775

development of semistructured Diagnostic Interview for Narcissism, differential diagnosis, 17–45 yr olds with narcissistic vs borderline personality disorder, conference presentation, 13022

developmental & structural & clinical aspects of & borderline personality organization in narcissistic vs antisocial personality disorder, 20138

developmental model & typology & borderline personality disorder characteristics, serial murderers, 9502

diagnosis & outcome, borderline 16–30 yr olds originally assessed at 6–10 yrs old, conference presentation, 9352

diagnostic efficiency of Millon Clinical Multiaxial Inventory-II, psychiatric inpatients with vs without borderline personality disorders, 18326

dialectical behavior therapy, female 18–45 yr olds with parasuicidal borderline personality disorder, 13734

diurnal & 2 wk mood variability, 18–45 yr old females with PMS vs major depression vs borderline personality disorder, 9161

DSM-III-R criteria & comorbidity of borderline personality disorder & dysthymia symptoms, psychiatric patients, 12822

DSM-III-R diagnostic criteria & recommendations for DSM-IV, patients with borderline personality disorder, 23748

dual nature of modified outpatient Morita therapy, female 26 yr old with borderline personality disorder, 17106

dysfunctional attitudes, borderline patients with vs without major depression, 12811

ego development & failures in transformational object, deficit transference & object relations, 38 yr old female borderline patient, 36118

epidemiology & sex bias in diagnosis, patients with borderline personality disorder, commentary, 35322

epidemiology of borderline personality disorder, 13029

experience of aloneness & object representation & evocative memory, neurotic vs borderline 18–60 yr olds, 27392

family factors, patients with borderline personality, 1980–90, research review, 35325

fluoxetine, patients with borderline &/or schizotypal personality disorder, 2681

fluoxetine, patients with borderline personality disorder, conference presentation, 28373

frequency of use of soothing things or behaviors or activities, patients with borderline personality disorder with vs without Axis I diagnosis vs major depressive disorder, 39424

group & family or marital treatments, patients with borderline personality disorder, 13777

guidelines for development of social interest, female 19 yr old with schizoaffective disorder & borderline personality features & other chronically mentally ill, 1620

guidelines for psychotherapy of borderline & histrionic & narcissistic personality disorders, psychiatrists, Australia, 9948

Holtzman Inkblot Technique, discrimination of deviant verbalization & thought disorders, acute vs chronic schizophrenic vs borderline patients, Germany, 12803

- free recall & frequency judgment, right vs left brain damaged 49-75 yr olds, Israel, 17021
- frontal lobe dysfunction, female 62 yr old with discrete left sided medial thalamic infarction, case report, 17015
- global & local analysis of hierarchical visual stimuli, patients with left vs right dorsolateral frontal lobe vs temporal parietal lesions, 17010
- growth of syntactic abilities & language development, 15-48 mo olds with unilateral antepartum or perinatal brain injury, 24119
- head turning vs manual pointing to auditory targets, right handed 24-58 yr olds with vs without right parietal brain damage, 28070
- hemispheric asymmetries, dichotic listening, brain damaged 18-28 yr olds, case reports, conference presentation, 31956
- hemispheric specialization in dichotic listening consonant vowel task, 6-60 yr olds with partial epilepsy with vs without right vs left lesions, Brazil, 20521
- hypersexuality, male 75 & 76 yr olds with septal injury from placement of ventriculoperitoneal shunts for hydrocephalus, 31949
- hypnotherapy, neurophysiological correlates, patients with parkinsonism vs posttraumatic brain lesions, 24632
- im midazolam, acute seizures & behavioral episodes, 22-52 yr old males with brain injuries, letter, 40392
- im midazolam, acute seizures or behavioral problems, 9-52 yr olds with traumatic brain injury, 24685
- imagery mnemonic techniques, remediation of memory disorders, brain damaged patients, 32754
- impairment of face recognition, 29 yr old male with closed head injury, case report, 24113
- incidence & size & location of subcortical hyperintensities, 55-77 yr olds with late onset mania, 27453
- incidence diagnosis & treatment of late neurologic sequelae, patients with traumatic brain injury, 43736
- individual characteristics & attendance & perceived needs & survivor's level of functioning, members of monthly support group for families of brain injury survivors, 32492
- insular cortex & peri-insular structural abnormalities & ictal events & phenomenology, 50 yr old male & 31 & 76 yr old females with partial seizures & gustatory hallucinations, 28026
- interhemispheric & intrahemispheric factors & processing mode & communication channel & neuropsychological theories of emotion, patients with brain damage or stroke, 31782
- interhemispheric transfer & cognitive & neuropsychological functions, male 8 yr olds with total agenesis of corpus callosum identified after minor head injury, conference presentation, 31938
- ipsilateral after contralateral spatial neglect, 62 yr old male with unilateral frontal lesion, case report, 24136
- issues & perspectives, children vs adults with focal frontal lobe damage, literature review, 9779
- item analysis of Halstead Category Test, brain damaged rehabilitation hospital inpatients, 15100
- K-ABC vs WISC-R, assessment of IQ & cerebral impairment, 6-12.6 yr olds with traumatic brain injury, 25830
- knowledge deficits, patients with alcoholic brain damage, 1906
- knowledge of formal aspects of Hebrew grammar, male 3.5 yr old with congenital localized left hemisphere brain lesion, Israel, 28057
- lateralized stimuli, response latency of right hand assisted left hemiplegic hand, 65-78 yr olds with unilateral left visual neglect following cerebrovascular accident, 17009
- left sided apraxia & right hand constructional disturbances, left tactile anomia, 19 yr old male with severe head injury & callosal lesion in middle & posterior 3rd of truncus, 39803
- left vs right hemispheric stimulation tasks, unilateral neglect, 57-74 yr olds with right cerebral vascular accident, 10261
- lesion of left angular & supramarginal gyri, patients with Gerstmann's syndrome, 43744
- lesion site & size & occipital width asymmetries & ventricular size on computed tomography scans, 56-80 yr olds with stroke induced chronic unilateral neglect, 13473
- long term recency effects & phonological short term memory & free recall of anagram solutions, female with stroke induced left brain damage, case report, 43846
- magnetic gaze phenomenon & temporal sequence of identification of pictorial stimuli in overlapping figures, patients with left vs right brain damage, 24124
- matching of complex textual & pictorial emotional information, nonorganic vs organic vs nondepressed brain damaged or neuropsychiatric patients, 39247
- memory disturbances, patients with anterior communicating artery rupture with vs without striatal & vs basal forebrain & vs ventral frontal lesion, Germany, 39847
- memory for temporal order, 13-49 yr olds with unilateral frontal or temporal lobe excisions, 16996
- memory functioning & severity of head injury & posttraumatic outcome, 20-60 yr old males with chronic frontal lesions, Sweden, 13570
- memory group, functioning & general anxiety & depression, memory impaired brain injured 18-42 yr olds, England, 36709
- memory notebook & activities of daily living checklist, head injured male 18 yr old with cognitive deficits, case report, 24925
- methylphenidate, seizure frequency, brain injured 19-69 yr olds with posttraumatic seizures, 32547
- modified subscale of Rivermead Behavioral Memory Test, assessment of memory, brain damaged 15-68 yr olds with perceptual deficits, 29735
- multiple reversible cerebral lesions assessed by MRI, female 20 yr old with acute intermittent porphyria, case report, 2060
- neurobehavioral changes, male 32 yr old assessed after surgical removal of craniopharyngioma in ventromedial hypothalamus, case report, 2190
- neurochemical alterations, patients with traumatic brain injury, 43854
- neurologic vs developmental stuttering, 23 yr old male who stuttered after shrapnel wound brain damage, case report, 5945
- neurological & metabolic abnormalities, 25-79 yr olds with secondary mania due to brain injury, 39890

- problems in home adjustment & family reactions & role in therapy, brain injured patients & their family members, 2532
- processing hemifacial expressions of emotion, males with left vs right hemisphere vs anterior vs posterior region damage, India, 39866
- profuse neuropsychological deficits & cerebral blood flow, 30 yr old male with right motor neglect due to left thalamic lesions, case report, 31932
- psychosocial outcome following individualized neuropsychological rehabilitation program, adult brain damaged patients, 6 mo followup, 24839
- quantified EEG & cortical EPs, male 20–60 yr olds with selective traumatic frontal injuries, 32012
- quantitative sensorimotor deficits of feet & toes, discrimination of brain dysfunction, adults with closed head injuries during previous 1–10 yrs, 43830
- rate & variability & cycle components of reciprocal finger tapping, 41–78 yr olds with right vs left hemisphere brain damage, Canada, 39881
- rate of verbal vs figural vs spatial learning, left vs right brain damaged 19–67 yr olds, 32004
- reasons for & strategies to reduce job separation, 20.5–61.4 yr olds with traumatic brain injuries in supported employment program, 6896
- recognition & memory of emotional prosodic characteristics of speech, 20–75 yr olds with organic brain lesions, 32001
- recognition of incomplete visual patterns, 32–66 yr olds with lesions of right vs left hemispheres, 32017
- recognition of negative aroused vs nonaroused vs positive facial emotions, right vs left hemisphere damaged patients, India, 43814
- rehabilitation training, recovery of visual scanning, 63 yr old male with hemineglect due to right hemisphere lesion & anosognosia, 32765
- rehabilitative management, patients with olfactory & gustatory deficits following cranial or brain injury, 28837
- reliability of taxonomy of disruption types in spontaneous conversational language, traumatically brain injured 7.8–20.7 yr olds, 24115
- research on & strategies of rehabilitation for cognitive deficits, brain injured & schizophrenic & mentally ill clients, 6827
- retrieval of arithmetic facts, brain damaged patients, 24146
- return to work outcomes, clients with traumatic brain injury in vocational rehabilitation job program, 6887
- right hemisphere damage, sensitivity to conversational advances & blockers, 45–74 yr old brain damaged stroke patients, 24154
- right side alien hand phenomenon, right handed female 56 yr old with bilateral frontal vascular lesion encroaching mesial cortex & damage of corpus callosum, 16972
- role of psychotherapy in rehabilitation, traumatically brain injured outpatients, commentary, 14053
- selective attentional processing during positron emission tomographic task paradigms, 26–34 yr old females with vs without cingulotomy, 6091
- self induced prefrontal lobotomy & hypofrontality, chronic schizophrenic 25 yr old male, 39359
- self psychology & esteem & narcissistic injury, brain injured patients, 13521
- self vs O predictions of memory performance, brain damaged adults & their friends or relatives, 13479

- semantic pragmatic disorder, adults with right hemisphere lesions, 20532
- semantic redundancy, emotional inferences, right vs left hemisphere damaged 46–78 yr olds, 9839
- sensitivity & specificity of Wisconsin Card Sorting Test, assessment of frontal lobe damage, 20–92 yr olds with stable focal brain lesions, 15094
- sensitivity of Hooper Visual Organization Test scores, assessment of cognitive deficits, patients with right vs left hemisphere brain damage, 37618
- sensitivity of Trail Making Test A & B vs Digit Span Forward & Backward vs Tactual Performance Test Memory & Location Scores, patients with right vs left hemisphere cerebral lesions, 11333
- sentence priming context, automatic vs effortful processing of emotional intonation of semantically neutral phrase, 46–78 yr olds with vs without right vs left hemisphere damage, 2254
- sequential destruction of right posterior parietal area & portions of right temporal & occipital & left parieto occipital lobe, development of prosopagnosia, 54 yr old male with multiple infarcts, 39819
- shape & figure ground discrimination, 71 yr old female with partial cortical blindness & degeneration, 17035
- simple & complex acoustical signal processing, 14–52 yr olds with local pathological lesions of frontal & temporal sections of cortex, 35834
- single flash stimulus, brain EPs extracted by spatial synchronized averaging, 24 yr old male with desynchronized EEG vs patients with local brain lesions, commentary, 17012
- single flash stimulus, brain EPs extracted by spatial synchronized averaging, 24 yr old male with desynchronized EEG vs patients with local brain lesions, 16979
- sleep complaints, hospitalized vs discharged patients with recent vs previous traumatic brain injury, 39811
- social support & family cohesion, psychosocial outcome, adults with traumatic brain injury, 13516
- software & screening battery for computer assisted cognitive retraining, brain injured patients, 28832
- somatosensory & visual EPs to stimuli contralateral to lesion & hemianesthesia & hemianopia, right brain damaged 64–76 yr olds with left spatial hemineglect, 24167
- somesthetic temporal discrimination threshold, 24–87 yr olds with focal cerebral lesions, 24137
- somesthetic visual matching of meaningful objects & meaningless shapes, right vs left hemisphere damaged patients with vs without aphasia, 43749
- spatial & praxis & motor learning & writing deficits & other clinical features, female 78 yr old with apraxic agraphia & unilateral left superior parietal lesion, 31908
- spatial & temporal frequency of stationary vs moving sinusoidal gratings, contrast sensitivity, brain damaged 52–75 yr olds with or without spatial neglect, 39888
- spatial compression & perceptual judgment of target positions, female 60 yr old with left visual neglect due to right temporoparietal lesion vs healthy 25–73 yr olds, 39836
- Speech Sounds Perception & Seashore Rhythm subtests of Halstead Reitan Neuropsychological Test Battery, discrimination of left vs right hemisphere damage, brain damaged 16–61 yr olds, 9828
- stimulus equivalence procedures, matching to sample performance, brain injured adult males, 44518
- stimulus parameters, plane bisection performance, 47–57 yr olds with right hemisphere lesion induced left visual neglect, 43815
- stimulus vs retinal or word centered coordinates, letter shape representation during reading task, brain damaged 57 yr old female, 20508
- story generation & telling, closed head injured 20–56 yr olds, 39898
- strategies for vocational reentry, traumatic brain injury survivors, 6895
- Stroop type RT task vs abstract design, global visual processing, 16–49 yr olds with unilateral temporal or frontal lobe lesions, 2185
- substance abuse assessment & education & prevention & treatment in vocational rehabilitation, brain injured patients, 6889
- supported employment approach to return to work, 24–39 yr olds with stroke or traumatic brain injury, 21225
- supportive psychotherapy, male 48 yr old with alexia without agraphia resulting from traumatic brain injury, case report, 14059
- T-maze conditional discrimination & reversal learning, patients with unilateral left vs right temporal lobectomy vs frontal lobe resections, 39813
- task demands, gestural performance, adult & elderly stroke patients with vs without left vs right hemispheric damage, 9744
- temporal lobe damage & epilepsy, bulimic 33 yr old female, case report, 13312
- temporal parietal lesions, somatosensory P3 to target & novel lower limb stimuli, 54–75 yr olds, 32016
- test of object decision with 2-dimensional minimal view of object silhouette & nonsense shapes, assessment of perceptual processing, patients with right & left hemisphere lesions, 33711
- theoretical constructs & psychotherapeutic ramifications of existential psychotherapy, traumatically brain injured 23 yr old male, 32489
- theoretical rationale for treatment, slow to recover brain injured patients, 9868
- time estimation & forward digit span performance, 19–43 yr olds with closed head injury, 43819
- timing characteristics of speech & vowel length, right hemisphere damaged vs left hemisphere aphasic native Thai speakers, replication, 31942
- transitional job coaching model, vocational placement outcomes, patients with acute brain injury, 40614
- trunk & extremity muscle strength & body awareness, 27–87 yr olds with unilateral brain damage, 28024
- unusual WAIS-R verbal vs performance IQ combinations, normal vs brain damaged 75 yr olds & older, 25838
- utility of neuropsychological tests composing Impairment Index, prediction of cerebral dysfunction, patients with vs without brain damage, 11337
- utility of single S behavior rating scales, assessment of excessive behaviors & global progress in rehabilitation, brain injured 38 yr old male with language deficits, 32756
- validity & utility of 4-subtest vs 5-subtest short form of WISC-R, 6–16 yr olds with traumatic brain injury, 33693
- validity of WAIS-R intersubtest scatter, assessment of cognitive impairment, brain damaged male 22–81 yr olds, comparison to standardization sample, 25803
- verbal & visuospatial paired associate task performance, male 43–75 yr old stroke patients with unilateral brain injury, 2167
- verbal amnesia & semantic & episodic memory & other neuropsychological functions, patients with herpes simplex encephalitis & predominantly left hemisphere lesions, 31965
- vestibular stimulation, mental visuospatial representation & temporary recovery, patients with unilateral spatial neglect, letter, 39827
- vestibular stimulation, somatoparaphrenic delusion, 84 yr old female with right hemisphere frontotemporal parietal infarction, case report, 16967
- visual anterograde memory deficits, female 47 yr old with hematoma & anterior commissure & right fornix damage following intranasal surgery, case report, 31919
- visual associative agnosia vs optic aphasia, male 60 yr old with left occipital infarction, 39846
- visual attention & RT, 23–78 yr olds with left vs right side basal ganglia or deep white matter damage, 13546
- visual cue learning during repeated pattern discrimination, 11–49 yr olds with unilateral temporal or frontal lobe excisions, 16973
- visual stimulus quality, parameters of P300 component of EPs, 28–56 yr olds with vs without left vs right temporal lobectomy, 6121

- visual vs blindfolded line bisection task, unilateral spatial neglect in tactile modality, right brain damaged 41–83 yr olds with visual spatial neglect, 43778
- visuospatial ability & neglect, patients with putative cortical dementia vs acute right hemisphere injury, 9775
- visuospatial processing, male veterans with left vs right hemisphere injuries, England, 43818
- WAIS vs WAIS-R, head injury assessment, closed head injured adults with vs without mass lesions, Canada, 25837
- word form, perception of visual letter strings, male 62 yr old with left visual neglect after vascular right parietooccipital lesion, 13552
- word length & context & visual field, hemispheric lexical access & decision & word recognition & letter processing & visual lexicon, callosotomy patient, 35851
- work adjustment development, adults with traumatic brain injury, implications for vocational rehabilitation, 39852
- writing abilities, right handed male 60 yr old with massive stroke & left hemisphere destruction, 13541

Brand Names—Serials

advertisement impact & brand attitudes & consumption intention, prediction of subsequent consumption, brand users, 45190

advertising message &/vs execution involvement, perception of & attitude toward advertisement &/vs brand, college students, 11103

annual cigarette brand advertising expenditures, cigarette brand consumption, consumers, 1949–85, US, 3691

brand entry order into new categories, attitudes toward new items, reseller buyers, 45172

brand relationship as creation of brand equity through interaction between brand & consumer, 45175

brand's price promotion frequency & depth of promotional price discounts, price expectations, college students, 21809

communication model of consumer brand relationship & consumers' attitudes toward brand & perception of brand's attitudes, consumers, 45174

coupons, brand selection & repurchase behavior, college students, 7440

definition of & theoretical framework for consumer brand confusion, 29499

development & testing of model of consideration set composition of product brand consideration & choice, application to individual decision making, 11089

direct comparative ads & market share, brand choice, consumers, 18101

foreign product attitudes & preferences & image positioning & advertising expressions, foreign product acceptance, consumers, Japan, 41287

framework for executional cue research & enhancement & measurement of motivation & opportunity & ability to process brand information from ads, consumers, 11101

full information maximum likelihood estimation of brand positioning maps from supermarket scanning data, 7740

integrated modeling approach to market segmentation in price & promotion sensitivity for brand choice & category purchase incidence, consumers, 33444

kosher label & claim, perceptions of quality of familiar vs unfamiliar product, consumers, 7427

logo & slogan recognition for tobacco vs other products, 8th graders, 42570

market dynamics analysis research method with multiple segmentation delineation, understanding of forces underlying brand choice, consumers, 25524

motivation, moderation of impact of central & peripheral processing on brand attitude formation & purchase intentions, 20–32 yr olds, 25513

multiple effects of retail promotion, brand loyal vs switching consumers of ground coffee, 21817

number of items purchased & display format, preferences for variety & brand selection, consumers, 41267

patterns of buying established vs new brands of packaged grocery products, consumers, 11080

PC based perceptual learning routine, study of brand frequency & product involvement, consumers, 14908

probabilistic model of variety seeking intensity & brand preferences & similarity, simulated market share, consumers, 33445

product feature similarity & brand concept consistency, evaluation of function vs prestige oriented brand name extension, graduate business students, 7433

promotional environments, brand evaluation, college student customers, 21807

reliability & validity of brand conjoint & retailer attribute familiarity, measurement of retailer image & apparel shopping habits & choices, shoppers, Canada, 41261

self vs other relatedness of focal character & situational plausibility of imagery evoked from radio advertisement, evaluation of advertisement & brand, college students, 41273

sequential introduction of brand extensions, evaluations of proposed extension & core brands, consumers, 21810

similarity to family brand's product category & price, perceptions of brand extensions, college students, 41254

superiority claims in direct comparative advertising, association vs differentiation processes in perception of advertised vs comparison brand, college students, 7443

use of random effects specification to account for heterogeneity in parametric vs semiparametric logit models of brand name preferences, households, 7728

varied vs repeated advertisement executions & processing effort, attention & brand name recall, college students, implications for encoding variability, 11109

Brazil—Serials

consultation liaison psychiatry service delivery & training in psychiatric residency training programs, Brazil, 44653

coverage and racist treatment of Black consciousness in national news magazine, Brazil, 30634

demographic transitions, elderly, Brazil, 8808

methodology & findings of epidemiologic research on drug usage, 1977–88, Brazil, 1900

Pentecostal spirituality in achievement & support of sobriety, alcoholic urban poor, Brazil, 10552

perceptions of health & lifestyles & attitudes & future aspirations, street living 8–18 yr olds & their service providers, Brazil, 34614

prevalence of mental illness, 65 yr olds & older, Germany vs Brazil, 23562

prototypical description & attitudes & ontological issues, 14–26 yr old female prostitutes, Brazil, 8954

ratings & level of & cultural influences on expressed emotion assessed by Portuguese version of Camberwell Family Inventory, relatives of schizophrenic 18–50 yr olds, Brazil, 27524

sociodemographic factors, formal or informal sector employment in metropolitan areas, adults, Brazil, 41118

status & practice of school psychology, experts in school psychology, Brazil & other developing & developed countries, commentary, 36826

2nd language proficiency, loss of 1st language in casual vs formal style, 35–70 yr old English speaking American immigrants, Brazil, 42483

Brazil—Chapters

Child care in Brazil, 27082

Breast—Serials

breast self examination teaching program, frequency of & perceived barriers to continued self examination practice, female 40 yr olds & older, Australia, 6630

cutaneous stimulation of nipples & surrounding area, nursing immobility & postural changes, female rats, 34250

educational approach to mammography utilization program, 35–90 yr old females, 36454

frequency of breast self examination & mammography, female 22–67 yr old university faculty & staff, 6634

group instruction on breast self examination, compliance & proficiency & health beliefs concerning breast cancer, female high school students, 3 vs 8 mo followups, 44800

health beliefs & other factors, intention to attend screening mammography program, female 50–69 yr olds, Australia, 6631

history & clinical features & multifaceted treatment, 34 yr old male with schizotypal personality disorder & self amputation of breasts, case report, 27583

origins & nature of health belief & self efficacy based breast self examination teaching program, adult females, Australia, 6644

preference for maternal breast odor paired vs unpaired with formula, bottle fed 2 wk olds, 15986

psychosocial factors, breast self examination, 35–90 yr old females, 32554

small group training in 3 search patterns & 2 finger palpation techniques, effectiveness of breast self examination, female college students, 10338

Breast Examination [See Self Examination (Medical)]**Breast Feeding—Serials**

- breast feeding duration & cognitive ability, 3 yr olds, 22941
 breast feeding initiation of 1st born, females, 1960-69 vs 1970-79, 8923
 confidence & certainty & delayed 1st experience & lack of rooming in with infant, failure to breast feed more than 7 days, mothers, 5281
 cutaneous stimulation of nipples & surrounding area, nursing immobility & postural changes, female rats, 34250
 evaluation of national breast feeding promotion program, health workers & clients, Honduras, 32563
 family support & exclusive breast feeding during postpartum 40 day rest period, Bedouin Arab females, Israel, 19686
 naloxone, nursing behavior, Brahman calves, 794
 nortriptyline, serum nortriptyline & its metabolites, depressed nursing mothers & their newborn to 14 wk olds, 2727
 nursing mothers' ingestion & blood concentration of ethanol, odor of human milk & infants' feeding & sleeping behavior, 21-38 yr old mothers & their 25-216 day old infants, commentary, letter, 30503
 nursing mothers' ingestion of ethanol, odor of human milk & infants' feeding & sleeping behavior & motor development, 21-38 yr old mothers & their 25-216 day old infants, commentary reply, letter, 30521
 nursing mothers' ingestion of ethanol, odor of milk & infants' feeding & sleeping behavior, 21-38 yr old mothers & their 25-216 day olds, 8411
 orientation to olfactory cues from own mother vs unfamiliar lactating females, breast fed 2 wk olds, 30720
 perceived tangible vs emotional vs informational social support, pregnant females intending to breast vs bottle feed, 34790
 smoking & type of delivery & education & employment & ethnicity & religiosity, onset & duration of breast feeding, 20-41 yr old mothers, Israel, 27074
- Breast Neoplasms—Serials**
 age at mother's breast cancer diagnosis & maternal survival status, psychological functioning & other issues, 22-63 yr old daughters, 35776
 anxiety & depression & other lifetime psychological & psychiatric disorders & psychosocial morbidity, 40-75 yr old females with locally recurring breast cancer, Wales, 2137
 breast cancer treatment, sexual impairment & side effects, 28524
 breast self examination compliance, high risk female 50 yr olds & older, 17405
 breast self examination training, females, literature review, 36450
 buspirone, development of mammary tumor virus induced mammary tumors, female mice under stress, 30491
 congruence & completeness & systematic & sequential provision of cancer information, breast cancer patients & their families, Spain, 6633
 coping strategies, females referred to breast screening clinics, UK, 43717
 demographic & other characteristics, number of mammograms, 50-74 yr old females, 6645
 demographics & physician variables & abnormal mammogram result, anxiety & breast cancer worries & self examination frequency & intentions to obtain 2nd mammogram, female 50-74 yr olds, 2867
 health locus of control & hopelessness & repression sensitization & trait anxiety & contact with body, delay in seeking medical care after discovery of breast lump, female 19-68 yr olds, 24729
 holistic multidisciplinary crisis intervention group, post-mastectomy patients, Israel, commentary, 10016
 holistic multidisciplinary crisis intervention group, post-mastectomy patients, Israel, 10042
 information on diagnosis & treatment & time passage, labor & domestic & sexual adjustment, female 25-84 yr olds with breast cancer, 24091
 knowledge & expectations of & experiences with chemotherapy side effects, female 24-66 yr olds with breast cancer, nursing implications, 44282

- knowledge of prospective diagnosis & related mood states, response bias in limited prospective design of life event study, patients with suspicious breast lumps prior to surgery, 27995
 localized radiation treatment, fatigue & depression & other symptoms, adult females with breast cancer, 28578
 mastectomy vs breast conservation surgery, attention capacity & functioning, 29-84 yr old females with localized breast cancer, 40352
 personal & demographic characteristics associated with mammogram screening campaign compliance, female 40 yr olds & older, 2880
 personality vs psychotraumatic factors in self reported life events, disease frequency & etiology, adult females with breast cancer, 27996
 physician patient communication, utilization of mammography screening for breast cancer, Black vs Hispanic vs White 35 yr old & older females, 17406
 physician's affect during physician patient communication, recall & anxiety & perceptions, female 19-54 yr olds at risk for breast cancer, 28603
 positively vs negatively framed pamphlet & feelings of susceptibility to breast cancer, attitudes toward & frequency of & intentions to perform breast self examination, female 19-42 yr olds, 20985
 psychological effects of treatment & coping & interpersonal factors affecting prognosis & adjustment, females with breast cancer, literature review, 40386
 psychological profile, 28-87 yr old females with inoperable breast cancer, 9729
 psychological stress & marital cohesion & satisfaction & history, coping strategies, 30-70 yr old breast cancer patients & their husbands, 6031
 psychosocial variables & habit & insurance & clinical & demographic factors, intention to seek care for breast cancer symptom, female 21-82 yr olds, theory verification, 6686
 reliability & validity of psychosocial constructs in breast cancer screening research, 45-75 yr old females, 3917
 self hypnosis & positive mental imagery as adjunct to radiation therapy & chemotherapy, female 64 yr old with breast cancer & metastases, Australia, case report, 24602
 social network & relationship with friends & family & employment status & other psychosocial & clinical variables, survival rate, females with breast cancer, Canada, 4 yr study, 2143
 social supports, breast cancer patients & their families, literature review, 6034
 stressful life events & psychosocial factors & lymphocyte function, premenopausal vs postmenopausal 39-69 yr old females with breast cancer, conference presentation, 39786
 telephone based social work case management intervention model, females with newly diagnosed breast cancer, 2973
 verbal response modes in client centered psychotherapy vs placebo chat, breast cancer surgical patients, 20925

- spherical color space model of color & brightness discrimination, 242
- spherical color space model of color & brightness discrimination, commentary, 240
- subjective contour size & retinal eccentricity & flicker rate, independent processing of subjective contour brightness & distinctness, 19-29 yr olds, 11450

target position, increment thresholds on either side of vs on illusory contour of white on black Kanizsa square, Os, 7792

time lapse video & infrared computerized monitor for measurement of phototactic responses & movement detection, larval salamanders, 15667

Brightness Perception [See Also Brightness Constancy]—Chapters

A new approach to shape from shading, 45248

Prevailing lightness and hue and perceived texture segregation, 41698

Bromides—Serials

pharmacologic polytherapy, neurophysiological features, 28 yr old male with action myoclonus & mental deterioration following accidental methylbromide intoxication, case report, 24668

Bromocriptine—Serials

amisulpride vs bromocriptine, 4–13 yr olds with infantile autism & possible severe mental retardation, 36200

amphetamine vs apomorphine vs SKF 38393 vs quinpirole vs bromocriptine, responding for conditioned reward, male rats, 42226

bromocriptine abuse, male 31 yr old psychiatric patient, case report, 27709

bromocriptine, alcohol consumption, alcoholic adults, 1 & 2 mo followups, replication, 24878

bromocriptine augmentation of antipsychotic drug therapy, chronic schizophrenic 26–55 yr olds, 13992

bromocriptine, environment sensitized locomotor activation, male rats, 42304

bromocriptine growth hormone test & D2 receptor activity, haloperidol dose reduction, schizophrenic 38–65 yr olds, 6484

bromocriptine, isolation induced aggressive behavior in ethopharmacological approach, male mice, 12116

bromocriptine, negative symptoms, schizophrenic 20–54 yr olds, 28424

bromocriptine or lisuride, 28–62 yr olds with organic abulia, case reports, 6454

bromocriptine, 31–69 yr olds with apomorphine responsive erectile impotence, 24662

dopamine receptor agonist bromocriptine, visuospatial delayed memory response, female 20–35 yr olds, 22806

prednisone & bromocriptine, mania, female 27 yr old with history of bipolar illness, 10165

Bronchial Disorders—Serials

behavioral development as measured by Brazelton Neonatal Assessment Scale, preterm infants with bronchopulmonary dysplasia vs respiratory distress syndrome, 31818

haloperidol, development of bronchospasm, schizophrenic 53 yr old female, case report, 10236

Brothers—Serials

absence of paternal sociopathy in etiology of severe alcoholism, pairs of alcoholic adult male siblings, 27689

childhood hyperactivity, psychiatric outcome, male 16–23 yr olds vs their 15–24 yr old nonhyperactive brothers, 9640

family background, academic achievement & occupational status, high school graduates & their brothers, commentary reply, 1239

family background, academic achievement & occupational status, high school graduates & their brothers, commentary, 1237

family of origin dynamics & symptomatology & effects on adult functioning, adult females with history of childhood or adolescent older brother incest, 43361

heart rate reactivity, 30 yr old & older alcoholic vs high risk brothers, 43447

personality variables & sibling relationship & influence, drug use, White male college students & their older brothers, 20211

severe major affective disorders, brothers with factor-IX deficiency, case reports, 31796

severe major affective disorders, brothers with factor-IX deficiency, commentary on case reports, 43626

similarities in educational attainment, brothers vs sisters, reanalysis, 10836

Bruxism [See Also Nocturnal Teeth Grinding]—Serials

hypnotherapy, chronic nocturnal use of prescribed dental splint, male 55 yr old with bruxism, 2770

Buddhism [See Also Zen Buddhism]—Serials

applicability of Western moral reasoning theory to Buddhist moral domain & karma, 16219

applicability of Western moral reasoning theory to Buddhist moral domain & karma, commentary, 16222

Christianity & Buddhism & Adlerian social interest construct, 31226

Hindu & Buddhist Tantric traditions of intimacy & sexual rituals, implications for sex counseling, 13698

psychological & social & spiritual & other support services offered by Buddhist mutual assistance associations, Southeast Asian refugees, US, social work implications, 28696

role of previous psychedelic drug experiences in transpersonal experiences & spiritual life, students of Tibetan Buddhism, 31652

service industry perspective on religious beliefs & behavior, Shinto or Buddhist adults, Japan, 42769

Tibetan Buddhist perspective on psychological problems & need to possess, 1207

Budgets [See Costs and Cost Analysis]

Bufotenine—Serials

biopsychosocial approach to origins of "The Frog Prince" as hallucinogenic effects of bufotenin from frog skin, 8490

Bulgaria—Serials

attempted suicide by self poisoning, males vs females of Sofia region, Bulgaria, 35374

development of hospital & semihospital & nonhospital & complementary mental health services, post-WWII era, Bulgaria, 24737

sociocultural factors, depressive symptoms, 13–14 vs 16–17 yr olds, Bulgaria vs Poland, 43220

Bulimia—Serials

accuracy of self reported weight, female college students with bingeing vs restraining eating behaviors or bulimia, 43606

accuracy of 24 hr dietary recall vs actual intake, patients with bulimia nervosa, 43594

acne, exacerbation of bulimia, 22 yr old female, case report, 39643

age & sex, restrained eating, 18–75 yr olds & older with vs without bulimia or bulimia related atypical eating disorder or binge eating, 13314

alterations in neurochemistry & neurotransmitter systems in bulimia nervosa, conference presentation, 9586

anamnesic & clinical factors, prediction of short term outcome of hospital treatment, bulimic female 17–35 yr olds, 28798

application of neutrality & theoretical model of family therapy live supervision, anorexic bulimic heroin addicted female 21 yr old & her family members, 28271

attendance at self help groups, self esteem & family interaction, anorexic or bulimic females, 2777

behavioral & psychological parameters of perceived body image & weight management & dieting intention & nutrition habits, female 18–40 yr olds with obligatory exercise behavior vs bulimia, 39646

behavioral hospital treatment, hunger & appetite during visual perception of food, bulimic or anorexic young adults, 40081

behavioral vs cognitive behavioral group therapy, female adults with bulimia, 20730

bingeing & vomiting, circadian patterns of cortisol & prolactin & growth hormonal secretion, normal weight bulimic females, 2013

body dissatisfaction & weight & shape concerns, females with bulimia nervosa, Canada, 27843

body image, adults with anorexia & vs bulimia nervosa or other eating disorders, France, 43591

body shape satisfaction, adolescents with clinical vs subclinical anorexia vs bulimia, 20336

brain electrical mapping, female 19–28 yr olds with bulimia nervosa, 16863

bulimia & eating disorder symptoms & interest in weight reduction, high school students, US vs Spain, 20343

- bulimia, adult females in residential substance misuse treatment program, 40675
- bulimia, opiate dependent 21–64 yr old females, 13164
- butorphanol tartrate & food deprivation during development, postfasting food intake, female rats, animal model of opioid sensitivity & bulimia nervosa, 4357
- caloric intake & perceived overeating, adult females with vs without bulimia nervosa vs compulsive binge eating vs obesity, 27857
- case descriptions of anorexia & bulimia nervosa, 1873–1948, 35588
- characteristics & rate of referral, patients with anorexia nervosa vs bulimia vs atypical eating disorders, 1977–86, New Zealand, 5928
- characteristics, bulimic patients with vs without history of overweight, 31754

- carbamazepine, patients with treatment resistant depression, 13904
- carbamazepine, plasma imipramine & desipramine, 5-16 yr olds with attention deficit hyperactivity disorder, commentary, letter, 28379
- carbamazepine vs adenosine agonists vs A1 vs A2 receptor antagonists, hippocampal vs frontal cortex biochemistry & motor behavior, male mice, 34322
- carbamazepine vs lithium carbonate, patients with bipolar disorders, Japan, 20845
- carbamazepine vs lithium, prophylaxis of bipolar affective disorder, 23-66 yr olds, 28374
- carbamazepine vs phenytoin, neuropsychological & cognitive functions, healthy 21-48 yr olds, 8410
- carbamazepine vs phenytoin vs sodium valproate, cognitive functioning, epileptic 5-14 yr olds, 44240

- carbamazepine vs traditional taper methods of drug rehabilitation, benzodiazepine abusing patients, 21201
- carbamazepine vs valproate, long latency auditory EPs, epileptic 17–57 yr olds with seizures, implications for cognition & memory, 6512
- carbamazepine, weight gain & increased appetite & excessive food intake side effects, epileptic 12 & 16 yr olds, 6493
- combined carbamazepine & benzodiazepine, patients with polydrug analgesic/depressant withdrawal, 24894
- diagnosis of carbamazepine poisoning, 6 mo old female with encephalopathy & brain stem dysfunction, case report, Kuwait, 2211
- fluoxetine & carbamazepine induced parkinsonism, 74 yr old male with bipolar disorder & 53 yr old female with schizoaffective disorder, case reports, 10170
- lithium & vs carbamazepine, life course of illness, patients with bipolar affective disorder, 2667
- lithium vs carbamazepine, manic patients, 6534
- lithium with vs without carbamazepine, 27–59 yr olds with rapid cycling bipolar affective disorder, Italy, 2647
- mechanisms of action & efficacy of lithium vs carbamazepine vs valproate, patients with affective disorders, 28449
- NMDA antagonist ADCI vs MK-801 vs carbamazepine, ethanol withdrawal seizures, male mice, 34342
- pharmacokinetics of valproate & carbamazepine, 26690
- plasma carbamazepine & prophylactic response, adults with affective or schizoaffective disorder, 40245
- principles of drug interactions with carbamazepine & effects on plasma levels, 10188
- prophylactic action of carbamazepine & vs lithium carbonate, 19–55 yr olds with endogenous affective vs schizoaffective psychosis, 20829
- prophylactic lithium & vs carbamazepine, symptoms & serum drug levels, 32–65 yr olds with bipolar disorder, 44114
- single vs chronic lithium vs carbamazepine vs sodium valproate, GABA receptors in striatum vs thalamus vs hippocampus vs frontal cortex, male rats, 42366
- stress sensitization & kindling models for course of affective illness & research in carbamazepine effectiveness, 35193
- time course of carbamazepine enzymatic autoinduction, 19–69 yr olds with affective disorder or schizophrenia, 6549
- time course of carbamazepine enzymatic autoinduction, 19–69 yr olds with affective disorder or schizophrenia, erratum, 40237
- twice daily slow release vs 3 times daily conventional carbamazepine preparation, seizures, mentally retarded 6–38 yr olds with epilepsy, 2670
- valproate & carbamazepine, patients with PTSD or panic disorder or behavioral dyscontrol syndrome or alcohol or sedative hypnotic withdrawal, 28413
- valproate vs lithium vs carbamazepine, 27–75 yr old males with acute mania, 28396
- vigabatrin vs carbamazepine, cognitive functioning & electrophysiological effects, 15–63 yr olds with newly diagnosed epilepsy, Finland, 10187
- visual screening with vs without carbamazepine, assaultive behavior following surgery for craniopharyngioma, male 8.7 yr old, case report, 2291
- 2 dimensional plotting to avoid neurotoxicity with lithium carbamazepine combinations, manic patients, 36252
- Carbohydrate Metabolism—Serials**
- dietary carbohydrate & substrate utilization, perceived physical exertion at lactate & ventilatory thresholds, adult males, 38314
- recent alcohol consumption & withdrawal, biochemical markers of carbohydrate metabolism, alcoholic 31–65 yr old males in treatment, 20234
- Carbohydrates [See Also Blood Sugar, Deoxyglucose, Glucose, Sugars]—Serials**
- absence vs presence of corn starch, fluid preference, female rats, 8048
- behavioral & electrophysiological evidence for separate sugar & polysaccharide taste channels, rodents, conference presentation, 11902
- cellulose suspension avoidance training, avoidance & discrimination of corn vs wheat vs rice starch vs cellulose suspensions, female rats, 26258
- conditioned discrimination of amylopectin vs amylose, rats, 18735
- conditioned flavor aversion, discrimination between starch & maltoligosaccharides, female rats, 4204
- craving for carbohydrates, completion of protein sparing fast & depression level, patients in medically supervised weight loss program, 20962
- dietary proteins & carbohydrates, density & affinity of D2 dopamine receptors, male rats, implications for behavioral modification, 34138
- fructose vs glucose vs mixed starch fructose loads, food intake, adults, 22680
- glycogen depleting exercise & low vs normal vs high carbohydrate diet, mood, male 19–33 yr olds, 42192
- increased carbohydrate intake, increased central serotonergic activity & alleviation of symptoms, patients with hysteroid dysphoria or PMS or seasonal affective disorder, 20057
- isoelectric focusing/Western blotting, quantification of carbohydrate deficient transferrin, hospitalized alcoholic patients with chronic liver injury or disease, 13202
- lithium discontinuation vs oral inositol during prophylactic lithium, plasma thyroxine & thyroxine stimulating hormone & cortisol, euthymic bipolar 21–74 yr olds, 2708
- phlorizin, memory in passive avoidance task & brain vs plasma glucose, rats vs mice, 38420
- physical restraint, interleukin-1B vs lipopolysaccharide induced fever, male rats, 15653
- polycose vs amylopectin vs maltotriose as taste stimuli, evoked single unit activity in nucleus tractus solitarius, female rats, 4725
- recombinant human interleukin 1 receptor antagonist, lipopolysaccharide induced sickness & social behavior & body weight, male rats, 34300
- taste & detection thresholds for corn starch vs Polycose vs sucrose, rats, 11632
- taste & postingestive & osmolality properties of sucrose & Polycose, long term saccharide preference, female rats, 4196
- Carbon Dioxide—Serials**
- carbon dioxide inhalation, tidal volume & frequency components of ventilatory response, patients with panic vs obsessive compulsive disorder, 31493
- clonazepam, carbon dioxide induced panic, 28–45 yr olds with panic disorder, 44142
- hypercapnia & acute ethanol, cerebral blood flow & oxygen & glucose consumption, free moving rats, 12065
- panic & anxiety during experimental hypercapnia &/or hypocapnia, 21–55 yr olds with panic disorder, 16671
- response to hyperventilation & carbon dioxide inhalation challenge, patients with panic & vs anxiety disorder, 43317
- temperature & degree of training, carbonation perception of carbonated spring water, college student panels, 7785
- ventilatory control of heart rate during carbon dioxide inhalation & cognitively induced vs hyperventilatory or anticipatory panic attacks, 58 yr old male, 22707
- Carbon Monoxide—Serials**
- development & utility of Carbon Monoxide Neuropsychological Screening Battery, carbon monoxide poisoned emergency room patients, 3911
- lottery tickets with vs without nicotine gum & quit date, reinforced reduction of breath carbon monoxide & smoking, patients with chronic obstructive pulmonary disease, 24874
- studies on health effects of carbon monoxide exposure in heart patients, federal carbon monoxide standards, specialists, 3723
- usefulness of carbon monoxide breath validation of self reported smoking status, assessment of cigarette smoke exposure, workers, 1324
- Carbon Monoxide Poisoning—Serials**
- carbon monoxide poisoning, psychic akinesia, 17–44 yr old males, case reports, 9797

clinical course & prediction of occurrence & high pressure oxygen treatment, 33-72 yr olds with interval form of carbon monoxide poisoning, 24661

Carboxyhemoglobinemia [See Carbon Monoxide Poisoning]

Carcinogens—Serials

risk perception & health behavior actions regarding radon testing, homeowners, application & test of precaution adoption process model, 43614

Carcinomas [See Neoplasms]

Cardiac Disorders [See Heart Disorders]

Cardiac Rate [See Heart Rate]

Cardiography [See Also Electrocardiography]—Serials

selection & use of cardiovascular parameters, assessment of hemodynamic & psychophysiological reactivity during mental vs physical task, 19-29 yr old males, 696

Cardiology—Serials

experiences in & concept of caring, cardiac nurses, 6677

neurocardiology approach to stressor stimuli evoked autonomic reactions & vulnerability to hypertension & arrhythmogenesis, 13455

Cardiotonic Drugs—Serials

pentoxifylline, 55-98 yr olds with multi-infarct dementia, 32502

Cardiovascular Disorders [See Also Aneurysms, Atherosclerosis, Blood Pressure Disorders, Cerebral Arteriosclerosis, Cerebral Hemorrhage, Cerebral Ischemia, Cerebrovascular Accidents, Cerebrovascular Disorders, Embolisms, Essential Hypertension, Fibrillation (Heart), Heart Disorders, Hemorrhage, Hypertension, Ischemia, Myocardial Infarctions, Thromboses]—Serials

anxiety & depressive disorders, 18-45 yr olds with chest pain & mitral valve prolapse vs no discernible cardiac disorder, 9736

behavioral multicomponent smoking intervention vs advice only, smoking status & salivary cotinine, 30-75 yr olds with coronary artery disease, 6 & 12 mo followups, 36759

burnout & tension & listlessness & cardiovascular risk factors, male telecommunications employees, Israel, 45078

chronic ethanol, electrical vulnerability to exogenous catecholamines & ventricular fibrillation, male dogs, animal model of alcoholism induced sudden death, 12091

client & other characteristics, compliance with cholesterol lowering nutritional intervention, males at risk for cardiovascular disease, 24689

clinical applications of cardiovascular assessment, patients with hypertension or coronary heart disease or Raynaud's phenomenon or anxiety or fear or panic, 6049

coronary care & rehabilitation, 1982-91, bibliography, 24835
course & risk factors & clinical management, intra-aortic balloon pump therapy induced delirium, coronary patients, 1 yr study, 24676

development & validity & reliability of instrument, assessment of health related quality of life, 36-82 yr olds who had percutaneous transluminal coronary angioplasty, 11345
ECT, psychiatric patients with compromised cerebral & cardiovascular function, 20874

EKG evidence of myocardial infarction or ischemia or bundle branch block, cocaine abusing vs schizophrenic patients in psychiatric hospital, 43483

empowering potential, motivation to initiate & sustain cardiac risk factor modification, 25-79 yr olds, 10348

factor analysis of physical risk factors, male 40-55 yr olds with coronary heart disease, 28015

finger tapping frequency & accuracy, patients with presenile dementia of Alzheimer's type vs cardiovascular disease, 13374

finger temperature feedback vs autogenic training, plasma epinephrine & norepinephrine, females with idiopathic Raynaud's disease, 2746

frequency & risks & clinical features of dementia, 60 yr old & older hospitalized patients with acute ischemic stroke, 43841

frequency of individual & combined risk factors, patients with ischemic cerebral stroke vs encephalopathies due to circulatory disorders, 28001

growth hormone & TSH releasing factor, growth hormone & TSH responses, 56-88 yr olds with Alzheimer's disease vs dementia of vascular origin, 13501

health locus of control, risk factor status & perceived stress & overall health & troubles in daily living, graduates of cardiac rehabilitation program, 14340

hostility & lifestyle behaviors & physical coronary artery disease risk factors, adults, 28008

hypnosis, male 70 yr old with chronic Raynaud's syndrome affecting toes, case report, 7 mo followup, 24621

labyrinth learning performance, diagnosis of presenile onset of dementia of Alzheimer's type, patients with early cognitive deficit & mild dementia vs cardiovascular disease, 9807

left ventricular dysfunction, alcohol abusing male 22-75 yr olds, 5781

nature & dynamics of coping, 38-78 yr old coronary artery bypass surgery patients, 40383

nature & dynamics of coping, 38-78 yr old coronary artery bypass surgery patients, commentary, 40363

neurocardiology approach to stressor stimuli evoked autonomic reactions & vulnerability to hypertension & arrhythmogenesis, 13455

neuroticism & mitral valve prolapse, VA chest pain patients with normal vs diseased coronary arteries, 9741

neuroticism & somatic complaints & coronary artery disease severity, patients who underwent diagnostic coronary angiography, 24093

nortriptyline, development of left bundle branch block, depressed 63 yr old male with Alzheimer's disease, case report, 13921

nortriptyline vs doxepin, cardiovascular side effects & heart failure, depressed 79 yr old male with cardiovascular disease, case report, 10149

parental history of hypertension &/or myocardial infarction, neuroendocrine & cardiovascular stress reactivity, middle aged normotensive adults, Sweden, 35782

participation in & assessment of culturally adapted family based cardiovascular risk reduction education, Mexican- vs Anglo-American healthy families, 48 mo study, 36445

pathogenic emotions & psychosocial stress & Type A personality, smoking history vs current smoking status, male angiography patients suspected of having coronary artery disease, 39790

pathological changes in structure & voluntary control of heart rate, neurotic 18-32 yr olds with autonomic vascular disturbances, 17159

perceived susceptibility to & actual risk for cardiovascular disease & preventive health behavior & stress, Type A vs Type B college students, 24097

personality characteristics, 20-60 yr old cardiology or neurology outpatients with syncope, Spain, 31819

physical exertion vs competitive vs cognitive task stressors, BP reactivity as early marker for cardiovascular disease & hypertension, 3-6 yr olds, commentary, 20477

physical exertion vs competitive vs cognitive task stressors, BP reactivity as early marker for cardiovascular disease & hypertension, 3-6 yr olds, 20483

practical &/vs registered nurses on staff & primary vs task oriented nursing, perceived uncertainty in illness, intensive care patients with acute coronary pain, Sweden, 6789

prevalence of vascular dementia, 1980-90, Europe, reanalysis, 17011

preventive educational approaches, females at risk for coronary heart disease, nursing implications, application of B. Neuman's health care systems model, 2868

psychological adjustment following coronary artery bypass surgery, 40-77 yr olds with coronary heart disease, 17381

psychological factors, coronary artery disease & sudden death & hypertension, literature review, 35788

psychological factors, coronary artery disease & sudden death, literature review, implications for DSM-IV, 35784

psychosocial factors & cardiac complaints, patients with cardiac arrhythmias due to Wolff-Parkinson-White syndrome vs myocardial infarction vs other etiologies, conference presentation, 39789

- quality of life & cognitive performance following endarterectomy, adult patients with extracranial carotid stenosis, 8-11 yr followup, 24681
- role of genetics & cardiovascular disease risk factors in cognitive decline, aging adult monozygotic & dizygotic male twin pairs, 5 yr followup, 41990
- RT prolongation, patients with mild presenile onset dementia of Alzheimer's type vs chronic cardiovascular disease & incipient cognitive deficit, 9809
- satisfaction with social support, BP & cholesterol level & susceptibility to coronary disease, Type A 30-54 yr old military personnel, Canada, 6043
- screening & referral with vs without health education or semiannual followup counseling or plant organization in worksite wellness program, cardiovascular disease, employees, 3499
- sequential presentation of community & clinical interventions, cardiovascular risk factors, application of Purdue Stepped Approach Model, 21003
- sexual dysfunction & need for counseling or drug treatment, patients with cardiovascular disease & their partners, 6042
- social network & activities & other risk factors, mortality from cardiovascular diseases vs cancer vs other causes, male 50 & 60 yr olds, Sweden, 12 yr followup, 39718
- spouse's vs friend's vs self report of stress symptoms & aggravation & irritation & anger & impatience, Type A vs Type B male fire personnel & angiography patients, 24095
- structural analysis of dimensions in health related quality of life assessment, 25-69 yr olds with cardiovascular problems assessed 6 mo after cardiac surgery, 18357
- study characteristics associated with null findings in research on Type A behavior & coronary heart disease, meta analysis, 6044
- tensions & attitudes in personal & professional lives, 50-70 yr old females with cancer vs cardiovascular disease, 2048
- tensions between career & interpersonal commitments as risk factor for cardiovascular disease, female 50-70 yr old professionals, 6039
- tobacco smoking & psychological stress, cardiovascular disorders, 31904
- Type A behavior & occupational stress, risk for coronary disease, health workers, 24094
- Type A pattern & psychic vulnerability as risk factors in coronary heart disease, male 55 yr old & younger survivors of acute myocardial infarction, Denmark, 24098
- type of intervention & risk factors & SES, use of 10 cardiovascular disease intervention materials & programs, 18-74 yr olds, 6636
- Cardiovascular Disorders [See Also Aneurysms, Atherosclerosis, Blood Pressure Disorders, Cerebral Arteriosclerosis, Cerebral Hemorrhage, Cerebral Ischemia, Cerebrovascular Accidents, Cerebrovascular Disorders, Embolisms, Essential Hypertension, Fibrillation (Heart), Heart Disorders, Hemorrhage, Hypertension, Ischemia, Myocardial Infarctions, Thromboses]—Books**

Case management models and approaches for counseling and working with homeless people, 40049

Combining social skills training and assertive case management: The social and independent living skills program of the Brentwood Veterans Affairs Medical Center, 44515

Ethical issues in managed mental health, 32938

Evaluation of managed mental health programs, 32607

Managed mental health and group health insurance, 32600

Managed mental health: Clinical myths and imperatives, 32609

Managed mental health in health maintenance organizations, 32596

Managed mental health in the public sector, 32601

Managed mental health: Key legal issues, 32606

Managed mental health services: Ideas and issues, 32598

Managed mental health: The buyer's perspective, 33323

On the choice to live or die, 7042

The seriously ill child: Management of family and medical surroundings, 6816

Case Report—Serials

development & reliability of Resident Case Presentation Inventory, assessment of outpatient disposition skills, psychiatry residents, conference presentation, 3931

exploratory case study method, rigor in multivocal literature reviews, implications for educational research, commentary reply, 7757

exploratory case study method, rigor in multivocal literature reviews, implications for educational research, commentary, 7762

exploratory case study method, rigor in multivocal literature reviews, implications for educational research, commentary, 7755

exploratory case study method, rigor in multivocal literature reviews, implications for educational research, commentary, 7759

exploratory case study method, rigor in multivocal literature reviews, implications for educational research, 7758

Lacanian perspective on Freud's method of case reporting, analysts, 28313

passage from oral context to written case history of psychoanalytic session, analytic relationship, analysts, 13862

working memory patterns of data, adults & elderly anarthric &/or right hemiplegic or short term memory patients, Scotland, implications for models of cognition based on single case studies, 43762

Case Report—Chapters

Case study and small sample research, 37735

Integrative tasks of personal myths, 32303

Caseworkers [See Social Workers]**Caste System—Serials**

caste & class, evaluation of ingroup vs outgroup, Hindu vs Muslim high school students, northern India, 8732

caste & residential area & economic condition, achievement motivation, female 19–22 yr olds, India, 1478

scheduled caste &/vs tribe membership, social responsibility & feelings of security & personality, 15–16 yr old delinquents vs nondelinquents, 35492

Castration [See Also Male Castration, Ovariectomy]—Serials
hyperprolactinemia & castration with vs without sc testosterone, defecation & urine marking in response to novel environment, male rats, 15633

interaction of testosterone with brain & occupation of steroid receptor binding sites, orchidectomized vs intact male vs female monkey fetuses, 26406

medroxyprogesterone acetate vs surgical castration, behavior, male cynomolgus monkeys, 22686

neonatal dihydrotestosterone, sodium intake, castrated male vs female rats, 18982

sex or adult gonadectomy or estrous phase, pilocarpine vs clonidine induced analgesia, rats, 19098

Castration Anxiety—Serials

H. Davanloo's vs author's concept of castration anxiety & application to short term dynamic psychotherapy, 24309
overview of psychoanalytic theory & review of author's experimental validation of castration anxiety, application to short term dynamic psychotherapy, 24308

CAT Scan [See Tomography]**Catabolites [See Metabolites]****Catalepsy—Serials**

agonist analog of LH releasing hormone, open field activity & catalepsy & amphetamine & apomorphine induced stereotyped behavior & tail flick latencies, male rats, 38431

bicyclic cannabinoid analogs vs delta-9- vs delta-8-tetrahydrocannabinol, locomotion & hypothermia & catalepsy & antinociception & cannabimimetic activity, male rats, 22750

brief & acute exposure to stress, time dependent sensitization of cataleptic & nucleus accumbens dopamine response to haloperidol, male rats, 42213

cannabimimetic activity of dimethylheptyl & other cannabinoid analogs, locomotor activity & antinociception & hypothermia & catalepsy, male mice & rats, 19117

conformational analysis & synthesis of 9-alpha- vs 9-beta-hydroxy-hexahydrocannabinol, motor activity & antinociception & body temperature & catalepsy, male mice, 19151

electrolytic dorsal raphe lesions, haloperidol induced catalepsy & intake of saccharin/glucose mixture, male rats, 26440

haloperidol pretreatment, sensitization to haloperidol induced catalepsy, male mice, 42371

high vs low intensity environmental vs 2-deoxy-D-glucose metabolic vs ethanol pharmacological stressors, haloperidol induced catalepsy, male rats, implications for stress related disorders, 22729

identification of feruloyltyramine & p-coumaroyltyramine in cannabis sativa, hypothermia & motor incoordination & catalepsy, male mice, 19188

MK-801, morphine catalepsy & lethality, male rats, erratum, 4836

muscimol, locomotion & supported rearing & catalepsy & ataxia, 14 vs 20 vs 53 day old male mice, 8453

peripheral sulpiride vs pimozide vs haloperidol, catalepsy & locomotor activity & regional brain dopamine metabolism, male mice, 38408

sc SCH 23390 vs SK&F 83566, bar & cling catalepsy & dorsal immobility, male rats, 38462

sulpiride vs oxypertine vs haloperidol, catalepsy & striatal dopamine or HVA or DOPAC & tolerance, male rats, 42367

synthesis of halogenated delta-8-tetrahydrocannabinol analogs, locomotor activity & hypothermia & catalepsy & antinociception, male mice, 19051

tetrahydrocannabinol vs haloperidol vs morphine, discriminative stimulus effects & catalepsy, male rats, 34394

Catamnesia [See Posttreatment Followup]**Catalepsy—Serials**

clozapine, development of cataleptic symptoms & object dropping, male 20 yr old with treatment refractory undifferentiated schizophrenia, commentary, 40271

narcoleptic syndrome with cataplectic attacks, female 71 yr old with bipolar mood disorder, case report, 31413

Cataracts—Serials

psychic & somatic symptoms & vision, 71–75 yr old cataract operation patients, 24650

Catatonia—Serials

bupropion, development of catatonia, depressed male 19 yr old, 44110

catatonic symptoms, 20–47 yr olds with neuroleptic malignant syndrome & 53 yr old male with recurrent schizophrenia, South Africa, commentary, 1635

comorbid catatonia, autistic 16.1 & 20.2 & 21.3 yr olds, 27792

ECT induced catatonia & autonomic hyperactivity & elevated creatine kinase, 21 yr old male without psychiatric history, case report, 10262

- ECT, Lyell syndrome & lethal catatonia, female 43 yr old with bipolar disorder taking psychotropics, letter, 44188
- ECT, steroid induced catatonia, 17 yr old male with bowel disease, commentary on case report, 10264
- ECT, 27 yr old female with severe catatonia & mania associated with systemic lupus erythematosus, case report, 32434
- hospitalization outcome & plasma cortisol, female 19 yr old with lethal catatonia & premorbid personality traits, case reports, 3032
- iv amobarbital facilitated interviews, mutism, catatonic inpatients, erratum, 36251
- iv amobarbital facilitated interviews, mutism, catatonic inpatients, 32379
- midazolam, reversal of catatonia, schizophrenic patient, commentary on case report, implications for reclassification of catatonia in DSM-IV, 17276
- midazolam, reversal of catatonia, schizophrenic patient, reply to commentary on case report, 17274
- misprint of date of K. L. Kahlbaum's 1874 work on catatonia, commentary, letter, 27544
- seasonality of onset recurrence, remitting patients with schizophrenia or catatonia or atypical psychosis, 39347
- transient stuttering, catatonic bipolar 50 yr old male & 49 yr old female, 31406
- use of ECT vs midazolam, reversal of catatonia, schizophrenic patient, commentary on case report, 17055
- Catatonic Schizophrenia—Serials**
- ECT induced venous thromboses & pulmonary emboli, male 26 yr old with catatonic schizophrenia, case report, 17327
- ECT, male with catatonic schizophrenia, commentary reply, letter, 28497
- ECT, male with catatonic schizophrenia, commentary, letter, 28488
- historical development of categorization of catatonic schizophrenia, 5660
- lorazepam vs other drugs, mute 31 yr old male with catatonic schizophrenia, case report, 2707
- music therapy, elective mute female with catatonic schizophrenia, 6583
- Catecholamines [See Also Dopamine, Epinephrine, Norepinephrine]—Serials**
- adinazolam, restraint stress induced heart rate & BP & plasma norepinephrine & epinephrine changes, male rats, 22796
- aerobic fitness & exercise training, plasma catecholamine response to psychological stress, humans, 725
- alcohol drinking habits & tolerance, plasma epinephrine & norepinephrine & mood & performance responses to emotional vs mental stress with vs without ethanol, male medical students, 30524
- amphetamine exposure & withdrawal, hypothalamic pituitary adrenal axis endocrine responses & peripheral immune functions & regional brain catecholamines, male rats, 828
- amygdaloid activation of brain stem catecholaminergic pathways & integration of behavioral & visceral responses to threat & stress, male rats, 38239
- brain dopamine & epinephrine & norepinephrine levels, modulation of congenital differences in sensitivity to acute & chronic ethanol, long vs short sleep mice, 18886
- catecholamines, sexual & courtship behavior & displays, male ring doves, 41997
- cesarean section vs vaginal birth, delayed neurological adaptation & catecholamine levels, full term infants assessed at 1 & 2 & 5 days after birth, 2231
- challenge/threat, increased catecholamine generation & performance & emotional stability, model of physiological toughness, 692
- cholinergic hypothesis of affective disorders vs geriatric dementia, conference presentation, 1572
- chronic ethanol, electrical vulnerability to exogenous catecholamines & ventricular fibrillation, male dogs, animal model of alcoholism induced sudden death, 12091
- cigarette smoke, locomotor activity & rearing & brain monoamines, male rats, 38504
- circadian rhythm in urinary excretion & posture & physical exercise, plasma catecholamines, female anorexic 18–35 yr olds, 2012
- classical aversive conditioning, blood levels of catecholamine & corticosterone, male rats, 30437
- CSF & plasma & urine monoamines & their metabolites & DOPA, implications for role of stress in depression, 35176
- CSF monoamine metabolites & cholinesterases & lactate & hydrodynamic parameters, patients with hydrocephalus syndrome vs Alzheimer's disease vs multi-infarct dementia, Sweden, 24144
- CSF peptides & monoamine metabolites, 6–19 yr olds with obsessive compulsive disorder, 16668
- desipramine & crowding stress, monoamine metabolism in brain regions, male rats, conference presentation, 26649
- dietary tryptophan & tyrosine ratios, female depressed 46 & 50 & 54 yr olds, Sweden, test of indoleamine & catecholamine hypotheses of depression, 20049
- dopamine & norepinephrine & epinephrine excretion concentrations & symptom severity, male Vietnam combat veterans with PTSD, 39410
- dopamine & other monoaminergic receptors in hypothalamic nuclei controlling feeding behavior, male rats, 8352
- heterosexual interactions, in vivo monoamine synthesis in forebrain, male rats, 22522
- hypothalamic & hippocampal monoamine & adrenoreceptor changes & noradrenaline turnover, nonpregnant vs pregnant vs postpartum female rats, 38167
- intrathecal phentolamine vs methysergide vs naloxone, descending inhibition of spinal transmission of noxious input, rats, 22805
- L-5-HTP & clonidine, metabolic disturbances of monoamine in hypothalamic pituitary adrenal axis, chronic schizophrenic 25–53 yr old DST suppressors vs nonsuppressors, 12926
- laboratory vs real life stress, heart rate & diastolic BP & catecholamine reactions, healthy male PhD candidates, 42200
- level of repressed vs manifest aggressiveness, plasma catecholamines, patients with essential hypertension, 2156
- lithium, calcium uptake & sodium-calcium exchange & catecholamine release from perfused adrenal gland, cats, commentary, letter, 19058
- lithium, calcium uptake & sodium-calcium exchange & catecholamine release from perfused adrenal gland, cats, commentary reply, letter, 19066
- mental stress, plasma catecholamine & metabolite responses & EEG theta rhythm of frontal midline area, high vs low anxious male college students, 38353
- monoamine & serotonin & norepinephrine uptake inhibitors & dopamine D1 vs D2 agonists vs antagonists, discriminative stimulus effects of GBR 12909, male monkeys, 802
- monoamine specificity of antidepressants & prediction of therapeutic response, conference presentation, 6451
- neonatal icv testosterone vs estradiol benzoate, feminine & masculine sexual behavior & hypothalamic & extrahypothalamic monoaminergic systems, adult rats, 38414
- neural network model of catecholamine modulation of behavior, 33485
- neurotoxin destruction of serotonin & catecholamine neurons, effects of fluoxetine & serotonin receptor antagonists on feeding suppression, male rats, 38173
- neurotoxin DSP-4, monoamine levels & reproductive behavior, male zebra finches, 19038
- NMDA receptor antagonist AP-5 in nucleus accumbens, locomotor stimulation, monoamine depleted male mice, 38508
- oxytocin & amino acid & monoamine transmitters release in medial preoptic area & bed nucleus of stria terminalis during parturition & suckling, pregnant vs ovariectomized sheep, 26398
- plasma cortisol & urinary catecholamine & vanillylmandelic acid & HVA & 5-HIAA & psychosocial correlates, nondepressed vs depressed abandoned 7–14 yr olds, 20038
- prenatal stress, brain catecholaminergic activity & shock induced defensive freezing & ultrasonic vocalization & plasma ACTH & corticosterone, male rats, 38367

- regional glucose metabolism & anxiety, CSF & serum monoamine metabolites & serum prolactin, schizophrenic 19–41 yr olds, Sweden, 12964
- repeated cocaine, behavior & D1 & D2 receptor & dopamine transporter & beta adrenergic binding sites in caudate vs prefrontal cortex vs nucleus accumbens vs substantia nigra, male rhesus monkeys, 38406
- repeated fluoxetine, brain monoxamine content, male rats, 30469
- role of psychobiological stress response & CNS catecholamine & serotonin & endogenous opioid systems in numbing & memory disturbances & other symptoms, patients with PTSD, 23742
- serotonin & dopamine & norepinephrine & epinephrine, lateral hypothalamus amphetamine induced anorexia, male rats, 38216
- sex & age & weight, plasma concentrations of neurotransmitter & acidic metabolites of biogenic monoamines involved in psychiatric & neurological disorders, healthy 26–68 yr olds, 4580
- space allowance & sex, plasma norepinephrine & epinephrine & cortisol & feed consumption & average daily weight gain, 11 wk old lambs, 18988
- spinal cord monoamine levels & autotomy, neuroectomized male rats, 38162
- stress, natural killer cell cytotoxicity & central norepinephrine & dopamine, C57BL/6J vs C3H/HeJ vs BALB/cByJ mice, 4646
- synapse between catecholamine fibers & neuropeptide Y containing neurons & acetylcholine loss in cerebral cortex, rats, animal model of pathogenesis of Alzheimer's disease, conference presentation, 8187
- traffic congestion & perceived control & psychophysiological stress & urinary catecholamines, 21–63 yr old male bus drivers, 7324
- trimipramine vs clozapine, affinities to subtypes of catecholamine & 5-HT & electrically induced release of noradrenaline & 5-HT, male rats, 12030
- Catecholamines [See Also Dopamine, Epinephrine, Norepinephrine]—Chapters**
- Do biochemical response patterns tell us anything about trait anxiety?, 4510
- Motivation and performance: Region-selective changes in forebrain monoamine synthesis due to sexual activity in rats, 4506
- Categorizing [See Classification (Cognitive Process)]**
- Catharsis—Serials**
- barbiturate or diazepam assisted interviews as abreactive evaluative & therapeutic technique prior to ECT, stuporous & other inaccessible psychiatric patients, 9896
- psychotherapy & abreaction, female 55 yr old with chronic depersonalization neurosis, case report, 32156
- therapeutic value of abreaction & emotional experience with fear cues, patients, 20628
- Cathexis—Serials**
- advanced weight training, body cathexis & self esteem, college students, 21802
- sex & exercise involvement, body cathexis, college students, 16409
- strength development vs body building vs jogging, body cathexis & self concept, male college students, 25486
- Cathode Ray Tubes [See Video Display Units]**
- Catholicism (Roman) [See Roman Catholicism]**
- Cattell Culture Fair Intell Test [See Culture Fair Intelligence Test]**
- Caucasians [See Whites]**
- Cauda Equina [See Spinal Nerves]**
- Caudate Nucleus—Serials**
- caudate nucleus or fimbria fornix lesions, acquisition of water maze task, male rats, 34163
- desmethyldipramine vs GBR 12909 vs haloperidol, in vivo extracellular dopamine in prefrontal cortex vs dorsal caudate, male rats, conference presentation, 42262
- dopamine reuptake inhibitor GBR 12909, cocaine vs 3H-DBR 12935 binding to dopamine transporter & extracellular dopamine in caudate, male rats, implications for cocaine addiction treatment, 15810
- electrical stimulation of caudate nucleus, saccadic eye & head movements, cats, 11795
- haloperidol vs desipramine vs chlordiazepoxide, neurotensin levels in nucleus accumbens & caudate nucleus, rats, 34381
- lesion of medial frontal cortex & vs nucleus accumbens vs caudate putamen, amphetamine induced locomotion vs stereotypy & extracellular dopamine & DOPAC & HVA & 5-HIAA, male rats, 34188
- repeated amphetamine, behavioral sensitization & caudate vs nucleus accumbens dopamine & DOPAC & HVA & 5-HIAA, male rats, 30538
- repeated cocaine, behavioral sensitization & dopamine response in caudate & accumbens, male rats, 38496
- rostral caudate putamen vs medial prefrontal cortex electrical self stimulation, excitability & refractoriness recovery patterns, male rats, 42048
- testosterone implants in medial preoptic area vs septum vs caudate nucleus, aggressive behavior, male mice, 42022
- Caudate Nucleus—Chapters**
- Neural activity of the basal ganglia in Parkinson's disease studied by depth recording and PET scan, 2264
- Celiac Plexus [See Autonomic Ganglia]**
- Celibacy [See Sexual Abstinence]**
- Cells (Biology) [See Also Auditory Neurons, Axons, Blood Cells, Chromosomes, Cones (Eye), Dendrites, Erythrocytes, Leucocytes, Lymphocytes, Motor Neurons, Neurons, Rods (Eye), Sensory Neurons, Sperm]—Serials**
- aging, mitochondrial electron transfer alteration in brain, 20 vs 60 vs 100 wk old male rats, 41998
- alimemazine vs cyamemazine tartrate vs trihexyphenidyl hydrochloride vs propicizine, sphingomyelinase fibroblast activity, 12062

The perinatal opioid syndrome: Laboratory findings and clinical implications, 35488

Stress and immune function in humans, 8318

Central Nervous System Disorders [See Also Acalculia, Agraphia, Alcoholic Hallucinoses, Alcoholic Psychosis, Alzheimers Disease, Ataxia, Athetosis, Brain Concussion, Brain Damage, Brain Disorders, Brain Neoplasms, Cerebral Palsy, Cerebrovascular Accidents, Chorea, Delirium Tremens, Encephalitis, Encephalomyelitis, Epilepsy, Epileptic Seizures, Grand Mal Epilepsy, Huntingtons Chorea, Hydrocephaly, Korsakoffs Psychosis, Microcephaly, Minimal Brain Disorders, Neurosyphilis, Organic Brain Syndromes, Parkinsons Disease, Petit Mal Epilepsy, Picks Disease, Poliomyelitis, Presenile Dementia, Senile Dementia, Toxic Psychoses]—Serials

anatomical mechanisms of ganglioside induced behavioral recovery in CNS injury, 28037

atropine, learning & memory, patients with Alzheimer's disease vs multi-infarct dementia vs Parkinson's disease with vs without dementia, 6486

baclofen induced mania, male 74 yr old with cervical myelopathy, letter, 44279

clinical & prognostic features, Jewish Libyan immigrants vs non-Libyan patients with Creutzfeldt-Jakob disease, 1963-87, Israel, 6092

CNS diseases provoking sleep modifications & disorders, literature review, 35854

CNS dysfunction & learning disabilities, literature review, 13252

cortical deficit, 22-54 yr old HIV positive asymptomatic homosexual males, 35734

deficit in dolichol metabolism, female 4 yr old with Rett syndrome, case report, letter, 39686

dissociation of disinhibited vs apathetic vs akinetic frontal lobe syndrome by verbal fluency test, adults & elderly with head injury vs dementia vs mixed CNS disorders, Australia, 28032

frequency & topography & distribution & maturation stage of neurofibrillary tangles, postmortem brains of 5-31 yr olds with subacute sclerosing panencephalitis, Poland, 13571

gene linkage analysis of codon 178 ASN PRNP mutation, family members of Western European origin with Creutzfeldt Jakob disease, 31946

impairment of CNS cholinergic function in Alzheimer's & Korsakoff's & Parkinson's & Huntington's disease, conference presentation, 2171

interdisciplinary exchange between clinical psychology & optometry, female 11 yr old with loss of visual functioning & adrenoleukodystrophy, commentary, 6181

latencies & amplitudes & scalp distributions of early & late components of EPs, 56-70 yr olds with progressive supranuclear palsy, 2057

magnetic stimulation of brain, central motor pathway conduction, 11 & 13 yr old siblings with Cockayne's syndrome, 13481

massage, self injurious behavior, female 14 yr old with Cornelia de Lange syndrome, case report, 44176

misleading symptoms & death due to central pontine myelinolysis, chronic schizophrenic 50 yr old female, case report, implications for risk in psychiatric patients, 35237

neuroanatomical & neurophysiological underpinnings of delusions & relation to CNS disorders, 39277

patterns of behavior change, patients with traumatic head injury vs neurotoxic chemical CNS insult, 13507

phenotype characteristics, families with Creutzfeldt Jakob disease with codon 178 ASN PRNP mutation, 31923

rare diseases causing CNS pathology, autistic patients, commentary reply, 16812

seizure incidence & potential for control & remission, children with myelomeningocele, 43823

sensitivity of Rey Auditory Verbal Learning Test & vs other neuropsychological measures, 16 yr olds & older with mixed brain impairment, 11339

therapeutic prospects of cell transplantation into CNS, animals vs patients with Parkinson's vs Huntington's vs other neurodegenerative diseases, animal models, 609

tricyclic antidepressant induced neural symptoms, literature review, 36243

use of psychophysiological techniques in assessment & treatment, patients with CNS disorders, 2216

Central Nervous System Disorders [See Also Acalculia, Agraphia, Alcoholic Hallucinoses, Alcoholic Psychosis, Alzheimers Disease, Ataxia, Athetosis, Brain Concussion, Brain Damage, Brain Disorders, Brain Neoplasms, Cerebral Palsy, Cerebrovascular Accidents, Chorea, Delirium Tremens, Encephalitis, Encephalomyelitis, Epilepsy, Epileptic Seizures, Grand Mal Epilepsy, Huntingtons Chorea, Hydrocephaly, Korsakoffs Psychosis, Microcephaly, Minimal Brain Disorders, Neurosyphilis, Organic Brain Syndromes, Parkinsons Disease, Petit Mal Epilepsy, Picks Disease, Poliomyelitis, Presenile Dementia, Senile Dementia, Toxic Psychoses]—Chapters

Brain and space: Some deductions from the clinical evidence, 20544

The effects of prenatal alcohol on the central nervous system, 13223

Genetic sequences of influenza virus in children with congenital CNS pathology, 16924

Hepatic encephalopathy coexistent with alcoholism, 13404

Neurologic aspects, 20464

Neuropathology of HIV infection in children, 27985

Pediatric and adolescent patients, 9849

Cerebellar Nuclei [See Cerebellum]

Cerebellopontine Angle [See Cerebellum]

Cerebellum—Serials

abnormalities in cerebellar metabolism, medicated 22-41 yr olds with chronic schizophrenia, 35257

- acute ethanol, excitability of cerebellar Purkinje & hippocampal neurons in embryonic cultures, rats, animal model of alcohol intoxication, 22849
- alcohol, 11C flumazenil binding in neocortex & cerebellum, healthy male 26–35 yr olds, 42382
- anatomical & behavioral evidence of contribution of cerebellum to cognitive & language & motor function, 8144
- anatomical locations of vermal Purkinje cells responding during saccadic vs smooth pursuit eye movements vs chair rotation vs optokinetic stimulation, macaques, 34170
- beta-A4 amyloid protein deposition in cerebellum, 37–98 yr olds with sporadic vs familial Alzheimer's disease vs Down's syndrome, 19957
- cerebellar dysfunction, pathogenesis of schizophrenia, literature review, 16606
- cerebellar interpositus nucleus lesions, classical nictitating membrane vs discriminative avoidance conditioning, rabbits, 18890
- cerebellar interpositus nucleus lesions, classical nictitating membrane vs discriminative avoidance conditioning, rabbits, erratum, 38231
- cerebellar localization vs distribution of memory traces for acquisition & retention of classically conditioned discrete behavioral responses, 4486
- cerebellar processing & contribution to higher nonmotor & intellectual & emotional & behavioral functioning, 15558
- cerebellar syndrome, 48 yr old female with celiac disease & vitamin E deficiency, case report, 5984
- cerebellum & brain stem circuitry, auditory cortex electrical CS in eyeblink conditioning, male rabbits, 34149
- chronic alcohol, development of physiological function in cerebellar Purkinje neurons, 20 day old rat embryos, 4734
- computer simulation, analysis of firing behavior from Purkinje cell ionic conductances interaction, 11178
- connectivity tracing between pontine nuclei & anterior interpositus nucleus, rabbits, implications for CS pathway for classical eyelid conditioning, 34175
- decerebellation, massed practiced conditioning of eyeblink reflex, rabbits, replication, commentary, 476
- distribution of sigma receptors in neocortex & hippocampus & basal ganglia & cerebellum & pineal & pituitary glands, postmortem adult brains, 8133
- essential fatty acids in frontal & cerebellar cortex, postmortem brains of schizophrenic patients, 12922
- frontal system dysfunction & delayed alternation & response, 19–47 yr old family members with dominantly inherited olivopontocerebellar atrophy, 6076
- historical & phrenological perspective on nonmotor functions of cerebellum, 38200
- lidocaine in interpositus nucleus & caudal red nucleus, conditioned eyeblink & neuronal response, rabbits, 30262
- medial vs vermal vs lateral cerebellar nuclei lesions, long term habituation of acoustic startle reflex, male rats, 18856
- MRI measurement of cerebellum & pons & 4 ventricles, 8–53 yr old autistic males, 35529
- MRI measurements of posterior fossa, autistic 18–38 yr olds, conference presentation, 31707
- neuroanatomy & abnormality of posterior fossa structures, autistic 2.7–16.8 yr olds, 39607
- neuropsychological deficits & clinical history & serology & neuroradiological studies, 68 yr old male with Lyme disease with neuroborreliosis with cerebellar symptoms, Italy, case report, 43668
- neuropsychological functioning, male 21 yr old with idiopathic cerebellar degenerative disorder, 39797
- neurotoxicity of mussel extract with domoic acid & biochemical effects of excitatory amino acids, cultured cerebellar neurons of rat pups, implications for neuropathology, 38215
- oculomotor stimulation, floccular Purkinje cell responses during reflex eye movements, pigmented rabbits, 11817
- offspring & maternal genotype vs environmental factors, cerebellar foliation patterns, inbred strains of mice, behavior implications, 4368
- PCP vs sigma agonist 1,3-di(2tolyl) quinine in cerebellum with vs without 6-OHDA lesion or haloperidol, Purkinje neuron electrophysiological response, male rats, 22793
- perceptual judgments of velocity of moving stimuli, 21–76 yr olds with cerebellar lesions, 16984
- postmortem cerebellar atrophy on computed tomography, 70–79 yr olds with mixed vs pure dementia or Alzheimer's type & vs multi-infarct dementia or other pathological diagnoses, 35793
- role of cerebellar function in adaptive coordination of movement, 30320
- slip of hand held object, response of cerebellar cortical neurons, female monkeys, 30272
- somatostatin with vs without arginine vasopressin or arginine vasopressin antagonist, cerebellar Purkinje cells & vestibular nuclei responses & CNS neuropeptide toxicity, male rats, 11976
- time interval after cerebellectomy, glutamate & aspartate & GABA & glycine & taurine levels in thalamus & cerebral cortex, rats, 4404
- transformation of visual motion inputs into motor commands for pursuit eye movements in floccular Purkinje cells of cerebellum, monkeys, 660
- vermian cerebellar atrophy, psychopathology & syndrome symptoms, schizophrenic patients, 16603
- Cerebellum—Chapters**
- Cerebellar synaptic plasticity: Relation to learning versus neural activity, 15583
- Cerebellum and classical conditioning of motor responses, 15416
- Substrates for motor learning: Does the cerebellum do it all?, 15410
- Cerebral Aqueduct [See Cerebral Ventricles]**
- Cerebral Arteriosclerosis—Serials**
- A. Alzheimer's & E. Kraepelin's descriptions of Binswanger's disease, 28080
- Cerebral Cortex [See Also Amygdaloid Body, Auditory Cortex, Basal Ganglia, Caudate Nucleus, Cerebral Ventricles, Corpus Callosum, Frontal Lobe, Globus Pallidus, Gyrus Cinguli, Hippocampus, Left Brain, Limbic System, Motor Cortex, Occipital Lobe, Parietal Lobe, Right Brain, Somatosensory Cortex, Temporal Lobe, Visual Cortex]—Serials**
- ablation of sensorimotor region of cortex, response to species specific agonistic acoustic signals during subthreshold electrical stimulation of hypothalamus, adult male cats, 11803
- acute iv haloperidol, SPECT images of regional cerebral blood flow using technetium-99m hexamethyl-propyleneamine oxime distribution, unmedicated schizophrenic 22–29 yr olds, 32352
- alcohol, 11C flumazenil binding in neocortex & cerebellum, healthy male 26–35 yr olds, 42382
- algorithm for modeling of polypmap architectures of cerebral neocortex, 37422
- amphetamine, neurotransmitter release from cortical & striatal slices, male rats, animal model of amphetamine induced psychosis, 12066
- autistic features & mental retardation, 3–12 yr olds with cerebral gigantism, 27920
- benzodiazepine treatment, regional cerebral metabolism during passive vs active vigilance viewing, patients with generalized anxiety disorder, 2729
- bilateral blood flow velocity in middle cerebral arteries, 55–72 yr olds with Alzheimer's disease, 39805
- blockade of spontaneous bioelectric activity by tetrodotoxin, maturation of regional networks in organotypic neocortical explants, brains of rat pups, 4387
- calcium channel blocker, hyperactivity & neurochemistry in frontal cortex, spontaneously hypertensive male rats, 11777
- cerebral blood flow & oxygen metabolism assessed by positron emission tomography, 25–57 yr olds with neuroleptic malignant syndrome, 9220
- cerebral blood flow indices, clinical & demographic characteristics & symptoms & neuropsychological functions, schizophrenic patients, 12949
- cerebral cortical mechanisms of reaching movements, 30296
- cerebral glucose utilization, 24–58 yr olds with myotonic dystrophy, France, 28040
- cerebral localization in articulatory dyspraxia following focal cerebral trauma & intracerebral hemorrhage, 18 yr old male, 3 mo followup, case report, 31927

- cerebral metabolic rates for glucose, patients with familial vs sporadic Alzheimer's disease, 28046
- cessation of dietary restrictions, spastic paraparesis & cerebral white matter abnormalities, 19 yr old male with phenylketonuria, 44253
- changes in content & composition of gangliosides in cerebral cortex, postmortem brains of 56–64 yr old patients with Alzheimer's disease, Yugoslavia, 39853
- characteristics of hypergraphia, 80 yr old male with metastatic brain tumor in right cerebral hemisphere, case report, 28050
- cholinergic lesions of nucleus basalis magnocellularis, amygdaloid & cortical muscarinic receptor binding, male rats, 22539
- chronic MK-801, local cerebral glucose utilization & ligand binding to N-methyl-D-aspartate receptor complex, rats, 19105
- clinical & electrophysiological & biochemical & cerebral blood flow analyses of brain dysfunction, autistic infants & children, 27775
- cognitive & cerebral blood flow in lateral asymmetries, 55–60 yr olds with Parkinson's disease, 13459
- coherent structures of spontaneous cerebral cortical EEG, 18–30 yr olds, 15620
- connections among limbic & basal ganglia & cortical structures & mesolimbic dopamine transmission, pathogenesis of schizophrenia, 1717
- correlation of regional cerebral blood flow with clinical symptoms, 21–65 yr olds with cycloid psychosis, Sweden, 23693
- cortical ablation, hopping reaction & brightness discrimination, newborn vs adult rabbits, conference presentation, 4493
- cortical mechanism of motor planning & concept of function within cerebral cortex, monkeys, 34173
- cortical neural substrates of visual perception vs visual control of actions, humans & monkeys, 22553
- CR effectuation, interaction of heterogeneous synaptic inputs of neocortical neurons & intracortical glutamate connections, animals, 26431
- density of neuropathological lesions in hippocampal & neocortical & cingulate regions, postmortem brains of patients with Alzheimer's disease, 13492
- depression & cerebral glucose metabolism, 15–42 yr olds with complex partial seizures with left vs right temporal vs bilateral vs indeterminate foci, 43750
- diagnostic criteria for dementia associated with cortical Lewy bodies, letter, 20493
- diagnostic sensitivity & specificity of positron emission tomographic images of regional cerebral blood flow, 57–84 yr olds with Alzheimer's vs Parkinson's disease, 39877
- diagnostic utility of & pathologic features in cerebral biopsies, 32–78 yr olds with atypical dementia, 24132
- diagnostic utility of MRI & cerebral computerized tomography for assessment of cerebral atrophy, male 32–62 yr olds with occupation related solvent induced encephalopathy, 31966
- diazepam & conscious perception of words, organization & electrical responses of cerebral cortex, 20–35 yr old males, 30359
- diazepam vs ondasetron, cerebral blood flow & anxiety, 18–64 yr olds with generalized anxiety disorder, 13948
- diffuse cortical dysplasia, epileptic patients with or without mental retardation, Canada, 9815
- disease progression, cortical glucose metabolism, 18–77 yr olds with Huntington's disease, 28063
- distribution & density of somatostatin binding sites in entorhinal cortex & hippocampus, postmortem brains of 61–95 yr olds with senile dementia of Alzheimer's type, 6123
- distribution of sigma receptors in neocortex & hippocampus & basal ganglia & cerebellum & pineal & pituitary glands, postmortem adult brains, 8133
- drinking, icv angiotensin-II induced shift in regional cerebral blood flow & brain region activation, male rats, 34130
- early postnatal AF64A lesion, biochemical activity of choline acetyltransferase & acetylcholinesterase in hippocampus vs neocortex vs striatum & open field behavior & spatial learning, male rats, 18845
- electrical stimulation of raphe nucleus with vs without scopamine & vs parachlorophenylalanine & vs urethane, hippocampal & neocortical electrical activity & motor behavior, male rats, 22653
- estradiol, neurite growth in organotypic cultures of hypothalamus or preoptic area or cerebral cortex, rodents, implications for sexual differentiation, 26683
- ethanol, 3H GR65630 binding to 5-HT3 receptors in membranes from NCB-20 cells & cortex plus hippocampus, male rats, 12039
- executive function & memory & functional capacities & SPECT assessed cerebral blood flow in frontal vs temporal vs thalamic regions, 7–66 yr olds with severe closed head injury, 43783
- frustration tolerance level, central & cerebral circulation during antiorthostatic test, 7–10 yr olds, 22933
- grafts of cholinergic rich neurons to neocortex or hippocampus, memory & cognitive functioning, young vs aged rats, implications for dementia, 591
- hippocampal formation & dystrophin neurites & neurofibrillary tangles & senile plaques in neocortical regions, postmortem brains of 53–99 yr olds with dementia of Alzheimer's type, 2224
- hippocampus vs overlying neocortex lesions, acquisition of classically conditioned nictitating membrane response in switched vs unswitched contexts, rabbits, 4460
- ibotenic acid induced lesions of anterior vs posterior cingulate cortical areas, spatial learning & memory, 5–6 wk old mice, 8153
- ibotenic acid lesion of nucleus basalis magnocellularis, zinc content or metabolism in frontal vs parietal cortex, male rats, implications for Alzheimer's disease, 11775
- insular cortex & peri-insular structural abnormalities & ictal events & phenomenology, 50 yr old male & 31 & 76 yr old females with partial seizures & gustatory hallucinations, 28026
- islet activating protein & antidepressants, 5-HT-1A receptors in cortical membranes, male rats, 34288
- lesions of neocortical sites along posterior axis, tactile & proprioceptive forelimb vs hindlimb placing reactions, male rats, 30271
- letter recall & decision making & problem solving transcranial Doppler ultrasound measures of middle cerebral artery blood flow velocity, college students, 38313
- lithium & vs pilocarpine induced seizures, inositol triphosphate & cyclic adenosine & guanosine monophosphate in cerebral cortex & hippocampus, rats, 34355
- local cerebral blood flow, 62–83 yr olds with senile dementia of Alzheimer's type, 43798
- locality & percentage of gray vs white matter in brain, schizophrenic 23–45 yr old males, 27546
- long term lithium vs desipramine vs tranylcypromine, 3H-forskolin binding augmented by mM MgCl-2 vs sodium fluoride vs guanylyl-5-ylimidodiphosphate in cerebral cortical membranes, male rats, 12087
- memory disturbances, patients with anterior communicating artery rupture with vs without striatal & vs basal forebrain & vs ventral frontal lesion, Germany, 39847
- midline subcortical structures & brain stem anatomy, patients with anorexia nervosa vs bulimia, 39645
- MK-801 vs 1-aminocyclopropanecarboxylic acid vs imipramine, downregulation of cortical beta adrenoceptors, male mice, animal model of antidepressant therapy, 26655
- MRI assessed double cortex neuronal migration anomaly, severely mentally retarded female 14 & 18 yr olds with Lennox-Gastaut epileptic syndrome, 23969
- MRI assessment of planum symmetry in neurobehavioral research of lateralization, left handers with family sinistrality, implications for developmental dyslexia, 26429
- MRI estimates of volume of lenticular nuclei & cerebral cortex, schizophrenic 18–46 yr olds, 5651

- multiple reversible cerebral lesions assessed by MRI, female 20 yr old with acute intermittent porphyria, case report, 2060
- muscarinic acetylcholine antagonist propylbenzylcholine mustard in frontal vs parietal vs occipital cortex, learning & memory in avoidance tests, male rats, conference presentation, 8205
- neocortical hemidecortication, amphetamine induced rotational asymmetry & striatal neurotransmission of dopamine vs 5-HT vs DOPAC vs HVA vs 5-HIAA, male rats, 30261
- noise bursts vs real speech syllables, lateralization of cerebral activation during phonetic vs pitch discrimination, adults, 38245
- nonlinear dynamics of cerebral & frontal lobe maturation & continuous vs discontinuous cognitive development, humans, 8658
- novel odors, short latency single neuron discharge during olfactory discrimination task, awake unrestrained male rats, 4545
- novel words, cerebral glucose metabolic rate & EPs, males, 715
- oxiracetam vs alpha-glycerolphosphorylcholine, protein kinase C activity in cortical membrane, male rats, 30493
- pathogenesis of leukoariosis & local cerebral perfusion, 62-79 yr olds with senile dementia of Alzheimer's type, 35833
- PCP, development of cerebral cortical cells in culture, 14 wk old human fetuses, 30519
- peripheral sciatic nerve lesions, reorganization of somatosensory maps in cerebral cortex, rats, 30267
- phenibut vs piracetam vs narcotics, synchronization dynamics in functioning of cortical & hippocampal neurons, rabbits, 12124
- physical activity, spatial memory & hippocampal & cortical cholinergic functioning, male F344 rats, 22547
- plasma HVA & cerebral blood flow & central dopaminergic activity, male 18-58 yr olds, implications for etiology of schizophrenia, 4442
- positron emission tomography of regional cerebral metabolic activity during oral reading, right handed adult males with vs without childhood & family history of developmental dyslexia, 1985
- postnatal development of afferent & efferent connections of insular cortex, kittens, implications for visual & auditory & sensorimotor development, 15560
- presence of neurotransmitter & neuropeptide specific neuronal cell types in mammalian isocortex vs reptilian dorsal cortex, turtles, implications for role in information processing & learning capacity, 8177
- prevalence of white matter hyperintensity signals, psychiatric patients vs healthy volunteers, 35086
- progressive dementia & neocortical & brain stem Lewy bodies & other neuroanatomical features, female 65 yr old with Lewy body variant of Alzheimer's disease, case report, 2165
- P300 EP latency & MRI assessed cerebral white matter involvement & cognitive deficits & disease duration & disability, 22-64 yr olds with multiple sclerosis, 24131
- quantitative MRI of microstructural cerebral abnormalities, heroin &/or cocaine dependent male 22-42 yr olds, 39505
- quantitative regional white matter hyperkinesia & global cognitive performance & neuropsychological functions, 75 yr olds & older with dementia vs healthy aging, 43734
- regional cerebral blood flow & frontal lobe pattern of cognitive deficits, patients with Parkinson's disease, Austria, 2195
- regional cerebral blood flow & glucose utilization in soman induced convulsions, male rats, 38228
- regional cerebral blood flow & psychomotor poverty vs disorganization vs reality distortion symptom profiles, schizophrenic 21-54 yr olds, 35233
- regional cerebral blood flow & symptoms, schizophrenic 23-38 yr old males, Japan, 35226
- regional cerebral blood flow during pain free intervals, 17-61 yr olds with classic migraine & cluster headache, 9656
- regional cerebral blood flow during word fluency speech production, adults, 15576
- regional cerebral blood flow, patients with Parkinson's vs Alzheimer's disease, conference presentation, 20511
- regional cerebral blood flow, 46-78 yr olds with Alzheimer's disease vs multi-infarct dementia, 6065
- resting & counting & lexical decision & semantic & orthographic verbal fluency & final rest tasks, cortical areas involved in intrinsic activation of word presentations, male 29-43 yr olds, 18842
- role of ascending cholinergic & serotonergic projections in activation of electrocorticogram, implications for animal research, 34225
- role of cerebral cortex & spinothalamic tract & other regions in pain perception, humans & nonhuman primates, 22600
- role of cerebral cortex & spinothalamic tract & other regions in pain perception, humans & nonhuman primates, commentary, 42044
- role of cerebral cortex & spinothalamic tract & other regions in pain perception, humans & nonhuman primates, commentary reply, 42037
- role of cerebral cortex & spinothalamic tract & other regions in pain perception, humans & nonhuman primates, commentary, 42007
- role of luminance & brightness in cortical modulation of visual contrast information, 21-37 yr olds, 22610
- scopolamine vs mecamlamine, cognitive function & regional cerebral blood flow, healthy 59-69 yr olds, implications for Alzheimer's disease, 34339
- semantic incoherence in sentence word monitoring, cerebral blood flow, 39-57 yr olds, 26523
- sensitivity of Trail Making Test A & B vs Digit Span Forward & Backward vs Tactual Performance Test Memory & Location Scores, patients with right vs left hemisphere cerebral lesions, 11333
- shape & figure ground discrimination, 71 yr old female with partial cortical blindness & degeneration, 17035
- single & repeated ECS, regional cerebral blood flow & glucose metabolism, rats, 577
- single word processing, neuronal impulse activity in different cortical areas & subcortical nuclei of thalamus & striatum, 10-58 yr olds, 34506
- sleep EEG & cranial computed tomography, 18-48 yr olds with anxiety disorders, 39401
- spatial & orientation disparity of binocular tuning curves, response properties of cells in Area 21a of cerebral cortex, cats, 42128
- spatiotemporal organization of electrical activity of frontal & parietal & occipital regions of cerebral cortex during intellectual activity, 22-37 yr olds, USSR, 30357
- SPECT assessment of regional cerebral blood flow during verbal fluency task, female 59-78 yr olds, 4477
- SPECT assessment of regional cerebral blood flow, 5-11 yr olds with primary autism, 43538
- SPECT regional cerebral blood flow & neuropsychological testing, HIV seropositive vs seronegative methadone maintained substance abusing 21-46 yr olds, 12780
- stability of regional cerebral blood flow & clinical symptomatology, schizophrenic 34-49 yr olds, Sweden, 18 yr follow-up, 27494
- stimulus properties, visual bisection of lines & circles & other objects, 22-82 yr olds with right cerebral hemisphere damage & visual neglect, 13560
- superficial polarization of cerebral cortex, extinctive inhibition, dogs, 34214
- synapse between catecholamine fibers & neuropeptide Y containing neurons & acetylcholine loss in cerebral cortex, rats, animal model of pathogenesis of Alzheimer's disease, conference presentation, 8187
- systematic or intracerebral opioid agonists vs antagonists, aggressive & affective defense behavior, cats, 42417
- thermal pain stimulus, cerebral blood flow in contralateral anterior cingulate cortex & thalamus, healthy volunteers, commentary & reply included, 22563
- time interval after cerebellectomy, glutamate & aspartate & GABA & glycine & taurine levels in thalamus & cerebral cortex, rats, 4404

- tomography assessed cortical blood flow changes & neuropsychologic deficits, patients with unilateral vs bilateral non-hemorrhagic thalamic infarctions, 6070
- trimipramine, depolarization & sodium & calcium exchange induced calcium uptake in cortex synaptosomes, male rats, 30460
- unilateral cortical removal, performance on recency discrimination tasks, 15–55 yr olds, 6691
- up down asymmetry in vertical pursuit eye movements, male monkeys, model of directional deficit in humans following cortical lesions, 22556
- utility of neuropsychological tests composing Impairment Index, prediction of cerebral dysfunction, patients with vs without brain damage, 11337
- visual information processing, factor structure of EEG spectrum of cerebral hemispheres, analytic vs holistic 20–40 yr olds, 15596
- yohimbine, auditory EPs, male rats, 38502
- 5-HT2 & beta adrenergic receptor binding in prefrontal & temporal cortex, postmortem brains of 15–81 yr old suicide victims, 35348
- Cerebral Cortex** [See Also Amygdaloid Body, Auditory Cortex, Basal Ganglia, Caudate Nucleus, Cerebral Ventricles, Corpus Callosum, Frontal Lobe, Globus Pallidus, Gyrus Cinguli, Hippocampus, Left Brain, Limbic System, Motor Cortex, Occipital Lobe, Parietal Lobe, Right Brain, Somatosensory Cortex, Temporal Lobe, Visual Cortex]—**Chapters**

- The benign and malignant forms of orgasmic cephalgia, 35716
- Cerebral Ischemia**—**Serials**
- frequency of individual & combined risk factors, patients with ischemic cerebral stroke vs encephalopathies due to circulatory disorders, 28001
- genetic hypertension, susceptibility to cerebral ischemia, spontaneously hypertensive vs Sprague Dawley vs Wistar Kyoto male rats, 41985
- induced brain ischemia, passive avoidance & discrete level press avoidance, male Mongolian gerbils, implications for species specific learning & memory tests, 34151
- models of cerebral ischemia & hypoxia in study of cognition enhancing drugs, conference presentation, 19180
- N-methyl-D-aspartate antagonists, cerebral ischemia patients, literature review, 6445
- pathogenesis & diagnosis & treatment & prevention of ischemic disorders of cerebral circulation, 28014
- selective deficit for writing vowels in acquired dysgraphia, 43 & 62 yr old males with ischemic infarctions, 9765
- validation & sensitivity of Ischemic Score, assessment of vascular etiology, 58–94 yr olds with Alzheimer's type vs multi-infarct vs mixed dementia vs Pick's disease, 2189
- 5 vs 20 min vs repeated ischemia, locomotor activity & retention on passive avoidance task & working memory maze performance & hippocampal & striatal neuronal death, male gerbils, animal model, 38190
- Cerebral Lesions** [See Brain Lesions]
- Cerebral Palsy**—**Serials**
- ability to make perceptual judgments about own body size & environment, 7–14 yr olds with vs without athetoid or spastic cerebral palsy, 31955
- acoustic features of speech & perceptual judgments of word intelligibility, 21–41 yr olds with mixed dysarthria & cerebral palsy, 31273
- acquisition of quantity conservation concepts, 5.5–12.2 yr olds with cerebral palsy, 31967
- anticipatory isometric force control & prehension, 6–8 yr olds with cerebral palsy, 43633
- attitudes toward & exposure to augmentative communication training at school & home, language impaired 3.5–9.7 yr olds with cerebral palsy & their parents & teachers, 1.5 yr study, 10590
- augmentative communication training, pragmatic features of sign & symbol utterances in conversation, language impaired 3.5–9.7 yr olds with cerebral palsy, 7.5 yr study, 10589
- clinical features & brain morphology & lesions assessed by computed tomography, 5–16 yr olds with hemiplegic cerebral palsy, 43852
- concrete vs abstract tasks, movement control, 3–7.3 yr olds with cerebral palsy, implications for assessment & therapy, 43848
- conductive vs traditional special education, children with cerebral palsy, 33155
- coordination of grip & load forces during prehension, 6–8 yr olds with cerebral palsy, 43770
- CSF acetylcholinesterase activity & lack of inhibition by physostigmine, adult patients with progressive supranuclear palsy, 13461
- demographics & social support & self esteem, male vs female adults with cerebral palsy originally assessed as adolescents, implications for occupational therapy, 2221
- development & validity & reliability of Assessment of Behavioral Components, assessment of posture & motor development, children with cerebral palsy, 37499
- EEG changes during biocontrol training of new motor skill, 8–10 yr olds with vs without infantile cerebral palsy, 24603
- functional biocontrol training using EMG parameters, readjustment of EEG patterns & motor skill acquisition, 8–10 yr olds with vs without infantile cerebral palsy, 24605

- increased exposure to physiotherapy, motor skill acquisition, 2-12 yr olds with cerebral palsy & severe learning difficulties, England, 44516
- intramodal & crossmodal limb position judgments & integrity of visual proprioceptive mapping, 10-15 yr olds with severe cerebral palsy, 17024
- missing item format in communication training, requests during snack periods & generalization, 6 yr old male with Down's syndrome & retarded 5 yr old female with cerebral palsy, 13823
- nonprogressive nature of disorder & later decline in physical functioning, adults with cerebral palsy, 31983
- Piagetian method of critical exploration, understanding of quantity conservation, male 8.4 & 9 yr olds with cerebral palsy, 20514
- self initiated conversation intervention strategy, augmentative communication system learning, adult males with cerebral palsy & severe motor & speech deficits, 3199
- sexuality counseling, male 25 yr old with cerebral palsy & generalized athetosis, 6254
- stress factors, parents of 0-5 yr olds with Down's syndrome vs cerebral palsy vs serious health impairments & exceptional educational needs, 27356
- threshold vs nonthreshold visual feedback signals during biofeedback sessions, 8-12 yr olds with severe infantile cerebral palsy, 24604
- validity & reliability of Sport Interest Inventory, assessment of sport socialization, 13-21 yr olds with cerebral palsy, 33563
- Cerebral Vascular Disorders [See Cerebrovascular Disorders]**
- Cerebral Ventricles—Serials**
- behavioral underarousal of autonomous nervous system in infancy & widened 3rd ventricles in adulthood, 15 yr olds at high vs low risk for schizophrenia, Denmark, 25 yr study, 39357
- choroid plexus calcification, suicidal behavior, bipolar & schizophrenic 20-62 yr olds, 16509
- clinical parameters, ventricle brain ratio & neuroleptic treatment outcome, chronic schizophrenic 20-66 yr olds, Belgium, 35258
- cognitive features of ventricular enlargement, vascular 51-80 yr olds with leuko-araiosis, 9820
- COOH terminal fragments & receptor agonists of neuropeptide Y in 3rd cerebroventricle vs paraventricular nucleus, cumulative food intake, male rats, conference presentation, 4745
- educational level & schizophrenic subtype, ventricular brain ratio, patients, 9315
- extrapyramidal side effects & psychiatric symptoms & ventricular brain ratio, older chronic schizophrenic patients, 2-4 yr followups, 12920
- Gaussian analysis of ventricle to brain ratio distributions, schizophrenic patients, 12910
- icv corticotropin releasing hormone, numbers of splenic lymphocytes & T subpopulation & cellular immunity, male rats, 30398
- injection of bombesin in 4th ventricle, food intake & 1st meal size & intermeal interval & satiety & grooming & exploration & resting, male rats, 8369
- lateral ventricle & limbic structure volume reduction in amygdala & hippocampus, postmortem brains of schizophrenic 22-91 yr olds, commentary, 5637
- lateral ventricle & limbic structure volume reduction in amygdala & hippocampus, postmortem brains of schizophrenic 22-91 yr olds, commentary reply, 5650
- lateral ventricle brain ratio & CSF HVA & 5-HIAA, adults with schizophrenia vs affective disorders, conference presentation, 1618
- lateral ventricle naloxone, systemic vs intrathecal ketamine induced antinociception, male rats, 22735
- lateral ventricle size, schizophrenic males vs females, commentary reply, 12915
- lateral ventricle size, schizophrenic males vs females, commentary, 12960
- lateral ventricle size, schizophrenic males vs females, commentary, 12968
- lesion site & size & occipital width asymmetries & ventricular size on computed tomography scans, 56-80 yr olds with stroke induced chronic unilateral neglect, 13473
- lidocaine lesion of anterior ventral wall of 3rd ventricle, deprivation or angiotensin II or salt induced water intake or sodium appetite, male rats, 34185
- medial septal inactivation via lidocaine or tetracaine, single unit activity of hippocampal vs entorhinal vs subicular cells, anesthetized or freely moving rats, 26407
- methionine enkephalin in lateral ventricles, immunomodulatory activity, male rats with experimental allergic encephalomyelitis, conference presentation, 15574
- month of birth, cerebral ventricular size & cortical atrophy, 16-69 yr olds with schizophrenia or major affective disorder, Italy, 31348
- morphological alterations in temporal lobe or brain ventricles, auditory P300 & smooth pursuit eye tracking, schizophrenic 20-50 yr olds, 12906
- MRI measurement of cerebellum & pons & 4 ventricles, 8-53 yr old autistic males, 35529
- MRI of ventricular enlargement & abnormal white matter hyperintensities, elderly with late onset schizophrenia vs Alzheimer's disease, 9178
- preinjury vs postinjury MRI of ventricular dilation & brain structure & neuropsychological outcome, 28 yr old male with traumatic brain injury, case report, 39864
- prevalence of cavum septum pellucidum in MRI scans & postmortem brains, schizophrenic patients, 39355
- prostaglandin E2 in cerebral aqueduct, sexual behavior & hypothalamic temperature, male rats, 4678
- tomography analysis of pineal & choroid plexus calcifications, elderly males with Alzheimer's disease, 2192
- tomography of cerebral morphology, sleep EEG & REM latency, patients with functional psychosis, 27563
- ventricle brain ratio, schizophrenic patients, meta analysis, 43287
- ventricle size & cortical atrophy & outcome, schizophrenic 22-47 yr olds, Italy, 2 yr study, 9323
- ventricle to brain ratio & area & region of stroke & white matter infarction, stroke patients with vs without dementia, 28004
- ventricular & temporal lobe size, clinical outcome, patients with 1st episode schizophrenia vs schizophreniform vs schizoaffective disorder, 2 yr followup, 27501
- ventricular enlargement & caudate hyperdensity, 61-84 yr olds with major depression, 12836
- ventricular to brain ratio & urinary free cortisol secretion & CSF corticotropin releasing factor & ACTH, patients with major vs bipolar depression vs schizophrenia, 35131
- volumetric measures of ventricular system assessed by automated MRI, chronic schizophrenic 20-55 yr olds, 5663
- 2,5-anhydro-D-mannitol in 3rd cerebral ventricle vs hypothalamus, food intake & plasma glucose & insulin, male rats, 22798
- 3rd & lateral ventricular volumes, schizophrenic 18-50 yr olds, conference presentation, 27537
- Cerebrospinal Fluid—Serials**
- cerebrospinal beta endorphin immunoreactivity, 6-21 yr olds with Rett syndrome vs phenylketonuria, 43657
- computed tomography assessment of ventricular & subarachnoid spaces in symmetric quadrants of CSF area, 66-82 yr olds with dementia of Alzheimer's type, England, 13497
- CSF acetylcholinesterase activity & lack of inhibition by physostigmine, adult patients with progressive supranuclear palsy, 13461
- CSF calcium & parathyroid hormone & monoamine & purine metabolites & blood brain barrier function & psychiatric disturbances, 32-74 yr olds with primary hyperparathyroidism, Sweden, 13361
- CSF diazepam binding inhibitor level & corticotropin releasing hormone, depressed patients & male pathological gamblers, 23538
- CSF GABA & 5-HIAA & MHPG analysis, 20-45 yr old females with PMS, 5990
- CSF injection from rats trained to cling to rotating bar, restoration of motor function, rats with damage to motor cortex, 30298

- CSF markers, patients with Alzheimer's disease, literature review, 13565
- CSF met-enkephalin-Arg6-Phe7 & dynorphin A, CSF beta endorphin, adult female with fibromyalgia, Norway, 6002
- haloperidol, CSF cholecystokinin, schizophrenic 19–44 yr olds, 12904
- interictal CSF HVA & 5-HIAA & neuropeptides & amino acids & cortisol & anxiety & depression & personality disorders, epileptic 21–42 yr olds, 31934
- long term oral zidovudine, CSF drug concentrations & neurologic symptoms, male 22–55 yr olds with AIDS, 2717
- lumbar CSF beta endorphin immunoreactivity, 2–29 yr olds with Rett's syndrome vs leukemia, 31817
- regional glucose metabolism in brain & CSF HVA & MHPG & 5-HIAA & neuropsychological functioning, 51–78 yr olds with dementia of Alzheimer's type, 6108
- segmentation techniques for classification of brain tissue into gray & white matter & CSF using MRI information, implications for Alzheimer's disease & schizophrenia, 38156
- Cerebrovascular Accidents—Serials**
- accuracy of weightbearing estimation, 30–84 yr old ambulatory stroke patients, 2147
- acquired lexical impairment, morphological & other paraphasias, 47 yr old female with left hemisphere stroke, case report, 13462
- activities of daily living during rehabilitation & after discharge, over 60 yr old stroke patients, New Zealand, 28831
- attitudes toward illness, prediction of progress in activities of daily living, 40–78 yr old stroke patients, 28012
- autosomal dominant inheritance pattern of leukoencephalopathy & subcortical ischemic stroke & dementia, family members, France, 39867
- biofeedback assisted bladder retraining, urinary incontinence, 61–69 yr old males with stroke, 6–12 mo followup, 24626
- category specific deficit for naming artifactual objects & body parts, male with frontoparietal infarct with midline shift, 28076
- cerebral lesion location, depression, 39–87 yr old stroke patients, 35787
- cognitive & physical functioning, dressing ability, 21–79 yr old stroke patients, 6052
- cognitive complexity of cartoons, humor appreciation & mood, right vs left hemisphere stroke patients, 20474
- cognitive perceptual retraining, unilateral neglect, poststroke patients, annotated bibliography, 17535
- computer presented games as memory rehabilitation, 57–81 yr old memory impaired stroke patients, UK, 36733
- concurrent validity of Rivermead Perceptual Assessment Battery & relationship with activities of daily living performance, 32–92 yr old stroke patients, Australia, 33699
- conduction time & P300 latency of somatosensory EPs, 46–81 yr olds with multiple cerebral infarcts, conference presentation, 20536
- correction of left nondominant hand mirror writing, hand motor patterns, 38 yr old female with subcortical cerebral infarction, 20527
- cortical diaschisis, pathogenesis of aphasia in deep seated left hemisphere lesions, 38–84 yr old stroke patients, 9768
- crossed vs motor vs other aphasia types & possible contributing features of Chinese language, 23–83 yr old stroke patients, China, commentary, 43782
- day hospital rehabilitation vs home physiotherapy, functional ability & time from onset to discharge, 39–90 yr old stroke patients, 36735
- depression associated with stroke, female 71 yr old, 12740
- depression, physical functioning, 47–72 yr old stroke patients, 20481
- depression, 29–73 yr old stroke & amputee rehabilitation patients, 36726
- detection of speech & swallowing disorders & referrals for speech therapy, medical caretakers of over 65 yr old stroke patients, 28882
- development of Copenhagen Stroke Scale, assessment of initial severity of neurologic deficit & subsequent course, stroke patients, Denmark, 29751
- development of delusional jealousy toward spouse, male 68 yr old recovered from right middle cerebral artery infarction, case report, 2157
- development of questionnaire for detection of everyday problems, 44–88 yr old right hemisphere stroke patients with unilateral visual neglect, 33681
- diagnosis & prevalence of poststroke depression, 40–85 yr olds with left vs right brain damage, 6041
- discriminant validity of Western Aphasia Battery, identification of language disturbances, elderly with probable Alzheimer's disease or cerebral infarction of right vs left hemisphere, 22074
- discrimination of prosodic & semantic aspects of affect in sentences, patients with right vs left cerebrovascular accident, 24138
- efficacy of model for evaluation of fitness to drive, 18–87 yr olds with cerebral damage due to head injury or stroke, 31941
- electrocortical mapping & MRI & neuropsychological measures, female 76 yr old with evidence of Alzheimer's disease & cortical infarct, 13535
- evaluation of Leeds Family Placement Scheme for short term support after hospital discharge, 28–79 yr old stroke patients, England, 36711
- facial recognition & matching abilities, 67 yr old male with right hemisphere stroke & delusional misidentification incident, 6053
- factor analysis & intercorrelation among subtest & validity & sensitivity of WAIS-R, stroke patients, 15089
- figure modulation, performance on horizontal & vertical line bisection task, 54 yr old male with left visuospatial neglect due to right hemisphere stroke, 6088
- flunarizine, counteraction of sensorimotor deficits due to neocortical thrombotic infarcts, rats, animal model of cerebral stroke, conference presentation, 8362
- Frenchay Aphasia Screening Test, dysphasia screening, 65–96 yr olds assessed 1 & 7 days following 1st stroke, 29660
- frequency & severity & phenomenology of dementia associated with depression, patients with Parkinson's disease or stroke, 9662
- frequency of perceptual problems & impact on daily life, elderly stroke patients, 1 mo & 2 yr followups, 31901
- functional cortical reorganization during recovery from conduction aphasia, 56–77 yr old stroke patients, conference presentation, 43763
- home vs day hospital based physiotherapy, functioning & caregiver stress & community support needs, over 60 yr old stroke patients, England, 32764
- individualized booklets with rehabilitation information, physical & social functioning, stroke patients released from hospital, 3 mo followup, 28835
- intellectual disturbance & motor disorder & brain atrophy, 47–84 yr olds with vascular parkinsonism vs lacunar stroke, 13509
- interhemispheric & intrahemispheric factors & processing mode & communication channel & neuropsychological theories of emotion, patients with brain damage or stroke, 31782
- interpretation of dichotic listening tests outcome, poststroke aphasic patients, 2230
- intrarater & interrater reliability of standardized assessment of sensory impairment, 47–83 yr old stroke patients, England, test appended, 29716
- iv lidocaine, central pain syndromes, 32–69 yr olds with hemispheric or spinal cord lesions, 36377
- lateralized stimuli, response latency of right hand assisted left hemiplegic hand, 65–78 yr olds with unilateral left visual neglect following cerebrovascular accident, 17009
- Leeds Family Placement Scheme community based rehabilitation program, recovering stroke patients, England, 32738
- left vs right hemispheric stimulation tasks, unilateral neglect, 57–74 yr olds with right cerebral vascular accident, 10261
- length of hospital stay, 29–79 yr old stroke or amputee patients with vs without comorbid depression, 32713

- letter by letter reading, left handed male 62 yr old with surface alexia following left hemisphere infarct, test of model of separate orthographic lexicons for reading & spelling, 43777
- limb apraxia without aphasia, right handed 81 yr old male with massive left middle cerebral artery stroke, case report, 6045
- lithium induced neurotoxicity following subcortical infarction, male 49 yr old with bipolar disorder, letter, 20843
- memory functioning & amnesia, 28 yr old male with bilateral thalamic infarction in interpeduncular profundus artery, 28005
- metacognitive strategy, processing information & knowledge of illness, stroke patients with vs without information booklet with vs without instructions to monitor comprehension, 40419
- MMPI characteristics & hemispheric lesion location & time poststroke & age & education & neuropsychological impairment, emotional adjustment, stroke patients, 16952
- Mount Vernon Service stroke therapy team model of care, 36731
- naloxone, opioid resistant central poststroke pain, 45–74 yr olds, England, 28559
- nature & prevalence & etiology of psychiatric disorder, stroke patients, 9740
- neuropsychological vs MRI vs EEG findings, male 42 yr old with prosopagnosia due to ischemic stroke in right posterior cerebral artery, case report, 13526
- occupational therapy, independence in activities of daily living, stroke patients, 6882
- occurrence & treatment of poststroke depression, conference presentation, 28013
- pattern of stroke producing increased stress hormone secretion & hyperglycemia, 16959
- patterns of brain asymmetries, major depression, patients with acute cerebrovascular lesions, 6048
- patterns of eye fixation & leftward search during line bisection task, 46–77 yr olds with left unilateral spatial neglect following right hemisphere stroke, 28052
- perception of social support & poststroke depression, adult & elderly hospitalized stroke patients, Australia, 2155
- perceptual & cognitive dysfunction, automobile driving, post-stroke hemiplegic male 56–69 yr olds, 20513
- phenomenology of poststroke hallucinatory delusional syndromes, patients without previous psychiatric disorder, 35855
- pragmatic communicative disorder, dextral 62 yr old male with cerebral infarction of right hemisphere, 28043
- prediction of sensory & perceptual cognitive & functional recovery of stroke patients, occupational therapists, 25045
- prognosis & recurrence & survival rate & occurrence of dementia or stroke, 36–80 yr olds with transient global amnesia, longitudinal study, 28042
- psychophysical early & later visual image motion processing, male 60 yr old with stroke induced bilateral lesions involving posterior visual pathways, case report, 6050
- psychotherapeutic issues, emotional reactions, stroke & brain tumor patients, 20934
- rate & specificity of diagnostic criteria for autonomic & psychological symptoms of depression, adults with acute stroke with vs without depressed mood, 2149
- reliability of verbally administered gross function scale of Rivermead Motor Assessment, stroke patients, 25804
- right hemisphere damage, sensitivity to conversational advances & blockers, 45–74 yr old brain damaged stroke patients, 24154
- right hemisphere dominance, 54 yr old left handed male with left hemisphere stroke, Italy, case report, 28009
- right vs left hemisphere brain damage, EPs in prosodic & semantic linguistic processing, male 45–75 yr olds with cerebrovascular accidents, 17020
- risk of stroke, panic disorder patients, commentary with reply, 12977
- role in stroke rehabilitation, occupational therapists, 14400
- safety & efficacy of ECT, medically ill 56–92 yr olds with poststroke depression, 40353
- scoring system for Wechsler Memory Scale's Logical Memory subset, recall of essential vs detail vs self generated propositions, veterans with left vs right cerebrovascular accidents, 25842
- screening for visual & tactile impairment, stroke patients, 35778
- sensitivity of immunocytochemical vs Holzer's method, detection of acute & chronic fibrillary gliosis, postmortem patients with multiple sclerosis vs Parkinson's disease vs temporal lobe infarct, 39891
- sensorimotor defects & cognitive skills & attitudes toward illness & brain lesions, 56–71 yr olds with right hemisphere stroke with vs without severe & persistent anosognosia, 16992
- shortened version of Rivermead Perceptual Assessment Battery, loss of assessment information, normal 16–92 yr olds vs stroke patients, 33700
- single oral word associations, right hemisphere damaged stroke patients, 9777
- size & postrolandic vs prerolandic lesions, ability to perform written calculations, left hemispheric stroke patients with acalculia, 2187
- social support & interaction & daily living activities & depression & other factors, urban dwelling 29–75 yr old stroke patients, 31902
- social work intervention, 50–81 yr olds with poststroke depression, England, 32640
- somatosensory EPs, rehabilitation outcome, 58–82 yr old stroke patients with hemi-inattention syndrome, 36724
- Star Cancellation Test performance, assessment of spatial neglect, right handed 60–83 yr old stroke patients, New Zealand, 35783
- stimulus size & shape & relative space position, visual comparison, adult & elderly cerebrovascular accident patients with right hemisphere lesions with vs without spatial neglect, 16956
- stress & relations with health professionals & quality of services & need for informal support, informal caregivers of patients with Alzheimer's disease or major stroke, New Zealand, 6765
- stuttering resulting from right hemisphere subcortical infarction, male 65 yr old, 6047
- supported employment approach to return to work, 24–39 yr olds with stroke or traumatic brain injury, 21225
- task demands, gestural performance, adult & elderly stroke patients with vs without left vs right hemispheric damage, 9744
- therapy for sentence processing deficits, aphasic elderly male stroke patient, replication, 10584
- time course of functional recovery after stroke, 63–79 yr olds, conference presentation, 28003
- tomography assessed cortical blood flow changes & neuropsychologic deficits, patients with unilateral vs bilateral non-hemorrhagic thalamic infarctions, 6070
- use & abuse & timing of illicit & over-the-counter sympathomimetic drugs & alcohol prior to symptom onset, stroke patients, 6046
- use & costs of health care resources & rehabilitation outcome, elderly hospitalized stroke patients during 1st yr, 14166
- use of DST as marker & postdexamethasone plasma cortisol, 35–72 yr old stroke patients with major depression, 1665
- variation in distractor stimuli, attentional demands in left hemispatial neglect, 52–76 yr olds with right hemispheric strokes, 16989
- ventricle to brain ratio & area & region of stroke & white matter infarction, stroke patients with vs without dementia, 28004
- verbal & visuospatial paired associate task performance, male 43–75 yr old stroke patients with unilateral brain injury, 2167
- verbal vs spatial cognitive strategy in oddity selection task, patients with left vs right hemisphere stroke, 2148
- vestibular stimulation, somatoparaphrenic delusion, 84 yr old female with right hemisphere frontotemporal parietal infarction, case report, 16967

- visual feedback of balance information, body weight transfer-
ence, 60 & 61 yr old left hemiplegic stroke patients, 32731
visuospatial vs verbal ability following right middle cerebral
artery stroke resulting in left hemiplegia, right vs left hand-
ed adult males, 16958
writing abilities, right handed male 60 yr old with massive
stroke & left hemisphere destruction, 13541
2 models of quantitative & qualitative differences of buc-
cofacial & limb apraxia, 32-78 yr olds with unilateral left
hemisphere cerebrovascular accident, 6113
- Cerebrovascular Accidents—Chapters**
Neuroimaging in secondary affective disorders, 2160
The relationship of migraine headache and stroke to oral
contraceptive use, 35703
The role of the frontal lobes in affective disorder following
stroke, 32036
- Cerebrovascular Disorders [See Also Cerebral Arteriosclerosis,
Cerebral Hemorrhage, Cerebral Ischemia, Cerebrovascular
Accidents]—Serials**
acute agitated delirium complicated with Anton's syndrome,
male 68 & female 73 & 75 yr olds with slow progressive
bilateral posterior artery infarction, 9747
adequacy of Meta Contrast Technique, disclosure of anxiety
& personality disturbances & differentiation of tumor
types, 26-76 yr olds with supratentorial brain tumors vs
cerebrovascular disease, 18323
assessment of ability to perceive & express emotional &
linguistic prosodic qualities of speech, patients with right
hemisphere infarcts, Sweden, 6067
carotid endarterectomy, neuropsychological outcomes, 42-75
yr olds with transient ischemic attacks vs cerebral infarcts,
10321
cerebral amyloid angiopathy & recurrent intracerebral hem-
orrhage, 60 yr old female with dementia, case report,
13476
clinical & pathological features associated with cerebral amy-
loid angiopathy, postmortem brains of 56-86 yr olds with
Alzheimer's disease, 28059
cognitive features of ventricular enlargement, vascular 51-80
yr olds with leuko-araiosis, 9820
ECT, psychiatric patients with compromised cerebral & car-
diovascular function, 20874
ectasia of pericallosal arteries, female 45 yr old with manic
depression, 12889
estrogen replacement therapy, cerebral perfusion & cognition,
female 40-90 yr olds with vs without cerebrovascular dis-
ease, 20949
factor analysis of & correction for unitary neurological sym-
ptom biasing factor in MMPI-2, patients with cerebrovascu-
lar disease, 15063
hyperbaric oxygenation, steady brain potential of very slow
physiological processes, 18-62 yr olds with cerebrovascular
disturbance of varied genesis, 17393
incidence & clinical aspects of moyamoya disease, children
with Down's syndrome or trisomy 21 & multiple cerebral
infarction, 13299
incidence & clinical aspects of moyamoya disease, 7 yr old
female with Down's syndrome, case report, 13281
incongruent & congruent visual field defects, 49-71 yr olds
with vascular lesions of lateral geniculate body, 28061
motor vs postictal vs visual neglect, female 8 & 9 & 11 yr
olds with cerebral abnormalities, case reports, 2150
nicergoline, dementia, elderly with cerebrovascular disorders
or Alzheimer's disease or other organic brain disease,
40393
sequential destruction of right posterior parietal area & por-
tions of right temporal & occipital & left parieto occipital
lobe, development of prosopagnosia, 54 yr old male with
multiple infarcts, 39819
state & trait anxiety & autonomic responsiveness & phys-
iological measures, 17-53 yr olds with neurosis vs risk for
cerebrovascular disease, 19971
transcranial Doppler sonography, assessment of blood flow
velocity & pulsability & vascular reactivity & vascular
dementia diagnosis, patients with multi-infarct vs Alzhei-
mer's type senile dementia, 9819
- unilateral extinction in tactile & visual modalities without
cross modal extinction, female 36 & 41 & 72 yr olds with
unilateral neurological infarcts or injuries, 28051
vascular pathogenesis, 84-86 yr olds with Charles Bonnet
syndrome, 9611

Channel Blockers—Serials
Bay K 8644 & nifedipine, locomotor activity & HVA con-
centration, acutely ethanol treated male rats, 19177
calcium channel blocker, hyperactivity & neurochemistry in
frontal cortex, spontaneously hypertensive male rats, 11777
calcium channel inhibitor Goe 5438, voluntary ethanol &
saccharin consumption, selectively bred alcohol preferring
male rats, 42393
calcium entry blockers diltiazem vs verapamil vs nifedipine
vs nicardipine with vs without imipramine, sensitivity of
central beta adrenoreceptors & isoprenaline induced water
drinking, male rats, 4793
calmodulin effect on enzyme of sodium potassium pump of
erythrocyte membranes, bipolar patients, 5599
CGS 10746B vs isradipine vs MDL 72222 vs ICS 205-903,
cathinone discrimination, male rats, 19160
diltiazem vs placebo, tolerability & suppression of symptoms
of tardive dyskinesia, 37-69 yr old psychiatric patients on
long term neuroleptic treatment, 28428
discontinuation of calcium channel blocker, channel blocker
induced parkinsonism symptoms, elderly, 1-18 mo fol-
lows, 24499
ECT with vs without nimodipine premedication, verbal
learning & retrograde & anterograde memory, adult males
with major depressive disorder, 40285
flunarizine, counteraction of sensorimotor deficits due to
neocortical thrombotic infarcts, rats, animal model of cere-
bral stroke, conference presentation, 8362
flunarizine with vs without nifedipine, 12-31 yr olds with
Tourette's syndrome, 6505
fluoxetine & ongoing calcium channel blockers, development
of adverse effects, female 76 & 79 yr olds, letter, 20859
isradipine vs nimodipine, iv self administration of cocaine vs
morphine, mice, 38441
maintenance treatment with flunarizine, 36 yr old with bi-
polar disorder, 17287
nicardipine & other calcium channel blockers, apomorphine
induced aggression during ethanol or haloperidol withdraw-
al, rats, 815
nifedipine, schizophrenic 24-39 yr olds with vs without tar-
dive dyskinesia, 6542

- nifedipine vs cinnarizine vs diltiazem, nociceptive stress elevated brain nonesterified fatty acids, male rats, conference presentation, 38503
- nimodipine, avoidance conditioning & psychological stress induced body weight & lethality, aged female rats, conference presentation, 38398
- nimodipine doses, maze learning & recent memory, aged male rats, 22802
- nimodipine, manic 27–62 yr old females, 6458
- nimodipine, spatial working memory & hippocampal acetylcholine, 5 mo old male rats, 4771
- potassium channel blockers & acetylcholine releasers, patients with Alzheimer's disease, literature review, 36396
- substitution of nifedipine-GITS for immediate release calcium channel antagonists, patients with stable angina pectoris, 14104
- tetrodotoxin, direction selective responses of single units in dorsal terminal nucleus of accessory optic system, cats, 4730
- unilateral fimbria fornix transection with vs without nimodipine, water maze & open field behavior & septal acetylcholinesterase positive cell bodies, male rats, 4412
- unilateral lesions of middle cerebral artery, adhesive tape removal performance & nimodipine effects, female rats, 4382

- MMPI profile, cocaine abusing adult males in treatment, 25794
- MMPI profiles, cocaine abusing male inpatients, 36742
- mother's cocaine use during pregnancy, communication system with caregiving environment, at risk infants & mothers, implications for development & intervention, conference presentation, 35448
- MRI assessment of brain & brain stem anatomy & myelination, 6-12 mo olds with prenatal cocaine exposure, 39535
- muscle tone & primitive reflexes & volitional movement, cocaine/polydrug exposed 4 mo olds, 39550
- naltrexone, acquisition of iv cocaine self administration, male rats, 26665
- naltrexone vs methadone, cocaine conditioned place preferences, male rats, implications for drug rehabilitation, 30462
- neurobehavioral model of cocaine dependency treatment, cocaine using patients, 40664
- neuroleptic drugs, risk for acute dystonic reactions, cocaine using vs nonusing psychiatric patients, 10174
- neuroleptic malignant syndrome, psychiatric patients on neuroleptics with vs without history of cocaine vs other substance abuse, 40204
- neuropsychological impairment, chronic cocaine abusing adults, 35453
- neuropsychological impairment, chronic freebase cocaine abusing 20-46 yr olds, 16736
- N,N-dimethylamphetamine, cocaine reinforcement, squirrel monkeys, animal model of drug abuse liability, 42319
- operant social work ecosystemic perspective on prevention & treatment of crack cocaine addiction, 6915
- opiate vs cocaine related vs nondrug stimuli, classically conditioned skin temperature & resistance & heart rate & self reported craving, cocaine abusing males, 43427
- oxytocin, cocaine tolerance & effects on level of oxytocin in plasma vs hypothalamus vs hippocampus vs septum accumbens vs amygdala, male rats, 42409
- PCP & cocaine discrimination, pigeons, 42354
- perceived risks & disapproval of cocaine usage, decline in cocaine usage trends, high school seniors, 20207
- perception & sources of information about cocaine associated risk, adolescent vs adult cocaine abusers, 9460

- pharmacotherapy, physical & psychological withdrawal symptoms, cocaine addicts, literature review, 17542
- posttraining cocaine vs dextroamphetamine, retention of jump up active avoidance, male rats, 42311
- posttraining cocaine vs lidocaine vs cocaine methiodide, 1 way active avoidance, male mice, 42443
- prenatal alcohol & cocaine, mortality & maternal weight gain & food & water intake & gestation & offspring physical maturation & behavior, rats, erratum, 15741
- prenatal cocaine, acquisition of passive or active avoidance & spatial navigation, weanling & adult rats, 15805
- prenatal cocaine, attachment, Hispanic developmentally delayed vs normal 8 yr olds & their substance abusing parents, 9447
- prenatal cocaine, biological mechanisms & caretaking environment & behavior, fetuses & neonates & infants, literature review, implications for early intervention & special education, 20256
- prenatal cocaine, cocaine induced acoustic startle responses & open field behavior, 80–96 day old rats, 15755
- prenatal cocaine, cocaine induced conditioned odor preference & reward efficacy, infant rats, 42299
- prenatal cocaine, cocaine induced conditioned place preference, rats, 34345
- prenatal cocaine, development of serotonergic system, rat pups, 26556
- prenatal cocaine, elicitation & modification of acoustic startle reflex, rats, 15754
- prenatal cocaine, medical & developmental & behavioral outcome, children of cocaine using mothers, literature review, 43480
- prenatal cocaine, neurological & behavioral & immunological dysfunction, 13377
- prenatal cocaine, postnatal & adult exploratory & locomotor activity, rats, 15806
- prenatal cocaine, preference for & sucking response to sucrose, 1–2 day olds, 39538
- prenatal cocaine, umbilical cord length & fetal movement, rats, 15724
- prenatal exposure to alcohol & cocaine, mortality & maternal weight gain & food & water intake & gestation & offspring physical maturation & behavior, rats, 751
- prenatal exposure to cocaine vs amitriptyline vs amfonelic acid, brain monoaminergic receptor binding of radioligands, rats, 777
- prenatal maternal cocaine use, sonographic characteristics of pain cries, 1–2 day olds, conference presentation, 20221
- prenatal PCP & cocaine, quality of attachment & caregiver interactions in home environment, infants observed for 1st 15 mo of life, 30534
- prevalence & characteristics of cocaine using patients, physicians, 5 yr followup & replication, conference presentation, 35461
- prevalence of cocaine associated panic attacks, methadone maintenance clients, longitudinal study, 32796
- prevalence of cocaine use, residents of New York City who committed suicide, 39452
- prolonged cocaine induced psychosis as indicator of underlying psychopathology, cocaine dependent males vs schizophrenic or bipolar patients, 5541
- psychiatric & medical & treatment issues in cocaine abuse during pregnancy, 17548
- psychosocial variables & patterns of drug usage & level of psychopathology, cocaine abusing males vs females in drug treatment, 21177
- quantitative cocaine urinalysis in clinical treatment outcome research, male 29–38 yr old crack users with history of substance abuse, 10535
- quantitative MRI of microstructural cerebral abnormalities, heroin &/or cocaine dependent male 22–42 yr olds, 39505
- quinpirole &/vs SKF 38393, cocaine discrimination, squirrel monkeys, 42318
- relapse prevention & application of conditioning theory to cocaine addiction & treatment, 10554
- relapse prevention therapy, drug abstinence & self control, cocaine abusers with vs without psychopathology, 6832
- relapse prevention therapy vs interpersonal psychotherapy, drug use & treatment retention, 18–35 yr old cocaine abusers, 6833
- reliability & validity of Halikas-Crosby Drug Impairment Rating Scale for Cocaine, assessment of impact on life functioning & treatment outcome issues, heavy cocaine users, 37553
- repeated cocaine, behavior & D1 & D2 receptor & dopamine transporter & beta adrenergic binding sites in caudate vs prefrontal cortex vs nucleus accumbens vs substantia nigra, male rhesus monkeys, 38406
- repeated cocaine, behavioral sensitization & dopamine response in caudate & accumbens, male rats, 38496
- repeated cocaine, neurotoxic effects of methamphetamine on dopamine vs serotonin neurons in striatum vs nucleus accumbens, male rats, implications for human drug abusers, 4759
- research program for income generation in crack cocaine vs marihuana economy, 13159
- ritanserine, cocaine withdrawal induced exploratory inhibition, male rats, animal model, 42357
- ritanserine, preference for alcohol vs cocaine vs fentanyl over water, male rats, 19124
- role of D1 & D2 dopamine receptors in neurochemical & behavioral effects of cocaine, nonhuman primates, literature review, conference presentation, 42423
- SCH 23390 & spiperone, cocaine self administration, male rats, 4699
- SCH 23390 vs haloperidol vs maclopramide vs sulpiride, cocaine induced locomotor hyperactivity, male mice, 11989
- SCH 23390 vs raclopride, cocaine induced decrease of milk intake, male rats, 12108
- SCH 23390 vs raclopride vs naloxone, cocaine facilitated medial vs sulcal prefrontal cortex self stimulation, male rats, 26641
- SCH 23390 vs spiperone, self administration of iv cocaine, male rats, 8386
- scientific & clinical communities' response to cocaine epidemic, 1966–90, quantitative analysis of MEDLINE database citations to literature, 43419
- selective mu vs kappa opioids, discriminative stimulus effects of cocaine, male squirrel monkeys, 42424
- self administration of 2 beta-carbomethoxy-3 beta-4-fluorophenyl tropane vs cocaine, male monkeys, 12130
- serum prolactin & craving & early discharge, cocaine dependent patients in rehabilitation program, conference presentation, 36753
- sex & alcohol abuse & marihuana use & affective disorders, cocaine use, psychiatric clinic patients, 1972–89, 16762
- sexual behavior & needle sharing & other HIV risk behaviors & knowledge & attitudes, male cocaine users, 39532
- sociodemographics & distress & deviant behavior & drug involvement & treatment experience & type of therapy, short vs long term retention in outpatient psychotherapy, cocaine abusing 20–47 yr olds, 32783
- stimulation parameters & leverpressing vs nose poking response requirements & drug dosage, cocaine induced intracranial self stimulation, male rats, 15832
- stimulus changes & change over delays & FI vs VI schedule, saline lever responding adjunctive to cocaine self administration, rhesus monkeys, 41871
- suicide by iv cocaine, 33 & 25 yr old males & 27 yr old female, 31582
- temporal sequence of cocaine related problems, addicted 22–59 yr old males, conference presentation, 31622
- thyroid functions, cocaine dependent 25–48 yr olds, 13147
- transient vs teratogenic effects of intrauterine cocaine exposure, fetuses & neonates & young children & mothers, 1890
- trauma & crack use & sex for drug exchanges, 23–44 yr old female crack users, 39522
- urinalysis revealing cocaine use, prediction of dropout from treatment of opiate withdrawal syndrome, detoxification inpatients with opioid dependence, Spain, 6855
- use of smokeable freebase cocaine & seroprevalence of HIV infection, high risk male vs female heterosexual adults, 9699

- valproate, crack cocaine addicted Black male 32 yr old, case report, 32778
- violent behavior, cocaine users, 13178
- 5-HT antagonist ondansetron augmentation of dopamine antagonist SCH 23390, blocking of discriminative or reinforcing stimulus effects of cocaine, male rats, 42331

 mother's representations of attachment during pregnancy, infant mother attachment, 1 yr olds & their 22–42 yr old primiparous mothers, England, 16079
 negative or dysfunctional automatic thoughts & dysphoric mood, nondisordered adults, comparison with clinical data, 43007
 nested theories of action vs state orientation & self discrimination & regulation of intentionally uncontrollable cognitions, commentary, implications for depression, 37847
 nested theories of action vs state orientation & self discrimination & self regulation of intentionally uncontrollable cognitions & applications to organizational psychology, commentary, 37888
 nested theories of action vs state orientation & self discrimination & self regulation of intentionally uncontrollable cognitions, commentary, implications for depression, 37867

- nested theories of action vs state orientation & self discrimination & self regulation of intentionally uncontrollable cognitions, commentary, 37887
- nested theories of action vs state orientation & self discrimination & self regulation of intentionally uncontrollable cognitions & applications to irrational behavior, commentary, 37880
- nonspecific skin conductance responses, psychological & cognitive correlates, graduate students, 38355
- phenomenological analysis of self reported thoughts & experiences of mutual gaze, adults, 23327
- physically vs verbally aggressive vs low conflict marital relationship, cognitive & emotional responses to family discussions, mothers vs their 8–11 yr old sons, 5256
- positively vs negatively framed appeal in print advertising & emotional & cognitive responses, attitudes toward advertisement & brand & purchase intentions, college students, 41279
- psychoanalytic perspective on mental representations of clitoris & clitoral sexuality in dreams & fairy tales, female analysis, 13850
- relevant vs irrelevant posting task, understanding of false beliefs, 3.1–4.3 yr olds, 8641
- reliability & discriminative utility of Adolescent Cognitions Scale, 13–17 yr old sexual offenders, 41499
- reliability & validity of Bulimic Automatic Thoughts Test, bulimic vs depressed vs nonbingeing obese patients, 41493
- reliability & validity of Turkish version of Automatic Thoughts Questionnaire & Dysfunctional Attitude Scale, assessment of thoughts & beliefs related to depression, college students, Turkey, 33671
- respiratory function & anxiety cognitions & panic, patients with chronic obstructive pulmonary disease, 16913
- response set to Cognitive Distortions Scale in measurement of cognitive distortions & attitudes about sexual interaction with child, child sexual abusers, 41502
- response styles to unpleasant cognitive intrusions, college students, implications for obsessive compulsive personalities, 13012
- role of cognitions of self as learner in learning process, 18656
- scores on Type A Cognitive Questionnaire, quality of social support & stressful life events & hostility subtypes of cynicism & paranoid alienation, college students, 27258
- sense of inevitability in nightmare content, 27–44 yr old psychiatric inpatients, 43145
- sex & training, cognitions regarding good teaching, 1st vs 3rd yr student teachers in primary education, Netherlands, 17718
- situational constraints & states of mind & valenced thought categories in everyday social encounters, physically disabled vs nondisabled college students, Canada, 9621
- social cognitions of terminal core values & perceived control, community residents, 34972
- social criticism, articulated thoughts, Type A vs Type B 35–51 yr olds, 19883
- sources & types of cognitions in parenting stress, stepparents, 38982
- states of mind model of balance of positive & negative cognitions in cognitive & behavioral treatment, agoraphobic 22–63 yr olds, 35981
- supportive vs stressful public speaking simulation, self efficacy & outcome expectations in articulated thoughts & speech anxiety, college students, 4098
- test retest reliability & internal consistency of relational cognition complexity instrument, assessment of personal relationship thinking, 19.5–55.3 yr olds, 7609
- thought to language mapping process in syntax & psycholinguistics, 15860
- underlying values in transactional analysis definitions of counterscript drivers & allowers, 28184
- understanding of mental states want vs pretend vs dream vs looks like vs think, 2.9–4 yr olds, 38704
- use of Problematic Obesity Thoughts inventory, assessment of maladaptive thought patterns prior to behavioral weight reduction, 34–67 yr olds, Sweden, 1 yr followup, 33634
- validity of D. M. Roussel's Managerial Frames of Mind Survey, managers from higher education vs nonprofit public sector vs for profit organizations, 22121
- validity of Mizes Anorectic Cognitions Scale, assessment of cognitions relevant to anorexia & bulimia nervosa, bulimic vs anorexic vs psychiatric patients, 37583
- viability of Basic Communication Fidelity measurement, assessment of congruity between cognitions following employment interview communication event, college students, 10977
- Cognitions [See Also Expectations, Irrational Beliefs]—Books**
Parental belief systems: The psychological consequences for children (2nd ed.), 42517
- Cognitions [See Also Expectations, Irrational Beliefs]—Chapters**
Affective and cognitive processes within threat-oriented family systems, 42822
The child's understanding of mental representation, 38757
The content, structure, and operation of thought systems, 15330
Here's looking at you, kid! New ways of viewing the development of health cognition, 44311
Hypnosis, context, and commitment, 22419
Limits to problem solving: Emotion, intention, goal clarity, health, and other factors in postformal thought, 8689
Private experience and public action: The study of ongoing conscious thought, 37905
Thought listing and endorsement measures of self-referential thinking in test anxiety, 3400
- Cognitive Ability [See Also Mathematical Ability, Reading Ability, Spatial Ability, Verbal Ability]—Serials**
ability & selection for computer assisted cognitive retraining, brain damaged patients, 44524
ability to find hidden objects reflected in mirror, 2–4 yr olds, 38686
abstract thinking vs language vs judgment vs spatial skills dimensions of cognitive impairment, wandering vs non-wandering elderly nursing home residents, 31909
accuracy evaluation & formation of intelligence & mental ability testing research community, 22302
acute or repeated enalapril maleate, scopolamine induced cognitive deficits, 18–42 yr olds, 8401
acute vs subchronic dosing of clonazepam, cognitive & psychomotor performance, healthy adult females, 19069
aerobic exercise & fitness, neurocognitive & visuospatial performance, male 18–28 vs 35–45 vs 60–73 yr olds, 19382
aerobic exercise, mood & psychological & behavioral & cognitive functioning, 60–83 yr olds, 16189
age & age at onset, cognitive & adaptive function, female 2–19 yr olds with Rett syndrome, 28069
age & cognitive ability, guilt & self image disparity, 5th vs 8th vs 11th graders vs college students, 19431
age & duration & location of visual vs auditory stimulus, cognitive delayed responses sensitive to prefrontal damage & premature aging, alcoholic veterans with vs without Korsakoff's syndrome, 43468
age & National Adult Reading Test prediction of IQ, Mini-Mental State Examination scores, healthy 70 yr olds & older, Scotland, implications for assessment of dementia, 33707
age & processing resources, text recall, 50 yr olds & older, England, 38690
age & SES & medical status, intellectual & academic functioning, 7–12 yr olds with cystic fibrosis, 24061
age & sex & concurrent validity of Woodcock-Johnson Psycho-Educational Battery-Revised Tests of Cognitive Ability & WPPSI-R, 3–5 yr olds, 29654
age & sex & parental divorce, cognitive & social competence & internalization vs externalization of behavior problems, 5th–10th graders & their mothers & teachers, 8722
age & sex, nonverbal intelligence & cognitive ability, 20–56 yr olds, Jamaica, 18604
age, ability to act in accordance with rules in forced choice deductive sorting vs knowledge task, 31–36 mo olds, 5019
age, cognitive function assessed by 36 cognitive & psychosocial & psychological variables, 30–80 yr olds, 42559

- age, differential heritability of cognitive ability, 1-3 yr old monozygotic & same sex dizygotic twins, 34515
- age, lexical decision vs other lexical vs nonlexical task performance, 19-20 vs 65-75 yr olds, meta analysis, failure to support general slowing hypothesis, 996
- age, modification of somatostatin gene activity in frontal vs parietal cortex vs striatum vs hypothalamus & cognitive decline, 3-25 mo old female rats, implications for Alzheimer's dementia, 4371
- age, neuropsychological performances & degenerative processes, adults & elderly with Down's syndrome vs mental retardation vs Alzheimer's disease, 12739
- age of onset, cognitive impairment, 62-88 yr olds with major depressive disorder, 1698
- age, performance on Wisconsin Card Sorting & WAIS-R Similarities subtest & Controlled Oral Word Association Test, 50-89 yr olds, 25823
- aging, intellectual & sensorimotor & perceptual & autonomic functioning, literature review, conference presentation, 4939
- agraphia as disturbance in multiple cognitive domains, patients with Alzheimer's disease, 39840
- alcohol, cognitive function & car driving skills, male vs female 19-26 yr olds, England, 39069
- alcohol problems & sense of coherence, light vs heavy drinking older adults, 27699
- aloneness & social support & mental functioning & other characteristics, elderly at risk of housing loss, implications for social services, 1148
- analysis of acquired cognition disorders or brain damage, theoretical development in & validity of cognitive neuropsychology, commentary, 22568
- analysis of acquired cognition disorders or brain damage, theoretical development in & validity of cognitive neuropsychology, 22533
- anatomical & behavioral evidence of contribution of cerebellum to cognitive & language & motor function, 8144
- anterior vs posterior corpus callosum atrophy, cognitive performance & interhemispheric transfer of information related to verbal fluency, females with multiple sclerosis, 35681
- anticonvulsants, cognitive & memory performance, patients with left vs right temporal lobe epilepsy with intractable seizures, 6469
- anxiety & cognitive task performance, children, New Zealand, longitudinal study, 12241
- applicability of Allen Cognitive Level Test, emotionally disturbed male 8.3-15.8 yr olds, 37600
- arginine vasotocine, EEG patterns, mentally retarded 7-12 yr olds, Romania, implications for cognitive functioning improvement, 2698
- attention, long term memory recall & remote semantic memory retrieval & perseveration & executive abilities, schizophrenic patients, 5652
- attentional impairment, 8-14 yr olds with closed head injuries, 35845
- attentional vigilance & P300 component of EP & neurocognitive functioning, adults with schizotypal personality disorder with vs without family history of schizophrenia, 39419
- attitudes toward employment barriers & employment potential, employers of mildly intellectually impaired, 43551
- authentic assessment of academic achievement & content validity of measurement of higher level cognitive skills, 29778
- Baker-Miller pink vs white visual stimuli, pulse rate & grip strength & WAIS-R Digit Symbol performance, emotionally disturbed vs regular education junior high school students, 14633
- benzodiazepine discontinuation, memory & cognitive & affective & behavioral & sleep function, elderly nursing home residents, 1 yr followup, 32403
- bilateral brief pulse ECT, memory & cognitive functioning, depressed patients, 1 vs 6 mo followups, 6555
- blepharospasm & apraxia of lid opening & cognitive & memory impairment, 68 yr old female with paramedian diencephalic syndrome, case report, 2234
- BP, change in cognitive performance, 49-63 yr olds originally assessed at ages 38-52 yrs, 30440
- brain stem auditory EPs, prediction of cognitive status, 51-86 yr olds with dementia of Alzheimer's type, 6 mo & 1 yr followups, 13522
- breast feeding duration & cognitive ability, 3 yr olds, 22941
- carbamazepine vs phenytoin, neuropsychological & cognitive functions, healthy 21-48 yr olds, 8410
- carbamazepine vs phenytoin vs sodium valproate, cognitive functioning, epileptic 5-14 yr olds, 44240
- caregiver observations of behavior & cognitive abilities, 2.5-32 yr olds with Lesch-Nyhan disease, 39662
- causes & diagnosis & outcomes of potentially reversible dementia or cognitive impairment, 24116
- cerebral blood flow in prefrontal cortex vs subcortical structure & performance on Wisconsin Card Sorting Test, 21-42 yr olds with schizophrenia vs schizophreniform disorder, 12948
- cerebral dominance & laterality & implications for educational & intellectual abilities, children, research review, 34470
- change in everyday task competence & cognitive ability & intellectual control beliefs, 69-93 yr olds, 7 yr followup, 30900
- chelation, cognitive & neuropsychological deficits induced by long term chronic lead exposure, 56 yr old male stained glass artist, 6502
- choline alfoscerate vs cytidine diphosphocholine, cognitive & behavioral deficits, patients with multi-infarct dementia, 10167
- cholinergic neurons of nucleus basalis of Meynert & senile plaques, postmortem brains of 43-98 yr olds with schizophrenia with vs without intellectual impairment vs Alzheimer's disease, 12743
- choroid plexus & pineal calcification & cerebellar atrophy & 3rd ventricle enlargement, cognitive abnormality, schizophrenic patients, 12929
- classroom indications of creative thinking ability, 9th graders, Australia, implications for identification of giftedness, 44945
- clinical & cognitive characteristics, elderly with normal pressure hydrocephalus vs Binswanger's disease, 16977
- clinical application of P300 EP to assess cognitive function, 38278
- clinical features of & association between cognitive deficits & tardive dyskinesia, patients with schizophrenia vs affective disorders, 9242
- clinical validity of diagnostic methods, prediction of cognitive deterioration & rejection of nondementia factors, 66-92 yr olds with dementia, Australia, 20528
- clinical value & preventive role of mental status questionnaires in everyday office practice, older patients with dementia, 13568
- clinical value & preventive role of mental status questionnaires in everyday office practice, older patients with dementia, 13515
- CNS prophylaxis, distractibility & attention & memory & WISC-R performance, children with lymphoblastic leukemia, Australia, 2287
- cobalamin replacement, time dependency of cognitive recovery, elderly, 28592
- cognitive & behavioral measures & nonverbal IQ & language comprehension, prediction of social adaptive functioning & academic attainment, high functioning autistic 7-16 yr olds, Canada, 8 yr study, 23933
- cognitive & cerebral blood flow in lateral asymmetries, 55-60 yr olds with Parkinson's disease, 13459
- cognitive & classical aging pattern, urban & illiterate 16-65 yr olds, Colombia vs developed countries, erratum, 12234
- cognitive & classical aging pattern, urban & illiterate 16-65 yr olds, Colombia vs developed countries, 967
- cognitive & developmental delay & historical & demographic characteristics, children with unknown dysmorphic syndromes, Saudi Arabia, 35125
- cognitive & higher cortical & other neurological functioning, left vs right handed schizophrenic patients, 1718

- cognitive & intellectual & psychomotor & emotional functioning & memory performance, patients with olivopontocerebellar atrophy, commentary reply, 31917
- cognitive & language assessment in memory clinic, 51-88 yr olds with cognitive changes, 27911
- cognitive & language functioning, autistic students in special preschool program, 1 yr study, 7206
- cognitive & memory impairments & motor disabilities, patients with amyotrophic lateral sclerosis, 13513
- cognitive & metacognitive skill in problem solving, college students with vs without severe vs mild depression, 23654
- cognitive & neuropsychological functioning, elderly with Alzheimer's disease with vs without delusions, 31958
- cognitive & physical functioning, dressing ability, 21-79 yr old stroke patients, 6052
- cognitive & psychiatric dysfunctions, patients with severe myotonic dystrophy, Italy, 39670
- cognitive & sensorimotor functioning, 59-79 yr olds with Alzheimer's disease, 31954
- cognitive & social & behavioral skills, outcome of cognitive & behavioral & other therapy, depressed patients, 6180
- cognitive abilities & academic failure, adolescents, longitudinal study, conference presentation, 10843
- cognitive abilities & effects of childhood deafness on communication & teaching skills of hearing parents & teachers, deaf children, 32105
- cognitive abilities & levels of political information, extrapolation from past to future & vote choices, test of generalizability of prospective model of voting behavior, 8935
- cognitive abilities & sequential processing & language development, characteristics of REM sleep nocturnal mentation, reading disabled 8-10 yr old males, 20307
- cognitive abilities, reading subskills, poor vs normal reading 2nd-3rd vs 6th-7th graders, implications for cognitive & neuropsychological approaches to reading disability, 31728
- cognitive ability & academic achievement, 6.4-15.2 yr olds with uncomplicated myelomeningocele, replication, 2193
- cognitive ability & growth & neurological factors, 8-9 yr old females with very low birth weight & subnormal head size at 8 mo of age, commentary with reply included, letter, 23526
- cognitive ability & growth & neurological factors, 8-9 yr olds with very low birth weight & subnormal head size at 8 mo of age, 1545
- cognitive ability & markers for identification, gifted 8.1-14.2 yr old students with vs without learning disabilities, educational implications, 17840
- cognitive ability & other characteristics, prediction of change in day or night service use, chronic psychiatric patients, 44352
- cognitive ability & Piagetian task performance & stage, 60-86 yr olds with Alzheimer's disease, 24165
- cognitive ability, case mix reimbursement classification systems & needs assessment, elderly nursing home residents, 32684
- cognitive ability, 15-21 yr olds with alcoholic 1st & vs 2nd degree relatives, genetic implications, 43416
- cognitive abnormalities & neuropsychological functions & disease progression, asymptomatic homosexual or bisexual male 19-60 yr olds with HIV, 12-18 mo followups, 9718
- cognitive behavioral vs educational support group therapy, cognitive functioning, social phobic patients, application of states of mind model, 13658
- cognitive capacity & factors associated with survival, patients with mild or moderate Alzheimer's type vs vascular dementia, 3 yr followup, 13531
- cognitive changes, 84-90 yr olds, Sweden, 2 yr study, 30882
- cognitive competence & adjustment potential, postmyocardial infarction vs inherent heart disease patients vs healthy adults, Poland, 9745
- cognitive deficits & cognitive remediation strategies, patients with schizophrenia vs closed head injury, 36729
- cognitive deficits, perception of affect, very old patients with senile dementia of Alzheimer's type, 2161
- cognitive deficits, 33-70 yr olds assessed 12-84 mo after surgery for aneurysms of anterior communicating artery, 14115
- cognitive dysfunction, 19-82 yr olds with myasthenia gravis, 16985
- cognitive dysfunctions & inherited predispositions to alcoholism, 18-30 yr old nonalcoholic sons of alcoholic fathers, 27705
- cognitive failure, female 65 yr old with non-Hodgkins lymphoma, case report, 13444
- cognitive function & disease severity & other clinical features, prediction of personality changes, older adults with Alzheimer's disease, 31920
- cognitive function & intestinal calcium absorption & hip bone turnover & osteoporosis, elderly females, Hong Kong, 16917
- cognitive function & reading attainment & emotional & behavioral disturbance, 5-15 yr olds with Sotos syndrome, 43669
- cognitive functioning & positive & negative symptoms, schizophrenic 17-54 yr olds, 6 mo followup, 5630
- cognitive functioning & social competence, prediction of maladjustment, sexually abused female 5-16 yr olds, 43387
- cognitive functioning & survival, 63-91 yr old psychogeriatric patients, Sweden, 4-5 yr followup, 5516
- cognitive functioning assessed by EP component parameters, alcoholic vs nonalcoholic Navy & Marine Corps enlisted males, 39540
- cognitive impairment & dementia & other psychiatric diagnoses & characteristics, 65-93 yr old psychiatric patients who committed or attempted homicide, Australia, 39590
- cognitive impairment & dementia, patients with Parkinson's disease, 20490
- cognitive impairment & distractibility & activities of daily living, HIV seropositive homosexual males with persistent generalized lymphadenopathy vs ARC, 6026
- cognitive impairment & visuospatial & RT & neuropsychological performance & EPs, elderly with idiopathic Parkinson's disease, 43769
- cognitive impairment, employment & mood & social functioning & personality & characteristics & activities of daily living, adults with multiple sclerosis, commentary reply, 24050
- cognitive impairment, employment & mood & social functioning & personality & characteristics & activities of daily living, adults with multiple sclerosis, commentary, 24059
- cognitive impairment, patients with multiple sclerosis, 13472
- cognitive impairment, prediction of community health & social service use, older adults, 28692
- cognitive impairment, 21-76 yr olds with musculoskeletal pain, 9634
- cognitive impairment, 21-80 yr olds with multiple sclerosis vs rheumatoid arthritis, England, 13371
- cognitive impairments & psychomotor speed, 16-50 yr olds with complex partial seizures, 35827
- cognitive intervention training, mental ability & epistemic curiosity, 4-5 yr olds, India, 29177
- cognitive modifiability & potential for change & learning, institutionalized adolescents with schizophrenia vs severe conduct disorders, Israel, 23544
- cognitive motor abilities, driving performance, elderly, research review, 26997
- cognitive number impairments, female 55 yr old with past idiopathic hypokalemia & secondary hyperaldosteronism, case report, 35693
- cognitive performance & communication abilities, female 2.5-13.6 yr olds with Rett syndrome, 39899
- cognitive performance & perceptions & type of family learning environment, social status attainment, Anglo vs Greek vs Southern Italian young adults assessed at 11 vs 16 vs 21 yrs old, Australia, 12332
- cognitive performance & psychiatric symptoms, drug addicted 22-50 yr olds with vs without HIV-1, 31307
- cognitive performance & symptoms of depression, adults with personality disorders vs major depression vs schizophrenia, 1597
- cognitive performance, patients undergoing coronary artery bypass graft vs coronary angioplasty vs cardiac valve repair, 17375

- cognitive resources & interpersonal acquaintance & professional salience, individual vs group recall of police interrogation material, college students vs police officers, 15364
- cognitive schema & ability, processing of art vs science texts, adults with degrees in art vs science, 15268
- cognitive slowing in decision tasks, medicated vs unmedicated 38-74 yr olds with early vs advanced Parkinson's disease, 28094
- cognitive status, occupational therapy outcome in dressing skill learning, disabled elderly, 32818
- cognitive status, perception of patient's independence & ability to perform physical vs instrumental activities of daily living, geriatric patients vs their proxies, 43687
- cognitive strengths on K-ABC, 7-12.5 yr old American Indian vs White students, 29770
- cognitive test performance, SPECT ratings of regional cortical perfusion, patients with mild to moderate Alzheimer's disease, 35853
- cognitive training, assessment of cognitive reserve capacity & early diagnosis of dementia, at risk vs healthy 58-86 yr olds, Germany, 39800
- Colorado Adoption Project, multidimensional study of general cognitive ability & height, adopted vs nonadopted 1 yr olds & biological or adoptive parents, 3 yr study, conference presentation, 34516
- compensatory dynamic assessment approach with vs without overt verbalization, planning ability & cognitive performance on Coloured Progressive Matrices, good vs poor planning 4th graders, Canada, 30684
- compensatory rehabilitation strategies, cognitive deficits & activities of daily living, patients with multiple sclerosis, 21155
- complex visual hallucinations & disordered sleep & cognitive & other clinicopathological symptoms, 83 yr old male with peduncular hallucinosis & substantia nigra par reticulata infarction, 35841
- computer programing experience & instruction, cognitive outcomes, students, meta analysis, 7098
- conceptualization of & terminology for cognitive competence, Cree adults, Canada, 27024
- concurrent validity & comparability of Test of Cognitive Skills & WISC-R & Stanford Binet Intelligence Scale 4th Edition, identification of gifted, 3rd & 5th & 8th graders, 29792
- concurrent validity of WPPSI-R & McCarthy Scales of Children's Abilities & PPVT-R, normally functioning 48-60 mo olds, 7590
- connectionist models of attention & language processing deficits & prefrontal cortex & mesocortical dopamine system disturbances in schizophrenia, 16573
- construct & criterion validity of S. Greenspan's models of adaptive & social intelligence, mentally retarded 14-19 yr olds, 27835
- construct validity of alternative measures of field dependence independence as cognitive style vs ability, adults, 44
- construction & reliability of cognitive scales for dementia, examination of pattern of deficits, patients with Alzheimer's disease, 25829
- construction & validity of problem solving version of Allen Cognitive Level Test, mentally ill vs nondisabled 12-18 yr olds, 7646
- contingent negative variation complex & RT, 50-65 yr olds with presenile idiopathic cognitive decline vs Alzheimer's type dementia, 39900
- continua of depression & cognitive impairments & degenerative dementia, literature review, 39223
- controlled L-dopa withdrawal, cognitive performance in tests sensitive to frontal lobe dysfunction, patients with idiopathic Parkinson's disease, 44247
- conventional vs Piagetian math instruction, cognitive ability & achievement in math, low ability kindergarten students, 21475
- corpus callosotomy, cognitive functioning, epileptic 6.4-18.3 yr olds, 1 yr followup, 32507
- correlation of Short Test of Mental Status with other measures of cognitive functioning, 53-98 yr olds with dementia vs memory impairments vs healthy 46-100 yr olds, 127
- correlations & differences between cognitive ability measures, identification of giftedness, gifted 2nd-6th graders, 22100
- cross cultural implementation of C. K. Allen's tests for cognitive disability, 21-37 yr old psychiatric inpatients & staff, Japan, 22070
- cultural distance in group IQ comparisons & differences in academic ascendancy, Black vs White college students, replication & extension, 14594
- d-cycloserine, scopolamine or PCP induced cognitive impairments, male monkeys, 38488
- D. E. Broadbent's & other models of cognitive performance, 7889
- definitional & creative abilities, construction & solution of riddles, 7 & 9 & 11 yr olds, 38695
- dehydroepiandrosterone sulfate, corticosteroid related cognitive impairment, patients with depression or Alzheimer's disease, commentary reply, letter, 44161
- dehydroepiandrosterone sulfate, corticosteroid related cognitive impairment, 58-86 yr olds with Alzheimer's disease, commentary, letter, 44249
- delayed vs deviant development in ability to develop theory of mind at advanced level, autistic 10.8-18.8 yr olds vs 9.3-17.5 yr olds with Down's syndrome, UK, commentary, 23920
- delayed vs deviant development in ability to develop theory of mind at advanced level, autistic 10.8-18.8 yr olds vs 9.3-17.5 yr olds with Down's syndrome, UK, commentary reply, 23915
- dementia severity, RTs & generalized cognitive slowing, patients with Alzheimer's disease, meta analysis, 28066
- demographic & medical correlates of cognitive dysfunction, ambulatory elderly, 9663
- demographics & clinical cognitive features, paradigm based vs physician diagnosis of dementia, healthy elderly, 41544
- depression & cognitive impairment, elderly in nursing homes or congregate apartments, 2 yr study, 20059
- detection & decision making RT as indication of subclinical cognitive slowing, symptomatic vs asymptomatic HIV seropositive males, 27957
- determinants of cognitive skill acquisition & computer database program modification, expert vs superexpert programmers, ergonomic & training implications, 7459
- development & validity & reliability of Test for Severe Impairment, 72-98 yr olds with Alzheimer's disease or multi-infarct dementia or Parkinson's disease with dementia, test appended, 37615
- development of ability to conceal information, 3-5 yr olds, 19376
- development of Neuropsychiatric AIDS Rating Scale, assessment of cognitive impairment & management & residential placement problems, patients with HIV or AIDS, 25686
- development of social & personal & cognitive skills, preschool students in Montessori vs traditional programs, 29156
- developmental patterns & genetic & environmental sources of longitudinal continuity of mental ability, prediction of later IQ, monozygotic & dizygotic twin pairs measured from 7 to 36 mo, 26785
- developmental sequences & structures & regressions, low vs high functioning autistic vs developmentally disabled & mentally retarded children, 23921
- dexamethasone & high terrestrial altitude, cognitive performance & affect & personality, 19-26 yr old males, 785
- diagnostic power & interrater reliability & cutoff points of Korean version of Mini-Mental State Examination, 60 yr old & older psychiatric & residential home patients & family members, South Korea, 22055
- diazepam adjunct to traditional therapy for nerve agent exposure, soman induced convulsions & cognitive impairment, rhesus monkeys, implications for chemical warfare, 19050
- diazepam vs scopolamine, working memory & cognitive task performance, male college students, 12114

- dietary & cultural & educational intervention, physical growth & cognition, 7-10 yr old children of domestic servants living in middle class setting vs upper middle class vs slum dwellers, Brazil, 38717
 dietary intervention based on urinary peptide pattern classification, behavior & educational abilities, autistic 6-22 yr olds, 28492
 differentiation between causal mechanisms appropriate for biological vs nonbiological kinds, 4-7 yr olds, 5012
 differentiation between hypothetical beliefs & evidence, 1st-2nd graders, 5011
 difficulties in teaching cognitive & metacognitive strategies, 7883
 dihydroergocristine, carbohydrate metabolism & cognitive functioning, 50-80 yr olds with noninsulin dependent diabetes, 40375
 diminished endocrine & intellectual functioning, 12 yr old male with radiation injury from medulloblastoma treatment at age 6 yrs, 32504
 discriminative utility of brief neuropsychological assessment procedure of cognitive states, acquisition of treatment relevant information, 20-77 yr old male alcoholic inpatients, 33697
 disturbance of sleep architecture, 48-74 yr olds with mild cognitive deficits, 6080
 divergent thinking & intersection of classes & class inclusion skills, comprehension of metaphor & humor, 7 vs 10 vs 13 yr olds, France, 30711
 drinking & family history & depression & liver function & nutrition, cognitive performance, detoxified alcoholic males, 3 mo followup, 5816
 drug induced parkinsonism & topography of dyskinetic movements, psychological consequences of tardive dyskinesia, schizophrenic 45-70 yr olds, Scotland, 9216
 early intervention & maternal expectations, maternal predictions of & developmental change on cognitive tasks, mothers & their developmentally handicapped 2-24 mo olds, 43526
 East Boston Memory Test vs Short Portable Mental Status Questionnaire, diagnostic screening effectiveness, 65 yr olds & older with Alzheimer's disease, 16964
 ECT induced cognitive impairment, 52-62 yr olds with Parkinson's disease & psychiatric illness, letter, 32536
 educational level & development & diagnostic criteria of neuropsychological battery, assessment of intellectual function, elderly with or without dementia, 41546
 EEG frequency analysis & psychological test scores & mental status & SPECT, 66 & 67 & 71 yr old females with degrees of dementia, conference presentation, 32013
 EKG diagnoses, cognitive impairment assessed by Mini-Mental State Examination, 65 yr olds & older, 43722
 English vs Spanish versions of WAIS-R, underestimation vs overestimation of cognitive function, English- vs Spanish-speaking elderly with vs without dementia of Alzheimer's type, 6101
 enhanced reality orientation vs social interaction group activities, cognitive functioning, institutionalized 65-86 yr olds with Alzheimer's disease, 3036
 ergonomics approach to biological rhythms & other factors in workplace cognitive performance & theoretical models of cognitive representation, employees, conference presentation, 45207
 erythrocyte dihydropteridine reductase activity & serum aluminum & attention & psychomotor skills & depression, 29-71 yr olds with end stage renal disease, 16883
 ethnicity & sex & ability & age & computer experience, computerized adaptive testing, 17-55 yr old college examinees, 44811
 etiology & assessment of cognitive impairment & other neuropsychological problems caused by HIV, 35739
 executive function & memory & functional capacities & SPECT assessed cerebral blood flow in frontal vs temporal vs thalamic regions, 7-66 yr olds with severe closed head injury, 43783
 executive function & theory of mind deficits, high functioning autistic 8-20 yr olds, 16810
 executive function & theory of mind performance, high functioning autistic adults with Asperger's syndrome, 16458
 exercise, psychological well being & cognitive functioning, older adults, literature review, 12390
 eye health & visual & cognitive function, driving accidents, 57-83 yr olds, 1154
 features & clinical correlates of cognitive impairments & relationship to cortical & subcortical dementia, patients with Parkinson's disease, 39858
 features & types & prevalence & pathophysiology & cognitive neuropsychological correlates, patients with sleep apnea syndrome, 20400
 fixation duration at infancy & caregiving environment, information processing vs sustained attention vs ability to use relevant vs irrelevant novel information, 12 yr olds, longitudinal study, 1023
 focused attention, cognitive function & behavior disturbances, school age children, 1570
 forced choice test of cognitive ability, multiple measures & detection of malingering, college students, 15006
 frequency & severity & type of dementia & depression, 71-99 yr old nursing home residents, Japan, 5530
 frequency of aggressive behavior & psychiatric diagnostic category & cognitive status, 65-90 yr old inpatients, 39259
 frequency of agitated behaviors, cognitively impaired 62-93 yr old nursing home residents, 2177
 frequency of major depression symptoms & cognitive dysfunction, patients with Alzheimer's disease, 28087
 frontal lobe functioning, male 9 yr olds with attention deficit disorder with vs without hyperactivity vs learning disabilities, 35516
 frontal system dysfunction & delayed alternation & response, 19-47 yr old family members with dominantly inherited olivopontocerebellar atrophy, 6076
 functional & cognitive ability & depression & medically disabling conditions & negative psychiatric symptoms, elderly nursing home residents, 6 mo study, 36648
 gender related issues in development of intellectual abilities & socialization & biological & hormonal effects, children & adolescents, public speaking policy implications, reprint, 19262
 genetic etiology & cognitive profile analysis of general reading & symbol processing speed & sequential memory, 8-18 yr old reading disabled monozygotic vs dizygotic twins, 5891
 genetic linkage analysis of personality traits & neurocognitive deficits in phenotype characterization, schizophrenic patients & their relatives, 27519
 genetics vs environment, Partial Report Span of Apprehension & IQ test scores, monozygotic & dizygotic female 29-52 yr old twin pairs, Sweden, implications for phenotype for schizophrenia, 8078
 graphic screening tests for detection of dementia process or cortical dysfunctions, 75 yr olds & older, 13489
 haloperidol, motor & cognitive functioning, 3-5 vs 20-22 mo old male mice, 26615
 haloperidol vs benzhexol vs diazepam vs caffeine, cognitive & psychomotor function, healthy 19-27 yr olds, Northern Ireland, 42323
 hand preference & autoimmune disorders & allergy & cognitive function, gay & bisexual males, 35732
 head circumference & intellectual performance, male 2-22 yr olds with Duchenne muscular dystrophy, England, 43619
 high resolution EEGs & assessment of neurocognitive disabilities, patients with mild head injury, 43638
 hippocampal acetylcholine, 3 vs 24 mo old rats with degenerative changes in basal forebrain, 4421
 HIV stage, cognitive deficits, HIV seropositive hemophiliac patients, 35759
 home visitation intervention based on mediated learning experience, parent child interaction, child's cognitive performance, very low birth weight 3 yr olds & their parents, 3 yr followup, 28755
 hormones, cognition, patients with congenital adrenal hyperplasia, research review, 27901

- hyperventilation vs breathing exercise, cognitive & visual performance aftereffects, males, conference presentation, 38354
- hypothetical intact vs confused vs unconscious level of cognitive functioning, preferences for utilization of life sustaining treatments, elderly hospital patients, 28564
- illness related variables & coping styles & psychiatric symptomatology & intellectual performance, patients with familial adenomatous polyposis vs ulcerative colitis, Canada, 20406
- imipramine, cognitive function, elderly with Alzheimer's disease with vs without comorbid depression, 17388
- impact of aging on CNS & mental state, 100–107 yr olds, 42722
- impaired neuropsychological functioning & social interaction skills, male severe closed head injury patients, 2066
- individual differences in cognitive ability & personality & P300 auditory EPs, college students, 42191
- individual differences in elementary cognitive tasks & RT & general intelligence, 11519
- integrated psychological therapy, cognitive & behavioral dysfunctions, schizophrenic patients, 35961
- intellectual & academic abilities, 5–12 yr olds with Reye syndrome, Ireland, 43768
- intellectual disturbance & motor disorder & brain atrophy, 47–84 yr olds with vascular parkinsonism vs lacunar stroke, 13509
- intellectual functioning, 6–18 yr olds with fragile X syndrome, Australia, 24013
- intellectual impairment, auditory EPs & P300 latency, 20–49 yr olds with multiple sclerosis with vs without dementia, 39679
- interpersonal skills training, social perspective taking & moral reasoning & growth, college students with basic vs consolidated formal operations, 24418
- interrater reliability of Design Fluency Test of nonverbal fluency scoring parameters, 51.5–89.6 yr olds, 33712
- interrole conflict & satisfaction with & commitment to working mother role, cognitive difficulties & proofreading performance, working mothers, Canada, test of process model, 14776
- IQ, performance on Trail Making Test & written version of Symbol Digit Modalities Test, college students, 33710
- joint factor structure of Differential Abilities Scale vs WISC-R, assessment of cognitive ability, 8–15.9 yr olds, 29688
- L-alpha-glycerylphosphorylcholine, 6-OHDA or diazepam or buspirone induced cognitive deficit & motor activity, male rats, animal model, 38401
- late EPs & cognitive & psychomotor & attentional functioning, 7–17 yr olds at risk for schizophrenia, 1731
- lead exposure, cognitive executive & motor function, lead smelter vs nonsmelter workers, Canada, 14855
- letter naming speed, assessment of cognitive speed & diagnosis of reading disabilities, 2nd–10th graders, 144
- limitations of & alternatives to standard measures of cognitive functioning & personality, implications for culture fair testing, 18242
- living with cognitively impaired spouse, BP & health status & behaviors, 65 yr old & older husbands vs wives, 35844
- logical reasoning & integrated process skills, 7th–9th graders, US vs Japan, 37060
- long term acetyl-L-carnitine, functional & cognitive impairment, 40 yr olds & older with Alzheimer's disease, 17386
- long term evaluation of intellectual impairment, patients with Parkinson's disease with vs without depression, 3–4 yr followup, commentary reply, 13556
- long term evolution of intellectual impairment, patients with Parkinson's disease with vs without depression, 3–4 yr followup, commentary, 13525
- long term neuropsychological outcome, high risk infants with intracranial hemorrhage during neonatal period, 5 yr followup, 43724
- long vs short term lithium carbonate, symptoms & mood & behavior & cognitive functions, psychiatrically hospitalized 5.9–12.8 yr olds, 24485
- magnitude of practice effects in repeated administration of cognitive neuropsychological measures, normal 57–85 yr olds, 11335
- major & minor depression & cognitive decline & impairments in activities of daily living, older adults with Parkinson's disease, 12 mo followup, 43839
- marihuana cigarette puffs & delta-9-tetrahydrocannabinol, plasma tetrahydrocannabinol & carbon dioxide & heart rate & cognitive & psychomotor & subjective responses, male 19–28 yr olds, 38378
- maternal attitudes & daughters' adjustment & cognitive skills, math vs English performance, female 6th–8th graders, 4 yr followup, 40970
- maternal demographics & risk factors & employment & child care arrangements, prediction of psychopathology & cognitive competence & behavior problems, male vs female 4.9–6.5 yr olds, Israel, 43081
- maternal depression & social & parenting & experiential factors, level of behavioral & cognitive competence, socially disadvantaged children assessed from 0–10 yr old, England, 19962
- meaning & methodology & measurement of P300 component of EPs & cognitive dysfunction, patients with dementing illness, 6110
- measures of memory & cognitive functioning, detection of signs of aging or dementia, 27–55 yr olds with Down's syndrome, 3–5 yr followup, 43554
- mental ability & familiarity, conceptualization of sequential relations, preschoolers, erratum, 19398
- mental flexibility & visual planning skills, learning disabled 9–15 yr olds, 27820
- mental status, 2–18 yr olds with mosaic vs trisomy 21 Down's syndrome, 13284
- mesial temporal volume & atrophy & regional cerebral blood flow & cognitive status, elderly with Alzheimer's disease, 35848
- metastatic disease & previous treatment, cognitive functioning, 20–70 yr olds with cancer, 31898
- methodologic issues in assessment of cognitive & intellectual & psychomotor & emotional functioning & memory performance, patients with olivopontocerebellar atrophy, commentary, 31964
- methodological issues in assessment & diagnosis of cognitive impairment, patients with Parkinson's disease, 6118
- methylphenidate or magnesium pemoline, selective attention deficit & cognitive measures, hyperactive 8.5–12 yr olds, 17275
- middle cerebral artery occlusion, sensorimotor & cognitive function, male rats, 34155
- mini mental exams vs paper & pencil vs automated screening battery, cognitive impairment detection, 20–61 yr old & older pilots & mental health center patients, 129
- modafinil, psychomotor & cognitive impairment induced by sleep deprivation, male 20–28 yr olds, 4671
- modified 3rd yr clerkship program focusing on learning decision making & cognitive skills & acquisition of surgery knowledge, medical students, 3244
- mother's age & school progress & enrollment & attitudes & behaviors & family background, cognitive attainment, 1st born 3–7 yr olds of African American vs White vs Hispanic adolescent mothers, 30714
- multidimensional risk assessment vs age criterion, measurement of cognitive ability & safety hazard & need for retirement, over 60 yr old airline pilots, 41162
- multistrategy group program, morale & physical self maintenance & mental functioning, 65 yr old & older nursing home residents with organic brain syndrome, 6782
- National Adult Reading Test performance, prediction of pre-morbid intellectual ability, patients with dementia, 25836
- need for cognition & distraction assessed by motivation & ability to process information, issue relevant elaboration & attitude change, college students, 33877
- needs & characteristics, high functioning adolescents & adults with autism, 23926
- neural selectionism & cognitive development & disorders, 35524
- neurocognitive deficits, schizophrenic inpatients, 9312

- neurocognitive screening test, detection of cognitive deficits, male patients with borderline or other personality disorders, commentary on conference presentation, 15097
- neurodevelopmental & cognitive & medical status, 10–12 yr olds with low birth weight & neonatal bronchopulmonary dysplasia, 43685
- neurological aberrations & psychological dysfunctions, children with serious language problems, Sweden, 35619
- neurological assessment of cognitive & affective aspects of multiple chemical sensitivities, male 29 yr old exposed to coolant, case report, 29734
- neuropsychological & cognitive deficits, 22–47 yr olds with Lyme borreliosis, 16898
- neuropsychological & cognitive function, 24–44 yr old identical twins discordant for schizophrenia, commentary reply, letter, 27507
- neuropsychological & cognitive function, 24–44 yr old identical twins discordant for schizophrenia vs normal controls matched for education, commentary, letter, 27533
- neuropsychological & cognitive function, 24–44 yr old identical twins discordant for schizophrenia, commentary, letter, 27509
- neuropsychological & cognitive functioning, patients with Parkinson's disease, literature review, 20526
- neuropsychological & cognitive functioning, 21–67 yr olds with endogenous vs neurotic major depressive episode, Scotland, 43175
- neuropsychological & cognitive functioning, 4.6–8.6 yr old liver transplant patients, 10329
- neuropsychological & cognitive impairment, 1st episode schizophreniform vs chronic schizophrenic patients, conference presentation, 43257
- neuropsychological abnormalities & cognitive impairment, male asymptomatic HIV seropositive Army personnel, 13418
- neuropsychological assessment of cognitive functions & depression & anxiety, homosexual or bisexual males with asymptomatic HIV seropositivity or AIDS or ARC, 20451
- neuropsychological assessment of cognitive functions & depression & anxiety, homosexual or bisexual males with asymptomatic HIV seropositivity or AIDS or ARC, commentary, 43710
- neuropsychological deficits & general intellectual decline & specific focal cognitive impairments, adolescents & adults with mitochondrial myopathies or encephalomyopathies, UK, 28054
- neuropsychological functioning, male 21 yr old with idiopathic cerebellar degenerative disorder, 39797
- neuropsychological impairment & depression, Parkinson's disease patients with vs without dementia, 35863
- neuropsychological impairment & lateralization of lateral sulcus, 1st episode schizophreniform patients, 2 yr followup, 43258
- neuropsychological impairment, chronic cocaine abusing adults, 35453
- neuropsychological impairment, chronic freebase cocaine abusing 20–46 yr olds, 16736
- neuropsychological performance & cognitive difficulties, underweight vs weight restored anorexic vs normal weight bulimic females, 9585
- neuropsychological perspective on stigmatization of homosexuals & biocultural evolution, 8952
- nicotine gum, cognitive performance in repeated administration of Stroop Color Word Test, nonsmoking 18–49 yr olds, Australia, 4810
- nimodipine, cognitive deficits, elderly with organic brain syndrome with Alzheimer's type & vs vascular symptoms, Italy, 14118
- noise, ability to use word order vs noun verb agreement vs animacy in sentence comprehension task, English vs native German speakers, implications for aphasia, 4889
- nonverbal cognitive functioning, receptive language level, mentally retarded 8.7–18.8 yr olds, 9546
- normal aging, cognitive function & performance & perseveration on neuropsychological prefrontal tasks, 20–35 vs 45–65 yr olds, 30685
- norms of tests of cognition in clinical settings, elderly, bibliography, 25831
- nortriptyline or phenelzine induced mood change, cognitive capacity, depressed 55–82 yr olds, 2658
- objective psychological test performance, prediction of dementia, healthy vs mildly cognitive impaired elderly, 2 yr followup, 125
- occupational group therapy, cognitive & behavioral problems, 48 yr old female with closed head brain injury, 28873
- ondansetron vs arecoline, scopolamine induced cognitive performance & object discrimination, marmosets, animal model of cholinergic induced cognitive deficits, 42239
- organophosphorous pesticide exposure, psychological & cognitive & neurobehavioral states, workers, 18043
- orofacial dyskinesia & neuropsychological & cognitive functioning, detoxified patients with alcohol dependence syndrome, 39536
- orthotopic liver transplantation, cognitive functioning, alcoholic cirrhotic patients, 24640
- oxiracetam, cognitive & behavioral & neuropsychological functioning, 52–83 yr olds with senile dementia of Alzheimer's type or multi-infarct dementia, 1 yr study, 44284
- oxiracetam, memory & cognitive functions, epileptic 16–65 yr olds, 24638
- pacemaker implantation, cognitive functioning, 65–97 yr olds with cardiac dysrhythmias, Canada, 28601
- parental cigarette smoking, child's cognitive performance, mothers & their 5 yr olds, 5 & 11 yr followups, 945
- perceptual & cognitive dysfunction, automobile driving, post-stroke hemiplegic male 56–69 yr olds, 20513
- performance on Wisconsin Card Sorting Test & Modified Card Sorting Test, assessment of cognitive ability, elderly, 7680
- performance on Wisconsin Card Sorting Test, dysthymic vs major depressive adults, 5605
- phenytoin vs sodium valproate vs carbamazepine, cognitive functioning, 11–56 yr olds with symptomatic localized vs idiopathic generalized epilepsies, 32500
- physical & mental functional capacity & work ability, 48–62 yr old municipal employees with vs without cardiovascular or musculoskeletal diseases, Finland, 21693
- physical exertion during exercise training, mental performance, 11–14 yr old male monozygotic twins, 19399
- physical fitness, cognitive performance, elderly, 1141
- physical impairment & cognitive dysfunction, social & spare time activities, 25–55 yr olds with multiple sclerosis, 13558
- physostigmine, cognitive functioning & cerebral glucose metabolism & cerebral blood flow, 56–75 yr olds with Alzheimer's disease, conference presentation, 2723
- picture referencing indirect corrective feedback, chair assembly skills, moderately mentally retarded 15–20 yr olds, 40096
- plasma vitamin B12, cognitive function, HIV-1 positive males, 43697
- po BMY 21502, acquisition & retention & cognitive deficits in spatial learning, 16–18 mo old male rats, 42339
- postdischarge mental state & cognitive & extrapyramidal & social functioning, schizophrenic former inpatients & day patients, 3–13 yr followups, 12925
- postmortem reappraisal of cognitive skills & amnesic syndrome & neuropathology, female with unilateral right temporal lobectomy for intractable epilepsy, 43851
- practice & training, age differences in cognitive plasticity of memory skills, 20–30 vs 66–80 yr olds, 19317
- praxis & gnostic functions & speech & calculation & memory, 58–92 yr olds with dyscirculatory encephalopathy, 13483
- predictive validity of Galveston Orientation & Amnesia Test, assessment of cognitive task performance, head injured 35–53 yr olds with posttraumatic amnesia, 33702
- predictors of placement on special care units, cognitively impaired nursing home residents, 36651
- premorbid intelligence scores on Mini-Mental State Examination & other cognitive & intelligence measures, 69–90 yr old blue collar workers vs academics vs scientists, Australia, 34691

- pretreatment cognitive functioning, affective & cognitive outcome after tricyclic antidepressants vs ECT, 55 yr olds & older with major depression, 13634
- prevalence of depressive symptomatology & associated factors & cognitive functioning, male vs female 65 yr olds & older, France, 39316
- prevalence of pineal calcification, 23–63 yr olds with multiple sclerosis with mental depression or cognitive deterioration, 20530
- prevalence of reversible cognitive disorders, elderly residential care patients, 1 yr study, 35107
- problem representation construction & solution strategies of proportion concept tasks, high vs middle vs low ability 7th graders, 42556
- processing speed & working memory capacity & declarative & procedural knowledge, short term logic learning tasks, Air Force enlistees, 26117
- proportional reasoning ability & understanding of concept of diffusion, 7th grade life science vs 10th grade biology vs college zoology students, 10861
- propranolol beta blockade, test anxiety & SAT scores, high school seniors with stress induced cognitive dysfunction, 36207
- propranolol beta blockade, test anxiety & SAT scores, high school seniors with stress induced cognitive dysfunction, commentary, 36230
- psychiatric & cognitive abnormalities, patients with multiple sclerosis, 27907
- psychodynamic & interpersonal & cognitive intervention, memory & cognitive performance, 36–72 yr old workers with impairment due to toxic solvent exposure, Norway, 40602
- public day care vs exclusively parental care, child's intellectual functioning upon entering elementary school, 6.5–7.4 yr olds & their mothers, 15970
- pursuit eye movements & neuropsychological impairments, 18–50 yr olds with 1st episode vs chronic schizophrenia, replication & extension, 43284
- P300 EP latency & MRI assessed cerebral white matter involvement & cognitive deficits & disease duration & disability, 22–64 yr olds with multiple sclerosis, 24131
- quality of life & cognitive performance following endarterectomy, adult patients with extracranial carotid stenosis, 8–11 yr followup, 24681
- question aids & successive processing abilities, arithmetic word problem solving, mentally handicapped high school students & nonhandicapped 1st graders, 17872
- reading ability, cognitive skills, deaf high school students, 32064
- receptive & expressive & general language & speech skills & cognitive abilities, abused & vs neglected preschoolers, 16683
- recognition of leukoaraiosis & cognitive impairment, patients with Alzheimer's disease, 9770
- regional cerebral blood flow & frontal lobe pattern of cognitive deficits, patients with Parkinson's disease, Austria, 2195
- regional cerebral glucose utilization & neuropsychological performance & frontal lobe function, 28–74 yr olds with amotrophic lateral sclerosis, 31969
- reliability & validity of caregiver reported Dysfunctional Behaviour Rating Instrument, cognitively impaired 45–90 yr olds living in community, Canada, 15102
- reliability & validity of original vs Modified Mini-Mental State Examination, psychiatric patients, Canada, 7649
- reliability of Objective Assessment of Praxis, diagnosis of cognitive impairment & dementia, female 60–92 yr olds, 7679
- reliability of evaluative ability measurement & relationship between divergent thinking & evaluative ability, 4th–6th graders, 19379
- role of aging & capacity for inhibition in cognitive development & decline, 22951
- role of frontal lobe lesions in executive function impairments, 24–51 yr olds with multiple sclerosis, 43643
- role of genetics & cardiovascular disease risk factors in cognitive decline, aging adult monozygotic & dizygotic male twin pairs, 5 yr followup, 41990
- role of neuropsychological assessment in diagnosis & development of treatment strategies, adult male with multiple psychiatric diagnoses & neurocognitive disorders & behavior problems, 23608
- role of neuropsychological assessment in diagnosis & development of treatment strategies, adult male with multiple psychiatric diagnoses & neurocognitive disorders & behavior problems, commentary, 23602
- role of sexual knowledge & cognitive skills in court testimony in child sexual abuse cases, 16 yr olds & younger, 45288
- RT prolongation, patients with mild presenile onset dementia of Alzheimer's type vs chronic cardiovascular disease & incipient cognitive deficit, 9809
- ruptured aneurysm of anterior communicating artery, development of alien hand sign & cognitive deficits, 46 yr old female, case report, 13453
- scopolamine, cognitive function, 18–30 vs 60–85 yr olds, implications for Alzheimer's disease, 43774
- scopolamine, cognitive functions, 22–35 vs 57–73 yr olds, 22859
- scopolamine dosage, memory & attention & other cognitive & neuropsychological functions, 28–47 vs 55–67 yr olds, 38483
- scopolamine vs mecamylamine, cognitive function & regional cerebral blood flow, healthy 59–69 yr olds, implications for Alzheimer's disease, 34339
- scores on Wisconsin Card Sorting Test, assessment of executive functioning, higher functioning schizophrenic inpatients, 99
- selective ideational dysgraphia for lower case letters, 67 yr old male with global intellectual impairment after falling accident, 39655
- selegiline, behavior problems & cognitive functioning & caregiver stress, 50–82 yr olds with Alzheimer's disease, 6479
- selegiline, motor RT & cognition, patients with bradyphrenia or depression or Alzheimer's disease, 24511
- selegiline without L-dopa, cognitive functioning, 43–70 yr olds with Parkinson's disease, 24658
- self injury & severe depression & cognitive impairment, 19–61 yr olds with borderline personality disorders vs schizophrenia vs major depression, 5564
- senescence, muscarinic regulation of dopamine release & loci of signal transduction pathways & related cognitive deficits, rodents, conference presentation, 42142
- sensitivity of Hooper Visual Organization Test scores, assessment of cognitive deficits, patients with right vs left hemisphere brain damage, 37618
- sensitivity of Mini-Mental State Examination, detection of frontal lobe dysfunction associated with normal aging, 50–89 yr olds, 22068
- sensorimotor defects & cognitive skills & attitudes toward illness & brain lesions, 56–71 yr olds with right hemisphere stroke with vs without severe & persistent anosognosia, 16992
- sequential & simultaneous processing abilities, high functioning autistic vs language impaired 6–12 yr olds, 27307
- serum LH or FSH or testosterone or estradiol, visuospatial & cognitive deficits, detoxified alcohol abusing male 23–59 yr olds, 43429
- serum radioreceptor assay & drug induced muscarinic blockade, cognitive & behavioral performance, elderly nursing home residents, 4 wk followup, 6544
- severity & language & memory task performance, oral word reading ability, elderly with probable Alzheimer's disease, 3 yr study, 35816
- sex & age & educational level, cognitive functioning on Stroop color word inference test, 17–22 yr olds, India, 30050
- sex & SES, standardization of Shipley Institute of Living Scale for assessment of intellectual impairment, 20–79 yr old patients & nonpatients, 3909
- sex, age related patterns of change on WAIS-R tests of fluid & crystallized abilities, 20–74 yr olds, 12246

- short term fluctuation in cognitive functioning, 65–91 yr olds with presumed multi-infarct vs Alzheimer's type dementia, 2251
- simian immunodeficiency virus, cognitive & motor & behavioral deficits, rhesus monkeys, animal model of HIV associated CNS dysfunction, 30231
- single vs group case studies of impaired cognitive performance, inference about structure of normal cognitive processes, brain damaged patients, commentary reply, 6139
- single vs group case studies of impaired cognitive performance, inferences about structure of normal cognitive processes, brain damaged patients, commentary reply, 6068
- skilled imagery, blindfolded chess players, 7892
- sleep deprivation, cognitive ability & skills performance, pediatric residents, commentary, 17609
- sleep loss, cognitive performance, family practice resident physicians, 14479
- smooth pursuit eye movement & visual fixation deficits & cognitive impairment, male schizophrenic 26–59 yr olds, 27534
- social class & age, cognitive & symbolic skills in social pretend play, K–1st graders, Canada, 19440
- social cognitive play behaviors & development of convergent & divergent thinking skills, 3–5 yr olds in full day preschool, 30687
- social situation, individual cognitive performance, male 13–15 yr olds, 1097
- social support level, cognitive task performance, male vs female college students, 8987
- specialized vs unspecialized dementia care unit, behavior & cognition, over 60 yr old residents of retirement & nursing facility, 15 mo study, 28774
- SPECT analysis of cognitive impairment, 58–87 yr olds with Parkinson's vs Alzheimer's disease, 13555
- standardized vs observational assessment of cognitive status & outcome, male 21 & 39 yr olds with traumatic head injuries, implications for rehabilitation, 33692
- statistical description of Mini Mental State Examination, community dwelling 65–101 yr olds, France, 18396
- stereotyped attitudes, judgment of appropriate educational programing & success expectancies for students with creative vs cognitive giftedness, teachers, 29377
- striatonigral degeneration & neuropsychological deficits, female 55 yr old with rigidity & bradykinesia, case report, 9666
- structural relationship between rigidity flexibility & cognitive abilities & factor structure of Test of Behavioral Rigidity, 22–95 yr olds, 1109
- subcortical or frontal neuropsychological dysfunction & cognitive decline, 45–83 yr olds with white matter lesions, 43748
- subtle neuropsychological impairments & premorbid personality type, patients with Parkinson's disease vs depression or obsessive compulsive disorder, 2215
- survival & functional independence & cognitive status following hospital discharge, 70 yr old & older medical patients with delirium, 2 yr followup, 43637
- synapse loss in right frontal lobe & cognitive impairment, patients with mild to moderate Alzheimer's disease, 35809
- target age & task familiarity & updated test norms, accuracy of estimation of cognitive ability, female college students, 23365
- teaching of cognitive thinking skills & problem solving in social studies curriculum, students, 29203
- temporal sequencing ability & memory, adults with amnesia associated with Korsakoff's syndrome vs encephalitis vs aneurysm vs other etiology, 35843
- test retest reliability of Revised Beta Examination, assessment of intellectual ability, male inmates, 88
- testosterone levels, spatial & nonspatial cognitive ability, male vs female 18–31 yr olds, Canada, 11950
- tetrahydroaminoacridine, P300 & cognitive scores, patients with probable Alzheimer's disease, 14120
- thinking competencies & prior knowledge & performance on verbal analogical reasoning tasks, low vs high achieving inner city 9th graders, 29226
- thioridazine, cognitive performance, 6–12 yr olds with attention deficit hyperactivity disorder, 40242
- thyroxine treatment, cognitive function & electrophysiologic characteristics, 31–99 yr olds with hypothyroidism, 36399
- time course of tacrine trials, cognitive function, patients with Alzheimer's disease, 32515
- time of day, oral body temperature & cognitive task performance, 18–20 yr old female student nurses, 34239
- time spent in early child care, prediction of social & emotional & cognitive behavior, 8 yr olds, 920
- toddler nutritional factors & abilities & family characteristics, cognitive competence, 5 yr olds, Kenya, 34571
- total oral nutritional supplementation, cognitive function, 66 yr olds & older with senile dementia of Alzheimer's type, 20873
- toxic effects of moclobemide on psychomotor & cognitive activity, adult males, conference presentation, 26613
- trait anxiety & self esteem & locus of control & mental ability & sex, test anxiety, college students, 31158
- triazolam, memory & cognitive function, healthy 20–34 yr olds, 26689
- trihexyphenidyl, memory & learning ability & mental processing speed, 46–77 yr olds with idiopathic Parkinson's disease, 6530
- uniformity of clinical manifestations & course & morphofunctional basis of disorders at identical stages, 55–87 yr olds with Alzheimer's disease vs senile dementia, 13499
- unrelated principal components vs factors vs hierarchical factor analysis, estimation of stability of general cognitive ability from multiple aptitude test battery, 18–23 yr olds, 25925
- use of brief form of Mini-Mental State Examination for screening in community care settings, 60 yr old & older community care program clients vs nursing home residents, 25839
- use of Developmental Test of Visual-Motor Integration-Revised, assessment of visuomotor & cognitive functioning, 54–85 yr old psychiatric outpatients, 33695
- use of general purpose higher order rules for mathematical & nonmathematical tasks, students in preservice teacher certification course, 10739

- conceptual & procedural & utilizational knowledge competence components of COUNTPLAN computer program for testing hypotheses of competence vs performance, 4119
- conceptual distinction between conscious & unconscious cognitive processes, 33885
- conceptual problem of Turing Test to distinguish between computer & human intelligence, commentary reply, 14933
- conceptualization & manifestations of cognitive metachange in substance dependent recovery, Christian alcoholic 54 yr old male in Alcoholics Anonymous, 32804
- conceptualization of domain knowledge & relation to other knowledge, 37845
- conceptually driven vs interactive process cognitive component models for psychometric analogies, college students, 26100
- concurrent articulation, rhyme & homophone & lexical decision latencies for & phonological recoding of Japanese words in kanji vs kana, college students, Japan, 33876
- concurrent memory load, performance on simple but uncertain vs complex but predictable computer game task, 18-38 yr olds, 7887
- conditions & thought processes & behaviors in effective management, development of working hypothesis, 29440
- connectionist modeling, cognitive science & human cognition, 15278
- consistent vs inconsistent attending & responding, development of automatic processing & RT & P300 latency & amplitude in memory search task, college students, 8306
- constraint directed reasoning vs designer's cognitive processes in computer aided design, computer network designers, 25537
- constructive processing perspective on costs & benefits of behavioral decision research, 1983-91, literature review, 22292
- context bias, syntactic parsing preferences in self paced reading & eye movement study, college students, 41742
- continuous broadband noise, annoyance during nonauditory cognitive tasks, 19-64 yr olds, 15244
- continuous mental task performance, cognitive performance & stress induced salivary cortisol, female 41-69 yr olds, 687
- contour intervals with vs without drainage patterns & minor surface details, map study & judgment time & selective encoding, map users, Australia, 11525

- conventional vs integrated instructions with text & diagrams, split attention effect in cognitive processing, adults, Australia, application of cognitive load theory, 41746
- correlation dimension of EEG during shut eyes resting condition vs silent light observation & pattern prediction task, college students, 654
- cross modal memory tasks & other measures of neuropsychological function, adults, 26135
- definition of cognitive recursion & thinking in LOGO programming language, commentary, 22247
- descriptive & procedural variables & cognitive heuristics based on behavioral decision theory, tax preferences & compliance behavior, college students, 30906
- desglycinamide-Arg8-vasopressin, 16–74 yr olds with neurological disease with cognitive & memory complaints, 32527
- design of hypermedia interactive interface translation of associative & formal representations, 14915
- deterministic & probabilistic multidimensional scaling approaches to cognitive process models, 22291
- development of cognitive neuropsychological model of apraxia, 20529
- development of information processing & problem solving strategies in musical cognition within analogical setting, K–6th graders, 34561
- development of problem solving strategies & mental solution of addition problems, 18–31 vs 60–82 yr olds, 975
- development of scale, assessment of constructive activity & integration of new information & role of prior knowledge in learning from text, 1st–6th graders, 33722
- developmental changes, performance on cognitive & memory tests of purported frontal lobe functioning, 7–15 yr olds, 8631
- diazepam, anxiety related cognitive bias, patients with generalized anxiety disorder, 13919
- differential exposure to print, cognitive correlates of verbal fluency, college students, 26137
- discrepant vs nondiscrepant information, use of descriptive vs base rate information in assessment of target occupation, college students, 22260
- distractor stimulus, automatic processing, schizophrenic vs depressed male 20–34 yr olds, Spain, 16482
- dream length, primary processes in dreams & creativity, 22–65 yr olds, 22400
- dual coding theory perspective on processes of social cognition in psychotherapy, clients & therapists, 20629
- duration & degradation & rotation of digit, speed accuracy trade off, during visual fixation & perceptual processing, college students, Netherlands, 11448
- efficacy of cognitive interviews in police investigations, 29576
- elaboration explanations & plan recognition in learning of theatrical scripts, professional actors vs theatrically inexperienced college students, 33940
- elaborative & nonelaborative study processing, implicit memory for unitized and noninitiated word pairs, college students, Canada, 26192
- emotional processing & psychophysiology, analysis of fear imagery in behavior therapy, patients with anxiety disorders, commentary, 32225
- emotions & values & role playing, mental model of argument strength, 37882
- energetic & computational demands, event related desynchronization during cognitive processing, 22–29 yr olds, 34206
- epistemological foundationalism of human knowledge, 41756
- ESP scoring of personal vs neutral drawings & mentation items reflecting personal memories, 18–64 yr olds, Netherlands, replication, 7982
- estimation & selection of subgoals as indicator of mental programing deficit, adults with left vs right anterior vs posterior cerebral lesions, Finland, 43850
- estrogen replacement therapy, cerebral perfusion & cognition, female 40–90 yr olds with vs without cerebrovascular disease, 20949
- evolution of mental processes during ongoing psychoanalysis, psychoanalysts, 36143
- evolutionary framework for implicit learning & unconscious cognition, 33996
- examination of E. Gibson's theory of relationship between mental processing & perception, commentary, 33866
- examples & their explanations, learning to program recursive functions in analogical problem solving, college students, 4115
- examples of cognitive illusions & errors in judgments & reasoning & explanations for class inclusion performance, 7891
- executive function & development of prefrontal lobe functions, 3–12 yr olds & adults, 1032
- explanation of behavior & cognitive processes at symbolic & physiological levels, 41417
- explicit originality vs flexibility vs conventional instructions, ideational originality & flexibility, 15–17 yr olds, 12351
- expository passage with vs without headings, reading comprehension & text search accuracy, college students, 11529
- exposure to multiple shooting, mediation of memory network & intrusion & avoidance in trauma reactions, office workers, Australia, 4 & 8 & 14 mo repeated measures, 43302
- extensive vs moderate individual item processing, encoding of relational information, college students, 26105
- extraversion vs introversion & task difficulty, heart rate reactivity during mental arithmetic task, college students, 19012
- extrinsic incentives, alphanumeric copy vs coding speed, low vs high IQ college students, 18598
- extrinsic vs intrinsic motivation, self regulation of time spent on letter recognition & sorting tasks, 3.7–6 yr olds, test of H. N. Switsky & L. Heal's motivational orientation construct, 15961
- F. A. Hayek's theory of sensory order & role of mind in sensory process, 33772
- factors prolonging duration of sequential & concurrent mental processes in stochastic discrete mental networks, 26134
- familiarity with television subtitles, processing time, English- vs Dutch-speaking college students, Belgium, 8541
- family communication patterns & sex & pregnancy experiences & viewing motivations, cognitive processing of music video about teenage pregnancy, 13–18 yr olds, 19520
- filtering vs parallel processing model in rapid serial visual presentation tasks, college students, replication, 37755
- floral choice behavior & evolution of cognitive architecture, enclosed colonies of bumblebees, 4326
- food deprivation, subjective & physiological & cognitive responses to marihuana, 19–33 yr old male marihuana smokers, 838
- formal modeling techniques in human computer interaction, user knowledge needs & cognitive processes, 25538
- framework for study of pronoun resolution & facilitation of referents vs nonreferents, college students, application of discourse models, 18589
- framing effects, cognitive representations during simulated financial evaluation, expert vs novice auditors, 7862
- frequency & temporal ordering of S protocols, PROLOG comprehension, adult computer programmers, 11111
- frontal lobe dysfunction & subjective ordering & working memory, 33–67 yr olds with alcoholic Korsakoff's syndrome, Netherlands, 16770
- frontal lobe functions & planning & spatial working memory, alcoholic 28–73 yr olds with vs without Korsakoff's syndrome, 9466
- full vs partial figure & quality of viewed parts, reference frame realignment vs reconstructions in reverse of mental images, college students, replication, 30038
- function of consciousness in information processing, commentaries & reply, 26222
- fuzzy logic model of perception vs stochastic interaction activation & competition models, description of influence of stimulus & context in language processing, 11165
- general health & cardiovascular status, speed of mental processes, elderly males vs females, 5162
- generative approach to psychometric modeling of hidden figure items, high school students, 3964
- gestalt perceptual processing, schizophrenic 23–55 yr olds, England, 35224

- habitual vs acute caffeine, skin conductance & auditory habituation & RT & verbal paired associates anagram performance & visual vigilance, low vs high caffeine users, 22840
- handwriting performance in terms of human factors design of writing symbols & words & cognitive factors in human computer interaction, college students, 3703
- health screening questionnaire & random recruitment for neuropsychological cognitive aging research, 60 yr olds & older, 34692
- hemispheric asymmetry & creative thought processes, right handed male college students, 8172
- hemispheric processing, left vs right handed adults, 11764
- heuristics & biases in psychological theory formation, 29613
- hierarchical structure of knowledge representations, average vs master chess players, 41754
- high dose trihexyphenidyl, information processing & memory, 40-60 yr olds with idiopathic focal dystonia, Canada, 6543
- history & trends of cognitive neuroanatomy, 38242
- holistic information processing during visuospatial task as cognitive marker, depressed 13-18 yr olds, 16532
- hormones, cognition, patients with congenital adrenal hyperplasia, research review, 27901
- hospital training, heuristic based bias in diagnosis & hypothetical medical vs nonmedical decision making, pediatric residents, instruments appended, 29039
- human intentionality & computer programs, commentary reply, 30047
- human intentionality & computer programs, commentary, 30030
- hypnotic susceptibility, automatic vs strategic processing & RTs in Stroop color naming task, college students, Canada, 26217
- hypotheses on information processing functions & endogenous & P300 components of EPs, commentary, 26464
- hypothesis on information processing functions & endogenous & P300 components of EPs, commentary reply, 26457
- identification & standardization of bilateral electrodermal parameters & asymmetries during cognitive work load, learning disabled 8-16 yr olds, 23944
- illusory auditory word reversal & mental activity, 19-58 yr olds, Germany & Czechoslovakia, conference presentation, 37879
- imagery vs preparatory arousal vs counting backwards, hand grip strength & state anxiety & perceived exertion, college age & older adults, 26526
- impactful dreaming, postawakening metaphor generation, 17-31 yr olds, 18691
- impairment in dorsolateral prefrontal cortex & learning of elementary information processing tasks, schizophrenic 23-48 yr olds, commentary reply, 9298
- impairment in dorsolateral prefrontal cortex & learning of elementary information processing tasks, schizophrenic 23-48 yr olds, commentary, 9322
- impairments in narrative discourse & working memory, 9-18 yr olds with closed head injuries &/or frontal lobe damage, 43755
- incorporation vs compartmentalization of fictional information into real world knowledge & judgments about beliefs, college students, 7856
- individual differences in cognitive factors, inspection performance, adults, 14824
- individual differences in cognitive functioning & approach to learning, students, 29249
- individual variability, positron emission tomography studies of participation of frontal opercular & inferior parietal cortex in high order language processing, 18889
- induction of depressed vs neutral mood, hemispheric processing, right handed college students, 41996
- information accessibility or processing priorities, cognitive bias in processing threat, patients with high anxiety disorder, 12988
- information integration, recall of ambiguous prose passages, college students, 11546
- information load & speed & accuracy processing demands, allocation of attentional resources, schizophrenic patients, 35249
- information processing & effectiveness of TV vs radio advertisements from perspective of multiple resource & other theories, 11100
- information processing & neuropsychological function & inherited predisposition to alcoholism & other characteristics, sons of alcoholic males, 20246
- information processing load & level of physical activity, structure of cardiac rhythm, 6-7 yr olds, 22932
- information processing paradigm of counselor intervention strategies for computer assisted career guidance, 37214
- information processing rates for paced trials of Children's Paced Auditory Serial Addition Task, 9-15 yr olds, 25714
- information processing strategies & task characteristics, order effects in belief processing & formulation of belief adjustment model, adults, 22276
- information processing theory of role of fantasies & dreams in TV viewing & aggression, 8 & 10 yr olds, 30835
- information utilization for cognitive context construction assessed through EPs, schizophrenic adult males, 35245
- insert vs type over information display state, visual & cognitive processing, adults, 11124
- instruction in critical thinking skills, perceptions & use & applications of cognitive processes, 9th-12th graders, 17755
- instructional design perspective on cognitive teaching models, 29206
- integral vs separable displays, perception of graphical data in cognitive tasks, college students, ergonomic implications, 7455
- interaction of cognitive domains of language & memory & agnosia & apraxia & intellectual abilities, patients with Alzheimer's disease, 2242
- interdependency of word & concept & relationship between conceptual system & mental lexicon structures, 7903
- interference & facilitation processing in Stroop Color & Word Test, chronic schizophrenic patients, 31433
- interferon alpha, motor & cognitive performance & mood & physiological functioning, 28-53 yr olds, UK, 8443
- interhemispheric transfer & cognitive & neuropsychological functions, male 8 yr olds with total agenesis of corpus callosum identified after minor head injury, conference presentation, 31938
- internal representations of food & no food events, mediation in formation of new associations, pigeons, 11659
- interoceptive influence of hyperventilation, system organization of peak frequencies & mean coherence in EEG & CNS integrative function improvement, adults, 38274
- interpolated processing demands, visual recall of schematic sport diagrams, high school coaches vs college students with novice vs no football experience, 30084
- interpretation of terminology in concept of E. C. Tolman's cognitive intervening variables, 26123
- interstimulus interval & conceptual difficulty & feedback stimulation, frontal positive & posterior negative late slow wave activity during mental arithmetic, college students, replication, 4555
- interstimulus interval & conceptual difficulty & feedback, frontal positive & posterior negative late slow wave activity during mental arithmetic, college students, commentary on replication, 4557
- interstimulus interval & conceptual difficulty & feedback, late slow wave activity during mental arithmetic, college students, reply to commentary on replication, 4556
- introduction to device for shaping random signal sequences & selecting events in stochastic modeling of cognitive operations, 15275
- knowledge elements & cognitive processes used in indexing & information management, senior vs junior research analysts, 22257
- knowledge representation & learning control in dynamic systems, 21874
- knowledge structure & semantic transference of analogies & metaphors, commentary, 4102

- L-deprenyl, spatial learning & memory & other cognitive functioning, 3 vs 24–25 mo old male rats, 4685
- lack of training in logic, interpretation of logical operators in computer searching & types of errors made, 18–28 yr olds, 22264
- language & themes of literature, oral language & communication & cognition, 2.5–5.4 yr olds, 12238
- lateral head movement limitations, compensation & reasoning-like processes in orientation & depth perception, moving vs stationary graduate students, 37766
- law of cognitive structure activation, thought processes & information processing of social & nonsocial stimuli, applications to areas of psychology, commentary, 325
- law of cognitive structure activation, thought processes & information processing of social & nonsocial stimuli, applications to areas of psychology, commentary, 334
- law of cognitive structure activation, thought processes & information processing of social & nonsocial stimuli, applications to areas of psychology, commentary, 321
- law of cognitive structure activation, thought processes & information processing of social & nonsocial stimuli, applications to areas of psychology, commentary, 326
- law of cognitive structure activation, thought processes & information processing of social & nonsocial stimuli, applications to areas of psychology, commentary, 308
- law of cognitive structure activation, thought processes & information processing of social & nonsocial stimuli, applications to areas of psychology, commentary, 310
- law of cognitive structure activation, thought processes & information processing of social & nonsocial stimuli, applications to areas of psychology, commentary, 340
- law of cognitive structure activation, thought processes & information processing of social & nonsocial stimuli, applications to areas of psychology, commentary, 357
- law of cognitive structure activation, thought processes & information processing of social & nonsocial stimuli, applications to areas of psychology, commentary reply, 352
- law of cognitive structure activation, thought processes & information processing of social & nonsocial stimuli, applications to areas of psychology, commentary, 359
- law of cognitive structure activation, thought processes & information processing of social & nonsocial stimuli, applications to areas of psychology, 351
- law of cognitive structure activation, thought processes & information processing of social & nonsocial stimuli, applications to areas of psychology, commentary, 343
- learning effectiveness of international relations simulation game CRISIS, students, 10762
- length of mental preparation before vs after warm up physical practice, basketball shooting, male college students, 3653
- letter recall & decision making & problem solving transcranial Doppler ultrasound measures of middle cerebral artery blood flow velocity, college students, 38313
- lexical access & word decoding & working memory load & sensitivity to text structure, reading time & recall, skilled vs less skilled college readers, 341
- linguistic information, comprehension & pronunciation of orally read text, college students, Poland & US, test of modularity/interactivity controversy in text processing, 7867
- look back & retrace strategy instructions, wayfinding performance, 6 vs 12 vs 17.8 vs 54.3 yr olds, Canada, 22950
- lower vs higher order knowledge necessary to solve algebra speed word problems, conference presentation, 7861
- MA & CA & IQ, inspection time, 6–8 vs 10–12 yr olds, Australia, 38730
- machine modeling of generative assembly device, language & manufacture & representation of objects, humans, conference presentation, 3738
- mapping of conceptual structures onto lexical items during language production, 33848
- matching of complex textual & pictorial emotional information, nonorganic vs organic vs nondepressed brain damaged or neuropsychiatric patients, 39247
- matrix size & intentional vs incidental instructions, automatic processing of memory for spatial locations, college students, 30098
- memory load & mapping & selective attention manipulation, phoneme monitoring for speech syllables, adults, 26120
- mental arithmetic, palmar sweat index, male college students, 26535
- mental imagery vs verbal thinking, EEG probability mapping, adults, 22654
- mental models of procedural & declarative knowledge & perceptions & similarities of use of features of business phone system, control & comprehension, trained vs untrained novice users, 7456
- mental process of question answering in complex answering task, college students, Canada, 7896
- mental processes, acceptability of foods & drinks, adults, conference presentation, 12658
- mental processes involved in medical problem solving, family & general physicians, 32925
- mental representations & processes in synonym comprehension & sentence completion, college students, implications for theories of intelligence, 7873
- mental tracking task vs heartbeat discrimination procedure, estimation of duration of time intervals, female 18–34 yr olds, 42180
- metacognitive strategy, processing information & knowledge of illness, stroke patients with vs without information booklet with vs without instructions to monitor comprehension, 40419
- methodological flaws in study of leader IQ & directiveness, group atmosphere & rank & performance, Air Force personnel, test of cognitive resource theory, commentary reply, 34910
- methodological flaws in study of leader IQ & directiveness, group atmosphere & rank & performance, Air Force personnel, test of cognitive resource theory, commentary, 34884
- methylphenidate, sustained attention & information processing, 8–12 yr olds with attention deficit disorder with vs without hyperkinesia, 36198
- model of distributed team information processing in environments with ambiguous data, adults, 16330
- model of rule acquisition in discovery of problem solving strategies, adult, 365
- models of cognitive processing of 1 & 2 sided persuasive messages, college students, 15271
- modified psychoanalytic theory of primary & secondary processes of cognition, 23475
- modular organization of visual thinking & visuospatial ability & pattern recognition, 63 & 65 yr old males with bilateral parietal vs temporal lobe lesions affecting visual pathways, case reports, 2208
- mood & cognitive restraints to suicide, college students, 1859
- mood & introversion vs extraversion & cognitive performance, college students, 23390
- mood, information search & decision processing during choice of partner for self vs other, college students, 8980
- motivational & cognitive processes of behavior change & decisions about mammography, 40–75 yr old females, 36453
- motivational concepts in cognitive self regulation theories, 12710
- motor information from actual performance, cognitive processes involved in & duration of mental walking task, college students, 11522
- movement related brain EPs & transmission of partial information, adults, 18966
- moving spot or chess pieces in imaginary grid, Stroop like imagery interference & relation to cognitive process, 16–50 yr old skilled vs nonskilled chess players, 41735
- multiple resource theory, processing of broadcast advertisements, consumers, 14900
- museum script content & model of visitor behavior & cognition, 3–73 yr olds, Australia, application of E. Langer's mindfulness/mindlessness concept, 12337
- music meter & tempo & tone processing, epileptic patients with left vs right temporal lobectomy, 6093

- music's fit with advertised message vs ties with past emotion laden experiences, high vs low involvement ad processing, female consumers, 7430
- Myers-Briggs information processing & decision making preferences, performance patterns in total enterprise simulations, graduate students, personnel training implications, 33314
- nature & purpose & development of cognitive ergonomics, commentary on conference presentation, 45203
- nature & purpose of cognitive ergonomics, conference presentation, 45204
- nature of task & work environment, individual differences in stimulus screening, personnel, 3616
- need for cognition & causal processing & memory for target's behavior in impression formation, college students, 19801
- need for cognition & distraction assessed by motivation & ability to process information, issue relevant elaboration & attitude change, college students, 33877
- need for cognition & experiential openness & introspection, identity style, female 18-21 yr olds, 34956
- neonatal bilirubin exposure, psychoeducational outcome & development, 9-11 yr olds, 8559
- network & multidimensional representation of declarative knowledge, human computer interface design experts & nonexperts, 29514
- NETWORK computer system for novel task planning, 33882
- neural network model of context processing disturbances in schizophrenia, 33477
- neural network Sweeping Model of attention & cognition, 25597
- neuroanatomical constraints on cognitive models of visual word recognition & lexical access, 30309
- neuroethological framework for representation of mind, macaque monkeys, animal model of cognitive processes, 34121
- neurological models of cognitive processing, 26144
- neuropsychological Chinese Room controversy on computer & neural net representations of brain functioning & thinking & semantic relations, 25601
- neuropsychological aspects of simultaneous vs successive processing as measured by WISC-R subtests vs Halstead-Reitan Neuropsychological Battery, learning disabled 9-16 yr olds, 29733
- neuropsychological data used for investigation of normal cognitive systems, brain damaged patients, commentaries & reply included, 17016
- nicotine, attention & cognitive processes & memory, healthy volunteers & patients with senile dementia of Alzheimer's type, 32009
- nicotine dosage, psychomotor performance & cognitive processes, female smokers vs nonsmokers, 34348
- noise & time of day, performance on focused attention vs category search tasks, 18-35 yr olds, 7962
- nonomic stimulus properties & representation states, commentary, 22254
- notion of cognition in cognitive ergonomics, commentary on conference presentations, 45200
- numerical & physical size of digits, automatic vs intentional processing of numerical information, college students, 18612
- N400 component EPs during semantic expectancy processing of congruent vs incongruent sentences with memory task, 19-25 vs 50-67 yr olds, 42108
- omitted stimuli, P300 waves in EPs & 40 Hz cognitive response, cats, 22632
- optimal responding to environmental information processing demands, prediction of cognitive output, adults, commentaries & reply included, 15263
- order & controllability of scenario events, counterfactual thinking in causal attribution, college students, 23362
- order of visual information processing, detection of target letters in 3-level figures, 22-40 yr olds, England, 37860
- organization & functioning of oral & written language production mechanisms, literature review, 878
- organization of perceptual motor acquisition during pursuit tracking task, college students, 29975
- orientation of attention & information processing in sports, expert athletes, commentary reply, 45156
- orientation of attention & information processing in sports, expert athletes, 45149
- parallel distributed information processing framework for models of automaticity, 41748
- parallel distributed processing approach to artificial intelligence & psychological & physiological models of attention & cognition, 14931
- parallel distributed processing model, depiction of decisions about credit risks, loan officers at banks, 10968
- paranoid thought & self consciousness & attention, sense of being observed, college students, 16381
- parsing strategies & computational models, ambiguity resolution in sentence processing, 301
- pemoline, cognitive performance, 6-12 yr old males with attention deficit hyperactivity disorder, 32402
- perceived intelligence of mental activities represented in mental act verbs, adults, 19844
- perception of & sociocognitive responses to facial form & stimuli, 0-6 mo olds, 22929
- perception of message unavailability, motivation to process, college students, 33850
- perceptual & motor & cognitive processes in information processing approach to disability oriented assessment of motor dysfunction, 17002
- performance on reflection impulsivity & simultaneous & successive processing tests, 2nd graders vs unschooled tribal children, India, 7184
- personal construct systems in vocational development & information processing, 37209
- personal construct theory & states of mind model of cognitive balance & psychopathology, 35136
- personal constructs & career information filtering process & choice, career counseling & development implications, 37215
- phase of communicative sequence, nonverbal behavioral manifestations of cognitive processes in clinical listening, medical students, 26710
- phonological processes, word identification & attack, kindergarten at risk for reading disability, 1 yr followup, 5887
- phonological recoding of visual stimuli in short term memory, long term memory coding & image transformation, adults, England, 18629
- physical & vs mental practice, cognitive vs motor task performance, college students, commentary reply, 29874
- physical & vs mental practice, cognitive vs motor task performance, college students, commentary, 29873
- physical & vs mental practice, cognitive vs motor task performance, college students, 4043
- physical attractiveness of spokesperson in perfume advertisement with strong vs weak arguments with vs without perfume preexposure, cognitive responses, college students, 45182
- physical exercise, cognitive task performance, adults, 11538
- planning & attention & simultaneous & successive cognitive processing tasks, delinquent vs nondelinquent adolescent males, 23892
- planning & attention & simultaneous & successive cognitive processing, 7-12 yr old males with vs without attention deficit hyperactivity disorder, 31715
- planning & prioritization & completion of daily activities, college students, 31146
- planning strategies & ideational processes during collaborative computer aided story completion task, dyads of 2nd graders, Italy, 1015
- play, emotional & cognitive experiences & fun & communication & well being, animals, 26291
- play, social & cognitive variables, children, literature review, 1079
- political attitudes & sociocultural & other variables, individual differences in emotional & cognitive responses to political leaders' facial displays, adults, implications for evolutionary psychology, 12624

- porcine vs human insulin infusion & blood glucose level, cognitive & RT psychomotor functioning during hypoglycemia, Type 1 diabetic 18–27 yr olds, 14100
- positive vs negative affect target word with diminished contrast, veridical perception, college students, 327
- practice & automaticity & adaptive control of thought theory, 41732
- practice & cognitive factors in development & choice & transfer of proportional reasoning problem solving schemata, concrete operational college students, 3393
- practice & cognitive strategies & MA, inspection time, 5–6 vs 11–12 yr olds, 38714
- practice & similarity & frequency of exposure to part vs all of arithmetic problem, feeling of knowing answer & selection of retrieval vs computation strategy, college students, 30097
- practice, interference & automatization of reading suppression response with cognitive inertia on Stroop Color & Word Test, mentally retarded vs college students, 1 & 3 mo followups, erratum, 13282
- preference for specific information processing aid in planning process, college students, 30029
- prenatal cocaine &/or amphetamines, cognitive functioning & visual recognition memory, full term infants, 31649
- prenatal polychlorinated biphenyls, cognitive processing efficiency & sustained attention, 4 yr olds, 22963
- presentation rates & object cues, age differences in recall of actions vs cognitive activities, 18–79 yr olds, 15361
- prime word processing, semantic priming in lexical access & spreading activation, college students, 320
- priming & automatization in perception of novel objects & benefits of & role of memory tokens in re-perception, conference presentation, 41793
- problem of & controlling for individual differences in error response latencies & speed accuracy tradeoff in cognitive processing, adults, 26118
- problem solving strategies vs processing speed, numerical ability, 1st graders, China vs US, 42553
- problem vs memory oriented training, spontaneous analogical transfer & processing, college students, Canada, 11585
- problems & solutions in use of mental chronometric methods & individual differences in mathematics performance, 26124
- problems with cognitive theories of panic attacks, 15371
- processing level for visual stimuli in extinguished field, patients with temporal lobectomy for drug resistant epilepsy, 43745
- production system & neural network & instance models of cognitive representation, implications for motor skill acquisition, 29967
- program structure, maintenance & cognitive representation of software, college students & professional programmers, 21844
- prolonged vs repeated word stimuli, total study time per item & recall, adults, 30088
- proximity matrix methodology for representation & construct validity of cognitive structure, gifted middle school science students, 34538
- pseudorandom sequences, selection vs psychokinesis in pre-cognitive timing, adolescents & adults, Hungary, 1028
- psi as subcognitive process, 442
- psychological effects of alpidem, healthy elderly, 19089
- purpose of tool, use of tool to obtain out of reach toy & dynamics of adaptation to social environmental conditions, 3–7 yr olds, 22977
- P300 component of auditory EPs & RTs, elderly with senile dementia of Alzheimer's type, 9844
- question structure, cognitive bias in frequency & portion size estimates of dietary intake on questionnaire, college students, 356
- rate of computer presentation, effect of sex or auditory &/vs visual mode or cognitive strategy on digit recall, college students, 26199
- rate of memory decay in delayed matching to sample task, female 65 yr olds & older with senile dementia of Alzheimer's type, New Zealand, 31973
- rational vs experiential system of postoutcome processing of aversive events, college students, 19830
- reading level, processing numerals in Arabic vs kanji vs kiragana vs katakana, 4th–6th graders, Japan, 12270
- reappraisal of Freudian metapsychology based on cognitive transformations in psychoanalysis, 9127
- rearing in isolated vs social vs enriched environments, acetylcholine & glutamate in lateral entorhinal & temporal & frontal cortex & associated cognitive & memory processes, male rats, 38208
- receipt of APA award for research in neural analysis of higher order cognitive function, P. S. Goldman-Rakic, 28893
- recognition & recall of internal vs external causal explanations, college students, 31114
- recognition association vs forward search theories of chess skill, 41761
- recognition of changes in cognitive or cerebral EEG state & identification of delirium, elderly patients, 35106
- reflex epilepsy in response to affective or cognitive stimuli, 17–45 yr olds, 35791
- related &/vs rhymed read vs generated word pairs, degree of elaborative processing, college students, Spain, test of H. L. Roediger's processing approach theory of explicit implicit dissociations, 37921
- relevance & application of cognitive process based instruction & differences with process training, learning disabled students, 29372
- relevant vs irrelevant designated vs surrounding evidence, strength of evidence judgment & conjunction fallacy, college students, implications for conjoint measurement, 37846
- reliability & convergence of cognitive structure measures derived from repertory grids, college students, US & Spain, 22000
- reliability & correlational analyses of accuracy & incremental difference & rate of change scores, schematic measurement of level sharpening, college students, 15009
- reliability & validity of Cognitive Slippage Scale, assessment of speech deficits & confused thinking, schizophrenic 24–38 yr olds vs college students, 29723
- reliability & validity of Speed of Thinking Test, college students, 25726
- representation & development of mathematical knowledge, male 8th grader followed since 5th grade, 33101
- representational bias of acquired memory processes, research review, 30090
- repression & identification & cognitive revolution in dissolution of Oedipus complex, 6 yr olds, 8747
- response bias in generation of random numerical sequences, college students, 18587
- response signals, facilitation of speed accuracy decomposition in information processing, 18–23 yr olds, 11523
- retrieval of arithmetic facts, brain damaged patients, 24146
- retrieval structure & encoding processes, college students vs skilled memorist, test of W. G. Chase & K. A. Ericsson's theory of skilled memory, 11548
- revision of 5th grade social studies texts using cognitive processing perspective, comprehensibility, 4th–5th graders, commentary reply, 29140
- revision of 5th grade social studies texts using cognitive processing perspective, comprehensibility, 4th–5th graders, commentary, 29186
- revision strategies for narrative vs descriptive texts, 9–12 yr olds vs adults, 1014
- role of affects in psychosocial/biological model of psyche & brain & associated cognitive systems, 688
- role of availability & simulation cognitive heuristics in on job HIV & AIDS exposure risk assessment, physicians, 17607
- role of brain structure & processes in political behavior, humans, 1270
- role of cognitive & agency reflexive processes in emotional identification & display & experience, 5444
- role of declarative & procedural memory processes in procedural mechanisms of emotion processing & influence on psychoanalysis, 44033

- role of mental practice in motor performance, literature review, 26532
- role of neurotransmitter systems in cognitive processes, development of cognition enhancers, conference presentation, 19045
- role of oppositionality in predication vs mediational models of human cognition, application to artificial intelligence, 3741
- Rorschach Mutuality of Autonomy scale, assessment of object relations & representation, children, 18288
- RT in cognitive processing, prediction of social functioning & dependence on psychiatric care, schizophrenic & other psychiatric patients, 35260
- schizotypy, cognitive inhibition during repetitive & semantic priming, normal 18–43 yr old males, implications for schizophrenia, 15264
- schooling, IQ & related cognitive processes, 12228
- scrambled word vs normal text & surface vs contextual message level processing during reading, transfer to text re-reading, college students, 18597
- scrambled word vs normal text & surface vs contextual message level processing during reading, transfer to text re-reading, college students, 41769
- selection & use of cardiovascular parameters, assessment of hemodynamic & psychophysiological reactivity during mental vs physical task, 19–29 yr old males, 696
- selective encoding of emotionally threatening information, vulnerability to clinical anxiety, 20119
- self efficacy & social influences & cognitive precursors, drug use, junior high school students, 9450
- self esteem, mood & cognitive & emotional reactions to positive vs negative daily events, college students, 9054
- self knowledge of psychological & cognitive states having contents and objects, 41835
- semantic & conceptual organization & conjoint retention, patients with idiopathic Parkinson's disease, Italy, 13494
- semantic & strategic processing, memory performance, college students, 4152
- semantic category judgment & speed of processing, survivors of severe closed head injuries, 20393
- semantic preprocessing, eye movement control in reading, college students, replication, 18511
- semantic vs physical processing, priming in word fragment completion, college students, 30007
- semantically anomalous pictures & words, N400 component of brain EP as index of language vs conceptual system, college students, 22651
- sensory processing & memory & stereotypical behaviors & social interaction & empathy, verbal high functioning autistic 13 & 27 yr old males, 5871
- sentence acoustic prosodic cues, identification of syntactic structure, college students, 11517
- sequential & simultaneous processing abilities, high functioning autistic vs language impaired 6–12 yr olds, 27307
- sequential processing of multiple pieces status information, influence acceptance, 17–25 yr olds, application of expectation states theory, 12577
- sex & SES & general intelligence & initial severity, differential prognosis of reading performance & symbol processing speed, reading disabled 7–13 yr olds, 5 yr followup, 5896
- sex differences, planning vs attendance vs simultaneous vs successive cognitive processing, 2nd & 4th & 6th & 10th graders, implications for definition of intelligence, 42535
- sex, information processing approaches to career development, 37218
- shared cognitive dimensions & educative tasks of cultural institutions, 10708
- short term memory & processing speed & age & auditive factors, speech perception, 53–94 yr olds, 30736
- short vs long program sections, mental representations & comprehension strategies in learning, novice programmers, 11114
- similarities between neuropsychological study of lateralization & secondary task paradigm to examine cognitive processes in skilled learning, 15265
- simultaneous & sequential information processing & ability to recognize & notate musical meter, 3rd & 5th & 6th graders, 26845
- simultaneous vs successive planning for 2 events with vs without adult help, 3–5 yr olds, 26799
- single word processing, neuronal impulse activity in different cortical areas & subcortical nuclei of thalamus & striopallidum, 10–58 yr olds, 34506
- situation awareness & relation to automation, aircraft safety, aircraft pilots, implications for automatic systems design, 41303
- situational awareness as cognitive process, 7859
- social cognitive theory of self regulation, 12707
- social density & personal space, simple vs complex cognitive task performance & feeling of crowding, female 16–18 yr olds, India, 34663
- social information processing deficits, aggressive children, implications for social skills training, 5717
- social psychological contributions of multilevel integrative approach to study of mental & behavioral phenomena in decade of brain, 42900
- sociohistorical psychological perspective on cultural variations in cognitive processes, 11541
- software reuse, analytic performance & mental processes, novice vs expert software engineers, implications for design of support tools, 25548
- spatial frequency of electrical processes accompanying algorithmic & automated & investigative actions, humans, 30372
- spatiotemporal cortical EPs during sensory discrimination & stimulus classification & response participation task, rhesus monkeys, 4542
- spatiotemporal organization of electrical activity of frontal & parietal & occipital regions of cerebral cortex during intellectual activity, 22–37 yr olds, USSR, 30357
- specializations of cerebral hemispheres, visual information processing, literature review, 15580
- speed of information processing & attention, 47–79 yr olds in early stages of Alzheimer's disease, 2229
- speed of information processing & psychometric intelligence, college students, application of modified vs classical Hick paradigm, 7880
- stationary or moving preview parameters, object specific priming & integration of information in letter naming tasks, adults, US & Canada, 37866
- statistical correlation of WAIS-R & WISC-R & cognitive & standard intelligence measures, college students vs mentally retarded adults vs low vs high IQ high school students, commentary, 9552
- statistical correlation of WAIS-R & WISC-R & cognitive & standard intelligence measures, college students vs mentally retarded adults vs low vs high IQ high school students, commentary reply, 9553
- stimulus control shaping, identity vs arbitrary matching performance, female 4.6 & 5.8 yr olds & severely or moderately retarded female 32 yr old & male 16 yr old, 25298
- stimulus familiarity & motor complexity, speed of information processing in drawing task, traumatically head injured 14–49 yr olds, Netherlands, 17018
- stimulus rectangle saliency, information integration processing & perceptual judgment, 5 yr olds, replication, 19371
- stochastic network models of cognition in resource constrained mental processing, 29830
- strategy competition model of flexibility in reading behavior, college students, 26103
- stress, individual differences in use of cognitive heuristics & risk assessment decision modes, adults, 37881
- structural analysis as means to identify higher vs lower order rules associated with any given body of content, 7893
- structural dependency of generation & selection processes, intrinsic constraint in creative pattern production, college students, Japan, 41763
- structure & complexity & isomorphism & mental processes in representation of algebra speed problems, 7858
- structured cognitive processing, development of concepts, hearing impaired students, 33212

- symbolic vs spatial S-R compatibility & task overlap, central bottleneck during cognitive dual task interference, 18-40 yr olds, 33883
- symmetrical vs asymmetrical coding of food vs no food samples in delayed matching retention task, pigeons, 18724
- synthetic vs analytic thought processes during creative problem solving, art vs science oriented college students, 4100
- task complexity & relevance of distracting & task stimuli & practice, distraction effect on cognitive performance, college students, 33867
- task relevant vs irrelevant stimuli, skin conductance orienting & allocation of processing resources, college students, test of generality of dissociation effect, 8303
- tax policies & personal tax situation, evaluation of distributive justice of personal income tax burdens using outcome vs norm processing frames, adult taxpayers, 30907
- temporal orientation & organization & distortion & performance of activities of daily living & disease severity, 50-97 yr olds with Alzheimer's disease, 6132
- test of object decision with 2-dimensional minimal view of object silhouette & nonsense shapes, assessment of perceptual processing, patients with right & left hemisphere lesions, 33711
- theoretical constructs in cognitive science & system design & clinical & educational practice in augmentative & alternative communication, 10583
- theories of change & cognitive modifiability vs static models of dynamic assessment, 41744
- theory of basic emotions & related cognitive components, commentary, 41836
- theory of handwriting as multicomponent task of divergent cognitive & psychomotor & biophysical processes, 11507
- thermodynamics curriculum, cognitive demands, 8th graders, 17758
- threatening words & competition for cognitive processing resources, lexical decision times, patients with generalized anxiety disorder, 5685
- thymoxamine & letter transformation difficulty & mental load, sympathetic vs parasympathetic system role in pupil dilation amplitude & cognitive task performance, college students, 11805
- tools for & applications of recording & analysis of neurocognitive networks, 561
- total cell frequency & width of range of contingency tables, strategies for judgment of objective contingencies, college students, 33896
- traditional model & proposed theory of human psychological functioning based on self organizational perspective, 11532
- training & cognitive style & mental task representation, performance on simple task with automatization vs complex cognitive task with controlled processes on word processor, college students, 3701
- transplantation of fetal cholinergic neurons into hippocampus, attenuation of ethylcholine aziridinium ion induced cognitive & neurochemical deficits, 120 day old male rats, 26376
- TRH analog RGH 2202, spatial discrimination & memory & grooming & active & passive avoidance & sexual behavior & motor coordination, male rats, 19064
- type & difficulty of Spanish radio text passage, comprehension & metacognitive & cognitive processing strategies & affective responses, male vs female college students, 41736
- Type A behavior, stress engendering cognitive & social responses in assertiveness situations & social conflict, male college students, 16375
- type of phrase & materials, literal processing in comprehension of figurative idiomatic expressions & activation of referents of anaphors, college students, 26122
- type of question on short stories, prediction of goodness of answer judgment & decision latencies by QUEST model of question answering, college students, 3732
- type of speech task & cognitive style, pausing behavior & mental mobility, 16 yr olds, Poland, 1026
- ultradian rhythms of cognitive operations indexed by latency of P300 component of EPs, adults, 38262
- unattended parafoveal prime word, semantic processing & recognition facilitation of target word, college students, 7960
- unconscious cognition implicit learning & abstract similarity between training & test letter strings, artificial grammar & probability learning & transfer, adults, commentary, 385
- unconscious information acquisition, 33878
- underlying premise acceptability, agreement with & perceptions of message & source & cognitive responses, college students, 1354
- understanding role of mind as information processor, 3-5 yr olds, England, test of theory of mind, 4997
- unilateral forced nostril breathing, cognitive performance, right handed male 19-31 yr olds, 15559
- unitary vs independent elemental processes & cognitive tasks, psychometric general intelligence, college students, commentary reply, 34981
- unitary vs independent elemental processes & cognitive tasks, psychometric general intelligence, college students, commentary, 34958
- unitary vs independent elemental processes & cognitive tasks, psychometric general intelligence, college students, commentary, 34959
- unitary vs independent elemental processes & cognitive tasks, psychometric general intelligence, college students, 34980
- unresolved issues in theory of planned behavior, 11514
- use of cues in & model of clinical judgment processes, 24-60 yr old psychiatric nurses, 10675
- use of frequency information during learning in everyday context, expert vs novice 18-32 yr olds, 22252
- use of working memory in cognitive task, young adults vs elderly, 38722
- validity of G. E. Larson & D. L. Alderton's worst performance rule of RT variability in information processing, college students, 30026
- validity of mathematical models, prediction of cognitive slowing & response latency on nonlexical tasks, younger vs older adults, 18590
- validity of measures of cognitive modifiability in simple vs complex spatial learning tasks, Air Force recruits, 29648
- validity of Parallel Visual Information Processing Test, assessment of analytical & vs holistic processing & hemisphericity, 20-60 yr olds with psychosomatic disorders with alexithymia, 20412
- value conflict & audience disagreement & personal identification with message to be presented, integrative information processing in political thought, college students, 39018
- value of dream study in examination of figurative representational function of mind & thinking, 18689
- verbal vs spatial cognitive strategy in oddity selection task, patients with left vs right hemisphere stroke, 2148
- vestibular stimulation, mental visuospatial representation & temporary recovery, patients with unilateral spatial neglect, letter, 39827
- visual & tactual recognition memory & cross modal transfer & object permanence & intelligence, high risk low birth weight premature vs low SES full term infants, 5 yr study, 12265
- visual expectation, RT & other dimensions in cognitive processing, Black 6.5 mo olds, 34539
- visual half field single word priming, hemispheric asymmetry in semantic processing, right handed college students, 22536
- visual information processing, factor structure of EEG spectrum of cerebral hemispheres, analytic vs holistic 20-40 yr olds, 15596
- visual processing of TV information, kindergartners & 4th graders, US vs Japan, 26835
- visual vs amodal explanation for spatial cognition, blind vs blindfolded vs sighted 24-56 yr olds, 32046
- wishful thinking, sports spectators & bettors, Israel, 18045
- word frequency, parallel independent word & letter processing during word recognition, college students, test of sexual analysis & interactive activation & activation verification models, erratum, 15262

- work group size & participant anonymity, performance on computer mediated idea generation task, college business students, 27186
- writing processes & linguistic features of written text, 880
- written vs nonverbal vs no instructions, individual performance of cognitive tasks, college students & Air Force & National Guard recruits, 22261
- zolpidem vs triazolam, daytime sleep & cognitive task performance, male 18–39 yr olds, 34294
- 3-dimensional graphic representation of 2-dimensional data, magnitude estimation & trend classification, college students, 26094

correlation of visual analog scale & vs present pain index subscale of McGill Pain Questionnaire, patients with inflammatory bowel disease vs irritable bowel syndrome, 3817

distress & social interaction, parents of 9–18 yr olds with inflammatory bowel disease, Sweden, 20378

factor & regression analysis of rating form of concerns & perceived health status, patients with inflammatory bowel disease, 15057

fecal occult blood self exam kits vs education of staff on colorectal cancer screening vs reminder cards on records, screening improvement, 40 yr old & older VA patients, 6649

locus of control & psychiatric disorders & family interactions, 9–18 yr olds with inflammatory bowel disease, Sweden, 20377

major stress events, clinical episodes of disease, 20–80 yr olds with ulcerative colitis or Crohn's disease, 6 mo study, 5968

mental health & psychological functioning, 9–18 yr olds with inflammatory bowel disease vs tension headache vs diabetes, Sweden, 24024

offer of colorectal screening to all patients, compliance, over 50 yr old family practice clinic patients, 32553

physiological reactivity to stressors, patients with irritable bowel syndrome vs inflammatory bowel disease, 35679

self help training program, colostomy patients volunteering to counsel others, 40318

telephone reminder &/or instruction call &/or screening booklet, colorectal cancer screening adherence, 50–74 yr olds, 14132

Color [See Also Achromatic Color, Eye Color, Hue]—Serials

age & type of object, abstraction & actualization of color properties & object classification, 5–7 yr olds, 12231

anthropological perspective on traditional beliefs & color preferences & associations, Black 17–52 yr olds, South Africa, comparison to Western data, 19633

appropriateness of color of liquid solution, identification latency & liking of typical vs nontypical fruit odors, college students, 22174

artificial color name learning, color difference ratings & semantic space of names, Russian speaking adults, USSR, 33927

attention on square location & color & equiluminance, inhibition of return RT, adults, 41672

Baker-Miller pink vs white visual stimuli, pulse rate & grip strength & WAIS-R Digit Symbol performance, emotionally disturbed vs regular education junior high school students, 14633

binocularly presented stripes with luminance vs chromatic information, stereopsis based on binocular fusion, adults, 41671

body images & perceptual dimensions of skin color, light vs medium vs dark skinned African American 18–37 yr old female college students, 42987

characteristics of indirect McCollough effect on induced & orthogonal orientations, college students, 4056

chromatic & illusory contours, depth capture & regional transparency, male adults, 26032

chromatic & luminance test increments on varied spatial structure background, threshold RT, adults, 37788

color & texture gradient, monocular depth perception at isoluminance, Os, 7809

color of object & learning about shape during filial imprinting, junglefowl chicks, 4239

color preference in & incidence of wearing sports shoes at railway terminal on work days, males vs females, 18094

color stimuli with conflicting word stimuli, interference effect on reading RT, college students, reprint, 22300

color stimulus vs name, color representation & pair similarity judgments, normal vs color blind vs congenitally blind adults, 35900

distractor color, attention in visual search tasks, adults, 41660

efficiency of chromatic vs luminance signals in visual memory & color discrimination, adults, 37783

equivalent luminance contrast & spatial & temporal frequency & color of stimuli, perception of motion direction, normal vs color deficient Os, 20549

field dependent vs independent learning style, effect of color coding on visually oriented test performance, college students, instructional implications, 30078

generation of tachistoscopic computer screen display using color table animation, 4061

green light regimens, nighttime melatonin output & sleepiness, sleep deprived 19–26 yr olds, 703

green vs red vs semidarkened illumination, aggressivity toward own mirror image, *Serranus scriba* fish, conference presentation, 38316

incidental teaching vs traditional discrete trial procedures, acquisition & generalization & spontaneous expressive use of color adjectives, autistic male 10 & 12 yr olds, 40098

lenses of different colors, visual abilities & comfort, patients with retinal disease, 44241

level & mathematical model of hue discrimination & spectral sensitivity, male rhesus monkey exposed to intense green light with previously blue blinded eye, 7995

lightness contrast &/or hue differences, estimation of line length in colored Mueller-Lyer figures, 23 & 26 yr olds, 4074

lightness contrast &/or hue differences, estimation of line length in colored Mueller-Lyer figures, 23 & 26 yr olds, commentary, 37779

mental models of & ideas about colored objects & shadows, 8–13 yr olds, 34529

model of evolution of color category terminology in world's languages, commentaries & reply included, 30603

- monochromatic wavelength categorization & response generalization gradients in operant conditioning paradigm, goldfish, 18723
- movement & proximity & color cues, attentional control, right handed college students, replication, 18497
- neural efficiency of color & luminance cues & stereo discrimination thresholds for red-green stereograms without chromatic aberrations, adults, 37784
- neural mechanisms & role & interaction of color & luminance in apparent motion, Os, 8165
- normal vs anomalous color vs shape, classification of foods vs other objects into unfamiliar vs familiar categories, 2-4 yr olds, 997
- normal vs colored lenses, visual perceptual grouping effects, good vs disabled readers, Australia, 13259
- novelty of water flavor vs color, ingestion, bobwhite quails, 38363
- orthography & morphology & color of reading units in illusory conjunction task, automatic word perception processing, 10.9-41 yr olds & college & graduate students, 15987
- patterned stimuli paired with color & decrease of grid color correlation, orientation contingent color aftereffect, adults, Canada, 22207
- postnatal rearing in cyclic red vs white light environment, spectral sensitivity & color vision, tree shrews, 7993
- precision tinted lenses matched to colorimeter setting, patients with visual discomfort & reading disorders & eye strain & perceptual distortions, 44287
- research on tinted lenses & colored overlays & related therapies, learning disabled, 2745
- sequential effects of words presented at intervals of 2 or more sec, response time in reading & naming colored color words, adults, Germany, erratum, 30055
- sequential effects of words presented at intervals of 2 or more sec, response time in reading & naming colored color words, adults, West Germany, 11549
- sex & age & hobbies, color vocabulary, adults, 12192
- spatial frequency of chromatic vs achromatic grating stimuli, neural pathways in pupillary response latency & amplitude, adults, 11765
- spatial frequency vs luminance vs chromatic contrast, perception of direction of movement of plaid patterns, adults, 33790
- stimulus luminance & structure & color & movement, pupillary responses, adults, 42133
- symbol form & size & color & background screen color & viewing distance, visual discrimination on visual display terminals, 21-65 yr olds, 18524
- Color [See Also Achromatic Color, Eye Color, Hue]—Books**
Paul Signac and color in Neo-Impressionism, 30570
- Color [See Also Achromatic Color, Eye Color, Hue]—Chapters**
The work of a (scientific) demonstration: Respecifying Newton's and Goethe's theories of prismatic color, 25954
- Color Blindness—Serials**
affective expression on Rorschach, 58-81 yr olds with normal vs deficient color vision, 32067
- color stimulus vs name, color representation & pair similarity judgments, normal vs color blind vs congenitally blind adults, 35900
- equivalent luminance contrast & spatial & temporal frequency & color of stimuli, perception of motion direction, normal vs color deficient Os, 20549
- test retest reliability & pass fail criterion of & incidental errors on Ishihara Test of Color Blindness, deaf vs normal hearing 17-54 yr olds, implications for prevention of job discrimination, 37565
- utility of Farnsworth Munsell 100-Hue Test, diagnosis of congenital color vision deficiencies, male color defective adults, 28114
- 3-dimensional model of color space differences, normal trichromatic adults vs protanopes vs deuteranopes, 254
- Color Constancy—Serials**
cone contrasts in colored shadow display, chromatic induction & color constancy, adults, 41686
- illuminant & material of computer simulated Mondrian patterns, discrimination of illuminant & material changes & color constancy, adults, 41668
- local & global quanta catches & absolute reflectances of color tautomi arrays, absolute color constancy, adults, 41676
- natural vs incandescent lighting, color perception constancy, male monkeys, 34019
- role of surface illumination color changes in color constancy of trichromatic visual system, 25992
- simultaneous vs successive presentations of standard & test illuminants, naming vs matching in color constancy, college students, replication, 18522
- Color Contrast—Serials**
calculation of cone contrasts for color vision research, 29897
- chromatic & spatial & temporal contrast components of checkerboard patterns, pattern reversal visual EPs, adults, 42127
- chromatic stimulus contrast in achromatic background with varied luminance, visual segmentation in perceptual contrast, adults, 37787
- color vs luminance contrast, spatial integration, adults, 33789
- cone contrasts in colored shadow display, chromatic induction & color constancy, adults, 41686
- equivalent luminance contrast & spatial & temporal frequency & color of stimuli, perception of motion direction, normal vs color deficient Os, 20549
- shape & perimeter length, magnitude of induced color contrast, adults, 15231
- stimulus color & luminance contrast, perception of velocity, adults, 41679
- Color Perception [See Also Color Constancy, Color Contrast]—Serials**
adaptation & spatial frequency & 1-dimensional grating stimuli, tuning of McCollough effect & color aftereffects, adults, 25989
- age, ocular chromatic aberration, 19-73 yr olds, 12256
- age, perception of hue & saturation & brightness in color vision, 20-89 yr olds, 15956
- attention to & incidental learning of & color naming with socially desirable vs undesirable traits, college students, 4165
- calculation of cone contrasts for color vision research, 29897
- calculation of fast Fourier transforms of color matching functions, 22203
- cerebral lateralization of color perception, 18-27 yr olds, conference presentation, 38214
- chromatic adaptation & stimulus intensity, chromaticity locus of unique white, adults, implications for normalization of cone action spectra, 18895
- chromatic adaptation, opponent interactions of cone mechanisms in increment threshold spectral sensitivity, monkeys, 15646
- color & light adaptation model, erratum, 22185
- color adaptation through desaturation of complementary color & stimulus size, threshold perception of white or grey as function of eccentricity, 24-42 yr olds, 37770
- color discrimination, California sea lions, 26230
- color perception & cross cultural linguistic translation & relativism, 22893
- color vision & facial recognition disorder & resemblance to V4 dysfunction in monkeys, 33 yr old male with lesion of left visual cortex, 43831

- color vision neurons & neural circuits in human retina, conference presentation, 8137
- discrimination between red & green during foraging, grey squirrels, 37955
- efficiency of chromatic vs luminance signals in visual memory & color discrimination, adults, 37783
- field intensity & duration & size, wavelength just noticeable difference discrimination, 21-32 yr olds, 26020
- genetically determined vs acquired color preferences, brain uptake of 2-deoxyglucose, quail chicks, 34147
- identification of movement direction & perception of smooth motion in color vision, adults, 26013
- illusory depth from moving subjective figures & neon color spreading effect, adults, 29896

- immunocytochemical & electroretinographic evidence of retinal cones & color discrimination capability, gerbils, 26383
 intravitreal bicuculline & GABAergic pathway role, color wavelength discrimination, goldfish, 18898
 large long duration vs small brief flash targets, increment thresholds & absolute spectral & field cone sensitivities, adult female, 4476
 lesions of core &/or belt region of ectostriatum, intensity & color or pattern discrimination of visual stimuli, pigeons, 4391
 level & mathematical model of hue discrimination & spectral sensitivity, male rhesus monkey exposed to intense green light with previously blue blinded eye, 7995
 luminance contrast increase, chromatic increase, adults, 29917
 monochromatic test vs achromatic reference light, EEG spectral sensitivity of retinal receptors, mice maximally sensitive to ultraviolet light, 15598
 neural processes of phase dependent lateral interaction evoking pattern induced flicker colors & illumination intensity, male 24–38 yr olds, 38238
 neutralization of chromatic aberration & role of retinal blur circles, color perception, adults, 18484
 number of basic functions necessary to represent spectral reflectances of natural objects, 29898
 number of classes & spectra of cones, ungulates, 4454
 ontogeny of ultraviolet photosensitivity & spectral sensitivity, rainbow trout, 4200
 oral contraceptives &/vs caffeine, color discrimination, field dependent vs independent female college students, replication, 26595
 overview of explanation for color vision in contemporary visual science, commentaries & reply included, 33802
 perceived stimulus depth & subjective contours & luminance, perception of transparency & color spreading, adults, 252
 postnatal rearing in cyclic red vs white light environment, spectral sensitivity & color vision, tree shrews, 7993
 random luminance masking based method with high resolution color displays, assessment of normal hue discrimination ellipses & dichromatic zones, adults, 41658
 rationale & methodology for standardization of stimuli in color research, 18488
 red & green photoreceptor interactions in spectral sensitivity, rhesus monkeys & humans, conference presentation, 8194
 red green color match midpoints & ranges, gross structure & coding sequences & X linked polymorphism of red & green pigment genes, young males, 34189
 RT for reading words vs naming colors first in Stroop task, college students, 15288
 sex & polymorphism, long wave cone pigments & behavioral sensitivity & lens absorbance, marmoset monkeys, 38237
 spatial frequency & adaptation of square vs oblique checkerboard, tuning of McCollough effect & color aftereffects, adults, 26034
 spectral sensitivity of ON & OFF center pathways in retina, goldfish, 8105
 speech & color vision & music perception development, infants, implications for ontogeny of mind, 34552
 spherical color space model of color & brightness discrimination, 242
 spherical color space model of color & brightness discrimination, commentary, 240
 stimulus size constancy & eccentricity & location in temporal visual field, perception of veridical hue & chromatic deviation from white, 22–48 yr olds, 18516
 target sucrose concentration, color & odor discrimination learning, foraging honeybees, 18728
 temporal differences between color pathways within retina as origin of subjective colors, test of temporal signal processing model, 583
 theories & models of color vision, honeybees, 22427
 therapeutic digoxin, ocular adverse effects on color vision & visual field, female 36 yr old with supraventricular arrhythmia, case report, 14090
 utility of Farnsworth Munsell 100-Hue Test, diagnosis of congenital color vision deficiencies, male color defective adults, 28114
 variation of relative area or chroma, adjustment of juxtaposed color chromas &/vs areas, 18–37 yr olds, 7798
 visual processing of & memory for stimulus color & orientation compounds, newborns, UK, 5009
 wavelength discrimination of spectral stimuli, males with blue cone monochromacy, 6155
 white vs dark surround & stimulus size, color appearance across retina, 16–23 yr olds, 22175
 2-amino-4-phosphonobutyric acid, cone vs rod mediated scotopic & photopic spectral sensitivity, rhesus monkeys, 4827
 3-dimensional model of color space differences, normal trichromatic adults vs protanopes vs deuteranopes, 254
 5-layer neural network generation of Munsell color space surface spectral reflectance data, 33487
Color Perception [See Also Color Constancy, Color Contrast]
 —Books
 Cognition through color. Issues in the biology of language and cognition, 4077
 Paul Signac and color in Neo-Impressionism, 30570
Color Perception [See Also Color Constancy, Color Contrast]
 —Chapters
 A bilinear model of the illuminant's effect on color appearance, 22214
 Hybrid spatio-chromatic channels in the visual system, 38247
 On the role and nature of adaptation in chromatic induction, 37797
 Parallel and serial connections between human color mechanisms, 37810
 Perception of color: A comparison of alternative structural organizations, 18529
 Redundancy gain revisited: Evidence for parallel processing of separable dimensions, 18527
 Subspaces of an opponent-color space define chrominance and luminance channels, 38254
Coma—Serials
 coma & sleep & wakefulness states in utero, sheep & human fetuses, 34243
 coma arousal therapy, severely brain injured patients, 36710
 defect in mitochondrial beta oxidation response to riboflavin, 29 yr old female with hyperemesis gravidarum & valproate induced coma, case report, 32003
 low level communication through EMG monitoring of upper facial muscles, sleeping or anesthetized or unconscious or comatose patients, 43631
 motor & somatosensory EPs, comatose 10–65 yr olds, 20382
 music therapy, 15–40 yr old intensive care patients with severe coma, 17354
 neuropsychological response system analysis rehabilitation, patients emerging from coma, 21158
 predictive validity of somatosensory EPs & EEG, assessment of neurological outcome, 19–91 yr olds with hypoxic ischemic coma following cardiac arrest, 666
 propranolol with single dose of clozapine, development of coma, female 45 yr old with schizoaffective psychosis, case report, 20865
 P300 auditory EPs & Glasgow Coma Score & awakening, 22–74 yr olds with nontraumatic coma, 16894
 utility of autonomic & other measures, assessment of localized brain activity, patients in coma or vegetative state or other conditions, 2064
 5–15 min anoxic event & subsequent 15 hr coma, cognitive & neurological sequelae, male 8 yr old, case report, 31803
Coma—Chapters
 Neuropsychiatric aspects of attention and consciousness: Stupor and coma, 34197
Combat Experience—Serials
 accounts of combat stress & PTSD in Homer's "Iliad", 15849
 auditory hallucinations, male Hispanic vs other veterans with combat related PTSD, 27576
 combat exposure & army status, PTSD & other psychiatric symptomatology, 42–70 yr old Vietnam veterans, Australia, 12980
 combat related PTSD & severity of drug & alcohol abuse, Vietnam veterans, 43456

current dissociative symptoms & dissociation at time of traumatic events, Vietnam combat veterans with vs without PTSD, 39390
 demographics & premilitary factors, development of combat related PTSD, male Vietnam vs Vietnam era veterans, 18 yr study, 35284
 exposure to atrocities & combat, severity of PTSD symptoms, male 39–48 yr old Vietnam veterans, 39409
 family psychotherapy & consequences of combat trauma & PTSD across family life cycle, veterans, 45170
 management of battle fatigue risk in Persian Gulf War, 20017
 military trauma, development of PTSD vs narcolepsy, male 41 & 57 yr old veterans, 1767
 patient's combat experience & social support, perceived symptomatology of PTSD in Vietnam veterans, college students, 43316
 PTSD & other psychiatric symptomatology & behavior & affect during battle & military performance, combat related self efficacy, soldiers with combat stress reactions, Israel, 1–3 yr followups, 1777
 risk of suicide, Vietnam combat veterans with PTSD, commentary reply, 16651
 risk of suicide, Vietnam combat veterans with PTSD, commentary, 16662
 role of professional nursing in battle fatigue intervention, 36471
 self reported health problems, male Vietnam combat veterans with vs without PTSD, 23732
 validity & factor invariance of Symptom Checklist-90-Revised, 18–33 yr old male soldiers with vs without combat stress reaction, Israel, 3902
 variables of predisposition to PTSD in pre-Vietnam medical & personnel records, Vietnam combat veterans, conference presentation, 39407
 wartime & postwar experiences, Asian-Pacific American Vietnam veterans, 33438
Comfort (Physical) [See Physical Comfort]
Commerce [See Business]
Commissioned Officers—Serials
 Officer Resignation Survey, assessment of reasons for leaving Army & factors in decision to stay, officers, 1988–90, 3667
 rate of promotion to rank of colonel, biomedical vs administrative officers in US Army Medical Department Medical Service Corps, 25498
 self vs others' ratings of leadership behavior & performance, Navy surface fleet officers, 18074
 SES & military values, attitudes toward female integration to officer corps, military officer cadets, Australia, 33440
 squad commanders' ethnic origin, interethnic attitudes, army soldiers, Israel, 37331
Commissioned Officers—Books
 The adult development of career Army officers, 15922
Commissurotomy—Serials
 acquisition of left right response differentiation, callosotomized rats, 22585
 anterior callosotomy, simple RTs to lateralized flashes, 21–41 yr olds with drug resistant epilepsy, 28567
 anterior vs posterior callosotomy, acquisition of left right response differentiation, rats, 34162
 classroom demonstration for simulation of behavioral & perceptual deficits experienced by split brain patients, college students in introductory psychology course, 21473
 commissural integrative conception of stream of consciousness & dimensions of disconnected left hemisphere consciousness, 38210
 corpus callosotomy, cognitive functioning, epileptic 6.4–18.3 yr olds, 1 yr followup, 32507
 developmental aspects of callosal plasticity in intramaneal & intermanual tasks, acallosal vs callosotomized epileptic 5–29 yr olds, Canada, 6098
 hemispheric processing of categorical & coordinate spatial relations, 24–44 yr olds & commissurotomy 36 & 38 & 55 yr old males, 2245
 word length & emotionality, lateralized lexical decision of abstract nouns, college students vs commissurotomy patients, 2186

Commitment [See Also Organizational Commitment]—Serials
 background & professional role orientation & teaching attitudes & other variables, teaching commitment, teacher education students, 44875
 choice option, increased commitment & persistence in vigilance performance, college students, 37927
 goal specificity & difficulty, task performance & goal commitment, college students, 4168
 group level political processes & sacrifice for cause & recruitment & commitment in social movement, student protesters, 16281
 identification with & balancing commitments to work & family roles, married males vs females in dual career households, 1977, 16231
 intimacy & passion & commitment in romantic relationships, 18–68 yr olds, test of triangular theory of love, 27117
 model of sport commitment & enjoyment & dropout & burnout, athletes, 7389
 personality traits, commitment to art as profession, mature artists vs committed vs uncommitted art students, 37087
 self report vs discrepancy measures, assessment of goal commitment & difficulty, college students, 3796
 sex role attitudes & educational aspirations & vocational identity & work & marriage importance, commitment in dating relationship, male vs female upper vs lower division college students, 39052
 stepdown ANOVA procedure with multivariate statistical method, assessment of moral vs calculative job commitment, police officers, 11377
 target positive vs moderate vs negative self concept, commitment to spouse with favorable vs unfavorable appraisal of target, 19–78 yr old married couples, 34768
 tensions between career & interpersonal commitments as risk factor for cardiovascular disease, female 50–70 yr old professionals, 6039
 type of intimate touch, perceptions of relational commitment, male vs female college students, 8988
Commitment [See Also Organizational Commitment]—Books
 Lifetimes of commitment: Aging, politics, psychology, 5167
Commitment [See Also Organizational Commitment]—Chapters
 The cost of social support following negative life events: Can adversity increase commitment to caring in close relationships?, 44410
Commitment (Outpatient) [See Outpatient Commitment]
Commitment (Psychiatric) [See Also Outpatient Commitment]—Serials
 civil commitment & dangerousness criterion & frequent arrest, mentally ill, 6 mo study, test of criminalization thesis, erratum, 39268
 civil commitment & dangerousness criterion & frequent arrest, mentally ill, 6 mo study, test of criminalization thesis, 27378
 client characteristics & legal processes in & outcome of court based civil commitment evaluations, alcoholic or substance abusing males vs females, 25625
 court mandated increased community services, state hospital commitment for evaluation of competency to stand trial, psychiatric patients, 3762
 criminal code concerning forensic psychiatric examination of mental status & commitment to psychiatric care vs prison, mentally disordered offenders, Sweden, 25638
 discourse of age in involuntary mental hospitalization proceedings, commitment decisions, adults, 45271
 involuntary commitment rates, psychiatric patients, 1984–88, Greenland vs Faroe Islands vs Denmark, 14282
 involvement of social workers in compulsory psychiatric admission process by general practitioners, female vs male referrals, 24830
 medication refusal & subsequent involuntary detainment & treatment due to military regulations, manic 27 yr old female on active military duty, case report, 24479
 patient characteristics & length of hospitalization & outcome of commitment & recommitment hearings, state psychiatric patients, 28811

- policy vs practice in civil commitment hearings, mentally ill, 37438
- preadmission characteristics & clinical history, emergency commitment for involuntary hospitalization, substance abusing chronic mentally ill patients, 28817
- pretrial commitments for forensic evaluation vs unmet civil commitment criteria, 20–53 yr olds with psychiatric symptoms & charged with minor criminal offenses, 45281
- relatives' attitudes, compulsory vs informal psychiatric hospital admission, schizophrenic or psychotic Afro Caribbean 17–55 yr olds, England, 10511
- Riese v St. Mary's Hospital decision, right to refuse medications in inpatient unit, involuntarily committed 30–70 yr old psychiatric patients, 25626
- sex & role congruence, mental health placement, inmates, 17593
- statutes &/or practices concerning involuntary civil commitment to outpatient treatment, data from 50 states & DC, 1984 vs 1990–91, 28689
- stringent commitment criteria, arrest & incarceration, civil commitment candidates, 3045
- Supreme Court's Zinermon v Burch decision, voluntary & involuntary hospitalization & determination of competency, mentally ill, 10517
- voluntary vs involuntary assignment to supportive housing services, service utilization & residential outcomes, seriously disabled psychiatric patients, 14199
- voluntary with vs without parental consent vs involuntary admission status, 12–19 yr old county psychiatric hospital patients, 14285
- Commitment (Psychiatric) [See Also Outpatient Commitment]—Chapters**

—Serials
- ability & selection for computer assisted cognitive retraining, brain damaged patients, 44524
- active defocusing in combined optical & digital processing approach to edge detection, 15232
- adaptive innovative cognitive style & extent of organizational computer use, senior managers, Great Britain, 41165
- age & sex & education, perceived usefulness of computer based career planning system & match within organization & involvement in career development, business employees, 37208
- age, superstructural planning & control processes during computer aided narrative writing task, 9 yr olds to adults, 974
- alternative human computer interaction intraface model for system design, 45193
- alternative theory of knowledge & organizational learning as barriers to technological innovations & diffusion of business computing, firms, 29456
- ambulatory computer assisted behavior therapy with vs without support group participation, behavioral correlates of treatment outcome & adherence, overweight 20–50 yr old females, 43979
- attitudes toward computerized clinical intervention, adult male inmates in computerized assessment & Computerized Adjunct to Psychotherapy program, 44614
- behavioral data acquisition & analysis techniques & tools & computer applications in ethopharmacology, animals, conference presentation, 19063
- BRAIN computer program, creative thinking & problem solving, 18–60 yr olds & executives, 7888
- career development workshop & vs computer based system of Interactive Guidance & Information, career maturity, college students, 10966
- CHOICES computer assisted career guidance, clients with profound hearing impairments, 33281
- Classification & Regression Trees computerized algorithm, prediction of psychiatric service usage, low income psychiatric outpatients, erratum, 44369
- cognitive psychology & study of scientific discovery & computational discovery systems & artificial intelligence, 30019
- cognitive science as scientific basis of high capacity computers & other emerging information technologies & impact on professional psychology, 32859
- computational model of human computer interfaces for computer supported cooperative work, Japan, 41301
- computer aided geographic analysis of racial representation in jury selection & spatial analyses & LISREL modeling of selection process, 45284
- computer aided measurement of Lashley III maze performance, mice & rats, 11648
- computer analysis of sound parameters & structure of aggressive & courtship calls, male *Padogobius martensi*, 4340
- computer assessed developmental continuum of singing ability, 5 yr old developing singers, 16010
- computer assisted career guidance system, career maturity & certainty & indecision & problem solving appraisal, Standard 10 students, South Africa, 10965
- computer assisted career guidance vs single S research, accountability, career counselors, 21656
- computer assisted communication, late deafened adults, 28879
- computer assisted design system, stress level, mechanical engineers, 33359
- computer assisted interactive group discussion, hearing impaired adults, 28876
- computer assisted knee joint carrageenin incapacitation test, screening for central & peripheral analgesics, male rats, 38514
- computer assisted neurocognitive training program, schizophrenic 26 yr old male with traumatic brain injury, case report, 7 mo followup, 21156
- computer assisted psychotherapy & other psychological interventions, literature review, 28181
- computer assisted reinforcement of instruction, adherence to implementation of house dust mite avoidance, atopic asthmatic 18–75 yr olds, 2484
- computer assisted visual scanning training in occupational therapy, head injured patients, 32825
- computer based career guidance program, vocational maturity, 9th graders, Canada, 26917
- computer based career guidance system SIGI PLUS in Project LEARN, adults, 37211
- computer based decision support system, home placement, delinquent youths in residential care, 28885
- computer based laboratory for collection & analysis of perception action & real time performance & eye movement data, 18461
- computer based methodology for extraction & representation & analysis of mental models as maps, 30005
- computer controlled video tracking activity monitoring system, assessment of prenatal phenytoin induced locomotion, rats, 34414
- computer driven technologies for study of brain structure & function, diagnostic & instructional reading endeavors, 8129
- computer generated feedback, workstation user decision consistency, adults, 11129
- computer generated moving line, assessment of perception of images on or near blind spot, adults, 41662
- computer generated north-up vs track-up electronic maps, spatial cognition & componential analysis in frame of reference representations used in helicopter flight simulation, male pilots, 41299
- computer generated virtual reality model of consciousness, commentary reply, 41848
- computer generated virtual reality model of consciousness, commentary, 41845
- computer linkage system for psychiatric emergency rooms, 36685
- computer related assistive technology, emotionally disturbed, 20064
- computer related stress & attitudes, technical college students, 21556
- computer system for simultaneous data acquisition & analysis of feeding behavior, animals, 4288
- computer use in forensic psychology practices, 18170
- computer vs human authorship, perception of psychological reports, teachers & administrators, 17715
- computerized analysis of locomotion, velocity & direction & turn rate & frequency & duration of movement into or out of specific areas, 29973
- computerized career counseling system, user ease & satisfaction & identification of career alternatives, Black high school students, South Africa, 10964
- computerized open ended vs multiple choice tests, assessment of clinical biophysics knowledge, medical students, 3220
- computerized sociometric marketing & influences on consumer behavior, 14905
- computerized system for analysis of 2-deoxyglucose autoradiograms with image averaging & differencing for comparison of neurobehavioral & metabolic activity between experimental groups, 4427
- computerized treatment & research programs, aphasia patients, conference presentation, 6901
- computerized vs noncomputerized context, mathematical discussion & decision making & generalizations, 12–13 yr old student dyads, England, 29236
- computing & leisure activities & need satisfaction, computer dependent 14–64 yr olds, 19875
- constraint directed reasoning vs designer's cognitive processes in computer aided design, computer network designers, 25537
- Continuous Attitudinal Response Technology & national poll, validity of responses to insurance initiative Proposition 13, focus group members, 197
- critiquing approach to design of knowledge based interactive systems, computer users, 25539
- current methods in bioacoustical computer analysis of sounds, birds, 8057

- description & reliability & validity of Computer Assisted Determination of Competency to Proceed, male defendants, 25632
- development & reliability of operational criteria system, classification & application of multiple diagnostic criteria in research, psychotic & manic depressive patients, 1623
- development & use of computer supported Patient Electronic Monitoring System, monitoring of wandering events & hospital exit areas, hospitalized patients with Alzheimer's disease or other dementia, 24825
- development & use of Systematic Analysis of Language Transcripts, computerized analysis of language performance, children & adults, 22969
- development & validation of computer imaging technique, assessment of location & direction of movements in social interactions, young vs old or isolated vs nonisolated male rats, 38111
- development of automatized computer controlled Y maze, discrimination training between vibrotactile &/or visual &/or other stimuli, mice, 18727
- development of computer based analysis system, assessment of changes in facial action & expression, adults, 237
- development of integrated model of social & cognitive processes for computer support of collaborative writing, 8533
- different voice qualities & pronunciation patterns, speech recognition system based on synthetic generation of phoneme reference prototypes, male speakers, 18532
- Drug Information Assessment & Decisions for Schools computer based system for development of school drug abuse prevention programs, 3341
- dynamics of computerization & computing infrastructure & strategies & job skill issues, members of social science research team, 3605
- evaluation of SpeechViewer Computer Based Speech Training System, 5 & 17-18 yr olds with dysarthria, 36789
- expectancy theory of motivation & user observations, identification of factors affecting performance on computer projects, information systems college students, 7150
- experience level and nature of task, choice of computer based graphical display aggregation vs abstraction level in maintenance task, Navy maintenance personnel, design implications, 41298
- experience with Language Research Center's Computerized Test System, learning rate & discrimination learning, male 9 yr old rhesus monkeys, extension of findings of D. A. Washburn et al, 491
- face to face vs computer mediated communication, degree of consensus & communication pattern in group decision making & attitudes toward media & introversion/extraversion, 18-68 yr olds, 11110
- face to face vs electronic group decision making, adults, 39104
- free speech samples vs TAT responses for eliciting source material in computerized content analysis, 18-77 yr olds, 25742
- future trends in computer related technology & impact of advances in computer software & hardware on psychological assessment, 25702
- fuzzy set based hierarchical networks for information fusion in computer vision, 37421
- group size, computer assisted vs verbal brainstorming productivity, college students, Canada & US, 34885
- guidelines for computer assisted group problem solving, 42906
- human advisors & electronic mail & easy to use manuals as necessary support in office automation, users, 29520
- identification of areas for introduction of computer assisted procedures in language unit, 4-11 yr olds with speech or language disorders & their teachers & therapists, 10580
- impact of computer aided manufacturing system, employees of light engineering company, 18044
- impact of computer technology on psychological assessment & diagnosis, 11324
- intrater reliability & individual differences & validity of computer based 16PF interpretations, college students, 18269
- job level & computer usage, well being, banking & insurance personnel, Finland, 33354
- methodological paradigms of computer & robot vision, 7491
- methods for recording pupil behavior & P-SCAN 100 computer system for measurement of pupil size & eye movement, 11914
- microcomputer controlled positive reward operant conditioning paradigm for measurement of auditory sensitivity, goldfish, 4207
- modification of jumping stand box & development of computerized system for simultaneous visual discrimination, female rats, 37956
- modified procedure for computer model to test psychological functioning & epistemology in psychoanalysis research, 23476
- multiuser computerized patient information system, staff reaction & patient care, psychiatric ward staff, 14299
- neurophilosophical Chinese Room controversy on computer & neural net representations of brain functioning & thinking & semantic relations, 25601
- NeXT computer system in psychology laboratory studies of auditory pattern tracking & memory of sequencing of tones, listeners, 18632
- numerical method for identification of parameters of saccadic eye movement control system, 33800
- paper & pencil vs computerized system of prompts, distribution & quality of staff client interaction, staff members & mentally retarded 13-45 yr olds in group home, 21118
- paper check list vs computer presentation of therapeutic learning program, satisfaction & self concept, college students, 9957
- PC based perceptual learning routine, study of brand frequency & product involvement, consumers, 14908
- perceived media richness & social influences, use & assessment of electronic mail, professionals & technicians & administrative staff, 3588
- perceptions & roles of & experiences with computer mediated communication, students, 33124
- perceptions of human computer issues in development & use of interactive computer based technologies & systems, experts, 41304
- personal computer analysis of individual vocalization patterns, male wild turkeys, 4264
- personal pronouns in electronic mail to manager, organizational involvement, employees, 11046
- personality & situational factors, decision making strategies in computer dialog, adults, 328
- personalized messages on computer bulletin board & experience with computer communication partner, attribution of computer characteristics to human communication partner, bulletin board users, 1417
- persuasive effect of dynamic vs static computer generated graphics vs written text, attitudes & behavioral intentions toward pledging money, college students, 18100
- phoneme based model for large vocabulary speech recognition system, 18531
- planning & application of procedural advice system, students, 45227
- planning strategies & ideational processes during collaborative computer aided story completion task, dyads of 2nd graders, Italy, 1015
- print vs computer presentation & menu formatting, location of information in text, college students, 41776
- psychophysical measurement of computer generated temporal intervals using poke procedures, 17-56 yr old college students, 15214
- purpose & operation of & funding for Computer Users in Social Services Network, human services professionals, 17472
- reflexive computer supported cooperative work, support of long term personal work, computer users, 45196
- reliability & validity of content analysis of news reports of crisis situations by human vs computer assisted coding, 8546
- reliability of computer based assessment of behaviorally evoked cardiovascular reactivity, male college students & 24-76 yr olds, 42179

- SAS macros for modified principal components approach to modeling & rotation of generalized learning curves analysis, 37713
- simple vs multiple viewpoint vs animated presentation of architectural designs, perceptions & metaperception of depth & shape & size & texture & confirmation, college students, 7806
- social status, face to face vs electronic mail communication during group decision making task, college students, 3696
- software & screening battery for computer assisted cognitive retraining, brain injured patients, 28832
- strengths & weaknesses of computer based career guidance systems in libraries & models of DISCOVER implementation, 37201
- technological advances in & barriers to computer applications in behavioral assessment data collection & analysis & psychophysiological recording, 18433
- text structure on screen, reconstruction of text, 21-35 yr olds, implications for hypertext document design, 18104
- type of question on short stories, prediction of goodness of answer judgment & decision latencies by QUEST model of question answering, college students, 3732
- university & prison collaboration & needs assessment & use of computerized tracking systems, provision of mental health services, psychiatrically impaired prisoners, 44618
- use of computer systems, anxiety & job satisfaction & alcohol intake, money market dealers, England, 33353
- use of computerized cancer information system, university dental clinic patients, 24699
- use of computerized decision aids & attribution of subordinate's success vs failure, managers, 29436
- use of computers in out of school play, children, 16127
- use of fractal computer generated pictures in visual memory research, 11584
- use of Macintosh computer in rehabilitation, 14346
- use of optically scannable patient consultation record, medical residents & fellows, letter, 44739
- utility of case simulations, therapist training & evaluation, graduate vs college psychology students at different training levels, 32887
- validity of computer based test interpretation system for mental health screening, incarcerated male felons, 33640
- vector quantization approach for speaker adaptation & design of speaker independent large vocabulary recognition system, French speakers, 18533
- work experience & method of training on computer systems, job satisfaction & motivation, computer using employees, England, 45075

- integration of mathematical programming models & decision support & expert systems for facility planning management, 14932
- interaction with instructional elements of commercial courseware, learning disabled 9-18 yr olds & their teachers, 10925
- interactive cooperative document retrieval system based on user's evolving query, 7445
- issues in evaluation of computer based test interpretation software, 23
- key fan effects & consistency of text editor systems, interference among commands, computer novices, 25542
- logic programming in creation of computer programs, 25573
- memory for events as basis for design of personal information management system, 21847
- menu parameters, movement time & accuracy of menu selection, college students, 18107
- microcomputer program for assessment & relaxation & desensitization treatment of test anxiety, female graduate students, 13768
- Myers Briggs personality type, learning Lotus 1-2-3 via traditional vs interactive videodisc instruction, college students, 11582
- MYSTAT software for analysis of 2-way ANOVA with repeated measures on 1 factor, 25938
- operational beacons, initial formation of knowledge of program function, novice & experienced programmers, 14916
- pedagogical issues in software design & instructional efficacy, educators, 29141
- Picture Perception Lab software package, design of picture perception experiments, 29907
- problems in & software programs for analysis of functional & structural brain imaging data, 38144
- program structure, maintenance & cognitive representation of software, college students & professional programmers, 21844
- Psychmuse Macintosh software for psychomusicology research, 4042
- pull down vs conventional full screen menus & menu design, usage pattern in computer assisted instruction, college students, 7469
- rating of textbooks & computer software for behavioral science & clinical psychiatry, medical school textbook selectors, 28990
- role of application domain knowledge in software design, 23-55 yr old experienced designers, 11125
- sequential hierarchical search support for hypertext online documentation, 29535
- SGRAGO computer program for study of brain EPs, 18944
- short vs long program sections, mental representations & comprehension strategies in learning, novice programmers, 11114
- software & screening battery for computer assisted cognitive retraining, brain injured patients, 28832
- software for computer assisted creative problem solving in business, 10993
- software reuse, analytic performance & mental processes, novice vs expert software engineers, implications for design of support tools, 25548
- STEREO computer program, analysis of stereotyped open field locomotion, rats, 8038
- surface vs deep computational tree structure, information search & extraction during computer spreadsheet learning, college students, Finland, ergonomic implications, 7465
- taxonomy of characteristics of patterns of instruction & software properties, computer software adoption policy, education decision makers, 37020
- The Observer general purpose software for event recording & data analysis in behavioral research, 4036
- theories for application of animation in computer based instruction, software design implications, 7448
- theories of learning vs program instructional locus of control in computer assisted individualized instruction, 4146
- top down vs opportunistic problem solving strategies in computer program design, expert vs novice programmers, 19219
- toy activation vs microcomputer programs with screen reinforcement vs Toy Control Program single switch scanning skills, physically & developmentally disabled 4-7 yr olds, Australia, 3192
- usability & learnability of & user interaction with spreadsheet software, experienced vs inexperienced users, 26154
- usability testing & methodology of computer software design, 11118
- user & social & team & corporate issues, systematic sources of suboptimal interface design in software product development, large organizations, 3697
- user reflective computer system for strategic planning through algorithm matching, 14935
- utility of Visually Degraded Stimulus Task computer program, analysis of difficulty levels of incomplete picture identification, college students, 265
- word processing programs in writing instruction, learning disabled students, 29357
- 2 programs for generation of video output on multiple video monitors, implications for experimental data collection, 4029

4-phase approach for productive interviews with & SNOWMAN prototype knowledge editor for documentation of knowledge from subject matter experts, 22266

Computer Software [See Also Word Processing]—Books

Children designers: Interdisciplinary constructions for learning and knowing mathematics in a computer-rich school. Cognition and computing series, 14610

Hardware, software, & the mental health professional: The complete guide to office computerization, 8519

Lexical acquisition: Exploiting on-line resources to build a lexicon, 11169

Teaching computers to teach (2nd ed.), 10806

Using computers in qualitative research, 11409

Computer Software [See Also Word Processing]—Chapters

Answering questions about information in databases, 37401

Children learning through consulting: When mathematical ideas, knowledge of programming and design, and playful discourse are intertwined, 25099

Computer programs for decision support: Current possibilities and future trends, 11164

DAR: Data reduction with contrast vectors, 7746

Flattening goal hierarchies, 45230

From PROUST to CHIRON: ITS design as iterative engineering: Intermediate results are important!, 29551

Interpretation of textual queries using a cognitive model, 34440

Knowledge representation and explanation in GIL, an intelligent tutor for programming, 29222

Learning science in software microworlds, 7159

LEGO/Logo: Learning through and about design, 25228

Means-ends planning: An example Soar system, 45233

MultiLogo: A study of children and concurrent programming, 22884

Overcoming the centralized mindset: Towards an understanding of emergent phenomena, 22335

A practical guide for the creation of educational software, 29213

PSPAT: A program for spectral analysis of point events including a test for stationarity, 8270

Realizing the revolution: A brief case study, 29211

The silent observer and holistic note taker: Using video for documenting a research project, 25181

Software design as a learning environment, 25226

Software for qualitative researchers: Analysis needs and program capabilities, 11414

Statistical packages for the computer: Principles for selection in primary care research, 41640

Computers [See Also Analog Computers, Computer Games, Digital Computers, Microcomputers]—Chapters

The computer as a convivial tool, 23000

The influence of artificial intelligence on human-computer interaction: Much ado about nothing?, 29550

Integrating new tools into information work: Technology transfer as a framework for understanding success, 37298

Introducing a computer-based human resource system into the United Way, 37302

Normative order in collaborative computer editing, 29307

Question asking in human-computer interfaces, 37404

Questioning design: Toward methods for supporting user-centered software engineering, 34445

The support of cognitive capacity in future organisations: Towards enhanced communicative competence and cooperative problem-structuring capability, 29522

Telecommunication in the news industry: The newsroom before and after computers, 34444

Using MicroPower/Pascal in real-time psychological experiments, 7766

Concentration—Serials

age, performance on game Concentration in pictorial & verbal formats, 5-65 yr olds, 38675

classroom achievement & behavior environments, shy & aggressive behavior & concentration, 1st graders, 1 yr study, 14623

- correlation of MMPI scores with attention & concentration & memory test performance, inpatients with chronic undifferentiated or paranoid schizophrenia or schizoaffective disorder, 41497
- tactile concentration & short term memory, partially sighted or blind adolescents & adults, India, 39920
- vitamin & mineral supplements, verbal & nonverbal intelligence & concentration, 6 yr olds, UK, 15947
- Concentration Camps—Serials**
- angry psychohistorical interpretation of T. Borowski's novel depicting Jewish inmates of Auschwitz "This Way for the Gas, Ladies and Gentlemen", 38572
- concentration camp experience & current PTSD, 60–65 yr old Dutch WWII Resistance veterans, Netherlands, 35289
- concentration camp experiences, current PTSD symptoms, 39–86 yr old Jewish Holocaust survivors, 39398
- psychoeducative group psychotherapy, middle aged child survivors of Holocaust or Japanese concentration camps, 36064
- Concentration Camps—Chapters**
- The lessons from history: Physicians' dual loyalty in the Nazi death camps, 21368
- Concept Formation [See Also Cognitive Discrimination, Cognitive Generalization]—Serials**
- age & family structure, understanding of concept of family, 1st–6th graders, 38707
- age & knowledge level, concept formation & willingness to make inferences in categorization task, 3.1–10.7 yr olds, 34528
- age & sex, understanding & movement expression of direction & level & pathway concepts, 4–9.7 yr olds, Philippines, 5000
- age, acquisition of mature understanding of universality & irreversibility & nonfunctionality of death, K–3rd graders, 38726
- age, belief desire reasoning & conception of mind, Baka 2.9–6.1 yr olds, Cameroon, 942
- age, psychosocial competence & development of others concept toward Blacks vs Whites, Black 1st–8th graders, 12299
- applied vs theoretical knowledge & conceptions of dissolution & diffusion & effusion & states of matter in particulate theory, 11th & 12th grade chemistry students, 17808
- attention setting & number of essential attributes, formation of concept identification skills in problem solving tasks, college students, 7851
- attribute & quantization data noise, concept learning computer systems, 25587
- background information & explanation of single vs multiple examples, concept formation, college students, test of similarity vs explanation based learning theories of schema acquisition, 18571
- cognitive conflict strategy of science instruction, conceptual change of experience bound & cultural knowledge, 10th graders, 36992
- comprehension adjunct questions, attention & differential learning of computer animated science concepts on TV monitor, 8th graders, 25142
- conceptions & attributions of parenthood, unmarried college students, 12485
- conceptions of health & illness & nutrition & routine pediatric examinations, healthy 4–6 yr olds, 15963
- conceptions of illness & cognitive development & adjustment levels, 4–12 yr olds scheduled for tonsillectomies & adenoidectomies, 40351
- concepts of friendship & judgments of transgressions by friends vs nonfriends & conflict resolution strategies, pre-schoolers, Canada, 38818
- conceptual & cognitive change & ability to understand scientific concepts, adolescents, 12251
- conceptualization of & terminology for cognitive competence, Cree adults, Canada, 27024
- conceptualization of intelligence across adult life span, 20–39 vs 40–59 vs 60–83 yr olds, 34507
- conceptualization of money, 17–67 yr olds, Netherlands & England, 37883
- conceptualization of object quantity & numerical reasoning development, children, 30731
- concurrence of researcher's conceptualization of professional criminal, law enforcement agency representations vs general public, Pakistan, 1958
- delay & type of verbal feedback, delayed concept formation transfer, college students, 18653
- development of concept of word as unit of spoken & written communication, 5.4–8.7 yr olds, 1 yr study, 34568
- differentiation between causal mechanisms appropriate for biological vs nonbiological kinds, 4–7 yr olds, 5012
- epistemological viewpoints & conceptions of models & their use in science, 7th grade mixed ability vs 11th grade honors students vs experts, 10772
- field dependence vs independence learning in analytical concept based physical movement curriculum, 2nd graders, 21447
- hypothetico deductive reasoning & reflective vs transitional vs intuitive thinking, concept acquisition, high school biology & chemistry students, educational implications, 17811
- information processing in concept learning, EEG activity, 26–30 yr old females, 11879
- internal structure stability of positive vs negative concepts, college & vocational & high school students, Poland, 8600
- issues in measurement of conceptualization of death & bereavement, children, 37506
- issues in science instruction targeting misconceptions & difficulties in learning, 37002
- ketamine vs l-glutamic acid diethyl ester, concept learning, male rats, 12059
- mapping of conceptual structures onto lexical items during language production, 33848
- mastery of number concepts & ordination & magnitude-same-density ordering, K–1st graders, 1034
- methodology for concept teaching & learning, 10799
- multiple probabilistic cues, acquisition of categories in concept vs language learning, adults, application of E. Bates & B. MacWhinney's competition model, 332
- part whole schema & thought processes in conceptualization of fractions, male 8 yr old, 34584
- physics instructional sequence based on conceptual exchange method, level & awareness of & metacognitive factors in conceptual change, 10th graders, 2 yr study, 37003
- piecemeal model of knowledge restructuring & conceptual change, students, implications for science education, 10766
- principle vs procedure based mathematics instruction, concept learning & transfer, 4th–5th graders, 29184
- proportional reasoning ability & understanding of concept of diffusion, 7th grade life science vs 10th grade biology vs college zoology students, 10861
- psychogenesis of science concepts & teacher knowledge of history of science, exchange of alternative concepts in physics, secondary & college students, Portugal, conference presentation, 40980
- reversal concept learning with aggressive vs neutral stimuli, defensive style & concept formation, college students, 37924
- school type & metacognitive competence, concept of speed, 5–12 yr olds in nursery vs municipal primary schools, 33053
- science instruction with analogy for changes of state of matter, preference for causal explanations resulting from concept comprehension, 3rd–5th graders, 36997
- science-technology-society course, attitudes toward science & environmental concept learning, high school students, 12 & 18 mo followups, 3370
- science vocabulary knowledge & conceptual grouping, 3rd vs 5th graders, 40972
- social background & education system, conceptualization of writing system, 5–6 yr olds, France vs Germany, 33109
- sociocognitive conflict & concept development, 7.7–15.7 yr olds with moderate learning difficulties, 19366
- strategies & microstructure of thinking for concept application in engineering design, college students, Australia, quiz appended, 14602
- structured cognitive processing, development of concepts, hearing impaired students, 33212

task related knowledge & conceptual structures, performance & errors, drivers, 22271

textual & instructional manipulations, concept acquisition, high school chemistry students, 33005

understanding & conceptualization of cause of physical illness & physical causality & cognitive ability, mildly to moderately mentally handicapped 23–51 yr olds, 9561

verification of properties & interpretation of conceptual combinations in adjective noun phrases, college students, 33898

Concept Formation [See Also Cognitive Discrimination, Cognitive Generalization]—Books

Explication. Communication concepts, 1, 15296

Made-up minds: A constructivist approach to artificial intelligence. Artificial intelligence, 11167

Concept Formation [See Also Cognitive Discrimination, Cognitive Generalization]—Chapters

Acquisition and development of “if” and “because”: Conceptual and linguistic aspects, 26856

Children’s biology: Studies on conceptual development in the life sciences, 7158

Cognition of physical and built environments, 37368

Composite memories, 22378

The concept of representation and the representation of concepts in connectionist models, 15321

Conceptual development in astronomy, 7135

Conceptual variation and conceptual relativism in the social sciences, 30579

Developing students’ understanding of chemical concepts, 7155

Theories, constraints, and cognition, 41805

Concept Learning [See Concept Formation]

Concept Validity [See Construct Validity]

Concepts—Serials

beliefs about & encouragement of child’s listening, child comprehension & conceptions of listening, mothers & their 3–5 yr olds, 22968

cognition & interpretation of physics concepts, expert scientists vs college students, 41786

comprehension of concept of burning, 8th graders, educational implications, 10878

concept centrality, retrieval time of text based concepts, college students, 4130

developmental relationships between psychological metaphors & concepts about people & objects, 6–14 yr olds, 3 yr study, 8650

factor analysis of funniness ratings of comedians by concepts & adjective pairs, college students, 30609

graded concept representation, typicality judgments & category membership decisions, 7898

interaction of concepts & skills, literacy acquisition, 3–5 yr olds, development & test of causal path model, 26797

interdependency of word & concept & relationship between conceptual system & mental lexicon structures, 7903

internal structure stability of positive vs negative concepts, college & vocational & high school students, Poland, 8600

interpretation of terminology in concept of E. C. Tolman’s cognitive intervening variables, 26123

methodology for concept teaching & learning, 10799

number of features & complexity of concept, semantic memory, college students, 30094

script based concepts & structure, resolution of anaphoric references & concept recognition, 7–8 vs 10–12 vs 20–40 yr olds, test of F. R. Yekovich & C. H. Walker’s model, 12221

similarity of conceptual knowledge in science, learning & understanding following group task for alternative conceptions of object motion, 8–12 yr olds, 38691

understanding of concept of homeostasis, 7th vs 10th grade vs college science students, 25220

2nd concept of consciousness as personal meaning in Oxford English Dictionary, 11623

Concepts—Chapters

Abstract meditations on the concrete and concrete implications for mathematics education, 22340

Concepts, connectionism, and the language of thought, 15309

Developmental patterns in students’ understanding of physics concepts, 7161

Meaning and concepts, 15331

Natural language concepts of emotion, 4174

Network structures and support functions: Theoretical and empirical analyses, 27195

Representation in perception and cognition: Connectionist affordances, 15323

Students’ conceptual frameworks: Consequences for learning science, 7152

Conceptual Imagery—Serials

concept map as advance organizer, science achievement, 8th graders, 10862

conceptual features & functions in semantics of noun phrases, 22887

innovative cognitive problem solving preferences & preferred mode of symbolic representation, college students, 33871

mental models of & ideas about colored objects & shadows, 8–13 yr olds, 34529

relational density & location of information in causal network, recall of complex action, 4.3–5.9 yr olds, validation of model of semantic representation as intentional system, 42536

separate vs combined diagrammatic vs descriptive instructional strategy, construction of relevant mental models in hypothesis testing, novice college & graduate students, 37005

source & type & use of place & event mental imagery in architectural design process, professional architects & architectural design graduate students, 33457

Conceptual Imagery—Books

The imagery debate. Representation and mind, 22312

In the mind’s eye: Visual thinkers, gifted people with learning difficulties, computer images, and the ironies of creativity, 1989

Conceptual Imagery—Chapters

Effortful and automatic activation of imagery: Evidence from right brain damage, 13586

Imaging objects, routines, and locations, 11556

Conceptual Tempo [See Impulsiveness]

Conceptualization [See Concept Formation]

Concurrent Reinforcement Schedules—Serials

concurrent schedules & extrinsic vs intrinsic rewards, intrinsic motivation, 18–22 yr olds, replication, 37930

concurrent VI schedules reinforcement rate, matching response rate, horses, 34028

shifts in reinforcement & time allocation on concurrent schedules during conditioning, pigeons, 465

stimulus disparity & reinforcer ratio, signal detection & switching key concurrent schedule, pigeons, 457

Concurrent Validity—Serials

age & sex & concurrent validity of Woodcock-Johnson Psycho-Educational Battery-Revised Tests of Cognitive Ability & WPPSI-R, 3–5 yr olds, 29654

component analysis & discriminative & concurrent validity of subscales of Beck Anxiety Inventory vs Hamilton Anxiety Rating Scale, adults with anxiety disorders, 89

concurrent & convergent validity of Beck Hopelessness Scale & Time Questionnaire Assessing Suicide Potential, college students, 41504

concurrent & predictive validity of D. J. Prediger’s things vs people & data vs ideas bipolar work task preference dimensions, disabled 20–62 yr olds, 15 mo study, 3958

concurrent & predictive validity of screening test & other measures, assessment of auditory & visual & haptic pathways, gifted kindergartners, 18367

concurrent validity & comparability of Test of Cognitive Skills & WISC-R & Stanford Binet Intelligence Scale 4th Edition, identification of gifted, 3rd & 5th & 8th graders, 29792

concurrent validity & internal consistency of Griffith’s Mental Development Scales, diagnostic assessment, under 24 mo olds with special needs, 25717

concurrent validity & reliability of Draw A Person test vs previous human figures drawing techniques, developmentally disordered children, 15067

- concurrent validity & reliability of Minnesota Child Development Inventory, infants at risk for developmental disorders, commentary reply, 29686
- concurrent validity & reliability of Minnesota Child Development Inventory, infants at risk for developmental disorders, commentary, 29680
- concurrent validity of California Psychological Inventory-R & Student Adaptation College Questionnaire, college students, 3859
- concurrent validity of computerized Diagnostic Interview Schedule, 16-86 yr old psychiatric inpatients, 18322
- concurrent validity of Creative Imagination Scale & Stanford Hypnotic Clinical Scale, assessment of hypnotizability between diagnostic groups, 17-68 yr old psychotic outpatients, Netherlands, 33676
- concurrent validity of Creative Personality Scale of Adjective Checklist, highly creative females, 5 & 25 yr followups, 18271
- concurrent validity of Gordon Diagnostic System, measurement of attention deficits, 5-16 yr olds with traumatic brain injury, 29755
- concurrent validity of Millon Clinical Multiaxial Inventory-II & revised Psychopathy Checklist, assessment of psychopathy & antisocial personality disorder, male inmates, 22041
- concurrent validity of Mini-Mental State Examination & Luria-Nebraska Neuropsychological Battery, patients with probable senile dementia of Alzheimer's type vs multi-infarct dementia, 15098
- concurrent validity of multiple domain assessment, job performance measurement for purpose of management selection, 22-61 yr old 1st level management employees, 22113
- concurrent validity of personality & cognitive ability tests, assessment of service orientation & job performance, 19-65 yr old medical clerical employees, implications for personnel selection, 18383
- concurrent validity of Rivermead Perceptual Assessment Battery & relationship with activities of daily living performance, 32-92 yr old stroke patients, Australia, 33699
- concurrent validity of Rust Inventory of Schizotypal Cognitions & MMPI & Psychosis Proneness Scales, college students, 11295
- concurrent validity of scales measuring dream bizarreness, college students, 27
- concurrent validity of School Problem Screening Inventory 5th Edition & Bristol Social Adjustment Guides & WISC-R, 11.4-16.4 yr olds with behavior disorders, Canada, special education implications, 29787
- concurrent validity of Shipley Institute of Living Scale & Henmon-Nelson Tests of Mental Ability, prediction of WAIS-R scores, psychiatric patients, 25814
- concurrent validity of Social Phobia & Anxiety Inventory & self report measures of social anxiety & distress & avoidance, 18-55 yr olds with social phobia, 37556
- concurrent validity of Stanford Binet Intelligence Scale-4th edition, developmentally delayed 4-11 yr olds, 29672
- concurrent validity of Symptom Checklist-90-Revised & Impact of Event Scale & clinical interview, measurement of crime related PTSD, adult female crime victims, 37538
- concurrent validity of WPPSI-R & McCarthy Scales of Children's Abilities & PPVT-R, normally functioning 48-60 mo olds, 7590
- concurrent validity of WPPSI-R vs WISC-R scores, 6-7.2 yr olds, 7600
- concurrent validity of WPPSI vs WPPSI-R, bright 4.3-5.4 yr olds from higher socioeconomic groups, 7593
- confirmatory factor analysis & equivalence of constructs underlying scores on job specific & commercially available aptitude tests, job applicants, 33740
- construct & concurrent validity of Andrews & Withey job satisfaction questionnaire, MBA students, 37666
- construct & concurrent validity of Woodcock-Johnson Psycho-Educational Battery-Revised writing tests, learning disabled 6th-8th graders, 22090
- convergent validity of thematic analysis of daily events personality assessment & other personality measures, college students, 37517
- correlation of Femininity & Masculine Gender Identity & Feminine Gender Identity Scales, male vs female college students, 66
- correlation of Kaufman Brief Intelligence Test & WISC-R, 7-16.3 yr olds referred for poor academic progress, 18370
- creative performance & vocational interests & convergent validity of Preconscious Activity & Dogmatism Scales & Openness subscale, adults, replication, implications for theory of careers, 33741
- cross cultural concurrent validity of Career Decision Making System, workers, US vs Australia, 29810
- development & internal consistency & reliability & construct validity of Structural Profile Inventory, assessment of functioning based on multimodal therapy constructs, college students & teachers, 7650
- discriminant & concurrent validity of Mathematics Test Anxiety & Numerical Anxiety subscales of Mathematics Anxiety Rating Scale, male vs female college students, Canada, 37515
- discriminant & concurrent validity of modified vs traditional Fear Survey Schedule for Children-Revised, assessment of worry or fearful thoughts or avoidance, 7-13 yr olds, Australia, 3842
- factor analysis & concurrent validity of MMPI & Beck Depression Inventory & Zung Self Rating Depression Scale & other personality measures, 25-59 yr old married employed vs unemployed females, India, 33684
- factor analysis & reliability & concurrent validity of PGI Yoga Attitude Scale & Kaivalyadharm Yoga Attitude Scale, yoga students vs nonstudents, India, 33635
- factor structure & convergent validity of Millon Clinical Multiaxial Inventory-II & MMPI obsessive compulsive scales, psychiatric patients, 33652
- factor structure & internal consistency & concurrent validity of Adult Functional Adaptive Behavior Scale, 42-97 yr olds receiving geriatric support services, scale items appended, 33677
- factor structure & rank order of treatment requests & concurrent validity of Dutch shortened form of Patient Request Form, psychiatric outpatients, Netherlands, 117
- internal consistency & validity of Form E of 16PF, mentally retarded 22-63 yr olds, 37602
- predictive & concurrent & group differentiation validity of Contemplation Ladder, assessment of readiness to consider smoking cessation, smokers, 7689
- reliability & comparative validity of Obsessive Compulsive Subscale of Symptom Checklist 90, patients with obsessive compulsive disorder, 29714
- reliability & concurrent validity & normative data of Multidimensional Perfectionism Scale, psychiatric patients, Canada, 3887
- reliability & concurrent validity of checklist, assessment of cultural competence, social service agencies, 33620
- reliability & concurrent validity of Psychiatric Assessment Schedule ratings, patients with chest pain assessed at hospital admission & 3 mo later, 41501
- validity of Kaufman's short form of McCarthy Scales of Children's Abilities vs Stanford-Binet Intelligence Scale Fourth Edition, kindergartners, 41446
- validity of self report drug use questionnaires vs urinalysis techniques, 30
- Concussion (Brain) [See Brain Concussion]**
- Conditioned Emotional Responses—Serials**
- aversive conditioning context, expressed fear of light CS, 17 vs 21 vs 60 day old rats, 37985
- lesions of central nucleus of amygdala, fear potentiated startle, male rats, 18849
- MK-801, response suppression under conditioned emotional response procedure, male rats, 779
- Conditioned Emotional Responses—Chapters**
- The role of the amygdala in conditioned fear, 42064
- Conditioned Inhibition [See Conditioned Suppression]**
- Conditioned Place Preference [See Place Conditioning]**
- Conditioned Reflex [See Conditioned Responses]**

Conditioned Responses [See Also Conditioned Emotional Responses, Conditioned Suppression]—Serials

- acute vs multiple magnesium injections, responding maintained by cocaine vs cocaine extinction vs glucose & saccharin vs food, male rats, 38432
- alimentary conditioned reflex learning with vs without atropine or protein S-100 antiserum, neurospecific S-100 protein & memory processes, rats, 34137
- alphaxalone vs picrotoxin vs bicuculline vs Ro 15-1788 vs isopropylbicyclopophosphate, elevated plus maze & punished responding in conflict test, male rats, 741
- amphetamine conditioned vs unconditioned locomotor responses, form & characteristics of conditioned horizontal locomotion & rearing & investigation, male rats, 469
- amphetamine vs apomorphine vs D1 vs D2 dopaminergic agonists, reward CR, animals, 30461
- amphetamine vs apomorphine vs SKF 38393 vs quinpirole vs bromocriptine, responding for conditioned reward, male rats, 42226
- amygdala lesions, reflex facilitation of unconditioned vs acquisition of conditioned nictitating membrane response, rabbits, 34187
- amygdala vs hippocampus lesions, acquisition of cued vs contextual fear CRs, rats, 34167
- apropen &/vs benactyzine &/vs chlordiazepoxide &/vs atropine, punished vs nonpunished behavior, male rats, 4853
- atropine & scopolamine, blockade of conditioned avoidance responding by D1 & D2 receptor antagonists, male rats, 784
- backward conditioned connection & inhibitory reorganization of receptive fields of cortical neurons, subconscious threshold change in visual recognition & detection, cats, 26426
- beta endorphin, regulation of conditioned reflex activity, cats, 11927
- bilateral lesions of nucleus basalis prosencephali, auditory & vibratory conditioned grasping, pigeons, 15557
- blocking & UCR diminution in skin conductance response conditioning, college students, conference presentation, 397
- bombesin, FI food reinforcement response, male rats, 19043
- buspirone vs benzodiazepines vs ipsapirone vs serotonin agonists, punished vs unpunished VI responding, male rats, 42408
- buspirone vs chlordiazepoxide, FI responding, male rats, 26652
- chlordiazepoxide & morphine & amphetamine, suppression of operant responses by electrical shock, male pigeons, 8365
- chlordiazepoxide vs beta carboline 3-carboxylic acid ethyl ester & electric shock suppression, FI food presentation responses, male squirrel monkeys, 19079
- cocaine infusion in nucleus accumbens, conditioned locomotor activity & place preference, male rats, 26609
- concentration of sucrose reinforcement, effect of raclopride on operant response rate, male rats, 8425
- CR effectuation, interaction of heterogeneous synaptic inputs of neocortical neurons & intracortical glutamate connections, animals, 26431
- CS properties, CR & timing in nictitating membrane conditioning, rabbits, 8009
- CS vs UCS schedule, impulse activity of frontal cortex neurons during classical CR, dogs, 11898
- CS/UCS interstimulus interval & trials per session, UCR modification & CR acquisition of nictitating membrane response, rabbits, 4223
- d- vs l-methylphenidate enantiomers, responses to FI vs concurrent VI reinforcement & appetite, male rats, implications for treatment of attention deficit disorder, 26588
- delayed matching to sample procedure with vs without correlated outcome, response rate & accuracy, pigeons, 11641
- delayed spatial choice & trace conditioned reflex, neurophysiology of trace processes, rhesus macaque monkeys, 11815
- desipramine vs chlorimipramine vs phenelzine, inescapable shock induced analgesia, male rats, 12083
- diazepam or triazolam, repeated acquisition & performance of response sequences with observing response, 19-44 yr olds, 8340
- dietary lead, ethanol reinforced FR leverpressing, male rats, 19131
- diphenyl substituted antimuscarinics vs cocaine vs atropine, operant responding under FI schedule & discrimination & locomotor activity, male rats, 38531
- dopamine D1 receptor antagonist SCH 23390 with vs without D2 antagonist sulpiride, appetite approach during reinforcement vs extinction, rat pups, 4785
- Eastern vs Western interpretations of contextual control of phasic CRs in transswitching, 30095
- FI & DRL & FR schedules of reinforcement, response patterning, amnesic patients, 2209
- FI chain schedules, elicited pecking, pigeons, 11650
- flesinoxan, antidepressant activity in DRL-72 responding, male rats, 42434
- hippocampal aspiration lesions, delayed alternation go/no go performance & memory, male rats, 38163
- hippocampal lesions, acquisitions of CR & contextual retrieval, male rats, 601
- hippocampectomy, conditioned reflex switching over of instrumental reflexes, rats & dogs, 11822
- ibotenic acid lesions of nucleus accumbens vs lateral vs medial caudate putamen, conditional visual discrimination involving temporal frequency, male rats, 18878
- incorrect intensity expectations, painful stimulus response & acquisition of anticipatory responses, female college students, 11417
- intra accumbens vs intra caudate dopamine vs noradrenaline vs 6-OHDA lesions of dorsal noradrenergic bundle, acquisition of CR, male rats, 745
- ketamin rompun anesthesia & conditioning with odor cue, acquisition of conditioned natural killer cell response, female mice, 42307
- leverpressing, spike wave discharges & FI responding & post-reinforcement pause, male WAG/Rij rats, animal model of generalized absence epilepsy, 18970
- lidocaine in junction of reticular formation & medial pars oralis of spinal trigeminal nucleus complex, performance of classically conditioned nictitating membrane reflex, adult rabbits, 4572
- light flashes & electrostimulation of dorsal hippocampus or caudate or accumbent nucleus or globus pallidus, defensive conditioned reflex & EPs, dogs, 8126
- lithium chloride vs d-amphetamine paired sucrose with trimethobenzamide, aversive taste reactivity CRs of chin rubs & paw pushes & gapes, male rats, 26653
- long term electrical tactual sensitization, defensive reflex of closure of pneumostome, edible snails, 8274
- methylscopolamine vs scopolamine with vs without physostigmine, temporal regulation of leverpressing under DRL schedule, male rats, 26677
- mianserin & its enantiomers & metabolites, antidepressant activity & DRL responding, male rats, 19088
- MK-801 stereoisomers, FR20 vs FI2 food presentation schedule responding, male rats, 19078
- naloxone &/vs chlordiazepoxide, reward vs nonreward responding during acquisition of successive discrimination, male rats, 38516
- negative response contingency, key pecking & sign tracking, pigeons, 11640
- neonatal ip mexidol, acquisition of active avoidance conditioned reflex, adult rats, 26688
- neostriatal glutamatergic & dopaminergic system, organization of alimentary CRs, male dogs, 34177
- NMDA antagonist NPC 12626 vs PCP, punished responding, male rats, 34415
- nonlinear dynamics prediction of behavior in FI reinforcement schedule, pigeons, 41867
- number of acquisition trials & random vs blockwise schedule of stimulus pairs, evaluative style & contingency awareness, college students, 26151
- opioid peptide DADLE, visual cortical neuron activity & motor behavior during learning defensive reflexes & internal inhibition, rabbits, 8188
- parallel schedule reinforcement histories, FI or VI response performance, pigeons, 22445

- Pavlov's CR & signal systems approach to language habilitation & rehabilitation & disintegration & regression in aphasia, 6902
- Pavlov's disregard for decortication effects on & role of subcortical regions in conditional reflexes, 42054
- pimozide, decrements in food reinforced leverpressing, male rats, test of dopamine depletion hypothesis, 30553
- posttraining dopamine agonists vs antagonists, retention of inhibitory avoidance response, male mice, 15736
- prefrontal preoral lesions, recovery of conditioned spatial variant of Konorski memory test, dogs, conference presentation, 4480
- presentation of auditory stimulus with simultaneous food reinforcement, acquisition of 2-response sequence, male rats, 30174
- proactive interference & instructed CS reversal, conditioned motor responses, college students, 7948
- propranolol, mitral tufted cell response to & olfactory associative conditioning with medial forebrain bundle lateral hypothalamus stimulation reward, infant rats, 18973
- propranolol or timolol, conditioned odor preference & associated olfactory bulb neural modification, neonatal rats, implications for role of norepinephrine, 19172
- repeated MK-801 &/or amphetamine, behavioral sensitization & conditioned locomotion, male rats, 15833
- representation of reinforcer & topography of CR in 1st & 2nd order conditioning of keypeck, feral pigeons, 30175
- resistance to change & law of effect of response reinforcer relation in multiple schedule reinforcement, pigeons, 41866
- role of UCS and CS, postextinction rapid reacquisition of conditioned nictitating membrane response, rabbits, 22456
- saccharin, reward & conditioned reinforcement & memory improvement, male rats, 18736
- shortened conditional reflexes & regulation of cortical excitability tonus, psychophysiological & psychopharmacological implications, commentary, 34103
- shortened conditional reflexes & regulation of cortical excitability tonus, psychophysiological & psychopharmacological implications, 30230
- signaled reinforcement, acquisition of response sequence & formation of behavioral units, male rats, 483
- stimuli signaling delay of reinforcement, conditioned leverpressing, male rats, 26259
- triazolam, escape vs aggressive vs point maintained responses, male 25–36 yr olds, 26577
- UCS effect of person, cardiovascular & respiratory responses & conditional reflexes, normal & pathological animals, 467
- variance vs covariance patterns in parallel & serial timing processes & dynamics of intertrial responding in peak procedure, birds, 41865
- visual & electrical stimulation induced defensive & inhibitory conditioned reflexes, synchronization of inhibitory & activational types of cortical neurons, rabbits, 8189
- visual field organization, localization of operantly conditioned pecks on fixed distance target, pigeons, 18851
- waking acquisition of hippocampal conditioned cellular response, evocation during paradoxical sleep, male rats, 8147
- water deprivation, uncertainty scores vs Fourier analysis of behavior variability in water reinforced response rates, male rats, 4215
- Conditioned Responses [See Also Conditioned Emotional Responses, Conditioned Suppression]—Chapters**
- Amygdala-ventral striatal interactions and reward-related processes, 42067
- Amygdaloid contributions to conditioned arousal and sensory information processing, 42075
- Conditioned Stimulus—Serials**
- associative status of other cues during training, response to CS, rats, 37987
- auditory vs visual CS modality, induced receptive field plasticity in auditory cortex, guinea pigs, 38148
- buprenorphine, discriminative stimulus effects of cocaine, male squirrel monkeys, 42317
- conditioned vs unconditioned stressor, brain c-fos messenger RNA & plasma corticosterone, male rats, 38364
- contexts & positive occasion setters, responses to CSs in discrimination learning, male rats, 18737
- CS preexposure, latent inhibition of Pavlovian skin conductance & heart rate & digit pulse amplitude responses, 18–39 yr olds, 22708
- CS properties, CR & timing in nictitating membrane conditioning, rabbits, 8009
- CS UCS interstimulus intervals, potentiation or diminution of discrete motor UCR to aversive Pavlovian UCS, male rabbits, 34026
- distance differences of CS & UCS sites, sign vs goal tracking, pigeons, 22460
- electrical stimulation of medial geniculate nucleus & posterior intralaminar nucleus, CS UCS convergence in fear conditioning, male guinea pigs, 34129
- estradiol, stimulus discrimination in taste aversion procedure, gonadectomized rats, 42257
- extinction & UCS reinstatement of blocking CS-UCS association, conditioned taste aversion, rats, 37979
- extinction with compound CS, responses in subsequent discrimination training, pigeons, 18731
- food & social relations & ritual behaviors as discriminative stimuli for generalized social consequences, 42902
- histamine H1 antagonists, discriminative stimulus cross substitution with chlorpheniramine vs promethazine, female pigeons, 42273
- interstimulus interval & frequency of CS-CS pairings, 2nd order conditioning of nictitating membrane response, rabbits, 11949
- MK-801 vs related compounds, discriminative stimulus effects & conditioned discrimination of MK-801 vs saline, monkeys, erratum, 22768
- nonreinforced preexposure to CS, latent inhibition, preweanling rats, 34035
- odor specificity as CS signal, elevation of natural killer cell activity, female mice, 26545
- opiate vs cocaine related vs nondrug stimuli, classically conditioned skin temperature & resistance & heart rate & self reported craving, cocaine abusing males, 43427
- PCP/sigma & mixed action opioids, N-allylnormetazocine stereoisomer induced stimulus discrimination, pigeons, 42386
- pentobarbital or morphine or place CS & lithium chloride, conditioned sickness, male rats, 19110
- pimozide, locomotor responsiveness to food paired CS, hungry male rats, 780
- pulsed vs serial CS, nictitating membrane response, female rabbits, 4224
- redundant CS, conditioned freezing evoked by contextual & temporal cues preceding shock UCS, rats, 15404
- serial stimuli, associative transfer in conditioning of nictitating membrane, rabbits, 468
- sertindole vs clozapine vs cis-z-flupenthixol vs haloperidol, discriminative stimulus effects of d-amphetamine & d-LSD & St 587, male rats, 42217
- shock reinforced vs nonreinforced CS, pain reactivity, male rats, 11628
- stimulus selection during Pavlovian conditioning, preweanling vs adult rats, 473
- tone vs light vs dark CS, barpress suppression & freezing during fear conditioning, male rats, 18718
- trace conditioning, CS memory, male rats, 37981
- trained vs untrained conditioned relations of contextual vs equivalent stimuli, transfer of contextual control, adults, 401
- triazolam as discriminative stimulus, normal adults, 42375
- unconditioned vs conditioned fear, induction of c-fos proto-oncogene & mRNA in amygdala, male rats, 22532
- visual &/vs auditory CS, intertrial responses in 2 way avoidance learning, male rats, 30177
- visual vs imaginal CS & transfer response in extinction, emotional responses, college students, 18638
- 5-HT antagonist ondansetron augmentation of dopamine antagonist SCH 23390, blocking of discriminative or reinforcing stimulus effects of cocaine, male rats, 42331
- Conditioned Stimulus—Chapters**
- Local plasticity in neuronal learning, 42094

Conditioned Suppression—Serials

- acute vs chronic clonidine, behavior in conditioned suppression drinking conflict paradigm, water deprived female rats, animal model of antianxiety treatments, 769
- binaural suppression of localization information, 20–29 yr olds, 29926
- chlordiazepoxide &/vs picrotoxin or bicuculline or Ro15-1788 or delta-amino-n-valeric acid, conditioned suppression of operant behavior, male rats, 4833
- chlordiazepoxide vs beta carboline 3-carboxylic acid ethyl ester & electric shock suppression, FI food presentation responses, male squirrel monkeys, 19079
- conditioned suppression, detection of taste thresholds, male rats, 37958
- diazepam vs buspirone, shock suppressed licking in anti-conflict paradigm with varied stressor predictability, female rats, 26582
- extinction & excitatory value of light stimulus vs training context, differential inhibition & inhibitory potential of tone, rats, 18729
- gepirone, shock conditioned suppression of licking in anti-conflict paradigm with varied schedule predictability, female rats, 26581
- hypothalamic vs mesencephalic lesions, conditioned inhibition of nictitating membrane response, rabbits, 22527
- locus of semantic generalization of GSR & inhibition of UCR by CR or CS during vocal word tone conditioning, college students, 33881
- MK-801, response suppression under conditioned emotional response procedure, male rats, 779
- previous discrimination training, CRs in novel situation & subsequent reacquisition of suppression, rats, 479
- reevaluation of R. A. Rescorla's recommendations in logical & empirical operations for inferring Pavlovian conditioned inhibition, 18741
- salicylate induced phantom auditory perception, tonal frequency generalization of conditioned suppression, male rats, 8002
- salience of flashing light stimulus, inhibitory potential associative structure of white noise stimulus in Pavlovian conditioning, rats, 26256
- shock stimulus intensity & salience during punishment, propranolol release effects on response suppression, rats, 4830
- tone vs light vs dark CS, barpress suppression & freezing during fear conditioning, male rats, 18718
- visual vs auditory cues, location during conditioned suppression training, male rats, 26240
- Conditioning [See Also Aversion Conditioning, Classical Conditioning, Conditioned Emotional Responses, Conditioned Responses, Conditioned Stimulus, Conditioned Suppression, Escape Conditioning, Operant Conditioning, Place Conditioning, Unconditioned Responses, Unconditioned Stimulus]—Serials**
- accuracy of light as predictor of subsequent unconditioned &/or conditioned reinforcement, orienting response, male rats, 22463
- amount of conditioning training & naltrexone vs intrathecal quaternary naltrexone vs methysergide vs yohimbine, conditioned analgesia, male rats, 4772
- concepts in use of conditioning strategies & learning theory, school teachers & counselors & administrators, 7105
- conditioned discrimination of amylopectin vs amylose, rats, 18735
- conditioned facilitation vs inhibition with same vs different target, female pigeons, 11657
- conditioned flavor preferences, rats, 4210
- conditioning with amphetamine vs saline with environmental stimuli, thermic effects of amphetamine vs pentobarbital, male rats, 12042
- criteria & designs for research on drug conditioning & learning, alcoholic or opiate using adults, 27707
- cyclophosphamide with taste & smell conditioning, 13 yr old female with lupus erythematosus, longitudinal case report, 32468
- daily exercise schedule or feeding, phase of entrainment to light dark cycles, male hamsters, 18992

- electrical stimulation of medial geniculate nucleus & posterior intralaminar nucleus, CS UCS convergence in fear conditioning, male guinea pigs, 34129
- enzymatic hydrolysis of enkephalin in plasma, mice, implications for role of enkephalins in conditioning & learning & memory, 30395
- experimental hypothermia & maternal pheromones & olfactory perception, conditioned nipple search response, rabbit pups, 4295
- extinction & excitatory value of light stimulus vs training context, differential inhibition & inhibitory potential of tone, rats, 18729
- flavor preference conditioning, acquisition of flavored or unflavored glucose vs fructose preferences, female rats, 11639
- flavor vs environmental cues, negative anticipatory contrast & preference conditioning, rats, 15397
- foods high vs low in dietary fat, conditioned preferences, 2–4 yr olds, 19356
- forward vs backward vs delayed pairings of pentobarbital & dextroamphetamine sulfate, heart rate & avfall conditioning, male rats, 19057
- forward vs simultaneous pairings of 1st order CS & UCS, learned associations demonstrated in 2nd order conditioning procedure, rats, 4211
- imagination vs experience of conditioning event & extraconditional information & affect, probability judgment, college students, test of belief revision aspect of Bayesian conditionalization, 4123
- increasing force requirements in beam pressing task, energy expenditure & motor response topography for food reinforcement, male rats, 18730
- individual difference measures & bidirectional selective breeding for excitatory conditionability, *Drosophila melanogaster*, 34108
- instrumental vs automaintenance procedures, serial spatial reversal learning, male rats, 18720
- intensity & amplitude of varying sinusoidal light intensity cycles, parametric entrainment of circadian rhythms, male rats, 18995
- interactions between olfactory & brightness conditioning, preweanling vs adult rats, 474
- interstimulus interval & frequency of CS-CS pairings, 2nd order conditioning of nictitating membrane response, rabbits, 11949
- ketamin rompun anesthesia & conditioning with odor cue, acquisition of conditioned natural killer cell response, female mice, 42307
- left vs right visual field stimulation of emotional facial expression CS with shock UCS, conditioned perception & extinction of facial affect, female 19–45 yr olds, Norway, 4435
- massed vs distributed UCS & intertrial interval, contextual conditioning in place preference & freezing tests, male rats, 18740
- masturbatory reconditioning via thematic shift or fantasy alternation or directed masturbation or satiation, modification of sexual preferences, sexually deviant males, 2485
- methylphenidate, keypecking response under extinction in presence vs absence of conditioned reinforcement, male pigeons, 767
- moderate ethanol dose, sensory preconditioning & primary conditioning & odor footshock association, preweanling & postweanling rats, 30473
- N. Miller's work on conditioning of autonomic nervous system & implications for biofeedback, rats & humans, 11948
- naloxone vs morphine, conditioned hypoalgesia induced by exposure to heated floor, male rats, 8460
- naloxone vs morphine with heat stressor, conditioned hypoalgesia, rats, 34330
- negative affect & facial emotional expression & retention during nonreinforcement phase of conditioned kicking, infants, 19271
- noxious cutaneous CS, inhibition of visceral nociceptive neurons & reflexes, rats, 618
- noxious visceral CS, inhibition of neuronal or reflex responses to cutaneous stimuli, rats, 617

- physical perspectives on behavior & conditioning, 41405
 random pairings of neutral stimulus with shock, illusory correlation & electrodermal response, college students, implications for phobic anxiety, 11883
 redundant CS, conditioned freezing evoked by contextual & temporal cues preceding shock UCS, rats, 15404
 reinforcement, conditioning of reward value of effort & industriousness, humans & animals, 26247
 relapse prevention & application of conditioning theory to cocaine addiction & treatment, 10554
 role of proprioceptive afferents in motor rhythm entrainment, crayfish, 30275
 serial stimuli, associative transfer in conditioning of nictitating membrane, rabbits, 468
 shock preexposure & environment change, conditioned & unconditioned stress induced analgesia, male rats, 11655
 signaled vs unsignaled interstimulus reinforcement, marking & bridging vs conditioned reinforcement in choice discrimination acquisition, rats, 4240
 subliminal presentation of affect arousing slide prior to slides of target person, attitudes toward & beliefs about personality of target, college students, 31120
 transcranial magnetic stimulation of motor cortex, afferent conditioning of motor EPs in tibialis anterior & soleus, 21-44 yr olds, 34212
 transitive inference formation in 5 vs 7 vs circle term series, pigeons, commentary & application of conventional conditioning, 37970
 use of crossover design & other methodological criteria for inference of selective associations, animals, 26239
 8 hr shift in light dark cycle vs overt rhythm of activity, reentrainment of circadian clock, rats, 4643
Conditioning [See Also Aversion Conditioning, Classical Conditioning, Conditioned Emotional Responses, Conditioned Responses, Conditioned Stimulus, Conditioned Suppression, Escape Conditioning, Operant Conditioning, Place Conditioning, Unconditioned Responses, Unconditioned Stimulus]

Condoms—Serials
 acquaintance with victims & evaluation of personal threat of AIDS & sexually transmitted diseases & condom use & sexual behavior, never married under 27 yr olds, Canada, 43702
 adult vs peer provided anticipatory guidance on AIDS & HIV, acquisition of condoms through prescription redemption plan & participation in blood test, 13-20 yr olds, 44300
 attitudes & knowledge about condom use & AIDS & sexual behavior, adult Black males, 35746
 attitudes & psychosocial factors, intention to use condoms in high risk situation for sexually transmitted diseases, male auto mechanic students, Canada, 5981
 attitudes toward condom use & AIDS, Black patients in urban family practice center, implications for prevention, 6648
 behavioral intention & perceived susceptibility & barriers & self efficacy & monitoring & blunting & social support, prediction of condom use & discussion of AIDS with sex partners, college students, 39034
 condom knowledge & attitudes & use, applicants for chemical dependency treatment, 23852
 condom skills educational program, reinfection, patients treated for sexually transmitted disease, 36421
 condom usage & AIDS risk & concerns, 18-44 yr olds, Scotland, implications for health education, 35754
 condom use & attitudes & general & specific assertiveness, male homosexual 19-62 yr olds vs heterosexual 17-49 yr olds, 19740
 condom use & HIV associated high risk sexual practices with clients vs nonpaying partners, iv drug using vs nonusing 21-54 yr old female prostitutes, 42875
 contraceptive attitudes & intentions to use condoms, sexually experienced vs inexperienced 15-19 yr old males, 5102
 demographic information & sexual experience & attitudes toward AIDS & use of condoms, 15-48 yr olds with sexually transmitted disease vs college students, implications for AIDS prevention, 13344
 erotophobia & sex, effect of safer sex film with vs without condom use vs information only on attitudes toward condoms, college students, 36436
 health beliefs & AIDS attitudes & risk perception & sexual behaviors, intentions of condom usage, adolescents, Zimbabwe, 35765
 information based approaches & prophylactic use of condoms & other behavior change, control of spread of HIV & AIDS, college students, 28624
 knowledge about condoms & vulnerability to & discussion with others about AIDS, African American vs Hispanic 15-21 yr olds, 13412
 mass media safe sex & AIDS & sexually transmitted disease prevention campaign, perceived personal relevance & knowledge & use of condoms, 18-24 yr olds, Netherlands, 6632
 modification of sexual activity & condom use for prevention of HIV & AIDS transmission, 17-22 yr olds, 1981-88, Canada, 6024
 perceived peer norms & sexual communication & AIDS knowledge & attitudes, prediction of condom use, sexually active incarcerated adolescents, implications for HIV prevention, 9701
 psychosocial & demographic factors, condom use for AIDS prevention, 15-19 yr olds, Netherlands, 14135
 psychosocial factors in condom use for prevention of HIV transmission, college students, Zimbabwe, 20461
 reasoned action vs attitude behavior relations models, prediction of condom use, college students, implications for public health, 16297
 sex & age & assertiveness & risk taking & control over sexual relationships, intent to use condom, 16-20 yr old virgins, England, implications for AIDS or HIV infection, 13408
 sex & education level, change in condom use & number of partners in wake of HIV & AIDS, 18-45 yr olds, 1987-90, Scotland, 42876
 sexual attitudes & behaviors & knowledge of sexually transmitted diseases & AIDS & HIV, condom use intent & frequency, urban male 13-20 yr olds, 26945
 sexual behavior & attitudes about condoms & AIDS knowledge, Black male vs female college students with single vs multiple sex partners, 24080
 sexual behavior & condom use & AIDS knowledge, 15-60 yr olds, Zaire, implications for AIDS transmission & prevention, 39037
 sexual scripts & AIDS prevention & risk reduction & condom use & adherence to safer sex guidelines, heterosexual 17-21 yr olds, Canada, test of health belief & behavioral intention models, 36441
 sources of sexual views for transmission of AIDS & condom use & views on sex roles, adult heterosexual female iv drug user & sex partner of iv drug user, 39748
 subjective norms & attitudes, condom use for prevention of AIDS, unmarried Black females, 2865
 "Three for Free" condom distribution program, sexual health decision making, college students, 3470
Conduct Disorder—Serials
 age & sex & ego development, suicidality, 12-16 yr old inpatients with affective &/vs conduct disorder, 9156

- behavioral parent training with vs without ally support training, socially isolated & disadvantaged single parents of oppositional or conduct disordered children, Australia, 6 mo followup, 28250
- behavioral problems & temperament characteristics & classroom competence & prevalence of conduct disorders, seriously emotionally disturbed 7-19 yr olds, placement implications, 14641
- characteristics & life experience outcomes, hospitalized 13-16 yr old females with conduct disorder, 2-4 yr followups, 21152
- characteristics & life experiences outcomes, hospitalized 13-16 yr old females with conduct disorder, 2-4 yr followups, erratum, 40597
- characteristics & origin & medical hypnoanalysis treatment, male 17 & 22 yr olds with conduct & personality disorders, 28508
- child's & parents' problem solving proficiency & aversive & affective behavior during family interactions, 7-14 yr olds with depression &/or conduct disorder, Australia, 43110
- cluster analysis of identifying measures in Colorado Adoption Project, male children at risk for conduct disorder, longitudinal study, 39433
- co-occurrence of conduct disorder & depressive or anxiety disorders, children & adolescents & adults, research review, 39249
- cognitive behavioral social skills training vs desensitization imagery intervention, institutionalized 7-13 yr olds with conduct disorder, 13690
- cognitive modifiability & potential for change & learning, institutionalized adolescents with schizophrenia vs severe conduct disorders, Israel, 23544
- comorbidity & recovery time & chronicity & probability of recurrence, 6-19 yr olds with attention deficit &/or conduct &/or oppositional defiant disorder, 31297
- confirmatory factor models of maternal & teacher & self report measures of attention deficit & conduct disorders, 9-10 yr olds, 33626
- construct & assessment of classroom conduct problems, children, 22087
- correlation of Beck Depression Inventory & Reynolds Adolescent Depression Scale, 11-18 yr olds with PTSD or conduct disorder, 33609
- cultural issues in understanding & treatment of conduct disorder & behavioral precursors, disadvantaged children, 16710
- definition & diagnosis & treatment & prevention, 4-16 yr olds with conduct disorder, literature review, 5751
- demographic variables & parental characteristics & family management practices & general adjustment, male 6th graders with conduct problems &/vs depressed mood, 27313
- demographics & family & psychiatric backgrounds & DSM-III vs DSM-III-R diagnostic criteria for conduct disorder, 12-17 yr old juvenile justice center residents, 1803
- development & construct validity of Program Efficacy Scale, assessment of self efficacy linked to residential program completion, 13.2-17.8 yr old females with conduct disorder, 3869
- development & reliability & validity of daily telephone inventory on discipline strategies & stress & adjustment & mother child interactions, mothers & their 3-7 yr olds with conduct problems, 29665
- development & reliability & validity of Sensation Seeking Scale for Children, 7-12 yr olds with vs without hyperactivity &/vs conduct disorder &/vs anxiety, 113
- discipline, impact of maternal stress & mood on conduct problems, single mothers with male 40-50 mo olds with conduct problems, 27658
- discriminant analysis & diagnostic classification rates of 5 instruments, secondary school students with conduct problems vs emotional disturbances, 18320
- discriminant analysis of instruments for differential classification, 7.6-13.3 yr old elementary school students with conduct problem &/or emotional disturbance, 29779
- dopamine-beta-hydroxylase activity, 7-17 yr olds with conduct disorder vs other psychiatric disorders with vs without neglect or abuse before 36 mo of age, 31288
- ego development, symptomatology & disease course & coping & defense mechanisms, hospitalized 12-16 yr olds with conduct &/vs affective vs other disorders, 27341
- emotional & alertness components of tones & mental activity, skin conductance & heart rate, 7-13 yr olds with conduct vs emotional disorders, England, 19942
- etiological aspects of interaction with parents, children with conduct disorder, literature review, 39437
- evidence for distinction between oppositional defiant disorder & conduct disorder in DSM-IV, 39449
- family dysfunction & psychosocial adversity, male 7-11 yr olds with attention deficit hyperactivity disorder &/vs conduct or emotional disorder or learning disability, 5542
- family vs child focused treatment strategies, conduct disordered children & their families, 17065
- heart rate & skin conductance & electrodermal reactivity & habituation to sound, 7-15 yr olds with emotional vs conduct disorder with antisocial vs neurotic symptoms, England, 1539
- history of childhood behavior problems in biological relatives, male 7-12 yr olds with attention deficit hyperactivity or conduct disorder, 16447
- impact on residential treatment milieu & staff & treatment effectiveness & program recommendations, youth with conduct disorders, 3026
- incidence of conduct & emotional & psychotic disorders, female vs male adopted children, 1968-82, England, 43094
- IQ & academic functioning, 8-11 yr old males with attention deficit hyperactivity disorder with vs without conduct or oppositional disorders, 25259
- issues in hypnotherapy, clients with conduct disorder & antisocial personality, 36328
- maternal parenting & parental antisocial personality disorder & substance abuse, 7-13 yr olds with oppositional defiant disorder vs conduct disorder & their parents, 23574
- methylphenidate dosage, classroom behavior & academic performance & impulsivity, hospitalized 12.9-18.9 yr olds with conduct disorder, 13896
- methylphenidate dose, classroom behavior & academic performance & impulsivity & side effects, 12-18 yr olds with conduct disorder, 6457
- methylphenidate, oral reading & reading comprehension, male 8-11 yr olds with attention deficit hyperactivity disorder with vs without conduct disorder, 36210
- models of direct vs indirect causal vs ex post facto relationship between depression & conduct disorders, children & adolescents, literature review, 39214
- multimodal approach to drug rehabilitation, drug abusing 9-16 yr olds with mental &/vs conduct disorders in residential therapeutic community, 17552
- music preferences, 12-47 yr olds with depression vs schizophrenia vs attention deficit vs conduct disorder, 16456
- nature & diagnosis & pharmacologic & psychotherapeutic & social & behavioral treatment, patients with intermittent explosive disorder, 27643
- overt & covert marital conflict in problem solving interactions, parents of conduct disordered vs nondisordered 11-19 yr olds, 35387
- parent training, coping with stress related to child's behavior, parents of 3-7 yr olds with conduct problems, 17226
- peer popularity & similarity & competence, helpfulness during problem scenarios, female 13-17 yr old residents of long term treatment center with conduct disorders, 40559
- personality styles & expressed concerns & behavioral correlates, 14-16 yr olds with conduct disorders, 9384
- pharmacotherapy, mentally retarded & other children & adolescents with conduct disorders & aggressiveness & explosiveness & rage outbursts, literature review, 32319
- positive & aversive behaviors & affect expression during family meals, 7-14 yr olds with depression &/or conduct disorder, 43089
- prevalence & pattern of correlates, 4-16 yr olds with conduct vs emotional disorder vs hyperactivity vs somatization, Canada, reprint, 19961

- saliva vs serum lithium monitoring, hospitalized 5–11 yr olds with conduct disorder of undersocialized aggressive type, 36291
- self vs externally imposed stimulus presentation conditions, memory for attended vs unattended picture cards, female 6–7.9 yr olds with vs without hyperactivity vs conduct disorder, 23545
- symptoms of depression & anxiety & behavior problems & fear, 11–18 yr olds with PTSD vs conduct disorder, 23498
- teacher ratings of DSM-III-R diagnostic criteria for attention deficit hyperactivity & oppositional defiant & conduct disorders, 5–14 yr old males, 31308
- texture & diffuse shading & pure human content Rorschach indices, assessment of attachment & anxiety, conduct disorder vs dysthymic 13–16 yr old inpatients, 19980
- time out durations, aggressive behavior, hospitalized 4.2–12.8 yr olds with conduct disorders, 6347
- treatment applications of triadic model of intervention & role of parent or caregiver, children with conduct disorder, 2285
- use of tobacco or alcohol or marihuana or hard drugs, 12–16 yr olds with conduct or attention deficit or emotional disorder, Canada, 19931
- Conduct Disorder—Chapters**
- Conduct disorder, 1875
- Conduct disorder, 23828
- Cones (Eye)—Serials**
- adapting field luminance & role of rods, amplitude & time of cone electroretinogram change, 44 & 45 yr olds, 22652
- ambiguous figure & short wavelength sensitive cone pathway, object recognition, adults, 22202
- calculation of cone contrasts for color vision research, 29897
- chromatic adaptation & stimulus intensity, chromaticity locus of unique white, adults, implications for normalization of cone action spectra, 18895
- chromatic adaptation, opponent interactions of cone mechanisms in increment threshold spectral sensitivity, monkeys, 15646
- cobalt ions, rod & cone driven components of b wave responses in isolated retina, frogs, 8110
- color vision & spectral sensitivity & cone photopigments, domestic dogs, 4453
- cone-cone electrical coupling model of square root function of stimulus intensity response relationship, 26485
- cone precursors & differentiation in outer posterior retina, 10–11 wk old fetuses, 8146
- dark adaptation of long wave cones at different eccentricities in visual field, adults, 682
- immunocytochemical & electroretinographic evidence of retinal cones & color discrimination capability, gerbils, 26383
- large long duration vs small brief flash targets, increment thresholds & absolute spectral & field cone sensitivities, adult female, 4476
- light adaptation properties of ultraviolet sensitive cone vs other receptor mechanisms, goldfish, 4431
- luminance intensity & duration, wavelength discrimination mediated by short wave cones, 28–55 yr olds, 33793
- minimum number & frequency tuning of spatial frequency mechanisms in short wavelength sensitive cone inputs, adults, 26001
- number of classes & spectra of cones, ungulates, 4454
- ocular media density & sensitivity loss in threshold vs radiance functions of short wave cone mechanisms, 18–35 vs 63–78 yr olds, 26422
- ratio of long vs middle wavelength sensitive cones in parafoveal retina, experienced Os, 38211
- receptive field organization & physiology & adaptation of on & off channels at rod & cone level of outer retina, vertebrates, 26423
- sex & polymorphism, long wave cone pigments & behavioral sensitivity & lens absorbance, marmoset monkeys, 38237
- single channel conductance & kinetic parameters of cyclic guanosine monophosphate activated channels between cones & rods in retina, carp vs toads vs tiger salamanders, 4565
- stimulus frequency & rod light vs dark adaptation, cone mediated sensitivity of parafoveal retina to rapid on vs off flicker waveform illumination, adults, 22549
- stimulus frequency & rod light vs dark adaptation, cone sensitivity to rapid on vs off flicker waveform illumination, female 34 yr old with exaggerated suppressive rod cone interaction syndrome, 24194
- visual nonlinearity fed by single cones, spatial frequency filtering & eye movements & distortion visibility, adults, 22194
- visual stimuli with low spatial & medium high temporal frequency & mesopic illumination, interaction between rod & cone mediated signals in central visual field, adults, 42015
- wavelength discrimination of spectral stimuli, males with blue cone monochromacy, 6155
- Cones (Eye)—Chapters**
- The design of chromatically opponent receptive fields, 22626
- Spatial receptive field organization in monkey V1 and its relationship to the cone mosaic, 22623
- Confabulation—Serials**
- orientation to person & place & mo & year, confabulation, 21–69 yr olds with aneurysm of anterior communicating artery vs other intracranial hemorrhage, 35811
- Confidence Limits (Statistics)—Serials**
- bootstrap confidence interval based on correlation corrected for range restriction, 180
- bootstrap method, approximation of confidence intervals for & sampling variability of factor loadings & interpretation of factor analytic results, 15152
- combined probability vs confidence interval procedures, test of null hypothesis in meta analysis, 15145
- estimated true scores & standard errors of measurement & 95 percent confidence intervals for MMPI-2 clinical scales, 70
- properties of approximate confidence intervals for correlation between 2 variables in 2-by-2 data tables, 15129
- smallest exact confidence intervals for ability parameter of Rasch model, 3992
- Confidentiality of Information [See Privileged Communication]**
- Conflict [See Also Arguments, Riots, Violence, War]—Serials**
- acute vs chronic clonidine, behavior in conditioned suppression drinking conflict paradigm, water deprived female rats, animal model of anti-anxiety treatments, 769
- adolescent parent conflict, divorced vs unremarried mother custody vs 2-parent married families with 6th–11th graders, 8760
- analogy between organizational conflict research & schizophrenia, 41223
- attitudes toward peer conflict & resolution & justice, 5 yr old males vs females of depressed vs well mothers, 35173
- attributed controllability & intentionality & interpersonal emotions, expectation of violent reaction in conflict situation, college students, test of model, 39091
- behavioral conflict & maternal investment & suckling patterns, rhesus macaque infants & their mothers, 18757
- chlordiazepoxide vs buspirone vs ritanserin, antipunishment effects in conflict procedures, pigeons vs rats, implications for animal models of anxiety, 742
- chronic high salt diet & vs conflict stress, BP, male baboons, 11937
- concept of conflict & role in psychoanalytic process & self psychology, 10114
- conceptual framework for convention & conflict in interaction with others, children, 8712
- conceptual framework for residential care treatment, difficult or resistant adolescents in conflictual interactions, 14267
- conflict & influence in communication, mothers & their 4 yr olds, 16264
- conflict avoiding vs engaging communication orientation, strong negative affect & marital satisfaction, couples, 12463
- conflict, blind clients & professionals & organizations providing rehabilitative services, 21161
- conflict representation in dreams, 8.5–11 yr olds, Ireland vs Israel, 16103

- conflict strategy involving problem solving vs obliging vs dominating vs avoiding, aggressive behavior, college students, 27170
- conflictive engagement with parent & positive affect, postmenarcheal 7th grade females & their families, 16086
- conflictual independence from parents & mood & generalized self efficacy, identity, college students, 39163
- development & reliability & validity of Children's Perception of Interparental Conflict Scale, 4th–5th graders, scale appended, 33572
- direct vs indirect vs bilateral vs unilateral power strategies in interpersonal conflict, college students, Japan, 34903
- economic & political & social factors, overt Black vs White racial conflict on campuses, college students, 25238
- equity vs equality violations, organizational conflict & distributive justice, 21772
- ethnic identities & conflict & indigenous psychologies, pluralist societies, 5222
- expectations of support from & conflict with mothers, perceived supportiveness, college students & their mothers, 42788
- experience with & perceptions of occupational conflict, planners, 29529
- facilitation of expression & resolution of conflict in counseling group, children, 36069
- family conflict & personal characteristics, perceived burden & mental health, caregivers of elderly impaired parents or in-laws, 21108
- family conflict & satisfaction, attribution & defensive communication, families of delinquent adolescents, 20274
- feelings about & actions in & justifications for authority conflicts, 6–11 yr olds, 12298
- free rider problem in intergroup conflict over continuous vs step level public goods & effect on conflict resolution, male college students, Israel, 27164
- generalization of solution concepts in conflict & negotiation analysis, 27187
- historical perspective on & impact of K. W. Thomas's work on organizational conflict & conflict management, 41225
- individual & family dynamics of visitation conflicts during divorce mediation & role of unconscious defensive processes & family therapy interventions, families, 33522
- intact vs divorced vs blended family status vs perceived family conflict, adjustment, 14–18 yr olds, 5040
- interdependence analysis of exit & voice & loyalty & neglect responses in accommodation processes in dating relationships, college students, 42931
- intergenerational relationships & familial conflict resolution, African Americans vs Jewish vs Asian Indian vs Irish vs Hispanic families, 42781
- interpersonal communicative action in response to conflict between student & teacher, 7–12 yr olds, Iceland, 3412
- interpersonal conflict vs difficult task at workplace, problem vs emotion focused coping & rating extremity, 23–57 yr olds with duodenal ulcer, Netherlands, 9672
- marital adjustment vs parental disagreements about child-rearing, behavior problems, 3–6 yr old males, 16090
- models of organizational conflict & negotiation & 3rd party intervention, 41213
- moral sensing & ideological conflict in therapeutic relationship, psychiatric nurses, 7022
- normative approach to ethnic intergroup harmony & conflict & social psychological processes in normative change, US vs South Africa vs Netherlands, 5219
- overt & covert marital conflict in problem solving interactions, parents of conduct disordered vs nondisordered 11–19 yr olds, 35387
- parent & offspring age, parent offspring conflict & latency to feed, California gulls, 30216
- peer mediation program, patterns of & attitudes toward conflict, 6th–8th graders & faculty & staff members, 29148
- perceptions of cross gender supervision & personal privacy & institutional security, female vs male jail inmates vs staff, 6906
- perspectives on organizational conflict & conflict management, 41210
- predecision conflict, choice behavior & satisfaction during feature matching task, college students, 7860
- prejudice & ethnocentrism & economic conservatism & conflict of group interests & perceived personal threat, support for self government & special status for natives, nonindigenous adults, Canada, 42747
- psychoanalytic perspective on earliest origins of animosity between sexes & role of narcissism in masculinism & feminism, commentary, 27297
- psychoanalytic perspective on earliest origins of animosity between sexes & role of narcissism in masculinism & feminism, 27296
- psychoanalytic perspective on earliest origins of animosity between sexes & role of narcissism in masculinism & feminism, commentary, 27286
- psychoanalytic theory of role of depressive & other affects in mental conflict, implications for depressive illness & ego & superego development, 43050
- reevaluation of organizational conflict model, 41219
- role of structural goal conflict & interpersonal hindrance in smoking abstinence & relapse, cigarette smokers, 21190
- salience of conflict with parents, conflict strategy induced by social self esteem vs parental strategy, college students, 1258
- sex, workplace disputes & conflict resolution, unionized vs nonunionized clerical & maintenance workers, 21667
- simple vs complex social dilemmas in conflict of interest, development of typology of externality games, 27180
- social cognition approach & generative metaphor intervention, dysfunctional conflict & defensive routine, hotel employees, 25451
- social cognition approach & generative metaphor intervention, dysfunctional conflict & defensive routine, hotel employees, commentary, 25469
- social influences & resource availability, toy sharing & conflict in triadic play, 1–2 yr olds, 16063
- social psychology perspective on Persian Gulf War & war & interpersonal conflict in general, 23322
- social role perception, conflict seeking vs avoiding behavior, adults, 27178
- social status transitions & future outlook, prediction of perceptions of conflict, 70–80 yr old females vs their primary caregivers, conference presentation, 28710
- sociobiological perspective on processes in & management of ethnocentric conflict, 12595
- sociocognitive conflict & concept development, 7.7–15.7 yr olds with moderate learning difficulties, 19366
- stop signs with vs without advance stop lines, safety & conflict & behavior at multilane crosswalks with flashing lights, pedestrians & motorists, Canada, 1 mo & 1 yr followups, 37395
- stress & moral conflict & somatization in L. Kohlberg's model of moral judgment, adolescent patients, 39667
- stress & moral conflict & somatization in L. Kohlberg's model of moral judgment, adolescent patients, commentary, 39691
- structure & rhetoric of conflict communication & newspaper coverage of conflict between US & Libya, 1986, West Germany, 8551
- structured group exercises, cohesion & engagement & avoidance & conflict, 17–63 yr olds in group counseling, 44010
- supervisor conflicts & therapeutic impasse, patients & psychoanalysts & supervisors, 17241
- theoretical framework for analysis of attitudes in existence conflict, application to Y. Allon's & S. Peres' views on Palestinian issues, 1967–87, 1171
- Type A behavior, stress engendering cognitive & social responses in assertiveness situations & social conflict, male college students, 16375
- verbal attack in discussion with vs without social support, BP & heart rate, female college students, implications for heart disease & hypertension, 42172
- work conflict, work family conflict, dual career parents, 25465

Conformity (Personality)—Serials
 attributional thinking, resistance to conformity & peer pressure in illicit drug & alcohol consumption, high school & college students, 39548
 moderate vs extreme group responses in terms of social context, group polarization as conformity to ingroup prototypes, college students in discussion groups, 34899
 parental discipline vs support, conformity, institutionalized delinquent adolescents, Japan, 43507
 possibility of invalidation, decision making conformity following social disagreement, college students, 34881
 self conception based on social vs personal identity, prototypicality & conformity & depersonalized attraction in group cohesiveness, college students, 34890
 SES & area of residence, facilitating & debilitating anxiety & achievement motivation & social conformity & success expectations, male vs female 6th graders, Portugal, 3417
 sex & self concept & personality factors, conformity to group pressure, Afrikaans- vs English-speaking adolescents, South Africa, 34618
 social projection vs conformity, estimation of own & peers' alcohol use, 7th graders, 1 yr followup, 26935
Conformity (Personality)—Chapters
 Conformity: A subtle means of impression management, 14841
 Social exchange orientation versus social reinforcement orientation in controversial discussions, 23348
Confusion (Mental) [See Mental Confusion]
Congenital Disorders [See Also Drug Induced Congenital Disorders, Hermaphroditism, Prader Willi Syndrome, Spina Bifida]—Serials
 behavior shaping & sensory reinforcement & stimulus control, acquisition of self feeding skills, male 10 yr old with Lowe's syndrome, 3 & 4 & 12 mo followups, case report, 2486

clinical features of & neurologic factors in neuroleptic malignant syndrome, congenitally brain damaged deaf 19 yr old male, 39857
 congenital aniridia & other ocular disorders, microcephalic & mentally retarded 5 yr old female & her mother, 5917
 familial translocation between chromosomes 6 & 15, female 23 mo old with Prader Willi syndrome & 4.5 yr old female cousin with Angelman syndrome, 31831
 features & preliminary diagnoses of autism & autism spectrum disorders, female 4 & 13 & male 8 yr olds with hypomelanosis of Ito, 43617
 frequency of learning disability, children with congenital adrenal hyperplasia & their siblings & parents, 9647
 gender related behavior patterns & present attitudes & future plans, 11–41 yr old females with congenital hyperplasia vs their healthy sisters, erratum, 13353
 homologous acetate series, nasal pungency & odor & eye irritation thresholds, congenitally vs noncongenitally anosmic vs normosmic 22–64 yr olds, 13590
 manual vs mental rehearsal of intervening tasks, reproduction of angular distances of positioning movements, congenitally blind vs blindfolded sighted 20–25 yr olds, 13595
 nature of congenital mirror movements, 20 yr old female with no other neurological disorder, 17006
 prevalence & associated developmental disabilities & visual loss & other eye problems & physical growth, 1–14 yr olds with congenital nystagmus, 9865
 rates of congenital malformations & structural developmental anomalies, high risk offspring of females with psychosis of nonorganic origin, Sweden, 4.5 yr study, 16906
 role of genomic imprinting in Prader Willi & Angelman syndromes, 31798
 severe primary brain malformation due to neuronal migration defect, female 19 mo old & male 12 mo old with epidermal nevus syndrome & associated birth defects, 31791
Congenital Disorders [See Also Drug Induced Congenital Disorders, Hermaphroditism, Prader Willi Syndrome, Spina Bifida]—Chapters
 The congenital and adult-onset psychoses: Kraepelin lost, Kraepelin found, 1742
 Genetic sequences of influenza virus in children with congenital CNS pathology, 16924
 Prenatal viral infection as an etiological agent in adult schizophrenia: Evidence for two models, 16612
Congenitally Handicapped—Serials
 child attractiveness & impairment severity, availability of & satisfaction with social support & perception of impairment, family caretakers & 1 mo to 5 yr olds born with craniofacial anomalies, 2814
 early visual deprivation, cerebral lateralization for speech production, congenitally blind right handed 13–19 yr olds, 32087
 family system interactions, families with child with congenital vs acquired disabilities, implications for school counseling, 35646
 individual psychotherapy, acceptance of body & mourning & attempted suicide, female 15 yr old with congenital feet deformities, 20936
 knowledge of formal aspects of Hebrew grammar, male 3.5 yr old with congenital localized left hemisphere brain lesion, Israel, 28057
 locus of control, congenitally physically disabled vs nondisabled 10–14 yr olds, 31802
 model of working memory, congenitally deaf, 32049
 processes & psychosocial & other factors in psychosocial adaptation, children or adolescents with congenital or acquired limb loss, literature review, 31835
 psychological adjustment & perceived social support from parents vs teachers vs classmates vs friends, 8–13 yr olds with congenital or acquired limb loss, 31839
 social acceptability & integration, 9–12 yr olds with congenital limb absence & their teachers & peers, Israel, 43682
Conjoint Therapy—Serials
 conjoint intervention, male 15–36 mo old witnesses of parental violence & their mothers, 17172

- D. D. Jackson's conjoint family theory & therapy, hospitalized 13 yr old female with psychosomatic gastrointestinal problems, 36364
- preference for conjoint vs concurrent vs group vs individual formats in marital therapy, 17-59 yr olds, 28272
- use of conjoint therapy at residential mental health crisis center, severely disturbed individuals, England, 2992
- 4 level systems assessment & peace agreement technique in conjoint feminist & systemic therapy, violence, spouses, 20698
- Conjoint Therapy—Books**

- Consistency (Measurement)—Serials**
- conceptualizations of & formulas for Cronbach's coefficient alpha in nursing research, 15149
- consistency vs retrieval consistency model for rating scale of absolute judgments of frequency effects, commentary reply, 18401
- consistency vs retrieval consistency model for rating scale of absolute judgment of frequency effects, commentary, 18419
- consistency vs retrieval consistency model for rating scale of absolute judgment of frequency effects, 18402
- R. F. Strahan's quasi-interval method for consistency score calculation, application to ties in J. L. Holland's type occupational interest codes, 25934
- stability of individual differences in self evaluation of global self esteem, 11–14 yr olds, Norway, 2.5 yr study, 38762
- test retest reliability & internal consistency of relational cognition complexity instrument, assessment of personal relationship thinking, 19.5–55.3 yr olds, 7609
- Consistency (Measurement)—Books**
- Generalizability theory: A primer. Measurement methods for the social sciences series, Vol. 1, 7764
- Consonants—Serials**
- accuracy & phonetic complexity of consonant production & formulation of word combinations, 2 yr olds, 1006
- acoustic characteristics of nasal consonants independent of vowel context & identification of place of articulation, speakers, 38605
- complex of cues at occlusion segment & F2 formant transition, phoneme interpretation of sonorous consonants in auditory perception of synthetic speech, humans, 7838
- consonant clusters, word segmentation & phonemic awareness, preschool age children with vs without reading ability, Sweden, 42533
- discrimination between vowel & consonant vowel syllables beginning with liquid & plosive consonants, reading disabled 2nd–4th graders, 20309
- duration of vowel before consonant singleton vs cluster, duration of consonants, adult English speakers, 38604
- electropalatographical & acoustical analysis of consonant production requirements & coarticulatory effects on vowel constriction, Catalan speaking adult, 4895
- frequency selectivity & consonant recognition, hearing impaired 58–73 yr olds, 39914
- left vs right ear dichotic recall with consonant vowel combinations & word recognition & reading comprehension, dysphonemic dyslexic 7–12 yr old males, Canada, 43541
- linguistic structure & length & stress of word & initial & final consonant cluster, isolation of initial consonant, preschoolers & kindergartners, implications for phonemic awareness instruction, 37025
- optimal processing models for integration in speechreading consonant segments vs fuzzy logical model of perception, implications for prosthetic design, 7821
- prefinal stress & syllable timing, stability of word onset consonants & involvement of segments from stressed vs unstressed syllables in Spanish, 19221
- quiet vs noise with vs without reverberation, consonant perception & error patterns, hearing impaired 62–79 yr olds vs normal hearing 20–32 yr olds, 13594
- similarity ratings & confusability of pairs of lipread consonants, undergraduates, comparison with data on orthographically & auditorily presented consonants, 22195
- vowel & consonant recognition ability, 22–61 yr olds with multichannel cochlear implants, 9856
- vowel & fricative identity & phonetic context, recognition & duration of vowel & voiced vs voiceless fricative in speech production, adults, 22230
- Constipation—Serials**
- fiber supplementation, gastrointestinal symptoms & anxiety & depression, 18–65 yr olds with constipated irritable bowel syndrome, 28573
- knowledge & beliefs about constipation & newborn's stool frequency expectations, 16–41 yr old mothers, 43663
- Construct Validity—Serials**
- age & content & criterion & construct validity of free listing procedure, assessment of salient life events, 28–98 yr olds from 3 generation families, 23415
- applicability & construct validity & factor analysis of Attention Distraction Inhibition Excitation Scale, prediction & correlation of reading age to CA, mainstream nonhandicapped 7.8–9.8 yr olds, 22098
- conceptual validity of unified biosocial model of personality & validity of Tridimensional Personality Questionnaire, adults, Yugoslavia vs US, 27284
- construct & concurrent validity & factor structure of Reckless Behavior Questionnaire, high school vs college students, questionnaire appended, 37507
- construct & concurrent validity of Woodcock-Johnson Psycho-Educational Battery-Revised writing tests, learning disabled 6th–8th graders, 22090
- construct & convergent & discriminant validity of Multidimensional Self Concept Scale vs Children's Self Concept Scale vs Coopersmith Self Esteem Inventory, 5th–6th graders, 21995
- construct validation issues in managerial selection & behavior & criteria, 41594
- construct validity & broadband factor structure of Child Behavior Checklist, male vs female 4–16 yr olds, 25716
- construct validity & factor analysis of Survey of Perceived Organizational Support, assessment of perceived employer commitment, employees, 3957
- construct validity & factor structure of Anxiety Sensitivity Index & correlation with State-Trait Anxiety Inventory, differentiation of panic & anxiety disorders, spider phobic & psychiatric patients, 7666
- construct validity & interpretation of performance tests in psychopharmacology, 3816
- construct validity & interrater reliability of Patient Intensity for Nursing Index, assessment of illness severity & need for nursing & complexity & time, nurses & hospitalized patients, 31
- construct validity & predictive utility of optimism & pessimism & relationship to mood & personality dimensions, Navy recruits, 14893
- construct validity & reliability of alienation scale, assessment of powerlessness & meaninglessness & isolation & self estrangement, 15–55 yr olds, 33560
- construct validity & reliability of Clarke Modification of Holroyd's Questionnaire on Resources & Stress, parents of autistic vs mentally retarded vs learning disabled children, Canada, 37572
- construct validity & reliability of Integration Inventory, assessment of qualitative well being experience, community dwelling elderly, 136
- construct validity of ability requirement scales, evaluation of classifications of job behavior, 157
- construct validity of alternative measures of field dependence independence as cognitive style vs ability, adults, 44
- construct validity of Anxiety Situations & Responses Inventory, assessment of traits of anxiety & relationship to depression, 20–31 yr olds, Spain, 18283

- construct validity of circumplex model of family functioning derived from Family Adaptability & Cohesion Evaluation Scale, adults, 15005
- construct validity of Cognitive Behavioral Driver's Inventory, neuropsychological assessment of driving ability, younger than 26 to older than 63 yr olds with neurological disorders or injuries, 37621
- construct validity of Cook Medley hostility scale & Cynical Distrust subscale & relationship to anger & Type A behavior, college students, Finland, 22001
- construct validity of Cronholm-Ottosson Depression Scale, assessment of symptomatic changes during ECT, depressed patients, 15047
- construct validity of current threshold intracranial self stimulation paradigm, assessment of reward vs performance & cocaine vs curare effects, male rats, 22574
- construct validity of Defense Mechanism Test, psychiatric outpatients, 112
- construct validity of dependency & empathy & narcissism measures, college students, application of nomological network of interpersonal circumplex, 37516
- construct validity of diagnostic ratio measure, assessment of consensual sex stereotypes & individual differences in sex stereotyping, female college students, 7603
- construct validity of Dissociative Experiences Scale & correlation with older self report scales, college students, 41494
- construct validity of Draw A Computer User Test, assessment of attitudes toward computer usage, 1st-6th graders, 41449
- construct validity of E. Boder's typology & EEG during contextual reading, dyslexic 7-11 yr olds, 35539
- construct validity of fear & avoidance of sadness, adults, 7967
- construct validity of Finnish translation of FIRO-B, college students, Finland, 33581
- construct validity of FIRO-B, college students, 22018
- construct validity of Four Word Short Term Memory Test, brain damaged adults, 11327
- construct validity of Geriatric Hopelessness Scale, community residing 60-90 yr olds, 11272
- construct validity of Home Career Conflict Measure & correlation with Attitudes Toward Sex Roles scale, female 18-21 yr olds, 7567
- construct validity of Hopelessness Scale & Reasons for Living Inventory, assessment of positive & negative attitude mediating suicidal ideation, college students & cognitive therapy patients, 21998
- construct validity of Hwalek-Sengstock Elder Abuse Screening Test, elderly, 15012
- construct validity of ideational fluency measures, assessment of original thinking, 4.8-6 yr olds, 21992
- construct validity of Job Search Behavior Index, prediction of organizational turnover, graduate students & business college alumni & nurses, 37662
- construct validity of Junior Aptitude Tests, White vs Indian vs Black vs Colored Standard 7 students, South Africa, 7701
- construct validity of Management Communication Style, assessment of perceptions of supervisors' communication style & behavior, university employees, 7719
- construct validity of Melancholia Scale, prediction of antidepressant outcome for primary or secondary depression, patients with chronic idiopathic pain, 11313
- construct validity of Multidimensional Aptitude Battery, college students, 3809
- construct validity of multidimensionality in delay of gratification, male vs female Black college student leaders, 12689
- construct validity of personality based integrity tests, college students, Canada, 37536
- construct validity of polygraph tests, physiological detection of deception, conference presentation, 7566
- construct validity of postpartum depression diagnosis, literature review, 39342
- construct validity of putative causes in psychosocial rehabilitation, 17533

- content analysis of aging related concerns in marriage & family therapy journals, 1976–85, 10038
- content analysis of articles in health & community psychology journals, 1988–89, 28522
- content analysis of control in verbal samples & correlation with anxiety & hostility, 21–71 yr old psychiatric outpatients, 1569
- content analysis of death scenes involving male vs female characters & sexual violence in slasher horror films, college students, 19244
- content analysis of group sex therapy effects & outcome, adult males, 24400
- content analysis of interpersonal communications in marketing negotiations, top level managers, 33451
- content analysis of interviews & verbal expression of empathy, adult children of Nazi Holocaust perpetrators or witnesses, 8812
- content analysis of magazine of sadomasochism club, 4912
- content analysis of offers & stipulations in newspaper personal ads & outcomes of ads, males vs females, 23298
- content analysis of original diaries for pleasantness & arousal, members of British polar expeditions, mid-19th to early 20th century, 8484
- content analysis of panic related press articles about AIDS in heterosexuals, 1986–88, Australia, 35752
- content analysis of reading strategies provided in textbooks designed for college developmental reading programs, 10794
- content analysis of reminiscences, 65–95 yr old females, 1150
- content analysis of trends in "Journal of Applied Behavior Analysis", 1968–87, 21254
- content analysis of TV commercials, creative strategies, US vs Japan, 25529
- content analysis of TV commercials, US vs France vs Taiwan, 25532
- content analysis of violent & sexual degradation scenes in adult videos, 19736
- content comparative analysis of occupational therapy practice in public schools, expert school practitioners, 3454
- conversational exchange in humorous discourse in "Monty Python" text, 30610
- court vs media profiles of rape cases, offenders, 1951–85, England, 16789
- coverage of mental illness topics in popular magazines, 1965–88, 27353
- demographics & psychosocial factors & perceptions & viewing frequency of TV sexual content, sexual behavior, 13–18 yr olds, 5041
- dread content, rumor transmission, college students, 22895
- evaluation of sex bias in introductory psychology & human development textbooks, 33041
- free speech samples vs TAT responses for eliciting source material in computerized content analysis, 18–77 yr olds, 25742
- gender portrayals in daytime TV commercials, 42490

- gender relations & stereotyping & roles in visual imagery in magazine advertisements, 11095
- issues in analysis of international negotiations discourse, 34448
- judgmental & affective quality of mother's labeling statements & child's age & sex & reactions, mothers with bipolar vs unipolar depression & their preschool & school age children, 35175
- linguistic analysis of AIDS related discourse, AIDS patients & others, implications for health education, 39750
- modified vs content structure vs argument repetition analyses, text relations & immediate vs delayed recall of expository prose, 7th & 9th graders & college students, 34577
- negative or sensationalistic words & emphasis on homosexuals & San Francisco in stories on AIDS on Associated Press Videotext service, journalists, 4908
- negative vs positive TV advertisements for presidential campaigns, 1960-88, 8543
- personality portraits based on content analysis of verbal material, G. Bush & M. Gorbachev, followup, 5449
- persuasiveness of TV commercial, visual processing & connectedness, viewers, 33455
- portrayal of treatment & rehabilitation approaches for serious mental illness, introductory & abnormal psychology undergraduate textbooks, 28127
- readability & human interest & content of goal planning manuals for training staff caregivers of mentally handicapped, UK, 44698
- reliability & validity of content analysis of news reports of crisis situations by human vs computer assisted coding, 8546
- representations of mentally handicapped in newspaper 'The Guardian', Great Britain, 43567
- sex & identity themes in patient therapist interaction & statistical vs informational complexity vs stochastic content analysis, borderline female consulting with 3 male psychoanalysts, 36131
- significance of body hair in Turkish cartoons, 30564
- social value model based analysis of Communards' "Don't Leave Me This Way" video & potential of gay male voice in popular music to create positive change in values about homosexuality, 4867
- source of TV foreign policy news, public opinion, content analysis of news broadcasts, 38615
- stanza analysis of personal conversational narratives & haiku as discourse regulator, Japanese 5-9 yr olds, 16107
- stature & impact of "The Journal of Health & Social Behavior" on stress research, 1977-87, 23416
- stature & impact of "The Journal of Health & Social Behavior" on stress research, 1977-87, commentary, 23428
- stature & impact of "The Journal of Health & Social Behavior" on stress research, 1977-87, commentary, 23406
- stature & impact of "The Journal of Health & Social Behavior" on stress research, 1977-87, commentary, 23425
- stature & impact of "The Journal of Health & Social Behavior" on stress research, 1977-87, commentary reply, 27260
- structure & content of gossip, 10-14 yr olds, 23043
- structure & rhetoric of conflict communication & newspaper coverage of conflict between US & Libya, 1986, West Germany, 8551
- technique for categorization of thematic content of play during child psychoanalysis, 4-6 yr olds, 20764
- textual analysis of W. Glasser's "Reality Therapy" vs R. W. Emerson's "Self Reliance", 39987
- trends in portrayals of health practices in popular films & protagonists' sociodemographic & personal characteristics & consequences of health related lifestyle, 1977-88, 4916
- TV program genre, sexuality issues, 4915
- TV's presentation of context & content & process of search for African identity vs W. E. Cross's model of Nigrescence, African American children, 12199
- typology of end-of-session messages conveyed during Milan style systemic family therapy, therapy teams, 28248
- use of cross correlation function in time series analysis of influence communication, psychoanalysts & their patients, 20759

Content Analysis—Books

- The CHILDES project: Tools for analyzing talk, 868
- Constructing the child viewer: A history of the American discourse on television and children, 1950-1980, 925
- Media analysis techniques (rev. ed.). The Sage commtext series, Vol. 10, 12200

Content Analysis—Chapters

- The analysis of discourses within the political ad, 21826
- The analysis of narratives from a Long Interview, 41632
- The application of sameness analysis to spelling, 37153
- Assessment of children's statements of sexual abuse, 14980
- An editor for knowledge acquisition, 8536
- The effects of visual structure and content emphasis on the evaluation and memory for political candidates, 21833
- The identification of schemas in naturalistic data, 9039
- Issue content and legitimacy in 1988 televised political advertising: Hubris and synecdoche in promoting presidential candidates, 21840
- Making connections in mathematics, 37035
- Music video: The popular pleasures of visual music, 19250
- The role of communication codes in political ads, 21825
- University of Ulm: The Ulm Textbank research program, 2432

Content Analysis (Test)—Serials

- Content Validation Form for evaluation of employment tests for use in public agencies, 22105
- cylindrical structure as extension of structural laws of intelligence tests, application of WISC-R data from US vs Israel, 63
- multidimensional scaling & cluster analysis, assessment of test content representation based on item similarity, judges, 41614

Contextual Associations—Serials

- accessibility of emotional categories & facial expression vs context information, ascription of emotion to target, college students, Spain, 9020
- acquisition of word meanings from context, deaf mothers, 32056
- activation of scripted information & abstraction & context in lipreading tasks, college students, Sweden, 346
- adolescent motivational & contextual & demographic factors, professional attainment in early career development, 27 yr olds, Australia, longitudinal study, 10971
- age & context & background & expressions, face recognition, 6-11 yr olds vs adults, 8638
- age & contextual cues, expression of conflicting associations in water maze task, rats, 41869
- age & presence of human with averted vs staring gaze, expression & modulation of defensive behavior, infant rhesus monkeys, 15454
- age & reading ability & semantically related vs unrelated prime word, automatic use of context in single word recognition on modified Stroop procedure, school age children, 4999
- age & sex & conversational context, persuasive strategies in role playing tasks, 3.7-6.3 yr olds, 1115
- age & sex & situation, embarrassment, 22 mo olds, 13 mo followup, 8744
- age & story context & semantic transparency, idiom comprehension, 3.5-6.5 yr olds & college students, 38669
- ambient odor during initial learning, retrieval & relearning of word list, 17-25 yr olds, 37922
- anaphoric context, inference in interpretation of attributive & referential definite descriptions, college students, 22289
- attribute salience & judgment context, consistency between attitude expression & product purchase behaviors, adults, 11091
- attribution of obscure behavior, college students, 16346
- automatic vs strategic imagery & context availability, recall of abstract & concrete words, college students, 26195
- aversive conditioning context, expressed fear of light CS, 17 vs 21 vs 60 day old rats, 37985
- circumstances & characteristics of shame vs guilt, college students, 31196
- connectionist approach to & neural network of contextual interference effect in motor learning, application of schema theory, 45238

- constant dim light vs phase shift of light dark cycle, learned time place feeding pattern, garden warblers, 15391
- context & word frequency & stimulus quality, RT in & processing based model of visual word recognition, college students, Canada, 29998
- context, activation of ambiguous word meanings, college students, 37877
- context bias, syntactic parsing preferences in self paced reading & eye movement study, college students, 41742
- context, causal attributions of emotions, preschoolers, replication, 19437
- context, expression of uncertainty, college students, 18585
- context integration of visually masked words, memory process, college students, 33935
- context, judgment of likelihood of conjunctive vs constituent events, college students, commentary reply, 368
- context, judgment of likelihood of conjunctive vs constituent events, college students, commentary, 304
- context of homonyms, lexical decision, college students, 22278
- context of judgment, perception of contempt in facial expression, adults, commentary reply, 30134
- context of judgment, perception of contempt in facial expression, adults, commentary, 30129
- context of judgment, perception of contempt in facial expression, adults, 30133
- context of pattern lines, perception of Ponzo illusion, pigeons, 4219
- context of self or setting & focus of conversation, empowerment, teachers, 21423
- context, sentence parsing in comprehension task, college students, 18602
- contexts & positive occasion setters, responses to CSs in discrimination learning, male rats, 18737
- contextual attributes of training cue, perceptual recognition, 6 mo olds, 22975
- contextual constraint & cloze value of incomplete sentence, RT of semantic judgment of sensible final word, elderly with Alzheimer's disease, 43822
- contextual constraints, language alternation, females bilingual in Hebrew & English, 22890
- contextual determinants of auditory learning & recognition of individual maternal call, bobwhite quail embryos vs hatchlings, 30169
- contextual factors, attention & encoding phases of performance judgment process, college students, support for encoding & rendering bias models of leniency in job performance evaluations, 45044
- contextual factors, implicit causality in interpersonal verbs, adults, Italy, erratum, 26717
- contextual factors, implicit causality in interpersonal verbs, adults, Italy, 12189
- contextual factors, metaphor & literal comprehension & verification, college students, Spain, 7846
- contextual influences, meanings ascribed to consumption objects, college students, 18086
- contextual information & bandpass filtered sentences interrupted by silence vs narrow or broadband noise, speech intelligibility, college students, 29921
- contextual information relevant to actor's behavior motivation, trait diagnosis & calibration, college students, 5388
- contextual interference effect in motor skill acquisition, literature review, 29966
- contextual vs general stereotypes, interethnic evaluations & trait attributions, 12-20 yr old students, Netherlands, 5078
- contrasting background & conjunctions composed of common & distinctive features, preference for conjunctive explanations for event across response models, graduate management students, 23368
- cuing type & context, recall & recognition of word pairs at different retention intervals, college students, 41812
- development of Speechreading Test on Utilization of Contextual Cues, normal hearing female 18-30 yr olds, implications for hearing impaired, 29675
- duration & unconscious perception of context words, memory illusion vs actual awareness, college students, commentary, replication, 383
- Eastern vs Western interpretations of contextual control of phasic CRs in transswitching, 30095
- economic context & presence of nondrug reinforcer, self administered PCP vs saccharin reinforcement under FR schedule, male monkeys, 8351
- encoding context & cue word type, word completion & implicit memory for new associations, college students, Canada, 7947
- encoding context of original or misleading information, memory impairment, college students, 26155
- encoding strategies, environmental context dependency effects in recall, college students, 26180
- environment, occurrence vs context memory of read vs verbally generated responses, college students, Israel, 15359
- environmental context during encoding of original & misleading postevent information, magnitude of retroactive interference in eyewitness memory paradigm, college students, 4133
- environmental context, tolerance to ethanol dose effects on operant performance & conditioned place preference & reward properties, male rats, 34350
- environmental reinforcement, word list vs prose passage memory, college students, 7954
- EPs while reading words in & out of context, right handed dyslexic male 11-13 yr olds, 20308
- ethnography & contextualization in assessment of literacy & learned reading & writing, male 8th graders, 37050
- experimental context & demand characteristics & situational cues, restricted environmental stimulation stress effects, male college students, replication, 15680
- extrafoveal preview & flanker object context, transsaccadic object identification latency, college students, Canada, 30021
- framing & missing information, risk taking judgment in gambling task, expert faculty & finance students vs novice psychology students, Singapore, 37872
- framing effects, cognitive representations during simulated financial evaluation, expert vs novice auditors, 7862
- generic vs context specific information, verbal encoding & retrieval, 18-29 vs 65-74 yr olds, 38711
- geometrical vs graphemic vs lexical context, categorical processing of visual stimuli, adults, 7872
- global vs local context, perceptual discrimination, 3-4 yr olds vs adults, 16002
- high vs low concentration context of sodium chloride & vs sucrose, judgment of taste intensity, adults, 25970
- hippocampal lesions, acquisitions of CR & contextual retrieval, male rats, 601
- homophone spelling as indicator of implicit environmental context dependent memory, college students, 22353
- hypnotic role of context, 10272
- identification & functions of context variables during writing, 871
- immediate vs delayed white noise startle stimulus, freezing response to environmental contextual cues, male rats, 18726
- information utilization for cognitive context construction assessed through EPs, schizophrenic adult males, 35245
- institutional model of context of interorganizational collaboration, garment manufacturers & state agencies & educational institutions, 37295
- instructions vs exposure duration of context words, false recognition & perception without awareness, college students, replication, 30023
- intentional or incidental dimensions of environmental context, motor skill acquisition, college students, 300
- interactional caregiving context & melodic contours in speech with 2 mo olds in tone vs stress languages, English vs Mandarin Chinese-speaking mothers, 19232
- item context effects, stability of attribute vs entity based multidimensional scaling of department store ratings, college students, 25516
- landmark & figure size & speed & purpose & O's distance in spatial descriptions, denotation of verb approach, college students, test of situational model, 335

- lexical constraint & repetition & associative context, duration & peak amplitude of target word in oral sentence production task, 18–36 yr olds, 12191
- lexical stress & sentence context, auditory word recognition, college students, 11489
- literal vs idiomatic context, idiom comprehension, 9 yr olds vs younger children with vs without mild mental retardation, 1992
- long term memory for context specific category information, 6 mo olds, 30729
- meal time vs dressing vs book reading vs toy play setting, mother's adult vs child directed speech, working vs upper middle class mothers & their 18–29 mo olds, 5069
- meaningful contexts & teaching procedures, increase of sight & expanding reading vocabularies, poor reading children, 44825
- methodological basis of research on recognition of emotional information in facial expressions & knowledge of situational effects, children, literature review, 8614
- mnemonic keyword vs contextual vocabulary learning strategies, individual or paired or small groups of 3rd–4th & 7th–8th graders, 33098
- multiple learning contexts, memory retrieval in novel context, 24–28 wk olds, conference presentation, 15939
- musical cue context, immediate & delayed word recall, college students, 26152
- neural network model of context processing disturbances in schizophrenia, 33477
- neural network representation of context for selection of correct word meaning in sentence, 11182
- nonhypnotic & vs hypnotic context, hypnotic responsiveness & scores on absorption & imagery vividness scales, college students, 37937
- nonverbal emotional & facial expressions & environmental context, autistic vs normal male 3.5–5.2 yr olds, 9523
- odor stimulus context, sequential contrast effect in odor discrimination & adaptation, female adults, 215
- olfactory stimuli as context cues, recognition memory, male college students, 26159
- passive exposure to novel context following single context training, memory retrieval in novel context, 6 mo olds, 19321
- perceptual context, recall of eidetic imagery, 20–45 yr olds, Canada, 18650
- phonemic vs lexical contexts of words & pseudowords, naming & lexical decision performance, high school students, Yugoslavia, 34550
- phonological context of pseudohomophones, lexical access in primed naming task, college students, 15276
- physiognomic sensitivity & sex & art vs drawing context, use & familiarity of physiognomic vs verbal synesthetic metaphors in reading or seeing or hearing, college students, 19230
- place cue information, memory retrieval, 3 mo olds, 981
- possible word meaning, inferences about new words encountered in context, college students, 338
- practical reasoning & logic in conceptions of context in thinking & professional knowledge, teachers, conference presentation, 29110
- practice & learning difficulty context, visual comparison performance, 18–25 yr olds, 255
- predictive vs nonpredictive narrative contexts, comprehension of subsequent written reversible passive sentences, aphasic 52.1–86.3 yr olds, 31944
- pretraining stimulus name change, contextual equivalence classes, adults, 11533
- random vs blocked imagery, contextual interference of retention of movement patterns, college students, 30082
- rater vs ratee vs behavioral & situational factors, stability of halo errors, college students rating videotaped vs actual teacher lectures, 42969
- reading ability & purpose for reading & frequency of encounters with unknown words, learning from context, 6th graders, 8656
- reading perspective & working memory capacity, comprehension & text recall, college students, 7944
- relevance of context, independence of central vs noncentral meanings of polysemous adjectives in priming & relatedness judgment tasks, adults, England, 38607
- same vs different environmental context with vs without mental reinstatement, eyewitness identification of confederate from photo lineups, college students, 33946
- same vs opposite vs different context, equivalence classification, 13–17 yr olds, 12359
- scrambled word vs normal text & surface vs contextual message level processing during reading, transfer to text re-reading, college students, 18597
- scrambled word vs normal text & surface vs contextual message level processing during reading, transfer to text re-reading, college students, 41769
- semantically consistent vs biased vs random context of auditory sequence, identification of everyday sounds in binary choice vs free response paradigm, college students, 7819
- sentence context & coherence & secondary task, focus of attention in phoneme monitoring, college & graduate students, 41813
- sentence context, time course of meaning activation for ambiguous words, college students, 11544
- sentence topic & referents, sentence verification, college students, test of contextual reference domain model, 11518
- similarity to previous cases in same category & experience & diagnostic procedure, diagnosis of skin disorders, medical residents & vs general practitioners, Canada, 2035
- simple vs complex social dilemmas in conflict of interest, development of typology of externality games, 27180
- single vs multiple location conditions, mental representation & speeded recognition, college students, 4153
- situational constraints & states of mind & valenced thought categories in everyday social encounters, physically disabled vs nondisabled college students, Canada, 9621
- situational information, resource allocation & fairness judgments, kindergartners vs 4th vs 8th graders, 15998
- slippery context of relative frequency & intensity levels, loudness perception, adults, 15246
- smoking context, acute tolerance to heart rate effects of smoking & nicotine, male smokers, 12016
- social context of drinking events, alcoholic vs nonalcoholic adult females, 1908
- speaker sex & blocked vs mixed presentation & interstimulus interval, perceptual effect of contextual vowel rounding on fricative perception, college students, 33810
- standard vs alternative research designs, assimilation & contrast context effects on appraisal of other's performance, college students, 19800
- stimulus size & context & distance, size of attentive fields, college students, 41683
- syntactic context, use & acquisition of Spanish synonyms of English verb to be, 3–11 yr olds vs adults, 42589
- task demand, effects of encoding on cued recall & name & congruous vs incongruous picture recognition, college students, 18646
- time course of scene background information acquisition & consistent vs inconsistent context, latency in naming of fixated target object, adults, 30002
- tone loudness & duration & pitch & length of lines at different colors, slippery context effects & perceptual encoding, adults, 25967
- trained vs untrained conditioned relations of contextual vs equivalent stimuli, transfer of contextual control, adults, 401
- use of context in word identification, postkindergarten precocious readers vs reading level matched 2nd graders, 26801
- use of linguistic context in reading words correctly, 11 yr old remedial readers, 34536
- uses & social context of metaphor, 874
- validity of contextual cue, choice RT & accuracy, chronic vs acute schizophrenic adults, test of selective attention vs associational learning hypotheses, 9306
- variable vs fixed payoff in game vs test context, academic risk taking, 4th graders, Taiwan, 8603
- wood vs citrus odor context, perception of odor quality of ambiguous compounds, adults, 7780

- words in isolation vs random word lists vs sentence context, semantic priming during sentence comprehension, adults, 367
- words read in context vs lists, reading accuracy, 6-8 yr olds, New Zealand, replication, 8642
- 4 stage model of contextualization of canned jokes & modes of incorporation into discourse, 30615

- remembrance about pleasant past events, Type A vs Type B college students, 16376
- research issues in Type A behavior, 31181
- satisfaction with social support, BP & cholesterol level & susceptibility to coronary disease, Type A 30-54 yr old military personnel, Canada, 6043
- scores on Jenkins Activity Survey & Cook-Medley Hostility Scale & cardiovascular reactivity & risk, business personnel in hospital prevention program, 44303
- scores on Type A Cognitive Questionnaire, quality of social support & stressful life events & hostility subtypes of cynicism & paranoid alienation, college students, 27258
- self evaluative models of Type A behavior patterns & maladaptive social comparison strategies, implications for assessment & treatment & social support & coping, 43021
- self report estimates of Type A behavior, prediction of perceived exertion during graded exercise, adult males, 14864
- self reported temporomandibular joint dysfunction, Type A vs Type B college students, 39699
- sex & age & global Type A behavior pattern & hostility, health behavior, adults, 12659
- sex & Type A behavior pattern, choice of college major, law vs social vs hard science students, Singapore, 17747
- sex & Type A vs Type B behavior, self perception of personality characteristics, college students, 1474
- social competence & Type A behavior & monitoring & blunting & locus of control, coping behavior, 2nd & 5th graders, 16095
- social criticism, articulated thoughts, Type A vs Type B 35-51 yr olds, 19883
- sociodemographic variables, prevalence & consequences of Type A behavior, female nurses, Canada, 10670
- spouse's vs friend's vs self report of stress symptoms & aggravation & irritation & anger & impatience, Type A vs Type B male fire personnel & angiography patients, 24095
- stability of Type A behavior pattern, adults, 27 yr followup, 16377
- statistical correlations of Bortner scale & Framingham scale & Jenkins Activity Survey, self report of Type A behavior, business executives, erratum, 3976
- stressful mental arithmetic task vs aerobic exercise, cardiovascular hyperreactivity, healthy Type A vs Type B 19-36 yr old males, 42169
- study characteristics associated with null findings in research on Type A behavior & coronary heart disease, meta analysis, 6044
- task achievement & obsessive compulsive & Type A traits, job satisfaction, public practice accountants, Canada, 2 yr followup, 21745
- total serum cholesterol & hostility, cardiovascular & neurohormonal responses to mental arithmetic task, 35-50 yr old males with Type A vs Type B behavior pattern, 8311
- Type A behavior & anger, mothers vs fathers vs their college student sons vs daughters, 9063
- Type A behavior & hostility, career related achievement & life satisfaction, male vs female 19-61 yr old service delivery organization employees & managers, 21751
- Type A behavior & irrational cognitions, self worth & stress, college students, Canada, 31200
- Type A behavior & job satisfaction & daily & job related stress, Black certified public accountants, 33351
- Type A behavior & occupational stress, risk for coronary disease, health workers, 24094
- Type A behavior & physiological reactivity, 3 yr olds, Sweden, 23073
- Type A behavior & physiological risk factors, male vs female 30-45 vs 46-65 yr old smokers vs nonsmokers with low vs high educational attainment, 2152
- Type A behavior & self set vs assigned goals & strategy, performance & goal acceptance & commitment & success expectancy, college students, 11611
- Type A behavior, heart rate during & performance on competitive driving game, college students, England, 11961
- Type A behavior, male vs female physicians vs general public, Denmark, 25060
- Type A behavior of wife & vs husband, hostility or dominance during marital conflict, 18-53 yr old married couples, 16235
- Type A behavior, school achievement, 12 vs 15 vs 18 yr olds, Finland, 30802
- Type A behavior, stress engendering cognitive & social responses in assertiveness situations & social conflict, male college students, 16375
- Type A pattern & psychic vulnerability as risk factors in coronary heart disease, male 55 yr old & younger survivors of acute myocardial infarction, Denmark, 24098
- Type A personality, injury, 20-60 yr old runners, 1 yr study, 13355
- Type A personality, relationship between stress & PMS, female college students, 43629
- Type A vs Type B behavior & hostility, basal vs exercise induced bleeding time, thromboxane & prostacyclin formation, male college students, 19016
- Type A vs Type B behavior pattern, heart rate & heart rate variability & locomotor activity in response to everyday work load on automated machinery, male 21-50 yr olds, 15708
- Type A work involvement & reactive uncontrol & dominance, heart rate & anxiety & anger & arousal during work vs time wasting, 18-25 yr old females, 22703
- validity & reliability & factor analysis of Matthews Youth Test for Health, assessment of Type A behavior, 6-11 yr old twins, 135
- video game challenge, neuroendocrine & cardiovascular reactivity, Type A vs Type B college students, Norway, 39176
- 6 mo aerobic exercise training program & Type A vs Type B behavior, BP & heart rate during mental arithmetic task, healthy 40-60 yr olds, 42156

Coronary Prone Behavior—Chapters

- Attributions of Type A individuals in an experimental academic stress situation, 5480
- Coronary heart disease, 9748
- From clinical experience to tested hypothesis: The role of psychosocial factors in coronary heart disease, 6058
- Hostility and anger as risk factors of coronary heart disease, 5485
- The measurement of Type A behavior pattern: An assessment of criterion-oriented validity, content validity, and construct validity, 22026
- Occupational stress, Type A behavior, and risk of coronary disease, 6057
- Psychosocial intervention with post-myocardial infarction patients: Results from a 2-year follow-up, 6615
- Relationships among aerobic fitness, leisure-time physical activity, and coronary risk factors in apparently healthy adults, 7409
- Two kinds of Type A behavior pattern, 5468
- Type A behavior and the processing of causal attributions of success and failure, 5475
- The Type A behavior pattern and coronary heart disease, 43725
- Type A behavior, self-reference, and the activation of anger and aggression, 5467
- Type A components, stress responses, and enforced time wasting, 5473
- Coronary Vessels [See Arteries (Anatomy)]**
- Corporal Punishment [See Punishment]**
- Corporations [See Business Organizations]**
- Corpus Callosum—Serials**
- ablation of Area 17–18 or transection of corpus callosum or optic chiasm, disparity based stereoperception, cats, 4464
- ablation of splenium of corpus callosum or extrastriate visual areas, stereoaquity, male rhesus monkeys, 4410
- age, T1 spin lattice relaxation time of corpus callosum, 26–79 yr olds, 11782
- anatomic variation in corpus callosum, transsexual 20–40 yr olds, 1292
- anatomical factors & spatial compatibility, simple & choice RT in visuomotor processing, acallosal 20–28 yr olds & 25 yr old with partial callosotomy, 31935
- anterior callosotomy, 7.8–60 yr olds with medically intractable epilepsies, followups, 6692
- anterior vs posterior callosotomy, acquisition of left right response differentiation, rats, 34162
- anterior vs posterior corpus callosum atrophy, cognitive performance & interhemispheric transfer of information related to verbal fluency, females with multiple sclerosis, 35681
- bilateral neural net model with callosal connections & hemispheric dichotomy of language & context, 18160
- bilateral representation of language, right handed male 45 yr old with corpus callosum agenesis with unusual behavior manifestations, case report, 13520
- closed vs opened eyes & movement direction, cross localization of fingertips, male 64 yr old with callosal lesion, case report, 43836
- congenital absence of corpus callosum, paw preference, I/LnJ mice, 22558
- corpus callosum agenesis & psychosis, 3–36 yr olds with Andermann syndrome with vs without psychosis, Canada, 16890
- developmental aspects of callosal plasticity in intramural & intermanual tasks, acallosal vs callosotomized epileptic 5–29 yr olds, Canada, 6098
- disturbances of & disconnection in motor control & processes, 21 yr old male with persistent left unilateral apraxia caused by posttraumatic callosal lesion, case report, 2256
- frontal & callosal neuropsychological performance & attention & mnemonic mechanisms, schizophrenic patients, 5633
- handling & testosterone propionate & castration, size of corpus callosum, male vs female rat pups, 587
- interhemispheric transfer & cognitive & neuropsychological functions, male 8 yr olds with total agenesis of corpus callosum identified after minor head injury, conference presentation, 31938

- left sided apraxia & right hand constructional disturbances, left tactile anomia, 19 yr old male with severe head injury & callosal lesion in middle & posterior 3rd of truncus, 39803
- maternal undernutrition & prenatal alcohol, size of corpus callosum & open field activity, male vs female rats, 30329
- morphology of corpus callosum, 10–20 yr olds with Down's vs Williams' syndrome, 31741
- properties of Area 17/18 neurons contributing to visual transcallosal pathway, cats, 8150
- right side alien hand phenomenon, right handed female 56 yr old with bilateral frontal vascular lesion encroaching mesial cortex & damage of corpus callosum, 16972
- role of corpus callosum in information representation of visual field in visual cortex, cats, 4459
- sex & handedness, anatomy of corpus callosum isthmus, 21–35 yr olds, 38230
- size of midsagittal surface area of splenium & isthmus & midregion & genu of corpus callosum, verbal fluency & visuospatial ability & language lateralization, female 20–45 yr olds, 18848
- size of splenium & corpus callosum, 14.5 yr olds with vs without developmental dyslexia, 39627
- stimulus similarity & unilateral vs bilateral presentation, interhemispheric processing & visual identification & discrimination, 57 yr old male with callosal agenesis, 43795
- Stroop effects within & between cerebral hemispheres, normal vs acallosal 11–58 yr olds, 31931
- total or partial callosotomy, visual & verbal memory & attention, patients with medically refractory epilepsy, 24677
- visual & auditory lexicon in right hemisphere, reading, female right handed callosotomy patient, 31914
- word length & context & visual field, hemispheric lexical access & decision & word recognition & letter processing & visual lexicon, callosotomy patient, 35851
- Corpus Striatum [See Basal Ganglia]**

- acquisition & extinction of conditional associative learning, hemispheric differences in EPs, male 19–40 yr olds, 38265
- Actovegin, topographic mapping of cognitive EPs, 50–80 yr olds with age associated memory impairment, 13974
- age & individual differences, latency of active vs passive P3 component of EP & psychometric performance, 20–88 yr olds, 38641
- alpha index & spatial synchronization of brain biopotentials, 6–55 yr olds with functional right vs left hemisphere dominance vs equilibrium, 8181
- amplitudes & latencies of components of saccadic eye movement related potentials, college students, conference presentation, 38267
- arginine vasopressin, late positive complex of EP during incidental memory task, 18–36 yr olds, Germany, 19133
- asymmetries in classically conditioned head movements & cingulate cortex slow EPs, unrestrained cats, 18968
- asymmetry of brain EPs, newborns through 10 yr olds vs adults, 38645
- attentional vigilance & P300 component of EP & neurocognitive functioning, adults with schizotypal personality disorder with vs without family history of schizophrenia, 39419
- auditory visual cross modal association, auditory cortical EPs, 20–22 yr olds, 30258
- averaged EPs & cerebral glucose metabolism & nerve conduction velocity & other biological correlates of intelligence, 34281
- boring vs exciting film viewing & oddball task performance, P300 EPs, college students, 42124
- brain EPs during auditory selective attention, long term cannabis abusing 19–40 yr olds, 20259
- categorization task based on verbal concept vs relationship, EPs, 6–8 yr old males with attention deficit hyperactivity disorder, France, 39612
- cigarette smoking & warning condition, electrical pain EPs, smokers, 11887
- cigarette smoking vs deprivation, learning & memory & EPs, female 21–43 yr old early vs late smokers, 26671
- clinical application of P300 EP to assess cognitive function, 38278
- cognitive functioning assessed by EP component parameters, alcoholic vs nonalcoholic Navy & Marine Corps enlisted males, 39540
- cognitive impairment & visuospatial & RT & neuropsychological performance & EPs, elderly with idiopathic Parkinson's disease, 43769
- concepts in cognitive electropsychology & late positive components of brain EPs, 18958
- consistent vs inconsistent attending & responding, development of automatic processing & RT & P300 latency & amplitude in memory search task, college students, 8306
- contingent & postimperative negative variation EP amplitude & latency, reading disabled or dyslexic vs normal right handed 10–13 yr old males, Mexico, 13249
- cortical EPs preceding self paced centrifugal vs contrapedal saccades, adults, 26458
- deep electrodes in auditory cortex & reticular formation & hippocampus, P300 EPs, freely moving female cats, 22633
- diagnostic evaluations including EEG & EPs & tomography & Glasgow Coma Score, prediction of outcome at 1 yr postinjury, closed head injured patients, 2090
- difficult vs easy mental rotation vs arithmetic task, slow wave & other EPs & RT, 22–38 yr old males, 26474
- difficult vs easy mental rotation vs arithmetic task, slow wave & other EPs & RT, 22–38 yr old males, erratum, 38281
- duration of visual stimulation, brain EPs during temporal processing, male 20–26 yr olds, 34208
- effects of linked electrode EEG references on effective resistance & current flow & differences in resistance in EP recording, 11892
- effects of linked electrode EEG references on effective resistance & current flow & differences in resistance & alternatives to linked ears mastoid reference in EP recording, commentary, 11897
- electric stimulation of optic nerves, binocular convergences of excitatory & inhibitory synaptic pathways onto visual cortex neurons, cats, 8241
- energetic & computational demands, event related desynchronization during cognitive processing, 22–29 yr olds, 34206
- EP & error & RT effects, auditory vs visual semantic priming in lexical decision, adults, 656
- EP augmentation vs reduction, high vs low sensation seekers, literature review, 42102
- EPs & IQ, 13–14 yr old males, 15962
- EPs at cranial vertex & over right & left motor cortex preceding oral movement vs finger extension, female adults, 11909
- EPs during unfamiliar face encoding, prediction of later face recognition, 19–30 yr olds, 26478
- EPs while reading words in & out of context, right handed dyslexic male 11–13 yr olds, 20308
- equiprobable frequent & deviant infrequent auditory stimuli, brain EPs, healthy 20–32 yr olds, 42129
- expected vs deviant endings to melodies, EPs, 18–26 yr olds, 42123
- face stimulus frequency & familiarity, cortical EPs & looking time & visual recognition memory, 4 vs 8 mo olds, 42502
- feigned vs real pain only vs pain tracking conditions with simultaneous auditory oddball task, P300 component of EPs, college students, 4638
- gaze fixation vs saccadic eye movements, EPs in occipital vs parietal region, 21–24 yr olds, 15590
- genotypic & environmental factors, EP correlates of individual differences in perceptive strategies, 10–12 yr old monozygotic & dizygotic twins, 38640
- guilt vs innocence, P3 wave component of EPs during deception detection task, college students, 4554
- haloperidol vs chlorpromazine vs dozapine vs prothipendyl vs thioridazine dosage & time effects, EPs of frontal cortex & hippocampus & striatum & reticular formation, free moving rats, 42263
- heartbeat detection ability, individual differences in cortical EPs, college students, 26465
- hippocampal kindling, hippocampal evoked responses & radial arm maze performance, male rats, 4544
- information utilization for cognitive context construction assessed through EPs, schizophrenic adult males, 35245
- instrumental learned BP responses, modulation of slow cortical EPs, college students, 42104
- interitem lag of immediate vs delayed word repetitions in lexical decision task, EPs, college students, 4540
- interstimulus interval & conceptual difficulty & feedback stimulation, frontal positive & posterior negative late slow wave activity during mental arithmetic, college students, replication, 4555
- interstimulus interval & conceptual difficulty & feedback, frontal positive & posterior negative late slow wave activity during mental arithmetic, college students, commentary on replication, 4557
- interstimulus interval & conceptual difficulty & feedback, late slow wave activity during mental arithmetic, college students, reply to commentary on replication, 4556
- late EPs & cognitive & psychomotor & attentional functioning, 7–17 yr olds at risk for schizophrenia, 1731
- latencies & amplitudes & scalp distributions of early & late components of EPs, 56–70 yr olds with progressive supranuclear palsy, 2057

- latency & amplitude of P300 & P100 components of cortical & visual EPs, 20–45 yr olds with multiple sclerosis, 39876
- laterality & complexity & learning of movement, cortical EPs, 25–30 yr olds, 11884
- left vs right hemispheric EPs & processing of presuppositional information in sentences with factive vs nonfactive verbs, adults, 30056
- meaning & methodology & measurement of P300 component of EPs & cognitive dysfunction, patients with dementing illness, 6110
- meaningful acoustic stimulus probability, cortical EPs, healthy vs alcoholic males, 23846
- memory load & response type, EEG & EP components during semantic search task, 19–23 yr olds, 42121
- method for measurement of maximum variability within EPs & response variance curves, male schizophrenic patients, 31430
- methylphenidate & task memory load, EPs & memory search & stimulus classification performance, 12–18 yr olds with attention deficit disorder, 20828
- midlatency response component P1 recovery cycle, schizophrenic 18–42 yr olds, 12911
- modified bilateral sinewave ECT, latency & amplitude of P300 EPs, patients with manic depressive psychosis, 32444
- nalbuphine vs aspirin vs meperidine, nociceptive & acoustic & visual stimuli induced EPs & pain tolerance & ratings of intensity, adults, 26628
- nicotine & biofeedback of arterial BP, self modulation of BP & slow cortical potentials & heart rate, 20–35 yr old habitual smokers vs nonsmokers, 38386
- nonselective rehearsal of guilt vs innocence self knowledge, P300 wave component of EPs during deception detection task, college students, 42113
- noxious CO₂ laser stimulation of right vs left hand, cerebral EPs & subjective appraisal & CNS processing & detection threshold, adults with right side chronic cervico-brachial pain, 16893
- N400 component EPs during semantic expectancy processing of congruent vs incongruent sentences with memory task, 19–25 vs 50–67 yr olds, 42108
- oddball evoked P300, 44 yr old female with medial temporal lobe damage & verbal memory deficit, 24159
- operant conditioning of P300 amplitude of EP, adults, 42126
- oral scopolamine vs clonidine & stimulus complexity, choice RT task & EPs, healthy male 21–30 yr olds, 4690
- performance in reading of repeated vs different words, amplitude of EPs from left vs right temporal vs parietal site, 1st graders, 3 yr study, 26809
- performance of model of simple winner take all cortical mechanism via lateral inhibition of excitatory neurons, 30346
- physiological & pathological aging, contingent negative variation & cognitive EPs & RT, 50–65 yr olds with presenile idiopathic cognitive decline or Alzheimer's type dementia, conference presentation, 35864
- processing prosodic speech cues & P3 EPs, autistic 17–39 yr olds with normal IQ, 20284
- P300 amplitude & conceptual loosening, male vs female college students, Australia, comparison with findings in schizophrenic patients, 38283
- P300 EP latency & MRI assessed cerebral white matter involvement & cognitive deficits & disease duration & disability, 22–64 yr olds with multiple sclerosis, 24131
- P300 EPs, schizophrenic patients vs 1st degree relatives of schizophrenic patients, 23682
- P50 EPs & sensory gating deficits, schizophrenic patients, 27515
- quantified EEG & cortical EPs, male 20–60 yr olds with selective traumatic frontal injuries, 32012
- recognition memory for low vs high frequency words, EPs, male adults, 22657
- repeated auditory selective attention task, EP components, college students, Australia, 15613
- repetition of sentences with semantically congruous vs incongruous ending, final word recall & processing & amplitude & duration of N400 component of EP, 18–34 yr olds, 33920
- reproducibility of P3 latency & amplitude, 22–46 yr olds, 18974
- response inhibition in go/no go task & time constraints on RT, N2 EPs component, 20–24 yr olds, 42112
- rested vs fatigued state & memory set length, RT & accuracy on auditory target detection & short term memory tasks & motor pathway conduction & EPs, 29–43 yr olds with multiple sclerosis, 43671
- right vs left hemisphere brain damage, EPs in prosodic & semantic linguistic processing, male 45–75 yr olds with cerebrovascular accidents, 17020
- role of brain EPs in selective auditory processing, 42098
- scopolamine, visual discrimination & attention & brain EP map latencies, 21–40 yr olds, 42234
- semantic stimuli, cortical EPs, learning disabled & attention deficit disorder vs gifted vs normal 8–12 yr olds, 35527
- semantically anomalous pictures & words, N400 component of brain EP as index of language vs conceptual system, college students, 22651
- SGRAGO computer program for study of brain EPs, 18944
- simultaneous P300 responses & laryngeal positioning movements prior to vocal fold closure & onset of vibration during phonatory RT, stuttering vs nonstuttering adults, 23994
- size of checkerboard squares, cortical visual EPs, 5–14 yr olds, 30658
- sleep onset, responsive behavior & EPs & EEG & fast Fourier transform data, 18–25 yr olds, 38275
- spatial organization of neocortical EPs during perception of photic stimuli of geometric shapes, adults, 30358
- spatiotemporal cortical EPs during sensory discrimination & stimulus classification & response participation task, rhesus monkeys, 4542
- spoken sentences with vs without interword separations & unrelated vs related anomalous vs contextually meaningful ending words, EPs, adults, 18955
- stimulation of auditory cortex in opposite hemisphere, transcallosal EPs in parietal lobe, cats, 30368
- stimulus modality & visual vs auditory mental imagery & short term memory store scanning speed, cortical EP shifts, 20–31 yr olds, 34215
- stimulus repetition, EEG & magnetoencephalography somatosensory SI & SII cortices EPs, male 21–38 yr olds, 42115
- stimulus shape & size, lateralized brain EPs in recognition of shape information for initiation of motor preparation, college students, 34216
- tactile vs auditory vs visual stimuli during selective attention, regional distribution of EEG & brain EPs, male 11–12 yr olds, 15602
- temporal properties of local field EPs from Area 17, anesthetized cats, 30353
- tetrahydroaminoacridine, P300 & cognitive scores, patients with probable Alzheimer's disease, 14120
- time of day & circadian rhythms & food intake & body temperature & other physiological & cognitive performance variables, P3 component of EP, college students, 652
- ultradian rhythms of cognitive operations indexed by latency of P300 component of EPs, adults, 38262
- unexpected sentence endings presented in synthetic speech vs on CRT screen, brain EPs, right handed males, 22631
- use of EPs in lie detection, college & graduate students with vs without guilty knowledge, 15593
- verbal affective vs neutral words vs nonwords, RT & EPs in lexical decision, male 18–41 yr old inmates classified as criminal psychopaths vs nonpsychopaths, 5869
- visual discrimination of geometrical form & location & stimulus selection, EPs, 20–30 yr olds, 38276
- visual pattern, brain EPs associated with eye fixation pauses, 18–23 yr olds, 38287

- corticosterone, hypothermic response to 8-OH-DPAT & 5-HT behavioral syndrome, male mice & rats, 38534
- corticosterone, immobility response consolidation & retrieval in forced swim test, adrenalectomized male rats, 19128
- corticosterone vs androstenedione vs dehydroepiandrosterone vs estradiol, pregnancy, C57 vs HS mice, 30483
- dihydrotestosterone or testosterone or progesterone or corticosterone & acclimation to laboratory & exogenous androgen, intensity of sexual behavior, male whiptail lizards, 34366

- excitotoxic lesions of basolateral vs corticomedial amygdaloid areas, sexual & agonistic behavior & plasma LH & corticosterone, male rats, 38202
- food deprivation & lysine vasopressin dosage, spontaneous activity & plasma corticosterone, rats, 4662
- food restriction stress, plasma corticosterone activated by hypothalamic pituitary adrenocortical axis & gastric ulcers, vasopressin containing vs deficient male rats, 42187
- icv corticotropin releasing hormone, open field & other behaviors & plasma corticosterone, female LEW/N vs F344/N rats, 42287
- inescapable shock stress, body weight & plasma corticosterone & latency to drop from suspended wire, male rats, animal model of chronic stress states & PTSD, 38356
- low intensity electric footshock stress, brain histamine binding sites & plasma corticosterone, male rats, 38166
- maternal deprivation, corticosterone response to ACTH injection & stress, 4 vs 8 vs 12 vs 16 day old rats, 11960
- nicotine, generalization of tolerance to conditioned suppression of milk intake & plasma corticosterone, male rats, 11990
- novel environments, sensitization of plasma corticosterone response, male mice, 18987
- onset of incubation, plasma corticosterone & prolactin & nest box occupancy duration, duck pairs, 4590
- plasma corticosterone, schedule induced polydipsia & dopamine efflux in nucleus accumbens, rats, 34377
- prior amphetamine vs haloperidol, plasma corticosterone response to amphetamine & organic stress, male rats, clinical implications, 42212
- serum corticosterone & magnitude of hippocampal primed burst potentiation & depression, urethane anesthetized rats, 18942
- sex & circadian changes & maternal stress, fetal & maternal serum corticosterone, mice, 4636
- taste aversion conditioning of saccharin with vs without cyclophosphamide, immunosuppression of murine delayed type hypersensitivity response & corticosterone levels, male mice, 8308
- testosterone, plasma corticosterone & body mass, free living vs captive male dark eyed juncos, 22791
- 5-alpha-pregnane-3-alpha,21-diol-20-one vs alprazolam vs dexamethasone vs 6 beta-OH-dexamethasone, stress induced plasma corticosterone, male rats, 34386
- Corticotropin—Serials**
- ACTH & melanocyte stimulating hormone, neuroactive & neurotropic effects in nerve cell regenerations, conference presentation, 4708
- ACTH analog after medial frontal lesioning, acquisition of win shift spatial strategy & behavioral recovery from brain damage, rats, 800
- ACTH, chronic desipramine induced adaptive changes in dopamine autoreceptors, male rats, 4843
- ACTH or dexamethasone, passive avoidance learning & memory & noradrenaline & dopamine & serotonin in hypothalamus or amygdala or hippocampus, male rats, 38491
- ACTH response to physostigmine, peripubertal vs male rats, implications for biological markers of depressive disorders in juvenile vs adult patients, 34372
- ACTH responses to corticotropin releasing factor & post-dexamethasone cortisol & ACTH levotryptophan, patients with minor vs major depression with vs without melancholia or psychotic features, Belgium, 9272
- ACTH vs dexamethasone, cold environment induced passive avoidance response, hypophysectomized male rats, 38498
- ACTH 4-10 vs desglycinamide (Arg8)-vasopressin vs desglycinamide-oxytocin, heart rate & core temperature & locomotion during passive avoidance, male rats, 38521
- age & time course of maternal deprivation, ACTH & vs stress induced corticosterone secretion, rat pups, 26537
- analog ACTH BIM-22015, complex learning, male rats with frontal cortex lesions, 34292
- brain concentrations of corticotropin releasing factor & stress related EEG, alcohol preferring vs nonpreferring male rats, animal model of alcohol abuse potential, 26589
- chronic ACTH analog Org2766, social attention, aging male rats, longitudinal study, 22502

- chronic ethanol, plasma ACTH & corticosterone & pituitary ACTH & adrenal corticosterone secretion, 9 & 15 mo old rats, 15793
- circadian adrenocortical activity & sleep & feeding patterns, newborns & 3-7 mo olds & their mothers, 919
- corticotropin releasing factor &/vs receptor blocker &/vs experimental surgery &/vs gentle handling stress, anxiety, male rats, 8323
- corticotropin releasing factor, conditioned taste avoidance & preference, male rats, 26493
- corticotropin releasing factor in paraventricular nucleus of hypothalamus, grooming & spontaneous locomotion, male rats, 38465
- corticotropin releasing hormone & beta endorphin & opioid peptides, stress induced effects on menstrual cycle & pregnancy & reproductive function, adult females, literature review, 30431
- corticotropin releasing hormone challenge & DST, basal cortisol & ACTH & plasma dexamethasone, 25-77 yr olds with Huntington's disease, 13508
- corticotropin releasing hormone in cerebral ventricles, convulsion sensitivity & stereotyped behavior & electrocorticography & response to anticonvulsants, infant rats, 733
- CSF & plasma vasopressin & corticotropin releasing factor, 18-51 yr olds with obsessive compulsive disorder, 16640
- CSF corticotropin releasing hormone & somatostatin, female 19-68 yr olds with depression or mania or generalized anxiety or somatization disorder vs 56-88 yr olds with dementia, 43084
- depletion of hypothalamic norepinephrine & serotonin, dexamethasone negative feedback effect on adrenocortical secretion, male rats, 30276
- dexamethasone, plasma ACTH & cortisol & circulating lymphocyte subpopulations, hypercortisolemic 16-33 yr olds with anorexia vs bulimia, 43588
- dexamethasone suppressibility of plasma ACTH & cortisol, 59-79 yr olds with Alzheimer's disease, 13498
- diazepam, plasma ACTH, healthy males, 38495
- DST, plasma pituitary α -melanocyte stimulating hormone & ACTH & adrenal cortisol, depressed inpatients, 1683
- DST, urinary & plasma cortisol & ACTH & beta endorphins, patients with minor vs major depression with vs without melancholia, Belgium, 1684
- DST vs fenfluramine & dexamethasone, ACTH & role of serotonin in hypothalamo pituitary adrenal axis, adults, 12057
- dynamic training program, corticotropin releasing factor & beta lipotropin & beta endorphin, patients with rheumatoid arthritis, 2 yr followup, 39932
- D2 autoreceptor agonist B-HT 958, spontaneous & ACTH induced stretching & yawning & grooming, male rats, 30488
- ebiramide, sleep EEG & concomitant secretion of cortisol & growth hormone, 20-30 yr old males, 12132
- exogenous ACTH, adrenal steroid responses, depressed 16-70 yr olds, 31397
- exposure to unfamiliar adult male vs mother, defensive ultrasonic vocalization & ACTH secretion, preweanling rats, 18788
- icv corticotropin releasing hormone, numbers of splenic lymphocytes & T subpopulation & cellular immunity, male rats, 30398
- icv corticotropin releasing hormone, open field & other behaviors & plasma corticosterone, female LEW/N vs F344/N rats, 42287
- imipramine, cortisol & ACTH responses to combined dexamethasone & human corticotropin releasing hormone challenge test, 40-69 yr olds with major depression, 10180
- immobilization stress & ACTH, free choice ethanol consumption, male rats, 12058
- immunocytochemical distribution of leucine enkephalin vs dynorphin vs ACTH in nucleus intercollicularis vs dorsomedialis intercollicularis, dark eyed juncos vs domestic pigeons, 22542
- maternal deprivation, corticosterone response to ACTH injection & stress, 4 vs 8 vs 12 vs 16 day old rats, 11960
- maternal separation stress, postnatal development of corticotropin releasing factor receptor binding & denylate cyclase activity in brain regions, rat pups, 42032
- minimum effective dose of corticotropin releasing hormone & ACTH & naloxone, vocalizations & plasma cortisol levels & locomotor activity & body temperature, isolated guinea pig pups, 4736
- neurobiology of corticotropin releasing factor & role in pathophysiology & pharmacotherapy of affective & anxiety disorders, 35124
- neuropeptide Y vs sigma ligands, corticotropin releasing factor & psychological stress stimulated caecal & colonic motility, male rats, 8392
- nocturnal secretion of plasma ACTH & serum cortisol & response to ovine corticotropin releasing hormone, abstinent alcoholic male 32-57 yr olds, 13170
- novel environment vs restraint vs ether vs swim stress, corticotropin releasing hormone related neuroendocrine responses & open field behavior, female Lewis vs Fischer vs Harlan Sprague Dawley rats, 26430
- on call duty, serum cortisol & ACTH, internal medicine residents, 7017
- open field behavior & anterior pituitary corticotropin releasing hormone receptors & plasma ACTH, young Wistar Kyoto vs Brown Norway male rats, 34181
- ovine corticotropin releasing factor & age & sex & severity of illness, ACTH endorphins & cortisol response, patients with minor vs major depression with vs without melancholia, 43200
- physical exercise vs basal conditions, plasma ACTH & beta-endorphin & physiological variables, 14 yr old females with anxiety &/or frustration, 32436
- plasma ACTH & cortisol & plasma MHPG & HVA, patients with panic disorder with agoraphobia, 12979
- plasma pituitary adrenal hormones & number of circulating helper T lymphocytes, anorexic patients, 31749
- Pregnane steroid alphaxalone, swim stress induced anxiogenic behavior & corticotropin releasing factor induced effects on plasma ACTH & conflict test responding, male rats, 38388
- prenatal &/vs postnatal ACTH, sexual behavior & plasma testosterone & prolactin & ACTH & preoptic area serotonin & dopamine & their metabolites, male rats, 11932
- prenatal vs postnatal ACTH 1-39 or nicotine, 5-HT high affinity uptake in brain stem & hippocampal synaptosomes, 7 & 21 day old rats, 787
- prolonged pain & stress, corticotropin releasing factor induced opioid peptide release in hypothalamus, male rats, 18887
- psychological stress, plasma ACTH & glucocorticoid values, female macaques, 8301
- repeated immobilization stress, corticotropin releasing factor & vasopressin synthesis in parvocellular neurons of paraventricular nucleus, male rats, 38338
- restraint stress & role of corticotropin releasing hormone, sodium pentobarbital induced sleeping time & arousal, male rats, 722
- short vs long term fluoxetine & idazoxan & phenelzine, corticotropin releasing hormone & tyrosine hydroxylase mRNA levels in locus ceruleus, male rats, 26567
- single & repeated ECT, plasma ACTH & prolactin & growth hormone & cortisol, psychiatric inpatients, 14011
- synthetic analog pentagastrin, ACTH secretion, patients with panic disorder, 1746
- time course & acute vs chronic administration vs abrupt withdrawal of alprazolam, activity of hypothalamic pituitary adrenal axis & corticotropin releasing factor neurons, male rats, 809

- The self, the student, and the core curriculum: Learning from the inside out, 25020
- Social construction of the core curriculum in professional psychology, 25017

- Support and positive teaching strategies, 17787
Thinking development through intervention: Middle school students come of age, 25173
Three children, three styles: A call for opening the curriculum, 25196
Toward a scientific pedagogy of learning disabilities: A sameness in the message, 37157
Towards a developmental model of instruction, 3380
Using curriculum to build inclusive classrooms, 17797
- Cushings Syndrome—Serials**
corticosterone & adrenal glucocorticoids, long term control of food intake & dietary preferences, obese vs lean vs normal rats & adults with Cushing's disease, conference presentation, 11918
- Cutaneous Receptive Fields—Serials**
development & sequence & pattern of cutaneous hair follicle innervation, rat pups & human fetuses, 8646
electrical search technique, location of receptive field & mechanically insensitive afferents of cutaneous nociceptors, monkeys, 15546
lidocaine & epinephrine epidural block, duration of sympathetic vs sensory block in L2 & L5 dermatomes, 27-76 yr olds with chronic low back pain, 6541
- Cutaneous Sense [See Also Tactual Perception, Vibrotactile Thresholds]—Serials**
apparatus for testing laterality in haptic processing in non-sense shape discrimination task, humans & monkeys, 29881
biomechanical & haptic factors, temporal patterning of limb & speech activity, 33822
cutaneous thermal thresholds & symptoms, 21-81 yr olds with painful burning feet, implications for neuropathy, 13391
disturbances of C fiber mediated cutaneous sensibility, 23-44 yr olds with chronic lumbosacral disc disease & radicular symptoms restricted to 1 leg, 13393
haptic scanning of braille cells, 13-21 yr old blind high vs low proficiency braille readers, 28103
humorous videotapes, discomfort thresholds for transcuteaneous end nerve stimulation, college students with high vs low sense of humor, 22705
mirror reversal phenomena in writing vs cutaneous perception tasks, 4.3-8.3 yr olds, Japan, 4991
moments of mass distribution, perceiving length of hand held occluded rods, college students, 18467
opioid antagonists, responsiveness to milk & cutaneous stimulation, fetal rats, 34409
perceptual integration of haptic & auditory & visual processes, 15191
sensory hand function, 6-17 yr olds with myelomeningocele, 13357
temporal frequency of pulsatile stimuli applied to glabrous skin of hands, firing patterns of single neurons in primary somatosensory cortex in response to moving bar patterns, male monkeys, 22645
visual vs haptic spatial coding in localization tasks, 3-7 yr olds, France, 8616
- Cutaneous Sense [See Also Tactual Perception, Vibrotactile Thresholds]—Chapters**
The development of haptic perception during infancy, 16019
Haptic perception of form: Activity and stimulus attributes, 15198
Reversed lag in the recognition and production of tactual drawings: Theoretical implications for haptic coding, 17042
- Cutting Scores—Serials**
estimation of classification accuracy of decisions based on cut off test scores, 29662
frame of reference rater training, reliability & accuracy of Angoff cutoff scores, psychology graduate student raters, 21974
number of experts & common items, scaling of cutting scores based on expert judgment, expert raters, 18417
standard error of measurement & number of correct & incorrect decisions & actual criterion of performance, cutoff scores for content vs criterion related validity settings, college students, 21990

Cybernetics—Serials

- cybernetic approach to stress, 12688
cybernetic issues in learning, control & command & expediency conditioning, 33474
cybernetic perspective on divorce mediation process, 18203
cybernetic theory of stress & coping & well being in organizations, 33373
J. Lacan's vs H. Maturana's approach to & constructivist origins of 3rd order cybernetics, 42475
spatial EEG dimensions & chaotic behavior in neural perception, model of odor recognition & discrimination using connectionist vs digital concepts, commentary, 30360
spatial EEG dimensions & chaotic behavior in neural perception, model of odor recognition & discrimination using connectionist vs digital concepts, commentary reply, 30280
systemic issues in 2nd order family therapy, commentary, 20693
themes in H. Maturana's work on cybernetic ontology & autopoiesis & cognition & role in family therapy, 17171
themes in H. Maturana's work on cybernetic ontology & autopoiesis & cognition & role in family therapy, commentary, 17179

Cybernetics—Chapters

- The agency model of transactions: Toward an understanding of children's theory of control, 22991
- Cyclic Adenosine Monophosphate—Serials**
bilateral olfactory bulbectomy, basal cyclic adenosine monophosphate levels in suprachiasmatic nuclei & lateral hippocampus & biological clock, male rats, 18998
cyclic adenosine monophosphate dependent protein phosphorylation in mesolimbic & nigrostriatal dopamine systems, Lewis vs Fischer inbred rats, implications for vulnerability to drug addiction, 11768
lithium & vs pilocarpine induced seizures, inositol triphosphate & cyclic adenosine & guanosine monophosphate in cerebral cortex & hippocampus, rats, 34355
- Cycloheximide—Serials**
gonadal hormones vs cycloheximide vs MK-801, maintenance of sexual experience, male rats, 15751
- Cyclothymic Disorder [See Cyclothymic Personality]**
- Cyclothymic Personality—Serials**
cyclothymic mood swings, patients with unipolar or bipolar depression or schizophrenia or other psychiatric disorders, commentary reply, 1606
cyclothymic mood swings, patients with unipolar or bipolar depression or schizophrenia or other psychiatric disorders, commentary, 1631
- Cynicism—Serials**
cynical hostility & defensiveness & occupational stress, heart rate & ambulatory BP, male paramedics, 705
cynical vs expressive vs neurotic hostility, plasma lipid levels, 18-65 yr olds, 15693
cynicism & depersonalization & estrangement & work values & self esteem & basic personality traits, college students, 34974
heritability of cynical hostility, male 28-67 yr old monozygotic vs dizygotic twin pairs, 15512
job characteristics & quality of work life, motivation vs cynicism toward work, adolescents, 5117
neutral vs hostile social interaction, recall of hostile trait adjectives, high vs low cynically hostile male college students, 9050
urinary cortisol excretion, high vs low cynically hostile male college students, implications for association between hostility & health, conference presentation, 718
- Cyprus—Serials**
educational system & school psychology practices & governmental policies, Republic of Cyprus, 32946
- Cysteine—Serials**
cysteine sulfinic acid, ethanol induced CNS depression, male mice, 4718
- Cystic Fibrosis—Serials**
age & SES & medical status, intellectual & academic functioning, 7-12 yr olds with cystic fibrosis, 24061
development & implementation of health education program for self management, patients with cystic fibrosis, 36351

fatal vs nonfatal outcome & presence vs absence of cognitive impairment, family stress & resources, mothers of 8–19 yr olds with cystic fibrosis vs diabetes vs mental retardation, 43114

knowledge about screening & responses, parents of neonates with false positive results on cystic fibrosis screening, 43684

lithium, female 30 yr old with bipolar disorder & cystic fibrosis, letter, 28476

patient & family adjustment & other psychosocial factors & physician perceived treatment compliance, 6 mo to 17 yr olds with cystic fibrosis & their mothers, 24653

risk & resistance factors, psychological adjustment, mothers of children with cystic fibrosis, 16909

Cytochrome Oxidase—Serials

cytochrome oxidase activity in thrombocytes, patients with multi-infarct dementia vs Alzheimer's disease, 43849

monocular enucleation & tetrodotoxin & lid suture, laminar structure & cellular distribution of cytochrome oxidase reactivity in supragranular puffs of striate cortex, adult macaque monkeys, 8204

sodium azide, primed burst potentiation & hippocampal plasticity & learning, male rats, animal model of Alzheimer's disease, 38383

Cytology—Serials

intracellular & plasma membrane fluidity in blood platelets, 64–79 yr olds with Alzheimer's disease, 13538

vaginal capacity for assessment of ovarian cycles & pregnancy, female cheetahs, 42132

Czechoslovakia—Serials

history & present state & perspectives of psychosomatic medicine, Czechoslovakia, 17352

history & theoretical framework & organization & methods of occupational counseling, business & industrial personnel, Czechoslovakia, 3485

sociohistorical events & trends in hospital & outpatient psychiatric services, Czechoslovakia, 24724

Czechoslovakia—Chapters

Bridging East and West: Splitting and integration, 27014

Only The Best. Only From APA.

You expect top quality performance from PsycINFO®. That's what you get when you turn to us:

- **PsycINFO is the biggest.** PsycINFO presents abstracts from more than 1,300 sources. We cover *only* psychology, so you can focus searches quickly and effectively.
- **PsycINFO is the best.** Indexed and abstracted by expert APA staff, PsycINFO gives users reliable, easy access to high-quality information.
- **PsycINFO.** Since 1967, PsycINFO has made psychological research faster and easier for scholars, scientists, and practitioners of every kind.

Put the APA to work for you. Use PsycINFO for all your research needs.

The PSYCINFO Database.

From the American Psychological Association.
Available online for personal use and in three convenient formats for institutional use:

- **Online:** PsycINFO®
- **CD-ROM:** PsycLIT®
- **Print:** *Psychological Abstracts*®

YES, send me information on the following American Psychological Association information products:

Personal Use

- ☐ PsycINFO® Online
- ☐ PsycSCANs®: Subject Specific Publications
- ☐ PsycINFO® Catalog

Institutional Use

- ☐ PsycINFO® Online
- ☐ PsycSCANs®: Subject Specific Publications

First-Class Searches At A Single Fixed Price.

Efficiency. Quality.
That's what you get when
you use PsycLIT ...
PsycINFO's complete
search system on CD-ROM.

PsycLIT truly expands
the search capacity for you
and those who use your
services. With easy-to-use
search and retrieval
software, tutorial on disc,
and quick-reference card,
even a novice will find
information quickly and
independently.

Your clients will appreciate
PsycLIT's superior
database that provides full
bibliographic information

as well as summaries from
over 1300 journals in the
PsycINFO® database.
And, beginning with the
March 1992 update, the
addition of chapter and
book summaries will make
PsycLIT an unparalleled
research tool.

Best of all, PsycLIT on
CD-ROM allows *unlimited*,
interactive searches for
a single annual fee of
\$4495.00. That way, you'll
know your search costs up
front...there won't be any
surprises at the end of the
budget year.

Users can work inde-
pendently, saving you staff
time. Costs are fixed, saving
you guess work at budget
time. Call or write today
for more details...and
ask about the PsycLIT
discount for *Psychological
Abstracts* subscribers.

The Search Is Over

PsycINFO Services & Products Are The Answer To Your Information Needs

**ONLY
THE
BEST**

The PsycINFO® Database

Psychology's most comprehensive source, PsycINFO contains references to all relevant original research and other significant published material, drawn from more than 1,300 journals, dissertations, and technical reports. More than 50,000 new records are added annually. PsycINFO is the source for the printed *PA*, PsycLIT® on CD-ROM, and the PsycSCAN publications. PsycINFO also offers the PASAR® search service, staffed by specialists who can formulate search strategies tailored to your individual requirements. Look to the PsycINFO database for all your research in psychology and related disciplines.

**ONLY
FROM
APA**

Psychological Abstracts®

The essential reference guide to the world's literature in psychology and the social sciences, *PA* also covers behavioral issues in law, education, business, and medicine. Beginning with the January 1992 volume, *PA* not only includes unparalleled worldwide coverage of serial literature in psychology, but also book chapter and book records in psychology. The monthly issues offer:

- more entries than ever before
- an annual index
- monthly indexes
- journal publishers' names and addresses in the annual index
- thorough author and subject listings

This resource is an indispensable complement to every library reference shelf.

[1992 *PA* subscription rates: APA Members/Affiliates - \$622; Institutions - \$1,245 (additional institutional subscriptions to the same address - \$622)]

PSYCINFO
INFORMATION SERVICES IN PSYCHOLOGY

PsycSCANS®

A series of inexpensive, subject-oriented publications especially geared for individual use. Each contains abstracts of the primary literature in selected topics in psychology. APA's newest PsycSCAN, *PsycSCAN: Neuropsychology*, will

keep you up-to-date on current research in aspects of the relationship between the brain and behavior, in a wide range of clinical and nonclinical areas.

PsycSCANS are issued quarterly and include an abstract, index terms, and full bibliographic information. Get more than 1,500 abstracts in a one-year period in the specialty of your choice!
